SHERIFF'S PREFACE

As the most visible symbol of the law, Members of the Sonoma County Sheriff's Office must conduct themselves in a manner that inspires respect for the law. To be worthy of public trust, law enforcement authority must be exercised in a manner consistent with the highest principles of a free society.

The nation's political system is founded on the belief that certain rights are inalienable and that government may not deny or abridge these rights. The office "Policy Manual" sets forth the limits of police conduct and the exercise of police power. The policies are designed to instill a high degree of public trust in law enforcement while, at the same time, providing fair and reasonable standards of conduct for Deputy Sheriff's and members.

Whenever there are such written policies, there is also law enforcement professionalism. Law enforcement professionals view standards of conduct as positive ethical goals that are basic and fundamental elements of an effective professional organization. An organization is a reflection of its leadership. Sonoma County Sheriff's Office is a professional community department staffed by individuals who cherish the highest standards of conduct and performance.

This Policy Manual is a reflection of these concepts and, when fairly applied, the policies confirm this commitment to ourselves and to our community.

LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Chapter 1 - Law Enforcement Role and Authority

Law Enforcement Authority

100.1 PURPOSE AND SCOPE

The purpose of this policy is to affirm the authority of the members of the Sonoma County Sheriff's Office to perform their functions based on established legal authority.

100.1 POLICY

It is the policy of the Sonoma County Sheriff's Office to limit its members to only exercise the authority granted to them by law.

While this office recognizes the power of peace officers to make arrests and take other enforcement action, deputies are encouraged to use sound discretion in the enforcement of the law. This office does not tolerate the abuse of law enforcement authority.

The person arrested out of state must be taken without unnecessary delay before a magistrate of the county in which the arrest was made (ARS § 13-3833; NRS 171.158; ORS 133.440).

On-duty deputies who discover criminal activity outside the jurisdiction of the County should when circumstances permit, consider contacting the agency having primary jurisdiction before attempting an arrest.

100.6.2 DELIVERY TO NEAREST MAGISTRATE

When a deputy makes an arrest pursuant to a warrant with bail set, and the warrant was issued in a county other than where the person was arrested, the deputy shall inform the person in writing of the right to be taken before a magistrate in the county where the arrest occurred (Penal Code § 821; Penal Code § 822).

De-Escalation

104.1 PURPOSE AND SCOPE

De-Escalation tactics and techniques include nearly every action undertaken by a deputy(s) to reduce the chances of and control physical confrontations. How and when the tools of de-escalation are applied is of great importance to the Community and the Sheriff. The Sheriff's Office recognizes and respects the value of all human life and dignity without prejudice.

104.2 POLICY

It is the policy of this Office that when all of the reasonably known circumstances indicate it is safe, prudent, and feasible to do so, a deputy(s) should attempt to slow down, reduce the intensity of, and stabilize potential violent encounters.

104.2.1 DEPUTY RESPONSIBILITIES

When time and circumstances reasonably permit, a deputy(s) should consider whether a subject's lack of compliance is a deliberate attempt to resist or is the result of an inability to comply based on factors including, but not limited to:

- Medical Conditions
- Mental Impairment
- Developmental Disability
- Physical Limitation
- Language Barrier
- Drug Interaction
- Behavioral Crisis

A deputies awareness of these possible limitations should be balanced against the facts of the incident and which tactical options are the most appropriate to bring the situation to a safe resolution, when time and circumstances reasonably permit. A deputy is not expected to engage in force de-escalation measures that could jeopardize the safety of Sheriff Office members and/or the community.

Where circumstances and time reasonably permit, a deputy(s) should take reasonable and prudent actions to attempt to mitigate the immediacy of the threat. Thereby giving the deputy(s) the opportunity to call more officers, utilize other tactics, or request specialty assistance, such as deputies trained in Crisis Intervention Techniques. Reducing the overall force used may be promoted by considering the use of other viable alternatives, such as:

- Containing the threat within a controlled area
- Decreasing the exposure to the potential threat by using distance between an uncooperative subject and a deputy

Sonoma County Sheriff's Office

Policies

Policies

De-Escalation

- Maximizing the use of cover or concealment to reduce deputy(s) exposure to potential threats by placing the deputy(s) in a safer position
- Communicating from a safe position to gain the subject's compliance through the use of verbal persuasion, advisement, and/or warnings. Generally, communication techniques should engage active listening to calm agitated individuals and promote rational decision-making
- The deputy's physical actions may also de-escalate a potentially volatile/violent situation, ie, exhibiting a relaxed body language

When the circumstances warrant an application of force, deputies are required to be knowledgeable of the Sonoma County Sheriff's Office "Use of Force" Policy (#300), and follow the guidance and direction of that policy. The Use of Force policy directs that each deputy shall use only that force which is objectively reasonable, given the facts and circumstances known at the time of the event to effectively bring an incident under control.

This policy does not dictate when and how force should be applied. Instead, it serves to describe how deputies should work to decrease the intensity of a situation or potentially violent encounter. It is well recognized that the reduction of the intensity of an encounter may provide more desirable outcomes to various situations. However, not every situation can or will be resolved through the use of de-escalation techniques. That being understood, it is the Sheriff's Office's intent to resolve stressful encounters in the safest manner possible for the subject, the public, and the deputies involved.

Chapter 2 - Organization and Administration

200.2 DEFINITIONS

- A. **Organizational Definitions:** The following definitions govern terminology to be used in all communication and when referring to any organizational unit, except County budget documents. This will provide uniformity and clarification when discussing the operations and organization of the Sonoma County Sheriff's Office.
1. **Sheriff/Sheriff's Office:** The source of a county sheriff's legal authority in California comes from case law and the California Constitution. The constitution includes the Sheriff's Office as one of the four constitutionally required offices in all California counties. In 1998, in *County of L.A. v. Superior Court*, 68 Cal App 4th 1166, the California Court of Appeal observed that "formal designations of sheriffs as county officials are outweighed by the functional independence of sheriffs from control by county boards of supervisors in performing their law enforcement functions." It is formally referred to as the Sonoma County Sheriff's Office, informally as the Sheriff's Office.
 2. **Division:** A functional unit of the Sheriff's Office managed by an Assistant Sheriff and the Administrative Services Chief who report directly to the Sheriff. This is the highest organizational unit within the Sheriff's Office. There are three divisions of the Sheriff's Office:
 - Law Enforcement
 - Detention
 - Administration
 3. **Section:** A functional unit of the Sheriff's Office managed by a Captain, an Administrative Services Director, or a Lieutenant who reports directly to a Division leader.
 4. **Bureau:** A functional unit of a Division managed by a Manager, or Lieutenant who reports directly to a Section or Division leader.
 5. **Unit:** A sub-group of a Bureau which reports to a Bureau leader.
 6. **Shift:** A designated span of time within a twenty-four (24) hour period during which personnel are actually engaged in the performance of their duties.
 7. **Team:** Members of the Sheriff's Office, sometimes from more than one unit, grouped together for the accomplishment of a specified mission, such as the SWAT Team, Dive Team, or SERT Team.

8. **Zone:** A geographic area of variable size administratively designated, to which one or more members are specifically assigned (i.e., patrol reporting).
 9. **Post:** A location to which any member is assigned for duty other than a zone.
 10. **Fixed Post:** A location assigned administratively that must be staffed constantly during a specified period.
 11. **Chain of Command:** The unbroken line of authority extending from the Sheriff through a single subordinate at each level of command to the level of execution.
 12. **Command Staff:** Consists of Sheriff, Assistant Sheriffs and Captains.
 13. **Executive Staff:** Consists of Sheriff, Assistant Sheriffs, Captains, and the Chief of Financial and Administrative Services.
 14. **Management Staff:** Consists of Executive Staff and all personnel designated as management.
- B. **Personnel Definitions:** The following definitions govern terminology to be used in all official communications, verbal or written, when reference is made to Sheriff's Office members.
1. **Member:** All persons employed by, appointed or assigned to the Sheriff's Office (including sworn and non-sworn personnel), plus reserve deputies, interns, and volunteers.
 2. **Deputy:** A peace officer, as defined in § 830.1 of the Penal Code of the State of California.
 3. **Correctional Deputy:** A custodial peace officer as defined in § 830.1(c) of the Penal Code of the State of California.
 4. **Support Staff:** All members who are not peace officers or Correctional Deputies.
 5. **Volunteers:** Non-paid members.
 6. **Intern:** Paid or non-paid student members.
 7. **Reserve Deputy:** Any person designated by the Sheriff as a member of the Sheriff's Office Reserves, as defined in § 830.6 of the Penal Code of the State of California
 8. **Trainer:** Member responsible for instruction and evaluation of another member while in a training program
 9. **Supervisor:** Member assigned to designated positions requiring the exercise of immediate supervision over activities of subordinates.

12. **Grade or Rank:** Members serving in the Sheriff's Office shall be given grade or rank according to the provisions of applicable county ordinances or resolutions of the Board of Supervisors. The number of personnel in any grade shall conform to that provided or allowed by the County of Sonoma.
13. **Seniority:** Seniority is determined first by rank, and second by continuous service in rank.

assignment, but authority can only be exercised in the division assigned. However, in emergency situations the Law Enforcement Watch Commander can exercise Sheriff's Office-wide authority.

- B. All members shall strive to work together in harmony and in a spirit of cooperation rather than strictly by authority or seniority. All existing General Orders have now been incorporated in the updated Policy Manual as of the below revision date.

Any General Orders issued after publication of the manual shall be numbered consecutively starting with the last two digits of the year, followed by the number 01. For example, 12-01 signifies the first General Order for the year 2012.

The Sheriff shall annually submit to the State Attorney General the total number of licenses to carry firearms issued to reserve peace officers and judges.

207.7 CONFIDENTIAL RECORDS

The home address and telephone numbers of any peace officer, public defender, prosecutor, magistrate, court commissioner, or judge contained in an application shall not be considered a public record (Government Code § 7923.805).

207.8 WRITTEN NOTICE FOR DENIAL OF LICENSE

The Sheriff or the authorized designee shall give written notice to the applicant for a new license that the license is approved or denied within 120 days of the initial application or within 30 days after receipt of the applicant's criminal background check from the California DOJ, whichever is later (Penal Code § 26205).

Written notice to an applicant for a renewal license that is approved or denied shall be given within 120 days of receiving the completed application (Penal Code § 26205).

Additionally, regardless of the type of license, if the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

207.8.1 ADDITIONAL REQUIREMENTS

If an application for a new license, renewal of a license, or revocation is denied based on a determination that the person is a disqualified person as provided by Penal Code § 26202, the Sheriff or the authorized designee shall provide the person with the notice of determination as provided by Penal Code § 26202(d), Penal Code § 26205, or Penal Code § 26195(b)(3). The notice shall state the reason why the determination was made and inform the applicant that they may request a hearing from a court. The Office shall also provide the most recent California DOJ hearing request form to the applicant (Penal Code § 26206).

If an application for a new license, renewal of a license, or revocation is denied for any other reason as described in Penal Code § 26206(i), the Sheriff or the authorized designee shall provide the person with the notice required under Penal Code § 26205 or Penal Code § 26195(b)(3), as applicable, and inform the applicant they may apply to the county Superior Court for a writ of mandate pursuant to Code of Civil Procedure § 1085 (Penal Code § 26206).

207.9 POLICY AVAILABILITY

This policy shall be made accessible to the public as provided by Penal Code § 26160.

Retiree Concealed Firearms

208.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the issuance, denial, suspension or revocation of Sonoma County Sheriff's Office identification cards under the Law Enforcement Officers' Safety Act (LEOSA) and California law (18 USC § 926C; Penal Code § 25455).

208.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to provide identification cards to qualified former or retired deputies as provided in this policy.

208.3 LEOSA

The Sheriff may issue an identification card for LEOSA purposes to any qualified former deputy of this office who (18 USC § 926C(c)):

- (a) Separated from service in good standing from this office as a deputy.
- (b) Before such separation, had regular employment as a law enforcement officer for an aggregate of 10 years or more or, if employed as a law enforcement officer for less than 10 years, separated from service after completing any applicable probationary period due to a service-connected disability as determined by this office.
- (c) Has not been disqualified for reasons related to mental health.
- (d) Has not entered into an agreement with this office where the deputy acknowledges that he/she is not qualified to receive a firearm qualification certificate for reasons related to mental health.
- (e) Is not prohibited by federal law from receiving or possessing a firearm.

208.3.1 LEOSA IDENTIFICATION CARD FORMAT

The LEOSA identification card should contain a photograph of the former deputy and identify him/her as having been employed as a deputy.

If the Sonoma County Sheriff's Office qualifies the former deputy, the LEOSA identification card or separate certification should indicate the date the former deputy was tested or otherwise found by this Office to meet the active duty standards for qualification to carry a firearm.

208.3.2 AUTHORIZATION

Any qualified former law enforcement officer, including a former deputy of this office, may carry a concealed firearm under 18 USC § 926C when he/she is:

- (a) In possession of photographic identification that identifies him/her as having been employed as a law enforcement officer, and one of the following:
 1. An indication from the person's former law enforcement agency that he/she has, within the past year, been tested or otherwise found by the law enforcement agency to meet agency-established active duty standards for qualification in firearms training to carry a firearm of the same type as the concealed firearm.

2. A certification, issued by either the state in which the person resides or by a certified firearms instructor who is qualified to conduct a firearms qualification test for active duty law enforcement officers within that state, indicating that the person has, within the past year, been tested or otherwise found to meet the standards established by the state or, if not applicable, the standards of any agency in that state.
 - (b) Not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.
 - (c) Not prohibited by federal law from receiving a firearm.
 - (d) Not in a location prohibited by California law or by a private person or entity on his/her property if such prohibition is permitted by California law.

208.4 CALIFORNIA IDENTIFICATION CARD ISSUANCE

Any full-time sworn deputy of this office who was authorized to, and did, carry a concealed firearm during the course and scope of his/her employment shall be issued an identification card with a Carrying Concealed Weapon endorsement, "CCW Approved," upon honorable retirement (Penal Code § 25455).

- (a) For the purpose of this policy, honorably retired includes all peace officers who have qualified for, and accepted, a service or disability retirement. It shall not include any deputy who retires in lieu of termination.
- (b) No CCW Approved endorsement shall be issued to any deputy retiring because of a psychological disability (Penal Code § 26305).

208.4.1 CALIFORNIA IDENTIFICATION CARD FORMAT

The identification card issued to any qualified and honorably retired deputy shall be 2 inches by 3 inches, and minimally contain (Penal Code § 25460):

- (a) A photograph of the retiree.
- (b) The retiree's name and date of birth.
- (c) The date of retirement.
- (d) The name and address of this office.
- (e) A stamped CCW Approved endorsement along with the date by which the endorsement must be renewed (not more than one year). If a CCW endorsement has been denied or revoked, the identification card shall be stamped "No CCW Privilege."

208.4.2 QUALIFIED RETIREES FROM INCORPORATED JURISDICTION

The Sonoma County Sheriff's Office shall provide an identification card with a CCW Approved endorsement to honorably retired peace officers from any jurisdiction that this office now serves under the following conditions (Penal Code § 25905):

- (c) The retiree is in compliance with all of the requirements of this office for the issuance of a CCW Approved endorsement.

208.4.3 QUALIFIED RETIRED RESERVES

Qualified retired reserve officers who meet the office requirements shall be provided an identification card with a CCW Approved endorsement (Penal Code § 26300).

208.5 FORMER DEPUTY RESPONSIBILITIES

A former deputy with a card issued under this policy shall immediately notify the Watch Commander of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Employee Convictions policy.

208.5.1 RESPONSIBILITIES UNDER LEOSA

In order to obtain or retain a LEOSA identification card, the former deputy shall:

- (a) Sign a waiver of liability of this Office for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of this Office.
- (b) Remain subject to all applicable office policies and federal, state and local laws.
- (c) Demonstrate good judgment and character commensurate with carrying a loaded and concealed firearm.
- (d) Successfully pass an annual criminal history background check indicating that he/she is not prohibited by law from receiving or possessing a firearm.

208.5.2 MAINTAINING A CALIFORNIA IDENTIFICATION CARD CCW ENDORSEMENT

In order to maintain a CCW Approved endorsement on an identification card issued under California law, the retired deputy shall (Penal Code § 26305):

- (a) Qualify annually with the authorized firearm at a course approved by this office at the retired deputy's expense.
- (b) Remain subject to all applicable office policies and federal, state and local laws.
- (c) Not engage in conduct that compromises public safety.
- (d) Only be authorized to carry a concealed firearm inspected and approved by this Office.

208.6 DENIAL, SUSPENSION OR REVOCATION OF A LEOSA IDENTIFICATION CARD

A LEOSA identification card may be denied or revoked upon a showing of good cause as determined by this Office. In the event that an identification card is denied, suspended or revoked, the former deputy may request a review by the Sheriff. The decision of the Sheriff is final.

208.7 DENIAL, SUSPENSION OR REVOCATION OF A CALIFORNIA CCW ENDORSEMENT CARD

A CCW endorsement under Penal Code § 25470 for any deputy retired from this office may be denied or revoked only upon a showing of good cause. The CCW endorsement may be immediately and temporarily revoked by the Watch Commander when the conduct of a retired peace officer compromises public safety.

- (a) In the event that a CCW endorsement is initially denied, the retired deputy shall have 15 days from the date of denial to request a formal hearing. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received.
- (b) Prior to revocation of any CCW endorsement, this Office shall provide the affected retiree with written notice of a hearing by either personal service or first class mail, postage prepaid, return receipt requested to the retiree's last known address (Penal Code § 26315).
 1. The retiree shall have 15 days from the date of service to file a written request for a hearing.
 2. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received (Penal Code § 26315).
 3. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right.
- (c) A hearing for the denial or revocation of any CCW endorsement shall be conducted before a hearing board composed of three members, one selected by this Office, one selected by the retiree or his/her employee organization and one selected jointly (Penal Code § 26320).
 1. The decision of such hearing board shall be binding on the Office and the retiree.
 2. Any retiree who waives the right to a hearing or whose CCW endorsement has been revoked at a hearing shall immediately surrender his/her identification card. This Office will then reissue a new identification card which shall be stamped "No CCW Privilege."
- (d) Members who have reason to suspect the conduct of a retiree has compromised public safety shall notify the Watch Commander as soon as practicable. The Watch Commander should promptly take appropriate steps to look into the matter and, if warranted, contact the retiree in person and advise him/her of the temporary suspension and hearing information listed below.
 1. Notification of the temporary suspension should also be promptly mailed to the retiree via first class mail, postage prepaid, return receipt requested (Penal Code § 26312).
 2. The Watch Commander should document the investigation, the actions taken and, if applicable, any notification made to the retiree. The memo should be forwarded to the Sheriff.

Policies

3. The personal and written notification should be as follows:
 - (a) The retiree's CCW endorsement is immediately and temporarily suspended.
 - (b) The retiree has 15 days to request a hearing to determine whether the temporary suspension should become permanent revocation.
 - (c) The retiree will forfeit his/her right to a hearing and the CCW endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period.
4. In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Watch Commander should attempt to make the above notice of temporary suspension through another law enforcement officer. For example, if a retiree was arrested or detained by a distant agency, the Watch Commander may request that a law enforcement officer from that agency act as the agent of this Office to deliver the written notification.

208.8 FIREARM QUALIFICATIONS

The Firearms Instructor may provide former deputies from this office an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Firearms Instructor will maintain a record of the qualifications and weapons used.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this office is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner (Government Code § 7286).

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

Retaliation prohibitions for reporting suspected violations are addressed in the Anti-Retaliation Policy.

300.1.1 DEFINITIONS

ACTIVE RESISTANCE/ASSAULTIVE BEHAVIOR: When a subject verbally or physically indicates their intent to inflict bodily injury, assaults a deputy, or any other person. The deputy reasonably believes there is an imminent danger of violence. The subject may assume a fighting stance, display boxing or mixed martial art skills, attempt to escape, prevent his/her arrest, interfere with a deputy's lawful authority by inflicting pain or physical injury to the deputy, or any other person.

COMPLIANCE TECHNIQUE: The level of force utilized by a deputy to gain the compliance and control of a subject who refused to comply with a deputy's verbal commands or physical control techniques.

COOPERATIVE/COMPLIANT: The actions of a subject when they yield to the authority of a deputy with whom they have official contact.

DEADLY FORCE: Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

DE-ESCALATION: When reasonable, deputies should consider slowing down an incident in a manner that allows them to decrease the intensity of a situation by creating more time, distance, and space which can allow for evaluating different tactical options during dynamic situations.

FEASIBLE FORCE: Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the deputy or another person (Government Code § 7286(a)).

FORCE: The application of physical techniques or tactics, chemical agents or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Sonoma County Sheriff's Office

Policies

Policies

Use of Force

LESS-LETHAL WEAPON: An authorized weapon used to launch, fire, or propel less-lethal munitions to engage a subject with the intent to gain their compliance and overcome a subject's active resistance or assaultive behavior. Less-lethal munitions when used properly, are less likely to result in a serious bodily injury or fatality and can be used to de-escalate a potentially deadly situation. (Examples of less-lethal munitions include: Taser, foam/rubber batons, and chemical agents).

NO FORCE: The professional command presence or de-escalation skills used by deputies to control an incident and gain the voluntary compliance of a subject in any given situation.

PASSIVE RESISTANCE/NON-COMPLIANT: Refusal by a subject to comply with a deputy's verbal commands. When a subject is passive or resists a deputy's authority and direction. This includes verbal and physical cues of non-compliance, not physically resistive, but not complying.

REASONABLENESS: The Fourth Amendment "reasonableness" inquiry is whether the peace officers' actions were "objectively reasonable" in light of the facts and circumstances confronting them, at that moment, without regard to their underlying intent or motivation. The "reasonableness" of a particular use of force must be judged from the perspective of a reasonable officer on the scene, and its calculus must embody an allowance for the fact that peace officers are often forced to make split-second decisions about the amount of force necessary in a particular situation.

REPORTABLE FORCE: Any use of physical force by a deputy of this Sheriff's Office shall be documented. It is the responsibility of the deputy using force to ensure that the use of force is documented completely, promptly, and accurately in an appropriate report. The use of particular weapons such as chemical agents may require the completion of additional report forms as specified in Sheriff's Office policy or law. Actions not considered physical use of force are Sheriff's Office-approved searching or handcuffing when the suspect does not resist.

SERIOUS BODILY INJURY: A serious impairment of physical condition, including but not limited to the following: loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; and serious disfigurement (Penal Code § 243(f)(4)).

TOTALITY OF THE CIRCUMSTANCES: All facts known to the deputy at the time, including the conduct of the officer and the subject leading up to the use of force (Penal Code § 835a).

VIOLENT FELONY: A violent, forcible, act committed by a subject which threatens serious bodily injury or fatality to the deputy, or any other person.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. On a daily basis, deputies are involved in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Deputies must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

Sonoma County Sheriff's Office

Policies

Policies

Use of Force

The Office recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting deputies with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests. It is the policy of this Office that deputies shall use only that force which is objectively reasonable, given the facts and circumstances known at the time of the event to effectively bring an incident under control.

"Reasonableness" of the use of force will be determined from the perspective of a reasonable deputy on scene at the time of the incident.

300.2.1 DUTY TO INTERCEDE

Any deputy present and observing another law enforcement officer or an employee using force that is clearly beyond that which is necessary, as determined by an objectively reasonable deputy under the circumstances, shall, when in a position to do so, intercede (as defined by Government Code § 7286) to prevent the use of unreasonable force.

When observing force used by a law enforcement officer, each deputy should take into account the totality of the circumstances and the possibility that other law enforcement officers may have additional information regarding the threat posed by the subject (Government Code § 7286(b)).

300.2.2 FAIR AND UNBIASED USE OF FORCE

Deputies are expected to carry out their duties, including the use of force, in a manner that is fair and unbiased (Government Code § 7286(b)). See the Bias-Based Policing Policy for additional guidance.

300.2.3 DUTY TO REPORT EXCESSIVE FORCE

Any deputy who observes a law enforcement officer or an employee use force that potentially exceeds what the deputy reasonably believes to be necessary shall immediately report these observations to a supervisor (Government Code § 7286(b)).

As used in this subsection, "immediately" means as soon as it is safe and feasible to do so.

300.2.4 FAILURE TO INTERCEDE

A deputy who has received the required training on the duty to intercede and then fails to act to intercede when required by law, may be disciplined in the same manner as the deputy who used force beyond that which is necessary (Government Code § 7286(b)).

300.3 USE OF FORCE

Deputies shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the deputy at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Sonoma County Sheriff's Office

Policies

Policies

Use of Force

Given that no policy can realistically predict every possible situation a deputy might encounter, deputies are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident. Deputies may only use a level of force that they reasonably believe is proportional to the seriousness of the suspected offense or the reasonably perceived level of actual or threatened resistance (Government Code § 7286(b)).

It is also recognized that circumstances may arise in which deputies reasonably believe that it would be impractical or ineffective to use any of the approved or authorized tools, weapons, or methods provided by the Office. Deputies may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires a deputy to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 LEGAL AUTHORITY FOR USE OF FORCE

California Penal Code Section 835: An arrest is made by an actual restraint of the person, or by submission to the custody of an officer. The person arrested may be subject to such restraint as is reasonable for his/her arrest and detention.

California Penal Code Section 835a: Any peace officer who has reasonable cause to believe that the person to be arrested has committed a public offense may use reasonable force to effect the arrest, prevent escape or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance of the subject being arrested; nor shall such officer be deemed an aggressor or lose their right to self-defense by the use of reasonable force to effect the arrest or to prevent escape or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

Title 15, California Code of Regulations Section 3268: (Reasonable Force) The force that an objective, trained and competent employee, faced with similar facts and circumstances, would consider necessary and reasonable to subdue an attacker, overcome resistance, effect custody, or gain compliance with a lawful order.

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether a deputy has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit (Government Code § 7286(b)). These factors include but are not limited to:

- (a) The apparent immediacy and severity of the threat to deputies or others (Penal Code § 835a).

Sonoma County Sheriff's Office

Policies

Policies

Use of Force

- (b) The conduct of the individual being confronted, as reasonably perceived by the deputy at the time (Penal Code § 835a).
- (c) Deputy/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of deputies available vs. subjects).
- (d) The conduct of the involved deputy leading up to the use of force (Penal Code § 835a).
- (e) The effects of suspected drugs or alcohol.
- (f) The individual's apparent mental state or capacity (Penal Code § 835a).
- (g) The individual's apparent ability to understand and comply with deputy commands (Penal Code § 835a).
- (h) Proximity of weapons or dangerous improvised devices.
- (i) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (j) The availability of other reasonable and feasible options and their possible effectiveness (Penal Code § 835a).
- (k) Seriousness of the suspected offense or reason for contact with the individual prior to and at the time force is used.
- (l) Training and experience of the deputy.
- (m) Potential for injury to deputies, suspects, bystanders, and others.
- (n) Whether the person appears to be resisting, attempting to evade arrest by flight, or is attacking the deputy.
- (o) The risk and reasonably foreseeable consequences of escape.
- (p) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (q) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the deputy or others.
- (r) Prior contacts with the subject or awareness of any propensity for violence.
- (s) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a passively or actively resisting individual. Deputies may only apply those pain compliance techniques for which they have successfully completed Office-approved training. Deputies utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.
- (b) Whether the subject can comply with the direction or orders of the deputy.
- (c) Whether the subject has been given sufficient opportunity to comply.

Sonoma County Sheriff's Office

Policies

Policies

Use of Force

The application of any pain compliance technique shall be discontinued once the deputy determines that compliance has been achieved, or is ineffective.

300.3.4 RESTRICTIONS ON THE USE OF CAROTID CONTROL HOLD

Deputies of this office are not authorized to use a carotid restraint hold, except in situations where the use of deadly force is allowed by law. A carotid restraint means a vascular neck restraint or any similar restraint, hold, or other defensive tactic in which pressure is applied to the sides of a person's neck that involves a substantial risk of restricting blood flow and may render the person unconscious in order to subdue or control the person (Government Code § 7286.5).

300.3.5 USE OF FORCE TO SEIZE EVIDENCE

In general, deputies may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, deputies are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, deputies should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Deputies are encouraged to use techniques and methods taught by the Sonoma County Sheriff's Office for this specific purpose.

300.3.6 ALTERNATIVE TACTICS - DE-ESCALATION

As time and circumstances reasonably permit, and when community and officer safety would not be compromised, deputies should consider actions that may increase deputy safety and may decrease the need for using force:

- (a) Summoning additional resources that are able to respond in a reasonably timely manner.
- (b) Formulating a plan with responding deputies before entering an unstable situation that does not reasonably appear to require immediate intervention.
- (c) Employing other tactics that do not unreasonably increase deputy jeopardy.

In addition, when reasonable, deputies should evaluate the totality of circumstances presented at the time in each situation and, when feasible, consider and utilize reasonably available alternative tactics and techniques that may persuade an individual to voluntarily comply or may mitigate the need to use a higher level of force to resolve the situation before applying force (Government Code § 7286(b)). Such alternatives may include but are not limited to:

- (a) Attempts to de-escalate a situation.
- (b) If reasonably available, the use of crisis intervention techniques by properly trained personnel.

300.3.7 RESTRICTIONS ON THE USE OF A CHOKE HOLD

Deputies of this office are not authorized to use a choke hold, except in situations where the use of deadly force is allowed by law. A choke hold means any defensive tactic or force option in which direct pressure is applied to a person's trachea or windpipe (Government Code § 7286.5).

Sonoma County Sheriff's Office

Policies

Policies

Use of Force

300.3.8 ADDITIONAL RESTRICTIONS

Terms such as "positional asphyxia," "restraint asphyxia" continue to remain the subject of debate among experts and medical professionals, are not universally recognized medical conditions, and frequently involve other collateral or controlling factors such as narcotics or alcohol influence, or pre-existing medical conditions. While it is impractical to restrict a deputy's use of reasonable control methods when attempting to restrain a combative individual, deputies are not authorized to use any restraint or transportation method which might unreasonably impair an individual's breathing or respiratory capacity for a period beyond the point when the individual has been adequately and safely controlled. Once controlled, the individual should be placed into a recovery position (e.g., supine or seated) and monitored for signs of medical distress (Government Code § 7286.5).

300.4 DEADLY FORCE APPLICATIONS

Where feasible, the deputy shall, prior to the use of deadly force, make reasonable efforts to identify him/herself as a peace officer and to warn that deadly force may be used, unless the deputy has objectively reasonable grounds to believe the person is aware of those facts (Penal Code 835a).

If an objectively reasonable deputy would consider it safe and feasible to do so under the totality of the circumstances, deputies shall evaluate and use other reasonably available resources and techniques when determining whether to use deadly force. To the extent that it is reasonably practical, deputies should consider their surroundings and any potential risks to bystanders prior to discharging a firearm (Government Code § 7286(b)).

The use of deadly force is only justified when the deputy reasonably believes it is necessary in the following circumstances (Penal Code § 835a):

- (a) A deputy may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury to the deputy or another person.
- (b) A deputy may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the deputy reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended. Where feasible, the deputy shall, prior to the use of force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the deputy has objectively reasonable grounds to believe the person is aware of those facts.

Deputies shall not use deadly force against a person based on the danger that person poses to him/herself, if an objectively reasonable deputy would believe the person does not pose an imminent threat of death or serious bodily injury to the deputy or to another person (Penal Code § 835a).

An "imminent" threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable deputy in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury

Sonoma County Sheriff's Office

Policies

Policies

Use of Force

to the deputy or another person. A deputy's subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and may involve additional considerations and risks. When feasible, deputies should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. A deputy should only discharge a firearm at a moving vehicle or its occupants when the deputy reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the deputy or others (Government Code § 7286(b)).

Deputies should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.4.2 DISPLAYING OF FIREARMS

Given that individuals might perceive the display of a firearm as a potential application of force, deputies should carefully evaluate each tactical situation and use sound discretion when drawing a firearm in public by considering the following guidelines (Government Code § 7286(b)):

- (a) If the deputy does not initially perceive a threat but reasonably believes that the potential for such threat exists, firearms should generally be kept in the low-ready or other position not directed toward an individual.
- (b) If the deputy reasonably believes that a threat exists based on the totality of circumstances presented at the time (e.g., high-risk stop, tactical entry, armed encounter), firearms may be directed toward such threat until the deputy no longer perceives such threat.

Once it is reasonably safe to do so, deputies should carefully secure all firearms.

300.5 REPORTING THE USE OF FORCE

Any use of physical force by a member of this Sheriff's Office shall be documented. Actions not considered physical use of force are Sheriff's Office-approved searching or handcuffing when the suspect does not resist.

It is the responsibility of the member using force to ensure that the use of force is documented completely, promptly, and accurately in an appropriate report depending on the nature of the incident. The use of particular weapons such as chemical agents may require the completion of additional report forms as specified in Sheriff's Office policy and/or law.

- (a) Body worn camera video footage shall be uploaded into Evidence.com and categorized as Use of Force.
- (b) Photographs of all involved parties shall be taken to document both physical injury and/or the lack of physical injury to any party.
 - 1. If for some reason a deputy is unable to capture body worn camera video footage or take photographs to document the physical condition of the parties involved in

Use of Force

a use of force when he/she has a sustained or alleged an injury, the deputy shall document the reason these actions were not taken in a Sheriff's Office report.

300.5.1 NOTIFICATION TO SUPERVISORS

Any use of force by a deputy shall be reported immediately to a supervisor, including but not limited to the following circumstances (Penal Code § 832.13):

- (a) The application caused a visible injury.
- (b) The application would lead a reasonable deputy to conclude that the individual may have experienced more than momentary discomfort.
- (c) The individual subjected to the force complained of injury or continuing pain.
- (d) The individual indicates intent to pursue litigation.
- (e) Any application of a TASER device or control device.
- (f) Any application of a restraint device other than handcuffs, shackles, or belly chains.
- (g) The individual subjected to the force was rendered unconscious.
- (h) An individual was struck or kicked.
- (i) An individual alleges unreasonable force was used or that any of the above has occurred.
- (j) All incidents where a firearm is directly pointed at a person to gain compliance. This does not include the drawing of a firearm and maintaining it at a low ready, or safe direction away from the person contacted.

As used in this subsection, "immediately" means as soon as it is safe and feasible to do so.

300.5.2 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The Professional Standards Lieutenant, or the authorized designee shall ensure that data required by the Department of Justice (DOJ) regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is collected and forwarded to the DOJ as required by Government Code § 12525.2.

300.6 MEDICAL CONSIDERATION

Once it is reasonably safe to do so, properly trained deputies should promptly provide or procure medical assistance for any person injured or claiming to have been injured in a use of force incident (Government Code § 7286(b)).

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the deputy's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff, or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be

Sonoma County Sheriff's Office

Policies

Policies

Use of Force

fully documented in related reports and, whenever practicable, should be witnessed by another deputy and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling deputy shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the deputy reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain or who require a protracted physical encounter with multiple deputies to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Deputies who reasonably suspect a medical emergency should request medical assistance as soon as practical. In the Detention Division, all incarcerated inmates shall be seen by jail medical staff for any use of force.

See the Medical Aid and Response Policy for additional guidelines.

300.7 SUPERVISOR RESPONSIBILITY

A supervisor should respond to any reported use of force, if reasonably available. The responding supervisor is expected to (Government Code § 7286(b)):

- (a) Obtain the basic facts from the involved deputies. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- (b) Ensure that any injured parties are examined and treated.
- (c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
 1. The content of the interview should not be summarized or included in any related criminal charges.
 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- (d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- (e) Identify any witnesses not already included in related reports.

Sonoma County Sheriff's Office

Policies

Policies

Use of Force

- (f) Review and approve all related reports.
- (g) Determine if there is any indication that the subject may pursue civil litigation.
 - 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- (h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

Prior to going on their regular days off, the supervisor will complete a supplemental use of force report. A copy will be attached to the report writing data base and will be forwarded to the Watch Commander for review. An additional use of force report shall be completed in the Administrative Investigation Management (AIM) database and forwarded to the Watch Commander and Professional Standards Lieutenant for review.

In the event that the supervisor believes the incident may give rise to potential civil litigation, the Watch Commander and Risk Management shall be notified.

300.7.1 USE OF FORCE LIEUTENANT RESPONSIBILITY

The Use of Force Lieutenant shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues. If a use of force is determined to be potentially outside the parameters of this policy, it will be assigned to Internal Affairs for additional investigation to determine if there were any violations of this, or any other policy.

300.8 TRAINING

Deputies, investigators, and supervisors will receive periodic training on this policy and demonstrate their knowledge and understanding (Government Code § 7286(b)).

Subject to available resources, the Professional Standards Bureau Lieutenant should ensure that deputies receive periodic training on de-escalation tactics, including alternatives to force.

Training should also include (Government Code § 7286(b)):

- (a) Guidelines regarding vulnerable populations, including but not limited to children, elderly persons, pregnant individuals, and individuals with physical, mental, and developmental disabilities.
- (b) Training courses required by and consistent with POST guidelines set forth in Penal Code § 13519.10.

See the Training Policy for restrictions relating to deputies who are the subject of a sustained use of force complaint.

300.8.1 TRAINING REQUIREMENTS

Assistant Sheriffs are required to ensure that all sworn personnel under their command qualify in accordance with this policy.

- (a) Use of Force Instructors refers to Defensive Tactics and Firearms Instructors.
- (b) The Use of Force Instructors will keep a record of all those who attend training.
- (c) All sworn personnel must attend use of force training each quarter.
 - (a) For the Law Enforcement Division, it will consist of, at minimum, four (4) hours of training: Two (2) hours of defensive tactics and two (2) hours of firearms.
 - (b) For the Detention Division, it will consist of, at minimum, two (2) hours of defensive tactics training.
- (d) The quarters will be divided as follows:
 - 1. First Quarter: January through March
 - 2. Second Quarter: April through June
 - 3. Third Quarter: July through September
 - 4. Fourth Quarter: October through December
- (e) Failure to comply with this training (attendance and/or qualification) may result in disciplinary action.
 - 1. Only the Sheriff, or his designee, may exempt a deputy from the provisions mandated in this policy.
 - 2. If a deputy fails to attend at least one use of force training during a quarter, the deputy shall attend the first training offered of the following quarter.
- (f) Management is not required to attend the defensive tactics portion of this training. Management from the Law Enforcement division is required to attend the firearms portion of the training.

If a deputy fails to qualify after remediation, the Use of Force Instructor shall immediately notify the Use of Force Lieutenant verbally, and shall prepare a memo to be sent, via chain of command, as soon as practical, for determination of action.

300.9 USE OF FORCE ANALYSIS

At least annually, the Law Enforcement Division Administration Captain and the Detention Division Captain, or their designee, should prepare a report on use of force incidents. The report should be submitted to the Sheriff. The report should not contain the names of deputies, suspects or case numbers, and should include:

- (a) The identification of any trends in the use of force by members.
- (b) Training needs recommendations.
- (c) Equipment needs recommendations.
- (d) Policy revision recommendations.

300.10 RECORDS RETENTION

Use of Force Reports shall be kept on file for a period of five (5) years, after which time such reports shall be deleted according to applicable State of California statute and County of Sonoma Ordinance.

300.11 USE OF FORCE COMPLAINTS

The receipt, processing, and investigation of civilian complaints involving use of force incidents should be handled in accordance with the Personnel Complaints Policy (Government Code § 7286(b)).

The Sheriff or the authorized designee should ensure this policy is accessible to the public (Government Code § 7286(c)).

300.14 PUBLIC RECORDS REQUESTS

Requests for public records involving a deputy's personnel records shall be processed in accordance with Penal Code § 832.7 and the Personnel Records and Records Maintenance and Release policies (Government Code § 7286(b)).

Escape Procedures

301.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to Detention and Law Enforcement members in the event of an escape by a Sonoma County Sheriff's inmate. Office members should work cooperatively in the identification and apprehension of any Sonoma County Sheriff's inmate escapee, within the guidelines of this policy.

301.2 PROCEDURES

- (a) When the Detention Division is reasonably certain there has been an escape, except Electronic Monitoring Program walkaways, the Correctional Deputy will immediately notify the On-Duty Supervisor and Central Control. This can be done by radio if the Correctional Deputy feels it will not jeopardize the security of the facility. The Correctional Deputy will immediately relay information regarding the location or possible location of the escapee, along with names of the escapee(s) if known at the time.
- (b) Central Control will immediately notify Sheriff's Dispatch of the escape. This will enable law enforcement to respond to the immediate area of escape. Correctional Deputies working Central Control will provide Sheriff's dispatch with the following information:
 - 1. The name(s) of the escapee(s)
 - 2. A physical description of the escapee(s)
 - 3. The approximate time of the escape
 - 4. The escapee(s) clothing description
 - 5. The escapee(s) direction and mode of travel (on foot, in vehicle)
 - 6. The escapee(s) custody status and charges
- (c) The following notifications will be made:
 - 1. The on-duty Correctional Sergeant will notify the on-duty Correctional Watch Commander
 - 2. The on-duty Law Enforcement Sergeant will notify the on-duty Law Enforcement Watch Commander
 - 3. Both Detention and Law Enforcement Watch Commanders will notify their respective chain of command
- (d) The on-duty Correctional Watch Commander, or designee, will complete the following:
 - 1. If the method of escape or location of escape is known, Correctional Deputies will be directed to secure the area to prevent further escape and preserve evidence.
 - 2. Order an immediate emergency lockdown of the facility. Visitor's within the facility will be positively identified and safely escorted out of the facility.
 - 3. Correctional Deputies will conduct an immediate count of all inmates and report the count and any discrepancies to the supervisor.

Escape Procedures

- (e) If the escapee has not been immediately captured, the on-duty patrol Sergeant, or designee, will notify the on-call Property Crimes Detective of the escape. The Property Crimes Investigations Unit will assume responsibility of the investigation and apprehension of the inmate. If other crimes were committed by the escapee during the time the escapee was being sought, patrol deputies will respond for the crime report.

Handcuffing and Restraints

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

302.2 POLICY

The Sonoma County Sheriff's Office authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and office training. Restraint devices shall not be used to punish, to display authority or as a show of force.

302.3 USE OF RESTRAINTS

Only members who have successfully completed Sonoma County Sheriff's Office-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, deputies should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- If known to be pregnant, the use of leg irons, waist chains, or handcuffing behind the body should be avoided and only applied in circumstances of extreme safety concerns.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

302.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain a person who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to ensure the safety of deputies and others.

When deciding whether to remove restraints from a detainee, deputies should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

302.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg irons, waist chains, or handcuffs behind the body should not be used unless the deputy has a reasonable suspicion that the person may resist, attempt escape, injure self or others, or damage property.

Sonoma County Sheriff's Office

Policies

Policies

Handcuffing and Restraints

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the arrestee, deputies, or others (Penal Code § 3407; Penal Code § 6030).

302.3.3 RESTRAINT OF JUVENILES

A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the deputy has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the deputy or damage property.

302.3.4 NOTIFICATIONS

Whenever a deputy transports a person with the use of restraints other than handcuffs, the deputy shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the deputy reasonably believes would be potential safety concerns or medical risks to the person (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during, transportation to the jail.

302.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Sheriff's Office. Deputies should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, deputies should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, deputies should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

302.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the deputy reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Sonoma County Sheriff's Office

Policies

Policies

Handcuffing and Restraints

Deputies utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Deputies should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Deputies should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

302.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only office-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

302.7 APPLICATION OF MAXIMUM RESTRAINT DEVICES

Maximum restraint is used to give Deputies a medically approved technique that places the combative or self-destructive, handcuffed suspect into a position which allows the suspect to be safely transported to a medical facility, county jail or juvenile hall.

The maximum restraint position will be used to control violent, handcuffed individuals who continue to kick and resist. Good judgment and appropriate care must be used during and after application of the technique. Deputy Sheriffs will be issued a cord cuff and instructed in its proper use, emphasizing the safety of both the Deputies and suspects.

- (a) CORD CUFF: Nylon cord with a loop at one end and a snap hook attached to the other end.
- (b) HOG TIE: The disallowed technique of attaching the cord cuff to the suspect's feet and handcuffs.

Once the suspect is handcuffed behind his back, and it is determined he must be maximally restrained for his safety as well as the Deputy's, he/she will be temporarily placed in a prone position. A figure-four leg lock will be used on the suspect while the cord cuff is run under and around his/her waist to the middle of the back. The snap hook is pulled through the loop and pulled tight, above the individual's hips. A knot is made next to the loop to prevent the cord cuff from loosening. The excess in the cord cuff is brought back to the feet, which are bent toward the

Sonoma County Sheriff's Office

Policies

Policies

Handcuffing and Restraints

individual's buttocks. The cord is wrapped around the ankles until all the excess is used up and the snap hook is attached to the cord going up to the waist.

- (a) Once the suspect is maximally restrained, roll them onto their side and monitor consciousness and breathing.
- (b) Call for emergency medical assistance if the suspect is not at a recognizable level of consciousness, having difficulty breathing, convulsing, having a seizure, injured or complaining of pain.
- (c) Do not transport in a prone position. Suspects transported in a patrol car will be seat belted in.
- (d) Maximally restrained suspects shall not be left unattended.
- (e) The "hog tie" technique will not be used.
- (f) Deputies will notify their supervisor as soon as practical when the technique is used, as well as notifying jail and/or medical personnel.
- (g) Deputies will note in their report that the maximum restraint was used.

302.8 REQUIRED DOCUMENTATION

If an individual is restrained and released without an arrest, there is no documentation necessary.

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report. The deputy should include, as appropriate:

- (a) The amount of time the suspect was restrained.
- (b) How the suspect was transported and the position of the suspect.
- (c) Observations of the suspect's behavior and any signs of physiological problems.
- (d) Any known or suspected drug use or other medical problems.

Control Devices and Techniques

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

303.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Sonoma County Sheriff's Office authorizes deputies to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

303.3 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this office only if the device has been issued by the Office or approved by the Sheriff or the authorized designee.

Only deputies who have successfully completed office-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, deputies should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

303.4 RESPONSIBILITIES

303.4.1 WATCH COMMANDER RESPONSIBILITIES

The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

303.4.2 FIREARMS SUPERVISORS RESPONSIBILITIES

The Firearms Supervisors shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Firearms Supervisor or the designated instructor for a particular control device. The inspection shall be documented.

303.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Firearms Sergeant

Sonoma County Sheriff's Office

Policies

Policies

Control Devices and Techniques

for disposition. Damage to County property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

303.5 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

303.6 TEAR GAS GUIDELINES

Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Watch Commander, Incident Commander or Special Operations Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

303.7 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

303.7.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

303.7.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

Deputies encountering a situation that warrants the use of a pepper projectile system should notify a supervisor as soon as practicable. A supervisor should respond to all pepper projectile system

Sonoma County Sheriff's Office

Policies

Policies

Control Devices and Techniques

incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

303.7.3 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

303.8 POST-APPLICATION NOTICE

Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, deputies should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense. Information regarding the method of notice and the individuals notified should be included in related reports.

303.9 KINETIC ENERGY PROJECTILE GUIDELINES

This office is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

303.9.1 DEPLOYMENT AND USE

Only office-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Deputies are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved deputy determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and deputies takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or deputies.

Sonoma County Sheriff's Office

Policies

Policies

Control Devices and Techniques

- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

303.9.2 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the deputy should consider such factors as:

- (a) Distance and angle to target.
- (b) Type of munitions employed.
- (c) Type and thickness of subject's clothing.
- (d) The subject's proximity to others.
- (e) The location of the subject.
- (f) Whether the subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other deputies and individuals that the device is being deployed.

Deputies should keep in mind the manufacturer's recommendations and their training regarding effective distances and target areas. However, deputies are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

303.9.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Deputies will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the deputy shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.

Absent compelling circumstances, deputies who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a

Sonoma County Sheriff's Office

Policies

Policies

safety measure in which a second deputy watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

303.10 AUTHORIZED CONTROL AND DISTRACTION DEVICES FOR THE DETENTION DIVISION

The following is equipment, including but not limited to, office-approved weapons, tools and chemical agents that may be possessed and used only by custody staff members who have received office-authorized training and are qualified to use them:

- (a) Oleoresin Capsicum (OC) Spray: Correctional Staff and SERT
- (b) OC Fogger Grenades: Correctional Staff and SERT
- (c) Taser X-26/X-26P/X-2: Correctional Staff and SERT
- (d) Impact Weapons (Batons to Include Expandable/Side Handle): SERT
 - 1. Flashlights: Correctional Staff and SERT
- (e) Pepperball (OC) Launcher: SERT
- (f) Chemical Agents (CN/CS - to include muzzle blast dispersion rounds, Ferret Rounds, Direct Impact OC and Pyrotechnic): SERT
- (g) Kinetic Energy Projectiles - Less Lethal (FN303 Less Lethal Launcher System, 12 Gauge Shotguns, 37mm and 40mm Launchers): SERT
- (h) Lightfield NOVA DR
- (i) Flashbangs (To include training devices)
- (j) Stinger Rubber Ball Grenade - OC, CN/CS and Non OC/CN/CS (To include training devices)
- (k) Distraction Smoke

Office-approved weapons, tools and chemical agents shall only be allowed inside the secure perimeter of the detention facility with the approval of the Facility Manager or authorized designee.

303.11 STORAGE OF WEAPONS, CHEMICAL AGENTS AND CONTROL DEVICES FOR THE DETENTION DIVISION

The armory shall be located in a secure and readily accessible repository outside of inmate housing and activity areas. It shall be secured at all times. Access to the armory shall be limited to the Facility Manager and the Watch Commander or the authorized designee. Only personnel who have received office-approved training in the maintenance of the stored equipment and who have been designated by the Facility Manager are authorized to be inside the armory.

The following equipment shall be stored and secured in the armory:

- (a) All office-approved weapons
- (b) All office-approved control devices and associated supplies, with the exception of the TASER device

Control Devices and Techniques

- (c) All equipment, such as helmets, face shields, stab or protective vests and handheld shields
- (d) All office-approved chemical agents

Explosive materials will be stored in a safe approved by the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) and in compliance with 27 CFR 555.201 et seq.

The Facility Manager should designate one or more properly trained staff to be responsible for maintaining all weapons, chemical agents and control devices in a safe and secure manner, and to inventory and report the condition and availability of the facility's weapons and control devices on a monthly basis.

303.12 WEAPONS LOCKER

There should be a secure weapons locker located outside of the secure perimeter of the detention facility.

303.13 TRAINING FOR CONTROL DEVICES

The Lieutenant responsible for training oversight shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the deputy's training file.
- (c) Deputies who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If a deputy cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the deputy will be restricted from carrying the control device and may be subject to discipline.

303.14 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.

Conducted Energy Device

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the conducted energy device (CED).

304.2 POLICY

The CED is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to deputies and suspects.

304.3 ISSUANCE AND CARRYING CEDS

Only members who have successfully completed office-approved training may be issued and may carry the CED.

The Use of Force Sergeant(s) should keep a log of issued CED devices and the serial numbers of cartridges/magazines issued to members.

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the office inventory.

Deputies shall only use the CED and cartridges/magazines that have been issued by the Office. Cartridges/magazines should not be used after the manufacturer's expiration date.

Uniformed deputies who have been issued the CED shall wear the device in an approved holster.

Deputies who carry the CED while in uniform shall carry it in a holster on the side opposite the duty weapon (Penal Code § 13660).

- (a) All CEDs shall be clearly distinguishable to differentiate them from the duty weapon and any other device.
- (b) For single-shot devices, whenever practicable, deputies should carry an additional cartridge on their person when carrying the CED.
- (c) Deputies should not hold a firearm and the CED at the same time.

Non-uniformed deputies may secure the CED in a concealed, secure location in the driver's compartment of their vehicles.

304.3.1 USER RESPONSIBILITIES

Deputies shall be responsible for ensuring that the issued CED is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the deputy's shift.

CEDs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the Use of Force Sergeant(s) for disposition. Deputies shall submit documentation stating the reason for the return and how the CED or cartridge/magazine was damaged or became inoperative, if known.

304.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the CED should precede its application unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances.

The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other deputies and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with a deputy's lawful orders and it appears both reasonable and feasible under the circumstances, the deputy may, but is not required to, activate any warning on the device, which may include display of the electrical arc, an audible warning, or the laser in a further attempt to gain compliance prior to the application of the CED. The laser should not be intentionally directed into anyone's eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the deputy deploying the CED in the related report.

304.5 USE OF THE CED

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely deploy the device within its operational range. Although the CED may be effective in controlling most individuals, deputies should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, a deputy designated as lethal cover for any deputy deploying a CED may be considered for officer safety.

304.5.1 APPLICATION OF THE CED

The CED may be used, when the circumstances reasonably perceived by the deputy at the time indicate that such application reasonably appears necessary to control a person who:

- (a) Is violent or is physically resisting.
- (b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm deputies, themselves, or others.

Mere flight from a pursuing deputy, without additional circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

The CED shall not be used to psychologically torment, to elicit statements, or to punish any individual.

304.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the deputy, the subject or others, and the deputy reasonably believes that the need to control the individual outweighs the potential risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.

Sonoma County Sheriff's Office

Policies

Policies

Conducted Energy Device

- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals known to have been recently sprayed with a flammable chemical agent or who are otherwise known to be in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capicum (OC) spray.
- (f) Individuals whose position or activity is likely to result in collateral injury (e.g., falls from height, located in water, operating vehicles).

Any CED capable of being applied in the drive-stun mode (i.e., direct contact without probes as a primary form of pain compliance) should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between deputies and the subject, thereby giving deputies time and distance to consider other force options or actions.

304.5.3 TARGETING CONSIDERATIONS

Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, deputies should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, area of the heart, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

304.5.4 MULTIPLE APPLICATIONS OF THE CED

Once a deputy has successfully deployed two probes on the subject, the deputy should continually assess the subject to determine if additional probe deployments or cycles reasonably appear necessary. Additional factors deputies may consider include but are not limited to:

- (a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.
- (b) Whether the probes are making proper contact.
- (c) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (d) Whether verbal commands or other options or tactics may be more effective.

304.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Deputies should take appropriate actions to control and restrain the individual as soon as reasonably practicable to minimize the need for longer or multiple exposures to the CED. As soon as practicable, deputies shall notify a supervisor any time the CED has been discharged. If needed for evidentiary purposes, the expended cartridge, along with any probes and wire, should be submitted into evidence (including confetti tags, when equipped on the device). The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

Sonoma County Sheriff's Office

Policies

Policies

Conducted Energy Device

304.5.6 DANGEROUS ANIMALS

The CED may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety.

304.5.7 OFF-DUTY CONSIDERATIONS

Deputies are not authorized to carry office CEDs while off-duty.

Deputies shall ensure that CEDs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

304.6 DOCUMENTATION

Deputies shall document all CED discharges in the related arrest/crime reports. Photographs should be taken of any obvious probe impact or drive-stun application sites and attached to the crime report. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, audible warning, laser activation, and arcing the device, other than for testing purposes, will also be documented on the report form. Data downloads from the CED after use on a subject should be done as soon as practicable using a office-approved process to preserve the data.

304.6.1 REPORTS

The deputy should include the following in the arrest/crime report:

- (a) Identification of all personnel firing CEDs
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication, or other medical problems

304.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel or deputies trained in probe removal and handling should remove CED probes from a person's body. Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes or who have been subjected to the electric discharge of the device, or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.

Sonoma County Sheriff's Office

Policies

Policies

Conducted Energy Device

- (c) The person reasonably appears to be in need of medical attention.
- (d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another deputy and/or medical personnel and shall be fully documented in related reports. If an audio/video recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting deputy shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED (see the Medical Aid and Response Policy).

304.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was activated.

A supervisor should review each incident where a person has been exposed to a CED. The device's internal logs should be downloaded by a supervisor or Firearms Instructor and saved with the related arrest/crime report. The supervisor should arrange for photographs of probe sites to be taken and witnesses to be interviewed.

304.9 TRAINING

Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial office-approved training. Any personnel who have not carried the CED as a part of their assignments for a period of six months or more shall be recertified by a qualified CED instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued CEDs should occur every year. A reassessment of deputy's knowledge and/or practical skills may be required at any time, if deemed appropriate by the Training Lieutenant. All training and proficiency for CEDs will be documented in the deputy's training files.

Command staff, supervisors, and investigators should receive CED training as appropriate for the investigations they conduct and review.

Deputies who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with deputies who use the device.

The Training Lieutenant is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Sonoma County Sheriff's Office

Policies

Policies

Conducted Energy Device

Application of CEDs during training could result in injuries and should not be mandatory for certification.

The Training Lieutenant should include the following training:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws until proficient to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes to the head, neck, area of the heart, and groin.
- (e) Scenario-based training, including virtual reality training when available.
- (f) Handcuffing a subject during the application of the CED and transitioning to other force options.
- (g) De-escalation techniques.
- (h) Restraint techniques that do not impair respiration following the application of the CED.
- (i) Proper use of cover and concealment during deployment of the CED for purposes of officer safety.
- (j) Proper tactics and techniques related to multiple applications of CEDs.

Officer-Involved Shootings and Deaths

305.1 POLICY

[See attachment: 93-1 Critical Incident Protocol 10-03-19.pdf](#)

Firearms

306.1 PURPOSE AND SCOPE

This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

306.2 POLICY

The Sonoma County Sheriff's Office will equip its members with firearms to address the risks posed to the public and office members by violent and sometimes well-armed persons. The Office will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

306.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS

Members shall only use firearms that are issued or approved by the Office and have been thoroughly inspected by the Firearms Instructor. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that firearm at an authorized office range.

During the first quarter of each year the Lieutenant managing the firearms program will facilitate an audit of all firearms owned and issued by the Sheriff's Office.

All other weapons not provided by the Office, including, but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by office policy, may not be carried by members in the performance of their official duties without the express written authorization of the member's Captain. This exclusion does not apply to deputy sheriffs carrying a folding, lockblade or fixed blade knife with a single sharpened edge.

306.3.6 AUTHORIZED OFF-DUTY FIREARMS

The carrying of firearms by members while off-duty is permitted by the Sheriff, and encouraged, but may be rescinded should circumstances dictate (e.g., administrative leave for reasons beyond mere involvement in an OIS). Members who choose to carry a firearm while off-duty, based on their authority as peace officers, will be required to meet the following guidelines:

- (a) The member may use his/her duty firearm or may use a personally owned firearm that is carried and inspected in accordance with the Personally Owned Duty Firearms requirements in this policy. A member carrying his/her duty firearm will be deemed to have complied with (c), (d) and (e) of this section.
 - 1. The purchase of the personally owned firearm and ammunition shall be the responsibility of the member.
- (b) The firearm shall be carried concealed at all times when in a public place and in such a manner as to prevent accidental unintentional cocking, discharge or loss of physical control.
- (c) It will be the responsibility of the member to submit the firearm to the Firearms Instructor for inspection prior to being personally carried. Thereafter the firearm shall be subject to periodic inspection by the Firearms Instructor.
- (d) Prior to carrying any off-duty firearm, the member shall demonstrate to the Firearms Instructor that he/she is proficient in handling and firing the firearm and that it will be carried in a safe manner.
- (e) The member will successfully qualify with the firearm prior to it being carried.
- (f) Members shall provide written notice of the make, model, color, serial number and caliber of the firearm to the Firearms Instructor, who will maintain a list of the information.
- (g) If a member desires to use more than one firearm while off-duty, he/she may do so, as long as all requirements set forth in this policy for each firearm are met.
- (h) Members shall only carry office-authorized ammunition.
- (i) When armed, at a minimum, deputies shall carry their Sonoma County Sheriff's Office identification cards and are encouraged to carry their badge under circumstances requiring possession of such identification.

306.3.7 AMMUNITION

Members shall carry only office-authorized ammunition. Members shall be issued fresh duty ammunition in the specified quantity for all office-issued firearms during the member's firearms qualification. Replacements for unserviceable or depleted ammunition issued by the Office shall be dispensed by the Firearms Instructor when needed, in accordance with established policy.

Members carrying personally owned authorized firearms of a caliber differing from office-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense.

Firearms

The Firearms Program will maintain a list of Office approved, commercially manufactured ammunition for those deputies who choose to carry ammunition other than that which is issued.

306.4 EQUIPMENT

Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

306.4.1 REPAIRS OR MODIFICATIONS

Each member shall be responsible for promptly reporting any damage or significant malfunction of an assigned firearm to the Firearms Program supervisor.

Firearms that are the property of the Office or personally owned firearms that are approved for office use may be repaired or modified only by a person who is office-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Firearms Program Supervisor.

Any repairs or modifications to the member's personally owned firearm shall be done at his/her expense and must be approved in advance by the Professional Standards Bureau Lieutenant upon the recommendation of the armorers.

306.4.2 HOLSTERS

Only office-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

306.4.3 RIFLES

Deputy Sheriffs may be authorized to carry a Sheriff's Office-issued rifle, or may carry a privately owned rifle upon receipt of the written approval of the Firearms Program Manager or authorized designee. Deputy Sheriffs shall be required to have successfully completed a Sheriff's Office-approved qualification course (with that firearm) prior to carrying a rifle.

- (a) Large Capacity Magazines: California Penal Code § 32405 provides an exemption for peace officers from the prohibition on the sale to, lending to, transfer to, purchase by, receipt of, importation into California of, a large-capacity magazine as set forth in California Penal Code § 32310. Sonoma County Sheriff's Deputies are authorized by this Office to carry firearms with large-capacity magazines both on-duty and off-duty. Certain municipalities and other local government entities in the State of California have enacted prohibitions on the possession of large-capacity magazines with an exception for peace officers (qualified in some instances by the requirement that the peace officer who is carrying a firearm with a large-capacity magazine must do so "within the scope of his or her duties" in order to be eligible for such exception). It is the policy of the Sonoma County Sheriff's Office that any Sonoma County Sheriff's Deputy who is carrying a firearm with, or otherwise possesses, a large-capacity magazine is authorized to possess and carry the large-capacity magazine, and is considered by this policy to be doing so, within the scope of such deputy's duties both on-duty and off-duty.

- (c) Authorized calibers are non-magnum, center-fire between .223 through .30.
- (d) No fully automatic weapons outside of SWAT.

306.4.5 TACTICAL LIGHTS

Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined by an armorer and approved by the Firearms Program supervisor. Once the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality of the firearm prior to carrying it.

306.4.6 OPTICS OR LASER SIGHTS

Optics or laser sights may only be installed on a firearm carried on- or off-duty after they have been examined by an armorer and approved by the Firearms Program supervisor. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Except in an approved training situation, a member may only sight in on a person when the member would otherwise be justified in pointing a firearm at the person.

306.5 SAFE HANDLING, INSPECTION AND STORAGE

Members shall maintain the highest level of safety when handling firearms and shall consider the following:

- (a) Members shall not unreasonably display or handle any firearm.

- (f) Members should not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.
- (g) If any authorized firearm is in need of repair it shall not be carried. It shall be promptly presented to an Office approved armorer or gunsmith for inspection and repair. Any firearm in need of repair or service by the Firearms Instructor will be immediately removed from service until repaired. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

306.5.1 INSPECTION AND STORAGE

Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition. Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Personally owned firearms may be safely stored in lockers at the end of the shift. Handguns may remain loaded if they are secured in an appropriate holster. Shotguns and rifles may be stored unloaded, if uncased, or loaded, if in a case.

306.5.2 STORAGE AT HOME

Members shall ensure that all firearms and ammunition are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit office-issued firearms to be handled by anyone not authorized by the Office to do so. Members should be aware that negligent storage of a firearm could result in civil and criminal liability (Penal Code § 25100).

306.5.3 ALCOHOL AND DRUGS

Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, or has taken any drugs or medication, in a combination that would tend to adversely affect the member's senses or judgment.

306.5.4 STORAGE IN VEHICLES

Per Penal Code 25149, when leaving a handgun in an unattended vehicle, members shall:

- (a) Except as otherwise provided in subdivision (b), lock the handgun in the vehicle's trunk, lock the handgun in a locked container and place the container out of plain view, lock the handgun in a locked container permanently affixed to the vehicle's interior and not in plain view, or lock the handgun in a locked toolbox or utility box.
- (b) A peace officer leaving a handgun in an unattended vehicle not equipped with a trunk may, if unable to otherwise comply with subdivision (a), lock the handgun out of plain view within the center utility console of that motor vehicle with a padlock, keylock, combination lock, or other similar locking device.

 - (b) "Locked toolbox or utility box" means a fully enclosed container permanently affixed to the bed of a pickup truck or vehicle that does not contain a trunk and is locked by a padlock, keylock, combination lock, or other similar locking device.
 - (c) "Peace officer" means a sworn officer described in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, or a sworn federal law enforcement officer, who is authorized to carry a firearm in the course and scope of that officer's duties, while that officer is on a duty or off duty.
 - (d) "Trunk" means the fully enclosed and locked main storage or luggage compartment of a vehicle that is not accessible from the passenger compartment. A trunk does not include the rear of a hatchback, station wagon, or sport utility vehicle, any compartment which has a window, or a toolbox or utility box attached to the bed of a pickup truck.
1. For purposes of this section, a vehicle is unattended when a person who is lawfully carrying or transporting a handgun is not close enough to the vehicle to prevent unauthorized access to the vehicle or its contents reasonably.
 2. For purposes of this section, plain view includes any area of the vehicle that is visible by peering through the windows of the vehicle, including windows that are tinted, with or without illumination.
 3. This section does not apply to a peace officer during circumstances requiring immediate aid or action that are within the course of his or her official duties.
 4. This section does not supersede any local ordinance regulating handguns' storage in unattended vehicles if the ordinance was in effect before September 26, 2016.

Per Penal Code 25452, a peace officer and an honorably retired peace officer shall secure a handgun in an unattended vehicle pursuant to Section 25140 when leaving the handgun in the vehicle.

Per Penal Code 16850, as used in this part, "locked container" means a secure container that is fully enclosed and locked by a padlock, keylock, combination lock, or similar locking device. The term "locked container" does not include a motor vehicle's utility or glove compartment.

With the exception described below, armed personnel shall secure all firearms in gun lockers located at the entry points prior to entering the secure perimeter of the detention facility. Firearms shall not be stored inside the secure perimeter of the detention facility at any time. If it is necessary to load or unload a firearm, personnel shall use designated clearing barrels located outside of the facility's secure perimeter to facilitate the safe loading and unloading of firearms.

Firearms shall only be allowed in the secure facility of the detention facility with approval of the Facility Manager or authorized designee and when it is necessary to protect the safety and security of staff, inmates, contractors, volunteers or the public.

306.6 FIREARMS TRAINING AND QUALIFICATIONS

All members who carry a firearm while on-duty are required to successfully complete training quarterly with their duty firearms. In addition to quarterly training, all members will qualify annually with their on and off-duty firearms including back-up gun, rifle and shotgun. Training and qualifications must be on an approved lesson plan or course of fire.

At least annually, all members carrying a firearm should receive practical training designed to simulate field situations.

306.6.1 NON-CERTIFICATION OR NON-QUALIFICATION

If any member fails to meet minimum standards for use of force training or qualification for any reason, including injury, illness, duty status or scheduling conflict, that member shall notify his/her immediate supervisor as soon as reasonably practical. The supervisor will notify the Professional Standards Bureau Lieutenant.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

- (a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.
- (b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.
- (c) No range credit will be given for the following:
 - 1. Unauthorized range make-up
 - 2. Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

306.7 FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her Captain or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

306.7.1 DESTRUCTION OF ANIMALS

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, office members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, conducted energy device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed, becomes impractical, or if the animal reasonably appears to pose an imminent threat to human safety.

306.7.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)).

The on-duty supervisor will advise the deputy to write an incident report. The deputy shall write a report detailing the circumstances surrounding the incident and shall forward a copy to the supervisor as soon as practical. The supervisor will review the report, review the body worn camera footage to ensure proper procedures were followed and complete an entry in the Watch Commander's Log for review.

Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

306.7.3 WARNING AND OTHER SHOTS

Generally, shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

306.8 FIREARMS INSTRUCTOR DUTIES

The range will be under the exclusive control of the Firearms Instructor. All members attending will follow the directions of the Firearms Instructor. The Firearms Instructor will maintain a roster of all members attending the range and will submit the roster to the Professional Standards Bureau Lieutenant each quarter. Failure of any member to sign in and out with the Firearms Instructor may result in non-qualification.

The range shall remain operational and accessible to Office members during hours established by the Office.

The Firearms program has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this office to verify proper operation. The Firearms program has the authority to deem any office-issued or personally owned firearm unfit for service.

Sonoma County Sheriff's Office

Policies

Firearms

The member will be responsible for all repairs to his/her personally owned firearm and it will not be returned to service until inspected by the Firearms Instructor.

The Firearms program has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Firearms program shall complete and maintain documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Office, a list of each member who completes the training. The Firearms program should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Professional Standards Bureau Lieutenant.

306.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to deputies who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219).

- (a) Deputies wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Office based on the law and published TSA rules.
- (b) Deputies must carry their Sonoma County Sheriff's Office identification card, bearing the deputy's name, a full-face photograph, identification number, the deputy's signature, and the signature of the Sheriff or the official seal of the Office, and must present this identification to airline officials when requested. The deputy should also carry the standard photo identification needed for passenger screening by airline and TSA officials (eg., driver license, passport).
- (c) The Sonoma County Sheriff's Office must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the deputy's travel. If approved, TSA will send the Sonoma County Sheriff's Office an NLETS message containing a unique alphanumeric identifier. The deputy must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Sheriff authorizing armed travel may also accompany the deputy. The letter should outline the deputy's need to fly armed, detail his/her itinerary, and include that the deputy has completed the mandatory TSA training for a law enforcement officer flying while armed.
- (e) Deputies must have completed the mandated TSA security training covering deputies flying while armed. The training shall be given by the office-appointed instructor.
- (f) It is the deputy's responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier's check-in counter.

Sonoma County Sheriff's Office

Policies

Firearms

- (g) Any deputy flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The deputy must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Deputies should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative, or other management representative of the air carrier.
- (j) Deputies shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding and aircraft.

306.10 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time deputies of this office are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The deputy shall carry his/her Sonoma County Sheriff's Office identification card whenever carrying such firearm.
- (b) The deputy is not the subject of any current disciplinary action.
- (c) The deputy may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The deputy will remain subject to this and all other office policies (including qualifying and training).

Deputies are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield a deputy from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

307.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide deputies with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to reduce the potential for pursuit-related collisions. Vehicular pursuits require deputies to exhibit a high degree of common sense and sound judgment. Deputies must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing deputies.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no deputy or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where office policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Deputies must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Deputy's conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable deputy would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

307.1.1 VEHICLE PURSUIT DEFINED

A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to a deputy's signal to stop.

307.2 DEPUTY RESPONSIBILITIES

It shall be the policy of this office that a vehicle pursuit shall be conducted only with red light and siren as required by Vehicle Code § 21055 for exemption from compliance with the rules of the road. The following policy is established to provide deputies with guidelines for driving with due regard and caution for the safety of all persons using the highway as required by Vehicle Code § 21056.

307.2.1 WHEN TO INITIATE A PURSUIT

Deputies are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle.

Sonoma County Sheriff's Office

Policies

Policies

Vehicle Pursuits

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

- (a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.
- (b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to deputies, innocent motorists and others.
- (c) Apparent nature of the fleeing suspects (e.g., whether the suspects represent a serious threat to public safety).
- (d) The identity of the suspects has been verified and there is comparatively minimal risk in allowing the suspects to be apprehended at a later time.
- (e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.
- (f) Pursuing deputies familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing deputies under the conditions of the pursuit.
- (g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.
- (h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- (i) Vehicle speeds.
- (j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (k) Availability of other resources such as helicopter assistance.
- (l) The sheriff's unit is carrying passengers other than sheriff's deputies. Pursuits should not be undertaken with a prisoner in the police vehicle.

307.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the deputy or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

The factors listed in When to Initiate a Pursuit of this policy are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Deputies and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In

Sonoma County Sheriff's Office

Policies

Policies

Vehicle Pursuits

the context of this policy, the term “terminate” shall be construed to mean discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed in When to Initiate a Pursuit of this policy, the following factors should also be considered in deciding whether to terminate a pursuit:

- (a) Distance between the pursuing deputies and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- (b) Pursued vehicle’s location is no longer definitely known.
- (c) Deputy’s pursuit vehicle sustains any type of damage that renders it unsafe to drive.
- (d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.
- (e) There are hazards to uninvolved bystanders or motorists.
- (f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, deputies should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
- (g) Pursuit is terminated by a supervisor.

307.2.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the deputy and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, deputies and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the deputy.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

307.3 PURSUIT UNITS

The number of units involved in a pursuit will vary with the circumstances. A deputy or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of deputies involved would be insufficient to safely arrest the suspects. All other deputies should stay out of the pursuit, but should remain alert to its progress and location. Any deputy who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

Sonoma County Sheriff's Office

Policies

Policies

Vehicle Pursuits

307.3.1 MOTORCYCLE OFFICERS

A distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a sheriff's motorcycle as primary and/or secondary pursuit unit as soon as practical.

307.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Vehicles not equipped with red light and siren are generally prohibited from initiating or joining in any pursuit. Deputies in such vehicles, however, may become involved in emergency activities involving serious crimes or life threatening situations. Those deputies should terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency police vehicles or any police helicopter. The exemptions provided by Vehicle Code § 21055 do not apply to deputies using vehicles without emergency equipment.

307.3.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the deputy initiating the pursuit is the apprehension of the suspects without unreasonable danger to him/herself or other persons.

Notify Dispatch that a vehicle pursuit has been initiated and as soon as practicable provide information including, but not limited to:

- (a) Reason for the pursuit.
- (b) Location and direction of travel.
- (c) Speed of the fleeing vehicle.
- (d) Description of the fleeing vehicle and license number, if known.
- (e) Number of known occupants.
- (f) The identity or description of the known occupants.
- (g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the deputy in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, and in order to concentrate on pursuit driving, the primary deputy should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit.

307.3.4 SECONDARY UNITS RESPONSIBILITIES

The second deputy in the pursuit is responsible for the following:

- (a) The deputy in the secondary unit should immediately notify the dispatcher of entry into the pursuit.

Sonoma County Sheriff's Office

Policies

Policies

Vehicle Pursuits

- (b) Remain a safe distance behind the primary unit unless directed to assume the role of primary deputy, or if the primary unit is unable to continue the pursuit.
- (c) The secondary deputy should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.

307.3.5 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Deputies, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Because intersections can present increased risks, the following tactics should be considered:
 - 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 - 2. Pursuing units should exercise due caution when proceeding through controlled intersections.
- (c) As a general rule, deputies should not pursue a vehicle driving left of center (wrong way) on a freeway. In the event that the pursued vehicle does so, the following tactics should be considered:
 - 1. Requesting assistance from an air unit.
 - 2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
 - 3. Requesting other units to observe exits available to the suspects.
- (d) Notifying the California Highway Patrol (CHP) and/or other jurisdictional agency if it appears that the pursuit may enter their jurisdiction.
- (e) Deputies involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

307.3.6 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Deputies are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Deputies should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.

Sonoma County Sheriff's Office

Policies

Policies

Vehicle Pursuits

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

307.3.7 PURSUIT TRAILING

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspects.

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

307.3.8 AIRCRAFT ASSISTANCE

When available, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider the participation of aircraft assistance when determining whether to continue the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide deputies and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether or not to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit has the authority to terminate the pursuit.

307.4 SUPERVISORY CONTROL AND RESPONSIBILITY

It is the policy of this office that available supervisory and management control will be exercised over all vehicle pursuits involving deputies from this office.

The field supervisor of the deputy initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

- (a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established office guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.

Sonoma County Sheriff's Office

Policies

Policies

Vehicle Pursuits

- (f) Ensuring that aircraft are requested if available.
- (g) Ensuring that the proper radio channel is being used.
- (h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (i) Controlling and managing SCSO units when a pursuit enters another jurisdiction.
- (j) Preparing post-pursuit critique and analysis of the pursuit for training purposes.

307.4.1 WATCH COMMANDER RESPONSIBILITY

Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Watch Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Lieutenant will review the Supervisors assessment of the pursuit and determine if the pursuit was within policy and law. The Lieutenant will complete their review findings on the Pursuit Review Investigation and describe any learning points that can be used to augment training needs. The Lieutenant will ensure that the completed CHP 187A report is submitted to the CHP no later than 30 days following the pursuit (Vehicle Code Section 14602.1).

If the pursuit is determined to be outside of this policy and/or the law and discipline above a letter of reprimand will be recommended, a Policy & Procedure investigation will be conducted. Upon completion, this investigation will be forwarded to the Section or Division Captain for review. The Captain will forward the recommendation to the appropriate Division Assistant Sheriff or Sheriff to determine what, if any, disciplinary action or training is to be taken.

307.5 COMMUNICATIONS

If the pursuit is confined within the County limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this office or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

307.5.1 COMMUNICATION CENTER RESPONSIBILITIES

Upon notification that a pursuit has been initiated, Dispatch will:

- (a) Coordinate pursuit communications of the involved units and personnel.
- (b) Notify and coordinate with other involved or affected agencies as practicable.
- (c) Ensure that a field supervisor is notified of the pursuit.
- (d) Assign an incident number and log all pursuit activities.
- (e) Broadcast pursuit updates as well as other pertinent information as necessary.
- (f) Notify the Watch Commander as soon as practicable.

Sonoma County Sheriff's Office

307.5.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

307.6 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary deputy or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary deputy or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

307.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and assistance of the Sonoma County Sheriff's Office is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of deputies at the termination of a pursuit initiated by this office shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies and CHP units, a request for CHP assistance will mean that they will assume responsibilities for the pursuit. For the same reasons, when a pursuit leaves the freeway and a request for assistance is made to this office, the CHP should relinquish control.

307.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit is responsible for conducting the pursuit. Units from this office should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a supervisor may authorize units from this office to join the pursuit until sufficient units from the initiating agency join the pursuit or until additional information is provided allowing withdrawal of the pursuit.

When a request is made for this office to assist or take over a pursuit that has entered the jurisdiction of Sonoma County Sheriff's Office, the supervisor should consider:

- (a) The public's safety within this jurisdiction.
- (b) The safety of the pursuing deputies.
- (c) Whether the circumstances are serious enough to continue the pursuit.
- (d) Whether there is adequate staffing to continue the pursuit.

Sonoma County Sheriff's Office

Policies

Policies

Vehicle Pursuits

- (e) The ability to maintain the pursuit.

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after considering the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by deputies of this office will terminate at the County limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this office may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, deputies should provide appropriate assistance to officers from the allied agency including but not limited to scene control, coordination and completion of supplemental reports, and any other reasonable assistance requested or needed.

307.7 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures. In this context, ramming shall be construed to mean maneuvering the sheriff's unit into contact with the pursued vehicle to mechanically disable or forcibly position it such that further flight is not possible or practicable.

307.7.1 WHEN USE IS AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, deputies/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the deputies and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the deputy at the time of the decision.

It is imperative that deputies act within the bounds of legality, good judgment and accepted practices.

307.7.2 DEFINITIONS

Blocking or vehicle intercept - A slow-speed coordinated maneuver where two or more patrol vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

Boxing-in - A tactic designed to stop a violator's vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention Technique (PIT) - A low-speed maneuver designed to cause the suspect vehicle to spin out and terminate the pursuit.

Ramming - The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage or otherwise force the violator's vehicle to stop.

Sonoma County Sheriff's Office

Policies

Policies

Vehicle Pursuits

Roadblocks - A tactic designed to stop a violator's vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator's vehicle.

Spikes or tack strips - A device that extends across the roadway designed to puncture the tires of the pursued vehicle.

307.7.3 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Deputies should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any deputy from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

307.7.4 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the deputies, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and subject to the policies guiding such use. Deputies should consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

- (a) Blocking should only be used after giving consideration to the following:
 - 1. The technique should only be used by deputies who have received training in the technique.
 - 2. The need to immediately stop the suspect vehicle or prevent it from leaving reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, deputies, or other members of the public.
 - 3. It reasonably appears the technique will contain or prevent the pursuit.
- (b) The PIT should only be used after giving consideration to the following:
 - 1. The technique should only be used by deputies who have received training in the technique, including speed restrictions.
 - 2. Supervisory approval should be obtained before using the technique.
 - 3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, deputies, or other members of the public.
 - 4. It reasonably appears the technique will terminate or prevent the pursuit.
- (c) Ramming a fleeing vehicle should only be done after giving consideration to the following:
 - 1. Supervisory approval should be obtained before using the technique.
 - 2. The need to immediately stop the suspect vehicle reasonably appears to substantially outweigh the risks of injury or death to occupants of the suspect vehicle, deputies, or other members of the public.

3. It reasonably appears the technique will terminate or prevent the pursuit.
 4. Ramming may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.
- (d) Before attempting to box a suspect vehicle during a pursuit the following should be considered:
1. The technique should only be used by deputies who have received training in the technique.
 2. Supervisory approval should be obtained before using the technique.
 3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, deputies, or other members of the public.

- (e) Tire deflation devices should only be used after considering the following:
1. Tire deflation devices should only be used by deputies who have received training in their use.
 2. Supervisory approval should be obtained before using tire deflation devices.
 3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, deputies, or other members of the public.
 4. It reasonably appears the use will terminate or prevent the pursuit.
 5. Tire deflation devices should not be used when the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, except in extraordinary circumstances.
 6. Due to the increased risk to deputies deploying tire deflation devices, such deployment should be communicated to all involved personnel.
- (f) Roadblocks should only be used after considering the following:
1. Roadblocks should only be used by deputies who have received training in their use.
 2. Supervisory approval should be obtained before using the technique.
 3. The need to immediately stop the suspect vehicle reasonably appears to substantially outweigh the risks of injury or death to occupants of the suspect vehicle, deputies, or other members of the public.

 5. Roadblocks may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.

307.7.5 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Deputies shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor, the primary deputy should coordinate efforts to apprehend the suspects following the pursuit. Deputies should consider safety of the public and the involved deputies when formulating plans to contain and capture the suspects.

307.8 REPORTING REQUIREMENTS

The following reports should be completed upon conclusion of all pursuits:

- (a) The primary deputy should complete appropriate crime/arrest reports.
- (b) After obtaining available information, the Field Supervisor shall complete the following:
 1. The CHP 187A Allied Agency Vehicle Pursuit Form pursuant to Vehicle Code Section 14602.1(b).
 2. The Sonoma County Sheriff's Office Pursuit Review.
 3. Obtain the dispatch audio recording of the pursuit to be used for post-pursuit critique and training needs.

All the above shall be forwarded to the on-duty Watch Commander or, if the Watch Commander was off-duty at the time of the pursuit, to the Supervisor's assigned Lieutenant.

307.8.1 REGULAR AND PERIODIC PURSUIT TRAINING

The Professional Standards Bureau Lieutenant shall make available to all deputies initial and supplementary Police Officer Standard Training (POST) training on pursuits required by Penal Code § 13519.8, Vehicle Code § 17004.7(d), and 11 CCR 1081, and no less than annual training addressing:

- (a) This policy.
- (b) The importance of vehicle safety and protecting the public.
- (c) The need to balance the known offense and the need for immediate capture against the risks to deputies and others.

307.8.2 POLICY REVIEW

Each sworn member of this office shall certify in writing that they have received, read and understand this policy initially and upon any amendments. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member's training file.

307.9 APPLICATION OF VEHICLE PURSUIT POLICY

This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.

Deputy Response to Calls

308.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

308.2 RESPONSE TO CALLS

Deputies responding "Code-3" shall consider the call an emergency response and proceed immediately. Deputies responding Code-3 shall operate a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the deputy of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Deputies should only respond Code-3 when circumstances reasonably indicate an emergency response is required. Deputies not responding Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

308.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of deputies, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting deputy shall immediately notify Dispatch.

If circumstances permit, the requesting deputy should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

308.4 INITIATING CODE 3 RESPONSE

The decision of whether or not to respond Code 3 rests with the deputy. The deputy must critically weigh the need for such action against the resulting safety hazards. This is based upon the conditions present at that time, the need for urgency in responding, and the safety of other persons on the roadways. Final responsibility rests with the deputy for the consequences of this decision. Upon determining a Code 3 response is appropriate, a deputy shall immediately give the location from which he/she is responding.

Policies

Deputy Response to Calls

308.5 RESPONSIBILITIES OF RESPONDING DEPUTIES

Deputies shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Deputies shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code 3 response shall be continuously evaluated by the deputy; Code 3 response shall be discontinued when the need for such level of response no longer exists. If, in the deputy's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the deputy may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the deputy should immediately notify Dispatch. A deputy shall also discontinue the Code 3 response when directed by a supervisor.

308.6 COMMUNICATIONS RESPONSIBILITIES

The dispatcher shall:

- (a) Attempt to assign the closest available unit to the location requiring assistance.
- (b) Notify the field supervisor.
- (c) Confirm the location from which the unit is responding.
- (d) Notify and coordinate allied emergency services (e.g., fire and ambulance).
- (e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated.
- (f) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or Field Supervisor.

308.7 SUPERVISORY RESPONSIBILITIES

When practical, the supervisor will monitor the response to ensure a proper response and the proper utilization of resources.

It is the supervisor's responsibility to terminate a Code 3 response that, in his/her judgment is inappropriate due to the circumstances.

308.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment or the equipment necessary to operate the vehicle safely should fail to operate, the deputy must terminate the Code-3 response and respond accordingly. In all cases, the deputy shall notify the Watch Commander, field supervisor, or Dispatch of the equipment failure so that another unit may be assigned to the emergency response.

308.9 USE OF EMERGENCY EQUIPMENT IN FUNERAL PROCESSION

Sheriff's emergency vehicles in the procession and assigned to traffic control may activate their emergency lights during processions for "Line of Duty" deaths.

Canines

309.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment police services to the community including, but not limited to locating individuals and contraband and apprehending criminal offenders.

309.2 POLICY

It is the policy of the Sonoma County Sheriff's Office that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives pursuant to Use of Force Policy 300.

309.3 ASSIGNMENT

Canine teams should be assigned to assist and supplement the Patrol Bureau to function primarily in assist or cover assignments. However, they may be assigned by the Watch Commander to other functions, such as routine calls for service, based on the current operational needs.

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time and then only with the approval of the Watch Commander.

309.4 CANINE SUPERVISOR

The canine supervisor shall be appointed by and directly responsible to the Patrol Bureau or the authorized designee.

The responsibilities of the canine supervisor include, but are not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining a liaison with the vendor kennel.
- (c) Maintaining a liaison with command staff and functional supervisors.
- (d) Maintaining a liaison with other agency canine supervisors.
- (e) Maintaining accurate records to document canine activities.
- (f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- (g) Scheduling all canine-related activities.
- (h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

309.5 REQUESTS FOR CANINE TEAMS

Patrol Bureau members are encouraged to request the use of a canine. Requests for a canine team from office units outside of the Patrol Bureau shall be reviewed by the shift supervisor or canine sergeant.

309.5.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the shift supervisor or canine sergeant and are subject to the following:

- (a) Canine teams shall not be used for any assignment that is not consistent with this policy.
- (b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.
- (c) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- (d) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

309.5.2 PUBLIC DEMONSTRATIONS

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine supervisor prior to making any resource commitment. The canine supervisor is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine supervisor.

309.6 APPREHENSION GUIDELINES

1. Canines can be deployed for suspects in the following circumstances:
 - (a) The suspect has committed, or is about to commit, any crime (to include misdemeanors), and there is a reasonable belief to include any of the following:
 - (a) The suspect poses an imminent threat of violence or serious harm to the public, or any officer.
 - (b) The suspect is violently resisting arrest, and the use of the canine appears necessary to overcome such resistance.
 - (c) The suspect is in possession of a weapon likely to cause serious bodily injury.
 - (b) There is reasonable suspicion or probable cause that the suspect has committed a serious or violent felony, and the suspect is actively resisting or believed to be concealed in an area where entry, other than the canine, is believed to pose an imminent threat to the safety of officers or the public.
 - (c) Warrant service where any of the following are met:
 - (a) The suspect is wanted for a violent felony.
 - (b) The suspect has a violent criminal history.
 - (c) The suspect has a criminal history involving firearms.
 - (d) The suspect has a criminal history of being physically assaultive towards law enforcement or felony evasion.

- (a) And at least one of the following conditions are met
 - (a) The suspect poses an imminent threat of violence or serious harm to the public, or any officer.
 - (b) The suspect is violently resisting arrest, and the use of the canine appears necessary to overcome such resistance.
 - (c) The suspect is in possession of a weapon likely to cause serious bodily injury.
 - (d) The suspect is actively resisting or believed to be concealed in an area where entry, other than the canine, is believed to pose an imminent threat to the safety of officers or the public
2. Canines shall not be deployed for subjects in the following circumstances:
 1. Infractions
 2. Misdemeanor crimes (such as simple assault, petty theft, vandalism, city code violations) when factors in 309.6 (1) are not present.
 3. Passive resistance by a suspect should not be considered as grounds for a canine apprehension, unless the suspect is wanted for, and/or suspected of committing a serious or violent crime, and use of canine is reasonably necessary given the totality of circumstances.
 4. Mere flight from an officer
 5. Protest or crowd control situations
3. When a canine has apprehended a suspect and the handler believes the suspect no longer poses a threat, or the totality of circumstances indicates there are adequate resources available to take the suspect into custody, the handler shall promptly direct the canine to release its hold. Factors in assessing when a suspect is surrendering include, but are not limited to:
 1. Suspect verbally surrenders and/ or physically complies by following commands provided by officer(s)
 2. Suspect's hands can be seen and are not in possession of a weapon, and/ or there are adequate resources available to control the suspect.

NOTE: It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

The deployment of a canine shall be continuously evaluated during an incident to determine appropriateness of its use. During deployments, when practical and safe to do so, the handler shall maintain verbal control and/or have physical control of the canine; the handler should maintain visual sight of the canine if the environment and/or incident allows.

Sonoma County Sheriff's Office

Policies

Policies

Canines

No handler or canine will be deployed unless the handler and canine meet current POST and/or CNCA guidelines in which the handler has demonstrated their ability to maintain control of the canine.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the on-duty / on-call Lieutenant. Absent a change in circumstances that present an imminent threat to deputies, the canine or the public, such canine use should be conducted on leash or under control of an electronic collar, under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

309.6.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include, but is not limited to:

- (a) The nature and seriousness of the suspected offense.
- (b) Whether violence or weapons were used or are anticipated.
- (c) The degree of resistance or threatened resistance, if any, the suspect has shown.
- (d) The suspect's known or perceived age.
- (e) The potential for injury to deputies or the public caused by the suspect if the canine is not utilized.
- (f) Any potential danger to the public and/or other deputies at the scene if the canine is released.
- (g) The potential for the suspect to escape or flee if the canine is not utilized.
- (h) The ability of the suspect to understand and comprehend canine warnings to include mental health, language, and other disabilities.
- (i) The availability and practical use of other less-lethal force intervention options.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

309.6.2 WARNINGS AND ANNOUNCEMENTS

A clear audible announcement that a canine will be used if the suspect does not surrender should be made prior to releasing a canine, and the handler should allow a reasonable time for a suspect

Sonoma County Sheriff's Office

Policies

Policies

Canines

to surrender. The handler should, if feasible, quiet the canine momentarily to listen for any verbal response to the warning.

If officers are in a location opposite the warning, and the situation allows, the handler should attempt to verify that the announcement could be heard. If there is any indication or knowledge of a language barrier, verbal warnings should be given in other languages if the situation allows.

The exception to the canine warning announcement may include when the canine handler has knowledge, or reasonably believes the suspect is armed with a dangerous weapon, and providing an announcement would increase the risk of injury, or serious bodily injury, to officer(s) or others⁸

⁸ See *Estate of Rodgers v. Smith*, 188 F. App'x 175 (4th Cir. 2006), *Escobar v. Montee*, 895 F.3d 387, 395-96 (5th Cir. 2018), *Jarvela v. Lister*, 556 F. 3d 1283 (11th Cir. 2009)

Any apprehension by a canine from this Sheriff's Office shall be documented. It is the responsibility of the handler using force to ensure that the use of force is documented completely, promptly, and accurately in an appropriate report. The handler shall document whether a verbal canine warning was provided, and how the verbal canine warning was given. If no verbal canine warning was provided, the handler shall document the reasons for not giving a verbal canine warning.

309.6.3 REPORTING DEPLOYMENTS, BITES AND INJURIES

Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in a canine use report. The injured person shall be promptly treated by emergency medical services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine supervisor. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current office evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements. However, the canine shall be made available for examination at any reasonable time if requested by the local health department. The canine handler shall also notify the local health department if the canine exhibits any abnormal behavior after a bite (Health and Safety Code § 121685).

309.7 NON-APPREHENSION GUIDELINES

Canines should not be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention).

309.7.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

309.7.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- (a) The search of vehicles, buildings, bags and other articles.
- (b) Assisting in the search for narcotics during a search warrant service.
- (c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

309.7.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and deputies when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- (a) Assisting in the search of a building, structure, area, vehicle or article where an actual or suspected explosive device has been reported or located.
- (b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- (c) Preventive searches at special events, VIP visits, official buildings and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- (d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

309.8 CANINE HANDLER MINIMUM QUALIFICATIONS AND SELECTION PROCESS

The minimum qualifications for the assignment of canine handler include:

- (a) A deputy who is currently off probation.
- (b) The testing process will consist of an oral board and physical agility test.

309.9 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection and living conditions.

The canine handler will be responsible for the following:

- (a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- (b) The handler shall maintain all office equipment under his/her control in a clean and serviceable condition.
- (c) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Sonoma County Sheriff's Office facility.

- (e) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine supervisor as soon as possible.
- (f) When off-duty, the canine shall be in a kennel provided by the County at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- (g) The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- (h) Under no circumstances will the canine be lodged at another location unless approved by the canine supervisor.
- (i) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine supervisor.
- (j) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine supervisor so that appropriate arrangements can be made.
- (k) Canine handlers are responsible for maintaining all county equipment to include their assigned patrol vehicle. Any equipment that is not properly functioning shall be brought

to the attention of the canine supervisor. The canine supervisor shall be notified as soon as practical.

309.9.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- (a) A canine shall not be left unattended in any area to which the public may have access.
- (b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the dog. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.
- (c) Canines shall be under the direct control of the handler at all times when off leash.

309.10 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine supervisor.

The canine handler shall be compensated for time spent in the care, feeding, grooming and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement (29 USC § 207).

309.11 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Watch Commander as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

309.12 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified by the California Narcotic Canine Association (CNCA) or other recognized and approved certification standards established for their particular skills.

The canine supervisor shall be responsible for scheduling periodic training for all sworn office members in order to familiarize them with how to conduct themselves in the presence of office canines.

All canine training should be conducted while on-duty unless otherwise approved by the canine supervisor.

309.12.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current POST, CNCA or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams should receive training as defined in the current contract with the Sonoma County Sheriff's Office canine training provider.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine supervisor.
- (c) To ensure that all training is consistent, no handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by this office.
- (d) Following a deployment of a canine (post bite) the handler shall have the canine evaluated by the master trainer as soon as practical.
- (e) At any time, based on the needs of the office, the canine Lieutenant can direct the canine and handler be evaluated by the master trainer to identify any training concerns, deployment concerns, or order remedial training.
- (f) In the event a Sheriff's Office canine team misses three (3) or more maintenance training days with the master trainer (8 hour monthly trainings), that team is not to return to duty at any capacity until the following occurs:
 1. The canine team participates in a "Return to Duty" evaluation for both patrol and narcotics detection conducted by the master trainer.
 2. The canine team is cleared for duty by the canine sergeant and/or lieutenant.
- (g) Once the canine team is re-evaluated and cleared for duty, documentation will be placed in the canine training file, clearing the team for full duty. In the event a team does not successfully complete the re-evaluation, a training plan will be developed by the master trainer and canine supervisor(s) to bring the team up to an acceptable level.

309.12.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

309.12.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

309.12.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Deputies possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements regarding the same. Alternatively, the Sonoma County Sheriff's Office may work with outside trainers with the applicable licenses or permits.

309.12.5 CONTROLLED SUBSTANCE TRAINING AIDS

Deputies acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (Health & Safety Code § 11367.5; 21 USC § 823(g)).

The Sheriff or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Sonoma County Sheriff's Office to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this office for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Sheriff or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

309.12.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- (a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- (b) The weight and test results shall be recorded and maintained by this office.
- (c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- (d) All controlled substance training samples will be inspected, weighed and tested annually. The results of the annual testing shall be recorded and maintained by the canine supervisor with a copy forwarded to the dispensing agency.
- (e) All controlled substance training samples will be stored in locked, airtight and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- (f) The canine supervisor shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- (g) Any unusable controlled substance training samples shall be returned to the Property and Evidence Unit or to the dispensing agency.
- (h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

309.12.7 EXPLOSIVE TRAINING AIDS

Deputies may possess, transport, store or use explosives or destructive devices in compliance with state and federal laws (Penal Code § 18800; 18 USC § 842; 27 CFR 555.41).

Canines

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- (a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- (b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- (c) The canine EOD supervisor shall be responsible to verify the explosive training aids on hand against the inventory ledger once each quarter.
- (d) Only members of the EOD team shall have access to the explosive training aids storage facility.
- (e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- (f) Any lost or damaged explosive training aids shall be promptly reported to the canine supervisor, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

309.12.8 NARCAN FOR CANINES

Narcan use by handlers is approved for use on canines, under the following conditions:

- (a) Handlers will not deploy their canine in any situation that Fentanyl is believed or is suspected of being present.
- (b) Since the canines are frequently deployed in situations with no prior intelligence about the substance they may be encountering, after every deployment, each handler will monitor their canine for signs and symptoms of an overdose/exposure.
- (c) Handlers will be noting any unusual behavior in the canine to indicate an exposure. If an exposure is suspected, the handler will immediately respond to the nearest animal hospital.
- (d) All handlers will carry updated medical kits to include the opiate antidote Naloxone.
- (e) Recurring yearly training from the local animal hospital will provide each handler with the proper protocol to administer the antidote in the field.
- (f) A yearly review of the medical kits will be conducted by the canine supervisor and the animal hospital.
- (g) Naloxone (as well as the other drugs) will be replaced at its expiration date.
- (h) If a handler deploys any of the treatment drugs on a canine, the canine supervisor and shift supervisor will be notified immediately and the drug will be replaced by the animal hospital.

- (i) After any treatment drug is administered on a canine, the handler and the canine will immediately respond to a 24 hour emergency veterinarian.

Domestic Violence

310.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this office to take enforcement action when appropriate, to provide assistance to victims and to guide deputies in the investigation of domestic violence.

310.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

310.2 POLICY

The Sonoma County Sheriff's Office's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this office to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

310.3 OFFICER SAFETY

The investigation of domestic violence cases often places deputies in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all deputies to exercise due caution and reasonable care in providing for the safety of any deputies and parties involved.

310.4 INVESTIGATIONS

The following guidelines should be followed by deputies when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, deputies should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.
- (c) Deputies should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up. In the event children are present during a domestic violence incident, deputies shall fill out a 11166 suspected child abuse form.

Domestic Violence

- (d) When practicable and legally permitted, video or audio record all significant statements and observations.
- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigative Bureau in the event that the injuries later become visible.
- (f) Deputies should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, deputies should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate. If the suspect is not arrested, the deputy should advise dispatch to broadcast a "Be on the Lookout" BOLO.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to a consent or other lawful search must be taken into temporary custody (Penal Code § 18250).
- (i) When completing an incident or arrest report for violation of a court order, deputies should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting deputy should attach a copy of the order to the incident or arrest report.
- (j) Deputies should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Marital status of suspect and victim.
 - 2. Whether the suspect lives on the premises with the victim.
 - 3. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 4. The potential financial or child custody consequences of arrest.
 - 5. The physical or emotional state of either party.
 - 6. Use of drugs or alcohol by either party.
 - 7. Denial that the abuse occurred where evidence indicates otherwise.
 - 8. A request by the victim not to arrest the suspect.
 - 9. Location of the incident (public/private).
 - 10. Speculation that the complainant may not follow through with the prosecution.
 - 11. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the victim or suspect.

12. The social status, community status, or professional position of the victim or suspect.

310.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, deputies shall:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.
- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

310.4.2 IF NO ARREST IS MADE

If no arrest is made, the deputy should:

- (a) Advise the parties of any options, including but not limited to:
 1. Voluntary separation of the parties.
 2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
- (b) Document the resolution in a report.

310.5 VICTIM ASSISTANCE

Because victims may be traumatized or confused, deputies should be aware that a victim's behavior and actions may be affected:

- (a) Victims should be provided with the office's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (b) Victims should also be alerted to any available victim advocates, shelters, and community resources.
- (c) When an involved person requests law enforcement assistance while removing essential items of personal property, deputies should stand by for a reasonable amount of time.
- (d) If the victim has sustained injury or complaints of pain, deputies should seek medical assistance as soon as practicable.
- (e) Deputies should ask the victim whether the victim has a safe place to stay and assist in arranging transportation to an alternate shelter if the victim expresses a concern for the victim's safety or if the deputy determines that a need exists.
- (f) Deputies should make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
- (g) If appropriate, deputies should seek or assist the victim in obtaining an emergency order if appropriate.

Sonoma County Sheriff's Office

Policies

Domestic Violence

A deputy shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

310.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Deputies should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

310.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by deputies as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

310.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, deputies should carefully review the actual order when available, and where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
 1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the deputy shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).
- (b) Check available records or databases that may show the status or conditions of the order.
 1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Sonoma County Sheriff's Office

Policies

Domestic Violence

Deputies should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Deputies should contact a supervisor for clarification when needed.

310.9 STANDARDS FOR ARRESTS

Deputies investigating a domestic violence report should consider the following:

- (a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.
 - 1. Deputies are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the deputy makes the arrest as soon as probable cause arises (Penal Code § 836).
- (b) A deputy responding to a domestic violence call who cannot make an arrest will advise the victim of the victim's right to make a private person's arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Deputies shall not dissuade victims from making a lawful private person's arrest. Deputies should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person's arrests (Penal Code § 836(b)).
- (c) Deputies shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):
 - 1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
 - 2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender's child)
 - 3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
 - 4. Penal Code § 646.9 (stalking)
 - 5. Other serious or violent felonies specified in Penal Code § 1270.1
- (d) In responding to domestic violence incidents, including mutual protective order violations, deputies should generally be reluctant to make dual arrests. Deputies shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, a deputy shall consider:
 - 1. The intent of the law to protect victims of domestic violence from continuing abuse.
 - 2. The threats creating fear of physical injury.
 - 3. The history of domestic violence between the persons involved.

4. Whether either person acted in self-defense.
- (e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the deputy's presence. After arrest, the deputy shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

310.10 REPORTS AND RECORDS

- (a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.
- (b) Reporting deputies should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.
- (c) Deputies who seize any firearm, ammunition, or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)).

310.11 RECORD-KEEPING AND DATA COLLECTION

This office shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Office, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the CIB Manager to maintain and report this information as required.

310.12 SERVICE OF COURT ORDERS

- (a) A deputy who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located and shall provide the person protected or the person's parent/guardian with a copy of the order. The deputy shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).
- (b) A temporary restraining order, emergency protective order, or an order issued after a hearing shall, at the request of the petitioner, be served on the restrained person by a deputy who is present at the scene of a reported domestic violence incident or when the deputy receives a request from the petitioner to provide service of the order (Family Code § 6383; Penal Code § 13710).

Domestic Violence

- (c) Any deputy serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)).
- (d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).
 - 1. A deputy should ensure that the CIB is notified of any firearm obtained for entry into the Automated Firearms System (Family Code § 6383) (see the CIB Policy for additional guidance).
- (e) If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the deputy shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The deputy shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide the person with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

310.13 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

310.14 DECLARATION IN SUPPORT OF BAIL INCREASE

Any deputy who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee's appearance or to protect the victim or family member of a victim, the deputy shall prepare a declaration in support of increased bail (Penal Code § 1269c).

310.15 DOMESTIC VIOLENCE DEATH REVIEW TEAM

This office should cooperate with any interagency domestic violence death review team investigation. Written and oral information relating to a domestic violence death that would otherwise be subject to release restrictions may be disclosed to the domestic violence death review team upon written request and approval of a supervisor (Penal Code § 11163.3).

Search & Seizure

311.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Sonoma County Sheriff's Office personnel to consider when dealing with search and seizure issues.

311.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to respect the fundamental privacy rights of individuals. Members of this office will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this office will comply with relevant federal and state law governing the seizure of persons and property.

This Office will provide relevant and current training to deputies as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

311.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this office is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, deputies are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Search & Seizure

311.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this office will strive to conduct searches with dignity and courtesy.
- (b) Deputies should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite sex as the searching deputy, a reasonable effort should be made to summon a deputy of the same sex as the subject to conduct the search. When it is not practicable to summon a deputy of the same sex as the subject, the following guidelines should be followed:
 - 1. Another deputy or a supervisor should witness the search.
 - 2. The deputy should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

Temporary Custody of Juveniles

312.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Sonoma County Sheriff's Office (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

312.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for the juvenile's own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for the juvenile's protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

Juvenile offender - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of a deputy or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1; 15 CCR 1150).

Safety checks - Direct, visual observation personally by a member of this office performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.

Sonoma County Sheriff's Office

Policies

Policies

Temporary Custody of Juveniles

- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when a non-secure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact that is more than brief or inadvertent.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

312.2 POLICY

The Sonoma County Sheriff's Office is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Sonoma County Sheriff's Office. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

312.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Sonoma County Sheriff's Office:

- (a) Unconscious
- (b) Seriously injured
- (c) A known suicide risk or obviously severely emotionally disturbed
- (d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151)
- (e) Extremely violent or continuously violent

Deputies taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

Sonoma County Sheriff's Office

Policies

Policies

Temporary Custody of Juveniles

These juveniles should not be held at the Sonoma County Sheriff's Office unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).

If the deputy taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed (15 CCR 1142).

312.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY

When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. Office members should administer first aid as applicable (15 CCR 1142).

312.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

Office members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill themselves, or any unusual behavior which may indicate the juvenile may harm themselves while in either secure or non-secure custody (15 CCR 1142).

312.4 CUSTODY OF JUVENILES

Deputies should take custody of a juvenile and temporarily hold the juvenile at the Sonoma County Sheriff's Office when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Sonoma County Sheriff's Office without authorization of the arresting deputy's supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of the juvenile's entry into the Sonoma County Sheriff's Office (34 USC § 11133; Welfare and Institutions Code § 207.1).

312.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Sonoma County Sheriff's Office. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination (Welfare and Institutions Code § 602.1).

Temporary Custody of Juveniles

312.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, deputies may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

312.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Sonoma County Sheriff's Office unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and taken into custody for committing or attempting to commit a felony with a firearm shall not be released and be transported to a juvenile facility (Welfare and Institutions Code § 625.3).

A juvenile offender suspected of committing murder, a sex offense described in Welfare and Institutions Code § 602(b) that may subject the juvenile to criminal jurisdiction under Welfare and Institutions Code § 707, or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

- (a) Released upon warning or citation.
- (b) Released to a parent or other responsible adult after processing at the Office.
- (c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.
- (d) Transported to the juvenile offender's home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating deputy or supervisor shall prefer the alternative that least restricts the juvenile's freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the deputy should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

312.5 ADVISEMENTS

Deputies shall take immediate steps to notify the juvenile's parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, the juvenile shall be given the *Miranda* rights advisement regardless of whether questioning is intended. This does not apply to juvenile non-offenders taken into temporary custody for their safety or welfare (Welfare and Institutions Code § 625).

Anytime a juvenile offender is placed in secure custody, the juvenile offender shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to their parent or guardian; one to a responsible relative or their employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

312.6 JUVENILE CUSTODY LOGS

312.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Office (34 USC § 11133; Welfare and Institutions Code § 207.1; Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Sonoma County Sheriff's Office (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

312.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Sonoma County Sheriff's Office when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

312.10 PERSONAL PROPERTY

The deputy taking custody of a juvenile offender or status offender at the Sonoma County Sheriff's Office shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

312.11 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to themselves or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to themselves or others include the following (15 CCR 1145):

- (a) Age, maturity, and delinquent history
- (b) Severity of offense for which the juvenile was taken into custody
- (c) The juvenile offender's behavior
- (d) Availability of staff to provide adequate supervision or protection of the juvenile offender
- (e) Age, type, and number of other individuals in custody at the facility

Members of this office shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

312.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- (a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.
- (b) Juveniles shall have constant auditory access to office members (15 CCR 1147).
- (c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1).

- (d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).
 - 1. All safety checks shall be logged.
 - 2. The safety check should involve questioning the juvenile as to the juvenile's well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 - 3. Requests or concerns of the juvenile should be logged.
- (e) Juveniles of different genders shall not be placed in the same locked room (15 CCR 1147).
- (f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- (g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

312.12 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE

The Watch Commander will ensure procedures are in place to address the suicide attempt, death or serious injury of any juvenile held at the Sonoma County Sheriff's Office (15 CCR 1142; 15 CCR 1047). The procedures will address:

- (a) Immediate notification of the on-duty supervisor, Sheriff and Investigation Bureau Supervisor.
- (b) Notification of the parent, guardian or person standing in loco parentis, of the juvenile.
- (c) Notification of the appropriate prosecutor.
- (d) Notification of the County attorney.
- (e) Notification to the coroner.
- (f) Notification of the juvenile court.
- (g) In the case of a death, providing a report to the Attorney General under Government Code § 12525 within 10 calendar days of the death, and forwarding the same report to the Board of State and Community Corrections within the same time frame (15 CCR 1046).
- (h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.
- (i) Evidence preservation.

312.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, a deputy shall permit a juvenile 17 years of age or younger to consult with legal counsel in person, by telephone,

Policies

Policies

or by video conference. The consultation may not be waived by the juvenile. The requirement to consult with legal counsel does not apply when (Welfare and Institutions Code § 625.6):

- (a) Information is necessary to protect life or property from an imminent threat.
- (b) The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

312.13.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at an office facility, jail, detention facility or other fixed place of detention. The recording shall include the entire interview and a Miranda advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- (a) Recording is not feasible because of exigent circumstances that are later documented in a report.
- (b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- (c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of a deputy, the individual being interrogated or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.
- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

312.14 FORMAL BOOKING

No juvenile offender shall be formally booked without the authorization of the arresting deputy's supervisor, or in the supervisor's absence, the Watch Commander.

Sonoma County Sheriff's Office

Temporary Custody of Juveniles

Any juvenile 14 years of age or older who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted, or photographed upon the approval from the Watch Commander or the Investigative Bureau supervisor, giving due consideration to the following:

- (a) The gravity of the offense
- (b) The past record of the offender
- (c) The age of the offender

312.15 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this office shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Sonoma County Sheriff's Office Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the CIB Manager and the appropriate Investigative Bureau supervisors to ensure that personnel of those bureaus act within legal guidelines.

312.16 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION

The Patrol Captain shall coordinate the procedures related to the custody of juveniles held at the Sonoma County Sheriff's Office and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

312.17 RELIGIOUS ACCOMMODATION

Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).

312.18 TRAINING

Office members should be trained on and familiar with this policy and any supplemental procedures.

Senior and Disability Victimization

313.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Sonoma County Sheriff's Office members as required by law (Penal Code § 368.6).

The Sonoma County Sheriff's Office is committed to providing equal protection and demonstrating respect for all persons regardless of age or disabilities, and to conscientiously enforcing all criminal laws protecting elders, and adults and children with disabilities, regardless of whether these crimes also carry civil penalties (Penal Code § 368.6) (see Child Abuse Policy for child abuse investigations and reporting).

313.1.1 DEFINITIONS

Definitions related to this policy include:

Abuse of an elder (age 65 or older) or dependent adult - Physical abuse, neglect, financial abuse, abandonment, isolation, abduction, or other treatment with resulting physical harm or pain or mental suffering; or the deprivation by a care custodian of goods or services that are necessary to avoid physical harm or mental suffering. This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Penal Code § 368; Welfare and Institutions Code § 15610.23).

Elder and dependent adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement (Penal Code § 368).

- (a) Elder and dependent adult abuse
- (b) Unlawful interference with a mandated report

All deputies are required to be familiar with the policy and carry out the policy at all times, except in the case of an unusual compelling circumstance as determined and approved by a supervisor (Penal Code § 368.6).

Any supervisor who determines and approves a deputy's deviation from this policy shall provide a written report to the Sheriff that states the unusual compelling circumstances regarding the deviation. A copy of this report will be made available to the alleged victim and reporting party pursuant to office protocols (Penal Code § 368.6(c)(27)).

The Sheriff shall retain the report for a minimum of five years and shall make it available to the state protection and advocacy agency upon request (Penal Code § 368.6(c)(27)).

313.3 MANDATORY NOTIFICATION

Members of the Sonoma County Sheriff's Office shall notify the local office of the California Department of Social Services (CDSS) APS agency of known, suspected, or alleged instances of abuse when they reasonably suspect, have observed, or have knowledge of an incident that reasonably appears to be abuse of an elder or dependent adult, or are told by an elder or dependent adult that the person has experienced abuse (Welfare and Institutions Code § 15630(b)).

The Investigative Bureau supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney's Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

Failure to report or impeding or inhibiting a report of abuse of an elder or dependent adult is a misdemeanor (Welfare and Institutions Code §15630(h)).

313.3.1 NOTIFICATION PROCEDURE

Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

- (a) The name of the person making the report.
- (b) The name and age of the elder or dependent adult.
- (c) The present location of the elder or dependent adult.

313.4 INVESTIGATIONS AND REPORTING

All reported or suspected cases of elder and dependent adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated (Penal Code § 368.6).

Investigations and reports related to suspected cases of elder and dependent adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected elder and dependent adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.
- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.

- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

- (k) Review of all portable audio/video recorders, devices, and other available video.
- (l) Call history related to the elder or dependent adult including calls from mandated reporters or other individuals.

 - (a) Whether or not assistance was provided to the person beyond that allowed by law (Health and Safety Code § 443.14).
 - (b) Whether an individual knowingly altered or forged a request for an aid-in-dying drug to end a person's life without his/her authorization, or concealed or destroyed a withdrawal or rescission of a request for an aid-in-dying drug (Health and Safety Code § 443.17).
 - (c) Whether coercion or undue influence was exerted on the person to request or ingest an aid-in-dying drug or to destroy a withdrawal or rescission of a request for such medication (Health and Safety Code § 443.17).
 - (d) Whether an aid-in-dying drug was administered to a person without his/her knowledge or consent (Health and Safety Code § 443.17).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential elder or dependent adult abuse and investigated similarly.

An unexplained or suspicious death of an elder, dependent adult, or other adult or child with a disability should be treated as a potential homicide until a complete investigation including an autopsy is completed, and it should not be assumed that the death of an elder or person with a disability is natural simply because of the age or disability of the deceased (Penal Code § 368.6(c) (18)).

313.4.1 ADDITIONAL INVESTIGATIVE CONSIDERATIONS

The following factors as provided in Penal Code § 368.6 should be considered when investigating incidents of elder and dependent adult abuse:

- (a) Elder and dependent adult abuse, sex crimes, child abuse, domestic violence, and any other criminal act, when committed in whole or in part because of the victim's actual or perceived disability, including disability caused by advanced age, is also a hate crime (Penal Code § 368.6) (see the Hate Crimes Policy for additional guidance).
- (b) Senior and disability victimization crimes are also domestic violence subject to the mandatory arrest requirements of Penal Code § 836 if they meet the elements described in Penal Code § 273.5, including but not limited to a violation by a caretaker or other person who is or was a cohabitant of the victim, regardless of whether the cohabitant is or was a relative of, or in an intimate personal relationship with, the victim (Penal Code § 368.6(c)(10)).
- (c) Many victims of sexual assault and other sex crimes delay disclosing the crimes for reasons including but not limited to shame, embarrassment, self-doubt, fear of being disbelieved, and fear of retaliation by the perpetrator or others (Penal Code § 368.6(c)(11)).
- (d) Victims and witnesses with disabilities, including cognitive and communication disabilities, can be highly credible witnesses when interviewed appropriately by trained officers or other trained persons (Penal Code § 368.6(c)(14)).

313.5 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of elder and dependent adult abuse. These investigators should:

- (a) Conduct interviews in appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to elder and dependent adult abuse investigations.
- (c) Present all cases of alleged elder and dependent adult abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies, and facility administrators as needed (Welfare and Institutions Code § 15650).
- (e) Provide referrals to therapy services, victim advocates, guardians, and support for the victim and family as appropriate (see the Victim and Witness Assistance Policy for additional guidance).
 - 1. Ensure victims of sex crimes know their right to have a support person of their choice present at all times during an interview or contact (Penal Code § 368.6) (see the Sexual Assault Investigations Policy for additional guidance).
 - 2. Referrals to the crime victim liaison as appropriate for victims requiring further assistance or information regarding benefits from crime victim resources.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 15610.55).

Sonoma County Sheriff's Office

Policies

Policies

Senior and Disability Victimization

- (g) Make reasonable efforts to determine whether any person committed unlawful interference in a mandated report.

313.6 PROTECTIVE CUSTODY

Before taking an elder or dependent adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the deputy should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian, or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this office should remove an elder or dependent adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an elder or dependent adult abuse victim into protective custody, the deputy should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the deputy shall ensure that the adult is delivered to APS.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking an elder or dependent adult abuse victim into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking the adult into protective custody.

When elder or dependent adult abuse victims are under state control, have a state-appointed guardian, or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

313.6.1 EMERGENCY PROTECTIVE ORDERS

In any situation which a deputy reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the deputy may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

313.6.2 VERIFICATION OF PROTECTIVE ORDER

Whenever a deputy verifies that a relevant protective order has been issued, the deputy shall make reasonable efforts to determine if the order prohibits the person from possession of firearms or requires the relinquishment of firearms, and if the order does so, the deputy shall make reasonable efforts to (Penal Code § 368.6(c)(19)):

- (a) Inquire whether the restrained person possesses firearms. The deputy should make this effort by asking the restrained person and the protected person.
- (b) Query the California Law Enforcement Telecommunications System to determine if any firearms are registered to the restrained person.

- (c) Receive or seize prohibited firearms located in plain view or pursuant to a consensual or other lawful search in compliance with Penal Code § 18250 et seq. and in accordance with office procedures.

313.7 INTERVIEWS

313.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should audio record the preliminary interview with a suspected elder or dependent adult abuse victim. Deputies should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available.

313.7.2 DETAINING VICTIMS FOR INTERVIEWS

A deputy should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - (a) A reasonable belief that medical issues of the adult need to be addressed immediately.
 - (b) A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - (c) The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
- (b) A court order or warrant has been issued.

313.7.3 INTERVIEWS WITH A PERSON WITH DEAFNESS OR HEARING LOSS

A deputy who is interviewing a victim or witness who reports or demonstrates deafness or hearing loss should secure the services of a qualified interpreter (as defined by Evidence Code § 754) prior to the start of the interview (Penal Code § 368.6) (see the Communications with Persons with Disabilities Policy for additional guidance).

313.8 MEDICAL EXAMINATIONS

When an elder or dependent adult abuse investigation requires a medical examination, the investigating deputy should obtain consent for such examination from the victim, guardian, agency, or entity having legal custody of the adult. The deputy should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency, or entity having legal custody and is refusing to give consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

313.9.1 DEPUTY RESPONSIBILITIES

Deputies responding to a drug lab or other narcotics crime scene where an elder or dependent adult abuse victim is present or where there is evidence that an elder or dependent adult abuse victim lives should:

- (b) Retaining the original elder or dependent adult abuse report with the initial case file.

313.11 JURISDICTION

The Sonoma County Sheriff's Office has concurrent jurisdiction with state law enforcement agencies when investigating elder and dependent adult abuse and all other crimes against elder victims and victims with disabilities (Penal Code § 368.5).

Adult protective services agencies and local long-term care ombudsman programs also have jurisdiction within their statutory authority to investigate elder and dependent adult abuse and criminal neglect and may assist in criminal investigations upon request, if consistent with federal

Discriminatory Harassment

314.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent office members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

Members may also choose to employ the procedures and protocols set forth in the County's Policy and Program of Equal Opportunity and Affirmative Action in County of Sonoma Employment, as well as the Equal Employment Opportunity Discrimination Complaint Procedures for the County of Sonoma in addition to or instead of those set forth in this policy. Such procedures may differ from those set forth in this policy (e.g., the appeal process).

314.2 POLICY

The Sonoma County Sheriff's Office is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The Office will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Office will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Office may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

314.3 DEFINITIONS

Definitions related to this policy include:

314.3.1 DISCRIMINATION

The Office prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or

Policies

office equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to office policy and to a work environment that is free of discrimination.

314.3.2 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

314.3.3 SEXUAL HARASSMENT

The Office prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- (a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.
- (b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- (c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

314.3.4 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- (a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Civil Rights Council guidelines.
- (b) Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with County or office rules or regulations, or any other appropriate work-related communication between supervisor and member.

314.4 RESPONSIBILITIES

This policy applies to all office personnel. All members shall follow the intent of these guidelines in a manner that reflects office policy, professional law enforcement standards, and the best interest of the Office and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Assistant Sheriff, the Professional Standards Lieutenant, or the Personnel Bureau ASO.

Sonoma County Sheriff's Office

Policies

Policies

Discriminatory Harassment

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

314.4.1 QUESTIONS OR CLARIFICATION

Members with questions regarding what constitutes discrimination, sexual harassment, or retaliation are encouraged to contact a supervisor, a manager, the Sheriff, the Personnel Manager, or the California Civil Rights Department for further information, direction, or clarification (Government Code § 12950).

314.4.2 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- (a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- (b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
- (c) Ensuring that their subordinates understand their responsibilities under this policy.
- (d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- (e) Making a timely determination regarding the substance of any allegation based upon all available facts.
- (f) Notifying the Sheriff or the Professional Standards Lieutenant in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

314.4.3 SUPERVISOR'S ROLE

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

- (a) Behavior of supervisors and managers should represent the values of our Office and professional law enforcement standards.
- (b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating

Sonoma County Sheriff's Office

Policies

Policies

or counseling members or issuing discipline, in a manner that is consistent with established procedures.

314.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Office that all complaints of discrimination, retaliation, or harassment shall be fully documented and promptly and thoroughly investigated.

314.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

314.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the supervisory resolution process, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status, are encouraged to follow the chain of command but may also file a complaint directly with the Assistant Sheriff, the Professional Standards Lieutenant, or the Personnel Bureau ASO.

314.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Office. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

314.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Sheriff. The outcome of all reports shall be:

- Maintained in accordance with the office's established records retention schedule.

314.6.1 NOTIFICATION OF DISPOSITION

The complainant and/or victim will be notified in writing of the disposition of the investigation and the actions taken to remedy or address the circumstances giving rise to the complaint.

314.7 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that the member has been advised of this policy, is aware of and understands its contents, and agrees to abide by its provisions during the member's term with the Office.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents, and agree that they will continue to abide by its provisions.

314.7.1 STATE-REQUIRED TRAINING

The Sonoma County Sheriff's Office will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

315.3 MANDATORY NOTIFICATION

The child protection agency shall be notified when (Penal Code § 11166):

- (a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or
- (b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney's office shall be notified in all instances of known or suspected child abuse or neglect reported to this office. Notification of the District Attorney is not required for reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care, or supervision where no physical injury to the child has occurred (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority. When the alleged abuse or neglect involves a child of a minor parent or a dependent adult, notification shall also be made to the attorney of the minor or the dependent adult within 36 hours (Penal Code 11166.1; Penal Code 11166.2).

Child Abuse

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1); neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury (Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors, nor does it include an injury caused by the reasonable and necessary force used by a peace officer acting within the course and scope of the peace officer's employment as a peace officer.

315.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (Penal Code § 11166):

- (a) Notification shall be made immediately, or as soon as practicable, by calling the CPS hotline at (707)565-4304.
- (b) A written Suspected Child Abuse Report (11166PC) should be forwarded to CPS within 36 hours of receiving the information concerning the incident.

315.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for child abuse investigations. These investigators should:

- (a) Conduct interviews in child appropriate interview facilities.
- (b) Be familiar with forensic interview techniques specific to child abuse investigations.
- (c) Present all cases of alleged child abuse to the prosecutor for review.
- (d) Coordinate with other enforcement agencies, social service agencies and school administrators as needed.
- (e) Provide referrals to therapy services, victim advocates, guardians and support for the child and family as appropriate.
- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 18961.7).

315.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Deputies shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if deputies interviewed the child victim without the presence of a parent or guardian.

Child Abuse

- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.
- (f) Whether the child victim was transported for medical treatment or a medical examination.
- (g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.
- (h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.
- (i) Previous addresses of the victim and suspect.
- (j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

315.5.1 EXTRA JURISDICTIONAL REPORTS

If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, office members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax, or electronic transfer to the agency with proper jurisdiction (Penal Code § 11165.9).

Members who receive a report of child abuse or neglect shall request the following information from the reporter (Penal Code § 11167):

- (a) Name and telephone number
- (b) Information and the source of information that gives rise to the knowledge or reasonable suspicion of child abuse or neglect

If the reporter refuses to provide their name and telephone number, the member should make a reasonable effort to determine the basis for the refusal and inform them that their information will remain confidential.

315.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the deputy should make reasonable attempts to contact CPS. Generally, removal of a child from the child's family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this office should remove a child from the child's parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the deputy should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the deputy shall ensure that the child is delivered to CPS.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

- (a) The deputy reasonably believes the child is a person described in Welfare and Institutions Code § 300, and further has good cause to believe that any of the following conditions exist:
 - 1. The child has an immediate need for medical care.
 - 2. The child is in immediate danger of physical or sexual abuse.
 - 3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child's health or safety. In the case of a child left unattended, the deputy shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.
- (b) The deputy reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:
 - 1. It reasonably appears to the deputy that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
 - 2. There is no lawful custodian available to take custody of the child.
 - 3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
 - 4. The child is an abducted child.
- (c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

Child Abuse

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

315.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW

An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

315.6.2 NEWBORNS TESTING POSITIVE FOR DRUGS

Under certain circumstances, deputies can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.

Deputies shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

315.7 INTERVIEWS

315.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should record the preliminary interview with suspected child abuse victims. Deputies should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

315.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

A deputy should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

Sonoma County Sheriff's Office

Policies

Policies

Child Abuse

315.7.3 INTERVIEWS AT A SCHOOL

Generally, Deputies should obtain parental consent, or a court order, prior to interviewing any suspected victim of child abuse while attending school.

Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

315.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating deputy should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The deputy should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

315.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

315.9.1 SUPERVISOR RESPONSIBILITIES

The Investigative Bureau supervisor should:

- (a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- (b) Activate any available interagency response when a deputy notifies the Investigative Bureau supervisor that the deputy has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Develop a report format or checklist for use when deputies respond to drug labs or other narcotics crime scenes. The checklist will help deputies document the environmental, medical, social and other conditions that may affect the child.

Child Abuse

315.9.2 DEPUTY RESPONSIBILITIES

Deputies responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigative Bureau supervisor so an interagency response can begin.

315.10 STATE MANDATES AND OTHER RELEVANT LAWS

California requires or permits the following:

315.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code § 841.5; Penal Code § 11167.5).

315.10.2 REQUESTS FOR REMOVAL FROM THE CHILD ABUSECENTRAL INDEX (CACI)

Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California's CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

315.10.3 CACI HEARING OFFICER

The Investigative Bureau supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person's name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

315.10.4 CACI HEARING PROCEDURES

The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:

- (a) Case reports including any supplemental reports
- (b) Statements by investigators
- (c) Statements from representatives of the District Attorney's Office

Sonoma County Sheriff's Office

Policies

Policies

Child Abuse

- (d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party's name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the person's name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.

315.10.5 CHILD DEATH REVIEW TEAM

This office should cooperate with any interagency child death review team investigation. Written and oral information relating to the death of a child that would otherwise be subject to release restrictions may be disclosed to the child death review team upon written request and approval of a supervisor (Penal Code § 11174.32).

315.11 TRAINING

The Office should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting forensic interviews.
- (c) Availability of therapy services for children and families.
- (d) Availability of specialized forensic medical exams.
- (e) Cultural competence (including interpretive services) related to child abuse investigations.
- (f) Availability of victim advocate or guardian ad litem support.

Missing Persons

These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

316.2 POLICY

The Sonoma County Sheriff's Office does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Sonoma County Sheriff's Office gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

316.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS

The Investigation supervisor should ensure the forms and kits are developed and available in accordance with this policy, state law, federal law and the California Peace Officer Standards and Training (POST) Missing Persons Investigations guidelines, including:

316.4 ACCEPTANCE OF REPORTS

Any member encountering a person who wishes to report a missing person or runaway shall render assistance without delay (Penal Code § 14211). Those members who do not take such reports or who are unable to render immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).

316.5 INITIAL INVESTIGATION

Deputies or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

- (a) Respond to a dispatched call for service as soon as practicable.
- (b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.
- (c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).
- (d) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is under 21 years of age or there is evidence that the missing person is at risk. The BOLO should be broadcast as soon as practicable but in no event more than one hour after determining the missing person is under 21 years of age or may be at risk (Penal Code § 14211).
- (e) Ensure that entries are made into the appropriate missing person networks as follows:
 1. Immediately, when the missing person is at risk.

- (i) Contact the appropriate agency if the report relates to a previously made missing person report and another agency is actively investigating that report. When this is not practical, the information should be documented in an appropriate report for transmission to the appropriate agency. If the information relates to an at-risk missing person, the member should notify a supervisor and proceed with reasonable steps to locate the missing person.

316.6 REPORT PROCEDURES AND ROUTING

Employees should complete all missing person reports and forms promptly and advise the appropriate supervisor as soon as a missing person report is ready for review.

316.6.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of the supervisor shall include, but are not limited to:

- (a) Reviewing and approving missing person reports upon receipt.
 1. The reports should be promptly sent to the CIB.

Requests for a Yellow Alert shall be made through the California Highway Patrol (Government Code § 8594.15).

317.8 MUTUAL AID

The experiences of other law enforcement jurisdictions that have implemented similar plans indicate a Public Alert will generate a high volume of telephone calls to the handling agency.

The Sheriff's Office Dispatch Bureau facilities and staff can be made available in the event of a high call volume.

If the Watch Commander or Investigative Bureau Supervisor elects to use the services of the Sheriff's Office, the following will apply:

- (a) Notify the Sheriff's Office Watch Commander of the incident and the request for assistance. He/she will provide you with a telephone number for the public to call.
- (b) In the press release, direct the public to the telephone number provided by the Sheriff's Office Watch Commander.
- (c) The Public Information Officer will continue to handle all press releases and media inquiries. Any press inquiries received by the Sheriff's Office will be referred back to this office.

317.9 COMMUNITY ALERTS-EMERGENCY

The community alert notification system will be used for specific notifications, warnings or detailed emergency instructions.

The community alert notification system is a computerized emergency notification and warning system, providing the capability to notify a virtually unlimited number of persons within minutes of creating an alert message. The system is managed by the Sonoma County Department of Emergency Management (DEM), and can be activated by the DEM and the Sheriff's Office. The system can make calls, send texts or emails based on a fixed list or a selected geographic area. It allows authorized individuals to make specific notifications, warnings, or detailed emergency instructions.

Alert originators should consider which type of platform to use depending on the emergency confronted with. They should also understand the capability and limitations of each system.

The Sonoma County Sheriff's Office utilizes the following Alert/Notification systems:

- WIRELESS EMERGENCY ALERT (WEA) - The Wireless Emergency Alerts system is a Federal public safety system that allows customers who own certain wireless phones and other enabled mobile devices to receive geographically targeted, text-like messages alerting them of imminent threats to safety in their area.

This system is designed for the most severe emergency. WEA is an opt-out system. WEA messages will wake cellular phones to alert of the emergency. It has geographic targeting ability. WEA messages are currently limited to 90 characters so maximizing their

Sonoma County Sheriff's Office

Policies

Policies

Public Alerts

effectiveness is of utmost importance and can be challenging. Templated messaging is strongly encouraged. WEA does not offer Spanish translation.

- **EMERGENCY ALERT SYSTEM (EAS)** - EAS is a media broadcast tool to alert the public in case of emergency. It is for specific messaging primarily over television and radio broadcasts. EAS will reach most people watching television or listening to the radio. Its geographic target will be the entire Bay Area media market. An EAS broadcast will only be delivered one time (doesn't repeat) unless a broadcast company decides to repeat the warning.
- **SOCO ALERT** - SOCO Alert is an opt-in system and has the ability to conduct reverse 911 calls to geographically targeted landline telephones. Phone lines using Voice over Internet and cellular will not be reached unless specifically opted in. Spanish translation is not offered.
- **NIXLE** - Nixle is an opt-in system and has the ability to send text messages and emails in the event of an emergency. Nixle also offers automated Spanish translation and geographic targeting. Nixle allows for automatic publishing to Facebook and Twitter.
- **OTHER SOCIAL MEDIA PLATFORMS** - Social media (Facebook, Twitter, Nextdoor, etc.) is not preferred to alert people during an emergency but it is a helpful tool to push out further information or instructions for systems with character limits. It also allows for efficient event updating and two-way communication with the public.

317.9.1 CRITERIA FOR COMMUNITY ALERTS-EMERGENCY

Deciding whether to issue a public warning can be a difficult decision. Ultimately it will be a matter of judgment, and use of public alerts must be generated or approved by a Watch Commander or PIO.

When deciding whether to issue a public warning and which type of platform to use, the following criteria can be applied:

- Does the hazardous situation require the public to take immediate action?
- Does the hazardous situation pose a serious threat to life or property?
- Is there a high degree of probability that the hazardous situation will occur?
- Are other means of disseminating the information adequate to ensure rapid delivery of urgent information?

An emergency warning should have an action to include one of the following:

- Evacuate - "Evacuate Now"
- Shelter - "Take Shelter Now"
- Prepare - "Prepare for Action"
- Monitor - "Monitor Radio or TV"
- Avoid - "Avoid Hazard"

Access and Functional Needs

Sonoma County Sheriff's Office

Policies

Policies

Public Alerts

Effective alert messages also address persons with disabilities and those with access and functional needs. From an access and functional needs perspective, keep the following in mind when composing a message:

- Clear and simple language
- Avoid non-standard language and terminology to facilitate easier text-to-speech conversion and use of screen reading devices
- Consistency of audio with message text
- Ample text and audio to explain images/maps

English as a Second Language:

At this time, the federal WEA system does not provide automatic translation services, but it is capable of accepting and relaying alerts in multiple languages as composed by the alert originator. When issuing alerts, also consider using Nixle which has automatic translating ability.

317.9.2 PROCEDURE FOR COMMUNITY ALERTS-EMERGENCY

Geographic Area Creation:

- (a) When the occasion occurs, the Incident Commander shall define the area to be notified and pass on to the Sheriff's Office Dispatch Bureau or the Department of Emergency Management, depending on the circumstances.

Call Activation:

- (a) When the need arises to activate the community notification system (both Fixed and Geographic Areas), the Incident Commander shall generate or approve the message that needs to be sent and request the Sheriff's Office Dispatch Bureau to activate the call out.
 1. The Sheriff's Office Emergency Dispatch Bureau should notify the Public Information Officer as soon as practical.

317.10 ADDITIONAL ALERTS FOR PUBLIC SAFETY EMERGENCIES

Additional public safety emergency alerts may be authorized that utilize wireless emergency alert system (WEA) and emergency alert system (EAS) equipment for alerting and warning the public to protect lives and save property (Government Code § 8593.7).

317.10.1 CRITERIA

Public safety emergency alerts may be issued to alert or warn the public about events including but not limited to:

Hate Crimes

319.1 POLICY

It is the policy of this office to safeguard the rights of all individuals irrespective of their disability, gender, nationality, race or ethnicity, religion, sexual orientation, and/or association with a person or group with one or more of these actual or perceived characteristics. Any acts or threats of violence, property damage, harassment, intimidation, or other crimes motivated by hate or bias should be viewed very seriously and given high priority.

This office will employ reasonably available resources and vigorous law enforcement action to identify and arrest hate crime perpetrators. Also, recognizing the particular fears and distress typically suffered by victims, the potential for reprisal and escalation of violence, and the far-reaching negative consequences of these crimes on the community, this office should take all reasonable steps to attend to the security and related concerns of the immediate victims and their families as feasible.

All deputies are required to be familiar with the policy and use reasonable diligence to carry out the policy unless directed by the Sheriff or other command-level officer to whom the Sheriff formally delegates this responsibility.

319.2 PURPOSE AND SCOPE

This policy is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow-up, and reporting as related to law enforcement's role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how the Sonoma County Sheriff's Office may best use its resources to investigate and solve an offense, in addition to building community trust and increasing police legitimacy (Penal Code § 13519.6; Penal Code § 422.87).

319.2.1 DEFINITION AND LAWS

In accordance with Penal Code § 422.55; Penal Code § 422.56; Penal Code § 422.6; and Penal Code § 422.87, for purposes of all other state law, unless an explicit provision of law or the context clearly requires a different meaning, the following shall apply:

Bias motivation - Bias motivation is a pre-existing negative attitude toward actual or perceived characteristics referenced in Penal Code § 422.55. Depending on the circumstances of each case, bias motivation may include but is not limited to hatred, animosity, discriminatory selection of victims, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one's "own kind," or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including but not limited to disability or gender.

Sonoma County Sheriff's Office

Policies

Policies

Hate Crimes

Disability - Disability includes mental disability and physical disability as defined in Government Code § 12926, regardless of whether those disabilities are temporary, permanent, congenital, or acquired by heredity, accident, injury, advanced age, or illness.

Disability bias - In recognizing suspected disability-bias hate crimes, deputies should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as but not limited to dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore "deserving victims," a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

In recognizing suspected disability-bias hate crimes, deputies should consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes but is not limited to situations where a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons, such as inebriated persons or persons with perceived disabilities different from those of the victim. Such circumstances could be evidence that the perpetrator's motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

Gender - Gender means sex and includes a person's gender identity and gender expression.

Gender expression - Gender expression means a person's gender-related appearance and behavior, regardless of whether it is stereotypically associated with the person's assigned sex at birth.

Gender identity - Gender identity means each person's internal understanding of their gender, or the perception of a person's gender identity, which may include male, female, a combination of male and female, neither male nor female, a gender different from the person's sex assigned at birth, or transgender (2 CCR § 11030).

Hate crime - "Hate crime" includes but is not limited to a violation of Penal Code § 422.6, and means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim:

- (a) Disability
- (b) Gender
- (c) Nationality
- (d) Race or ethnicity
- (e) Religion
- (f) Sexual orientation
- (g) Association with a person or group with one or more of these actual or perceived characteristics:

1. "Association with a person or group with one or more of these actual or perceived characteristics" includes advocacy for, identification with, or being on the premises owned or rented by, or adjacent to, any of the following: a community center, educational facility, family, individual, office, meeting hall, place of worship, private institution, public agency, library, or other entity, group, or person that has, or is identified with people who have, one or more of the characteristics listed in the definition of "hate crime" under paragraphs 1 to 6, inclusive, of Penal Code § 422.55(a).

Note: A "hate crime" need not be motivated by hate but may be motivated by any bias against a protected characteristic.

Hate incident - A hate incident is an action or behavior motivated by hate or bias but legally protected by the First Amendment right to freedom of expression. Examples of hate incidents include:

- Name-calling
- Insults and epithets
- Distributing hate material in public places
- Displaying hate material on your own property

Hate speech - The First Amendment to the U.S. Constitution protects most speech, even when it is disagreeable, offensive, or hurtful. The following types of speech are generally not protected:

- Fighting words
- True threats
- Perjury
- Blackmail
- Incitement to lawless action
- Conspiracy
- Solicitation to commit any crime

In whole or in part - "In whole or in part because of" means that the bias motivation must be a cause in fact of the offense whether or not other causes also exist. When multiple concurrent motives exist, the prohibited bias must be a substantial factor in bringing about the particular result. There is no requirement that the bias be a main factor, or that a crime would not have been committed but for the actual or perceived characteristic.

Nationality - Nationality means country of origin, immigration status, including citizenship, and national origin.

Race or ethnicity - Race or ethnicity includes ancestry, color, and ethnic background.

Policies

Hate Crimes

Religion - Religion includes all aspects of religious belief, observance, and practice and includes agnosticism and atheism.

Religious bias - In recognizing suspected religion-bias hate crimes, deputies should consider whether there were targeted attacks on, or biased references to, symbols of importance to a particular religion or articles considered of spiritual significance in a particular religion (e.g., crosses, hijabs, Stars of David, turbans, head coverings, statues of the Buddha).

Sexual orientation - Sexual orientation means heterosexuality, homosexuality, or bisexuality.

Victim - Victim includes but is not limited to:

- Community center
- Educational facility
- Entity

- Group
- Individual
- Office
- Meeting hall
- Person
- Place of worship
- Private institution
- Public agency

In order to facilitate the guidelines contained within this policy, office members will continuously work to build and strengthen relationships with the community, engage in dialogue, and provide education to the community about this policy. Office personnel are also encouraged to learn about the inherent issues concerning their communities in relation to hate crimes.

Although hate incidents are not criminal events, they can be indicators of, or precursors to, hate crimes. Hate incidents should be investigated and documented as part of an overall strategy to prevent hate crimes.

319.3.1 HATE CRIMES COORDINATOR

2. Analysis of the office's data collection as well as the available outside data (e.g., annual California Attorney General's report on hate crime) in preparation for and response to future hate crimes.

319.3.2 RELEASE OF INFORMATION

Establishing a relationship with stakeholders, before any incident occurs, to develop a network and protocol for disclosure often assists greatly in any disclosure.

The benefit of public disclosure of hate crime incidents includes:

- (a) Dissemination of correct information.
- (b) Assurance to affected communities or groups that the matter is being properly and promptly investigated.
- (c) The ability to request information regarding the commission of the crimes from the victimized community.

Information or records relating to hate crimes subject to public disclosure shall be released as provided by the Records Maintenance and Release Policy or as allowed by law. In accordance with the Media Relations Policy, the supervisor, public information officer, or the authorized designee should be provided with information that can be responsibly reported to the media. When appropriate, the office spokesperson should reiterate that hate crimes will not be tolerated, will be investigated seriously, and will be prosecuted to the fullest extent of the law.

The Office should consider the following when releasing information to the public regarding hate crimes and hate incidents that have been reported within the jurisdiction:

- Inform community organizations in a timely manner when a community group has been the target of a hate crime.
- Inform the community of the impact of these crimes on the victim, the victim's family, and the community, and of the assistance and compensation available to victims.
- Inform the community regarding hate crime law and the legal rights of, and remedies available to, victims of hate crimes.
- Provide the community with ongoing information regarding hate crimes and/or hate incidents.

Standards of Conduct (Rules & Regulations)

320.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Sonoma County Sheriff's Office and are expected of all office members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this office or a member's supervisors.

320.2 POLICY

The continued employment or appointment of every member of the Sonoma County Sheriff's Office shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

320.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any office supervisor or person in a position of authority, absent a reasonable and bona fide justification.

320.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or office policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, office policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Report Preparation

(j) Supplemental property lists

Members at the scene of one of the above incidents should not refer the reporting party to an alternate means of reporting without authorization from a supervisor. 323.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for office consistency.

323.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

Media Relations

324.1 PURPOSE AND SCOPE

This policy provides guidelines for the release of official office information to the media. It also addresses coordinating media access to scenes of disasters, criminal investigations, emergencies, and other law enforcement activities.

324.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Sheriff. In situations not warranting immediate notice to the Sheriff and in situations where the Sheriff has given prior approval, Captains, Watch Commanders, Community Engagement Liaison, and designated Public Information Officers (PIOs) may prepare and release information to the media in accordance with this policy and the applicable laws regarding confidentiality.

324.3 ACCESS

Authorized media representatives shall be provided access to scenes of disasters, criminal investigations, emergencies, and other law enforcement activities as required by law.

Access by the media is subject to the following conditions (Penal Code § 409.5(d)):

- (a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public. Media representatives may not bring or facilitate the transport of an unauthorized person into a closed area unless it is for the safety of the person.
- (b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.
 1. Based upon available resources, reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should be coordinated through the PIO or other designated spokesperson.
- (c) No member of this office who is under investigation shall be subjected to media visits or interviews without the consent of the involved member (Government Code § 3303(e)).
- (d) Media interviews with individuals who are in custody should not be permitted without the approval of the Sheriff and the express consent of the person in custody.

324.3.1 CRITICAL OPERATIONS

A critical incident or tactical operation should be handled in the same manner as a crime scene, except the media should not be permitted within the inner perimeter of the incident, subject to any restrictions as determined by the supervisor in charge. Office members shall not jeopardize a critical incident or tactical operation in order to accommodate the media. All comments to the media shall be coordinated through a supervisor or the PIO.

324.3.2 TEMPORARY FLIGHT RESTRICTIONS

Whenever the presence of media or other aircraft poses a threat to public or member safety or significantly hamper incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Watch Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration (FAA) should be contacted (14 CFR 91.137).

324.4 POLICY

It is the policy of the Sonoma County Sheriff's Office to protect the privacy rights of individuals, while releasing non-confidential information to the media regarding topics of public concern. Information that has the potential to negatively affect investigations will not be released.

324.5 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of deputies and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the media, nor should media representatives be invited to be present at such actions except with the prior approval of the Sheriff.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception, the Sheriff will consider, at a minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person, or is otherwise prohibited by law.

324.6 MEDIA REQUESTS

Any media request for information or access to a law enforcement incident shall be referred to the PIO, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, members shall consider the following:

- (a) At no time shall any member of this office make any comment or release any official information to the media without prior approval from a supervisor or the PIO.
- (b) In situations involving multiple agencies or government departments, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this office.
- (c) Under no circumstance should any member of this office make any comments to the media regarding any law enforcement incident not involving this office without prior approval of the Sheriff. Under these circumstances the member should direct the media to the agency handling the incident.

324.7 CONFIDENTIAL OR RESTRICTED INFORMATION

It shall be the responsibility of the PIO to ensure that confidential or restricted information is not inappropriately released to the media (see the Records Maintenance and Release and Personnel

Sonoma County Sheriff's Office

Policies

Policies

Media Relations

Records policies). When in doubt, authorized and available legal counsel should be consulted prior to releasing any information.

324.7.1 EMPLOYEE INFORMATION

Requests should be reviewed and fulfilled by the Custodian of Records, or if unavailable, the Watch Commander or the authorized designee. Such requests will be processed in accordance with the provisions of the Records Maintenance and Release Policy and public records laws.

324.8 RELEASE OF INFORMATION

The Office may routinely release information to the media without receiving a specific request. This may include media releases regarding critical incidents, information of public concern, updates regarding significant incidents, or requests for public assistance in solving crimes or identifying suspects. This information may also be released through the office website or other electronic data sources.

324.8.1 SCOPE OF INFORMATION SUBJECT TO RELEASE

- (a) The date, time, location, case number, type of crime, extent of injury or loss, and names of individuals involved in crimes occurring within this jurisdiction, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation, or the information is confidential (e.g., juveniles or certain victims).
- (b) The date, time, location, case number, name, age, and charges for each person arrested by this office, unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation or the information is confidential (e.g., juveniles).
- (c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident.

At no time shall identifying information pertaining to a juvenile arrestee (13 years of age and under), victim, or witness be publicly released without prior approval of a competent court. The identity of a minor 14 years of age or older shall not be publicly disclosed unless the minor has been arrested for a serious felony and the release of such information has been approved by the Watch Commander (Welfare and Institutions Code § 827.5).

Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or otherwise cleared through the Coroner.

Any requests for copies of related reports or additional information shall be referred to the PIO, the custodian of records, or if unavailable, to the Watch Commander. Such requests will generally be processed in accordance with the provisions of the Public Records Act (see the Records Maintenance and Release Policy).

Subpoenas and Court Appearances

325.1 PURPOSE AND SCOPE

This policy establishes the guidelines for office members who must appear in court. It will allow the Sonoma County Sheriff's Office to cover any related work absences and keep the Office informed about relevant legal matters.

325.2 POLICY

The Sonoma County Sheriff's Office members will respond appropriately to all subpoenas and any other court-ordered appearances.

The office member who serves the subpoena shall complete the proof-of-service and forward to CIB in an expeditious manner. The proof-of-service shall be received in CIB 48 hours prior to the hearing date pursuant to PC § 1328(f).

325.3 SUBPOENAS

This may be accomplished by personal service to the deputy or by delivery of two copies of the subpoena to the deputy's supervisor or other authorized office agent (Government Code § 68097.1; Penal Code § 1328(c)).

The party that issues a civil subpoena to a deputy to testify as a witness must tender the statutory fee of \$275 with the subpoena for each day that an appearance is required before service is accepted of the subpoena (Government Code § 68097.2).

An immediate supervisor or authorized individual may refuse to accept service for a criminal subpoena if (Penal Code § 1328(d)(e)):

- (a) He/she knows that he/she will be unable to deliver a copy of the subpoena to the named deputy within sufficient time for the named deputy to comply with the subpoena.
- (b) It is less than five working days prior to the date listed for an appearance and he/she is not reasonably certain that service can be completed.

If, after initially accepting service of a criminal subpoena, a supervisor or other authorized individual determines that he/she is unable to deliver a copy of the subpoena to the named deputy within sufficient time for the named deputy to comply with the subpoena, the supervisor or the subpoena clerk shall notify the server or the attorney named on the subpoena of such not less than 48 hours prior to the date listed for the appearance (Penal Code § 1328(f)).

325.3.1 SPECIAL NOTIFICATION REQUIREMENTS

Any member who is subpoenaed to testify, agrees to testify or provides information on behalf of or at the request of any party other than the County Counsel or the prosecutor shall notify his/her immediate supervisor without delay regarding:

- (a) Any civil case where the County or one of its members, as a result of his/her official capacity, is a party.

Voluntary Testimony in Civil Actions Prohibited:

- (a) Members shall not volunteer to provide testimony in any deposition, administrative, or court proceeding in a civil action, unless the action is unrelated to the business of the Sheriff's Office or the County of Sonoma, and does not involve the member's employment or scope of work with the County.
- (b) Members who intend to testify in civil actions as paid expert witnesses must obtain the prior approval of the Sheriff's Office, as doing so is considered to be outside employment.
- (c) Any criminal proceeding where the member is called to testify or provide information on behalf of the defense.
- (d) Any civil action stemming from the member's on-duty activity or because of his/her association with the Sonoma County Sheriff's Office.
- (e) Any personnel or disciplinary matter when called to testify or to provide information by a government entity other than the Sonoma County Sheriff's Office.

The supervisor will then notify the Sheriff and the appropriate prosecuting attorney as may be indicated by the case. The Sheriff should determine if additional legal support is necessary.

No member shall be retaliated against for testifying in any matter.

325.3.2 CIVIL SUBPOENA

The Office will compensate members who appear in their official capacities on civil matters arising out of their official duties, as directed by the current memorandum of understanding or collective bargaining agreement.

The Office should seek reimbursement for the member's compensation through the civil attorney of record who subpoenaed the member.

325.3.3 OFF-DUTY RELATED SUBPOENAS

Members receiving valid subpoenas for off-duty actions not related to their employment or appointment will not be compensated for their appearance (e.g., divorce, civil, personal). Arrangements for time off shall be coordinated through their immediate supervisors.

325.4 FAILURE TO APPEAR

Any member who fails to comply with the terms of any properly served subpoena or court-ordered appearance may be subject to discipline. This includes properly served orders to appear that were issued by a state administrative agency.

325.5 STANDBY

To facilitate standby agreements, members are required to provide and maintain current information on their addresses and contact telephone numbers with the Office.

Reserve Deputies

326.1 PURPOSE AND SCOPE

The Sonoma County Sheriff's Office Reserve Unit was established to supplement and assist regular sworn sheriff's deputies in their duties. This unit provides professional, sworn volunteer reserve deputies who can augment regular staffing levels.

326.2 SELECTION AND APPOINTMENT OF SHERIFF'S RESERVE DEPUTIES

The Sonoma County Sheriff's Office shall endeavor to recruit and appoint to the Reserve Unit only those applicants who meet the high ethical, moral and professional standards set forth by this office.

326.2.1 PROCEDURE

All applicants shall be required to meet and pass the same pre-employment procedures as regular sheriff's deputies before appointment.

Before appointment to the Sheriff's Reserve Unit, an applicant must have completed, or be in the process of completing, a POST approved basic academy or extended basic academy.

326.2.2 APPOINTMENT

Applicants who are selected for appointment to the Sheriff's Reserve Unit shall, on the recommendation of the Sheriff, be sworn in by the Sheriff and take a loyalty oath to observe and obey all of the laws of the land and to carry out their duties to the best of their ability.

326.2.3 COMPENSATION FOR SHERIFF'S RESERVE DEPUTIES

Compensation for reserve deputies is provided as follows:

All reserve deputy appointees are issued two sets of uniforms and all designated attire and safety equipment. All property issued to the reserve deputy shall be returned to the Office upon termination or resignation. Reserves shall receive a yearly uniform allowance equal to that of regular deputies.

326.2.4 EMPLOYEES WORKING AS RESERVE DEPUTIES

Qualified employees of this office, when authorized, may also serve as reserve deputies. However, the Office must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws or labor agreements (e.g., a detention deputy working as a reserve deputy for reduced or no pay). Therefore, the Reserve Coordinator should consult the Personnel prior to an employee serving in a reserve or volunteer capacity (29 CFR 553.30).

326.3 DUTIES OF RESERVE DEPUTIES

Reserve deputies assist regular deputies in the enforcement of laws and in maintaining peace and order within the community. Assignments of reserve deputies will usually be to augment the Patrol Bureau. Reserve deputies may be assigned to other areas within the Office as needed. Reserve deputies are required to work a minimum of 16 hours per month.

Policies

Reserve Deputies

326.3.1 POLICY COMPLIANCE

Sheriff's reserve deputies shall be required to adhere to all office policies and procedures. A copy of the policies and procedures will be made available to each reserve deputy upon appointment and he/she shall become thoroughly familiar with these policies.

Whenever a rule, regulation, or guideline in this manual refers to a sworn regular full-time deputy, it shall also apply to a sworn reserve deputy unless by its nature it is inapplicable.

326.3.2 RESERVE DEPUTY ASSIGNMENTS

All reserve deputies will be assigned to duties by the Reserve Coordinator or his/her designee.

326.3.3 RESERVE COORDINATOR

The Sheriff shall delegate the responsibility for administering the Reserve Deputy Program to a Reserve Coordinator.

The Reserve Coordinator shall have the responsibility of, but not be limited to:

- (a) Assignment of reserve personnel
- (b) Conducting reserve meetings
- (c) Establishing and maintaining a reserve call-out roster
- (d) Maintaining and ensuring performance evaluations are completed
- (e) Monitoring individual reserve deputy performance
- (f) Monitoring overall Reserve Program
- (g) Maintaining liaison with other agency Reserve Coordinators

326.4 FIELD TRAINING

Penal Code § 832.6 requires Level II reserve deputies, who have not been released from the immediate supervision requirement per the Completion of the Formal Training Process subsection, to work under the immediate supervision of a peace officer who possesses a Basic POST Certificate.

326.4.1 TRAINING OFFICERS

Deputies of this office, who demonstrate a desire and ability to train reserve deputies, may train the reserves during Phase II, subject to Watch Commander approval.

326.4.2 PRIMARY TRAINING OFFICER

Upon completion of the Academy, reserve deputies will be assigned to a primary training officer. The primary training officer will be selected from members of the Field Training Officer (FTO) Committee. The reserve deputy will be assigned to work with his/her primary training officer during the first 160 hours of training. This time shall be known as the Primary Training Phase.

Policies

Policies

Reserve Deputies

326.4.3 FIELD TRAINING MANUAL

Each new reserve deputy will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as a deputy with the Sonoma County Sheriff's Office. The reserve deputy shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

326.4.4 COMPLETION OF THE PRIMARY TRAINING PHASE

At the completion of the Primary Training Phase, (Phase I) the primary training officer will meet with the Reserve Coordinator. The purpose of this meeting is to discuss the progress of the reserve deputy in training.

If the reserve deputy has progressed satisfactorily, he/she will then proceed to Phase II of the training. If he/she has not progressed satisfactorily, the Reserve Coordinator will determine the appropriate action to be taken.

326.4.5 SECONDARY TRAINING PHASE

The Secondary Training Phase (Phase II) shall consist of 100 hours of additional on-duty training. The reserve deputy will no longer be required to ride with his/her primary training officer. The reserve deputy may now ride with any deputy designated by the Watch Commander.

During Phase II of training, as with Phase I, the reserve deputy's performance will be closely monitored. In addition, rapid progress should continue towards the completion of the Deputy's Field Training Manual. At the completion of Phase II of training, the reserve deputy will return to his/her primary training officer for Phase III of the training.

326.4.6 THIRD TRAINING PHASE

Phase III of training shall consist of 24 hours of additional on-duty training. For this training phase, the reserve deputy will return to his/her original primary training officer. During this phase, the training officer will evaluate the reserve deputy for suitability to graduate from the formal training program.

At the completion of Phase III training, the primary training officer will meet with the Reserve Coordinator. Based upon the reserve deputy's evaluations, plus input from the primary training officer, the Reserve Coordinator shall decide if the reserve deputy has satisfactorily completed his/her formal training. If the reserve deputy has progressed satisfactorily, he/she will then graduate from the formal training process. If his/her progress is not satisfactory, the Reserve Coordinator will decide upon the appropriate action to be taken.

326.4.7 COMPLETION OF THE FORMAL TRAINING PROCESS

When a reserve deputy has satisfactorily completed all three phases of formal training, he/she will have had a minimum of 284 hours of on-duty training. He/she will no longer be required to ride with a reserve training officer. The reserve deputy may now be assigned to ride with any deputy for the remaining 200-hour requirement for a total of 484 hours before being considered for relief of immediate supervision.

326.5 SUPERVISION OF RESERVE DEPUTIES

Reserve deputies who have attained the status of Level II shall be under the immediate supervision of a regular sworn deputy (Penal Code 832.6). The immediate supervision requirement shall also continue for reserve deputies who have attained Level I status unless special authorization is received from the Reserve Coordinator with the approval of the Captain.

326.5.1 SPECIAL AUTHORIZATION REQUIREMENTS

Reserve deputies certified as Level I may, with prior authorization of the Reserve Coordinator and on approval of the Captain, be relieved of the "immediate supervision" requirement. Level I reserve deputies may function under the authority of Penal Code § 832.6(a)(1) only for the duration of the assignment or purpose for which the authorization was granted.

In the absence of the Reserve Coordinator and the Captain, the Watch Commander may assign a certified Level I reserve deputy to function under the authority of Penal Code § 832.6(a)(1) for specific purposes and duration.

326.5.2 RESERVE DEPUTY MEETINGS

All reserve deputy meetings will be scheduled and conducted by the Reserve Coordinator. All reserve deputies are required to attend scheduled meetings. Any absences must be satisfactorily explained to the Reserve Coordinator.

326.5.3 IDENTIFICATION OF RESERVE DEPUTIES

All reserve deputies will be issued a uniform badge and a Office identification card. The uniform badge shall be the same as that worn by a regular full-time deputy. The identification card will be the standard identification card with the exception that "Reserve" will be indicated on the card.

326.5.4 UNIFORM

Reserve deputies shall conform to all uniform regulation and appearance standards of this office.

326.5.5 INVESTIGATIONS AND COMPLAINTS

If a reserve deputy has a complaint made against him/her or becomes involved in an internal investigation, that complaint or internal investigation may be investigated by the Reserve Coordinator, at the discretion of the Patrol Captain.

Reserve deputies are considered at-will employees. Government Code § 3300 et seq. applies to reserve deputies with the exception that the right to hearing is limited to the opportunity to clear their name.

Any disciplinary action that may have to be administered to a reserve deputy shall be accomplished as outlined in the Policy Manual.

326.5.6 RESERVE DEPUTY EVALUATIONS

While in training reserves will be continuously evaluated using standardized daily and weekly observation reports. The reserve will be considered a trainee until all of the training phases have

been completed. Reserves having completed their field training will be evaluated annually using performance dimensions applicable to the duties and authorities granted to that reserve.

326.6 FIREARMS REQUIREMENTS

Penal Code § 830.6(a)(1) designates a reserve deputy as having peace officer powers during his/her assigned tour of duty, provided the reserve deputy qualifies or falls within the provisions of Penal Code § 832.6.

326.6.1 CARRYING WEAPON ON DUTY

Penal Code § 830.6(a)(1) permits qualified reserve deputies to carry a loaded firearm while on-duty. It is the policy of this office to allow reserves to carry firearms only while on-duty or to and from duty.

326.6.2 CONCEALED FIREARMS PROHIBITED

No reserve deputy will be permitted to carry a concealed firearm while in an off-duty capacity, other than to and from work, except those reserve deputies who possess a valid CCW permit. An instance may arise where a reserve deputy is assigned to a plainclothes detail for his/her assigned tour of duty. Under these circumstances, the reserve deputy may be permitted to carry a weapon more suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

Any reserve deputy who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to office standards. The weapon must be registered by the reserve deputy and be inspected and certified as fit for service by a office armorer.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve deputy shall have demonstrated his/her proficiency with said weapon.

When a reserve deputy has satisfactorily completed all three phases of training (as outlined in the Field Training section), he/she may be issued a permit to carry a concealed weapon. The decision to issue a concealed weapon permit will be made by the Sheriff with input from the Reserve Program Coordinator and administrative staff. In issuing a concealed weapon permit a reserve deputy's qualification will be individually judged. A reserve deputy's dedication to the program and demonstrated maturity, among other factors, will be considered before a concealed weapon permit will be issued. Once issued, the concealed weapon permit will be valid only for as long as the reserve deputy remains in good standing as a Reserve Deputy with the Sonoma County Sheriff's Office.

326.6.3 RESERVE DEPUTY FIREARM TRAINING

All reserve deputies are required to maintain proficiency with firearms used in the course of their assignments. Reserve deputies shall comply with all areas of the firearms training section of the Policy Manual, with the following exceptions:

- (a) All reserve deputies are required to qualify at least every other month

- (b) Reserve deputies may fire at the office approved range at least once each month and more often with the approval of the Reserve Coordinator
- (c) Should a reserve deputy fail to qualify over a two-month period, that reserve deputy will not be allowed to carry a firearm until he/she has reestablished his/her proficiency

326.7 EMERGENCY CALL-OUT FOR RESERVE PERSONNEL

The Reserve Coordinator shall develop a plan outlining an emergency call-out procedure for reserve personnel.

Mutual Aid and Outside Agency Assistance

327.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

327.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this office.

327.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Watch Commander's office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this office, the Watch Commander may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this office.

Deputies may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this office until arrangements for transportation are made by the outside agency. Probation violators who are temporarily detained by this office will not ordinarily be booked at this office. Only in exceptional circumstances, and subject to supervisor approval, will this office provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

327.3.1 INITIATED ACTIVITY

Any on-duty deputy who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Sonoma County Sheriff's Office shall notify his/her supervisor or the Watch Commander and Dispatch as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

327.4 REQUESTING OUTSIDE ASSISTANCE

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

327.5 REPORTING REQUIREMENTS

Incidents of outside assistance or law enforcement activities that are not documented in a crime report shall be documented in a general case report or as directed by the Watch Commander.

327.6 MANDATORY SHARING

Equipment and supplies purchased with federal funds or grants that require such equipment and supplies be shared with other agencies should be documented and updated as necessary by the Administration Captain or the authorized designee.

The documentation should include:

- (a) The conditions relative to sharing.
- (b) The training requirements for:
 - 1. The use of the supplies and equipment.
 - 2. The members trained in the use of the supplies and equipment.
- (c) Any other requirements for use of the equipment and supplies.

Copies of the documentation should be provided to Dispatch and the Watch Commander to ensure use of the equipment and supplies is in compliance with the applicable sharing agreements.

The Professional Standards Bureau Lieutenant should maintain documentation that the appropriate members have received the required training.

Registered Offender Information

328.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Sonoma County Sheriff's Office will address issues associated with certain offenders who are residing in the jurisdiction and how the Office will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

328.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

328.3 REGISTRATION

The Domestic Violence Sexual Assault (DVSA) Supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

328.3.1 CONTENTS OF REGISTRATION

The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph, and any other information required by applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

328.4 MONITORING OF REGISTERED OFFENDERS

The DVSA Supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- (a) Efforts to confirm residence using an unobtrusive method, such as an Internet search or drive-by of the declared residence.
- (b) Review of information on the California DOJ website for sex offenders.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the California DOJ.

Sonoma County Sheriff's Office

Policies

Policies

Registered Offender Information

The DVSA Supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Sonoma County Sheriff's Office personnel, including timely updates regarding new or relocated registrants.

328.5 DISSEMINATION OF PUBLIC INFORMATION

Members will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Members who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Sheriff if warranted. A determination will be made by the Sheriff, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Sonoma County Sheriff's Office's website. Information on sex registrants placed on the Sonoma County Sheriff's Office's website shall comply with the requirements of Penal Code § 290.46.

The CIB Manager may release local registered offender information to residents only in accordance with applicable law and in compliance with a California Public Records Act request (Government Code § 7920.000 et seq.; Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1).

328.5.1 LIMITED RELEASE WITHIN COLLEGE CAMPUS COMMUNITY

California law allows the following additional information regarding a registered sex offender on campus, whose information is not available to the public via the Internet website, to be released to a campus community (Penal Code § 290.01(d)):

- (a) The offender's full name
- (b) The offender's known aliases
- (c) The offender's sex
- (d) The offender's race
- (e) The offender's physical description
- (f) The offender's photograph
- (g) The offender's date of birth
- (h) Crimes resulting in the registration of the offender under Penal Code § 290
- (i) The date of last registration

For purposes of this section, campus community shall be defined as those persons present at or regularly frequenting any place constituting campus property, satellite facilities, laboratories, public areas contiguous to the campus and other areas set forth in Penal Code § 290.01(d).

328.5.2 RELEASE NOTIFICATIONS

Registrant information that is released should include notification that:

- (a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.
- (b) The information is provided as a public service and may not be current or accurate.
- (c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.
- (d) The crime for which a person is convicted may not accurately reflect the level of risk.
- (e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.
- (f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code 290.45).

Major Incident Notification

329.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Sheriff's Office in determining when, how and to whom notification of major incidents should be made.

329.2 POLICY

The Sonoma County Sheriff's Office recognizes that certain incidents should be brought to the attention of supervisors or other specified personnel of this Office to facilitate the coordination of activities and ensure that inquiries from the media and the public may be properly addressed.

329.3 MINIMUM CRITERIA FOR NOTIFICATION

Most situations where the media show a strong interest are also of interest to the Sheriff's Office. The following list of incident types is provided as a guide for notification and is not intended to be all inclusive:

- Homicides
- Officer involved critical incident - on or off duty or any incident covered by the Law Enforcement Employee - Involved Fatal Incident Protocol
- Significant injury or death to member - on or off duty
- Death of a prominent Sonoma official
- Arrest of any Sheriff's Office member or prominent Sonoma official
- Major catastrophic or crisis events such as: aircraft crash with major damage and/or injury or death, riots, workplace shootings, etc.
- In-custody deaths
- Pursuits that result in significant injury or death
- Escapes from MADF or NCDF
- School security incident
- Other significant events that could reasonably be presumed to be important or of immediate interest to command staff

329.4 WATCH COMMANDER RESPONSIBILITY

The on duty Watch Commander (Lieutenant or Sergeant) is responsible for making the appropriate notifications to their Section Captain as soon as practical. The Watch Commander shall make reasonable attempts to obtain as much information on the incident as possible before notification.

329.4.1 STAFF NOTIFICATION

In the event an incident occurs described in the Major Incident Notification Policy, the Sheriff shall be notified along with the affected Captain and the Detective Lieutenant.

329.4.2 DETECTIVE NOTIFICATION

If the incident requires that a detective respond, the immediate supervisor of the appropriate detail shall be contacted who will then contact the appropriate detective.

329.4.3 TRAFFIC BUREAU NOTIFICATION

In the event of a traffic fatality or major injury, the sergeant shall notify the designated traffic incident investigator.

329.4.4 PUBLIC INFORMATION OFFICER (PIO)

The Public Information Officer shall be called after members of staff have been notified that it appears the media may have a significant interest in the incident.

Identity Theft

330.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

330.2 REPORTING

- (a) In an effort to maintain uniformity in reporting, deputies presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims residing within the jurisdiction of this office when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, deputies should observe the following:
 1. For any victim not residing within this jurisdiction, the deputy may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, deputies of this office should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).
- (c) Deputies should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Deputies should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.
- (e) The reporting deputy should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.
- (f) Following supervisory review and office processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.
- (g) Deputies should provide the victim with the Sheriff's Office identity theft pamphlet, and inform the victim about how to obtain a copy of the report.

Death Investigation

331.1 PURPOSE AND SCOPE

To provide guidelines for the Patrol Bureau to be able to properly handle coroner's cases, and to establish procedures for call-outs of Coroner Detectives by Dispatch. The investigations of cases involving death include those ranging from natural causes to homicide. Some causes of death may not be readily apparent and some cases differ substantially from what they appear to be initially. The thoroughness of death investigations cannot be emphasized enough. Death investigation cases require certain actions be taken. A supervisor shall be notified in all death investigations.

The Coroner's Unit is on-duty and available for coroner calls between 0700 and 0100 the following day. During the hours of 0100 to 0700, patrol deputies must handle routine death investigations. However, Coroner Detectives can be called-out to respond during these hours when needed, subject to the outlined criteria below.

331.2 DEFINITIONS

The following medical definitions are given to aid Deputies in determining the appropriate level of investigative response. For purposes of this policy, these definitions apply to deaths that do not involve foul play or questionable circumstances.

- (a) **ATTENDED DEATH:** Any death in which the decedent had been under the recent, on-going care of a physician for an identified illness or disease process. Evidence at a death scene of on-going care would normally consist of things such as the following:
 - Recently obtained prescription medications
 - Medical appointment cards
 - "Do Not Resuscitate" orders
 - Under current Hospice care
 - Statements from witnesses and/or relatives of on-going medical treatment
- (b) **UNATTENDED DEATH:** Any death in which there is no evidence discovered to indicate the decedent had been under the on-going care of a physician for an identified illness or disease process.

331.2.1 PROCEDURE

The Patrol Bureau of the agency of jurisdiction typically handles the initial response to coroner calls. For incidents occurring in the Sheriff's Office jurisdiction during the Coroner's Unit on-duty hours, a patrol Deputy should first respond to collect the basic facts related to the death. After doing so, a Coroner Detective should be contacted. Once the coroner Detective assumes the case, the patrol Deputy's role usually ceases. However, based upon the circumstances and investigative needs, it may be necessary for the patrol Deputy to assist with the investigation (i.e., assist in notifications, etc.). When a Coroner Detective is not available to respond, it shall be the patrol Deputy's responsibility to perform basic coroner duties. This would include things such as death notifications, property collection, and report writing. Deputies must remember that coroner calls

Sonoma County Sheriff's Office

Policies

Policies

often involve distraught survivors and family members, so they shall conduct themselves in a courteous and respectful manner, and be as considerate as officer safety and public safety allows.

331.2.2 CORONER CALL-OUTS

Between the hours of 0700 and 0100 the following day, at least one Coroner Detective will be on-duty and available for calls. Coroner call-outs that are placed by Dispatch shall be made directly to the Coroner's Unit (on-duty Coroner Detective) at the Central Morgue Facility (CMF) during business hours. For after-hours call-outs, Deputies must have supervisor approval prior to making a coroner call-out request to Dispatch. Dispatch shall follow the call-out schedule as provided by the Detective Sergeant of the Coroner's Unit.

A Coroner Detective shall be notified at any hour for the following incidents:

- (a) Known or suspected homicides that occur within the county.
- (b) All burn victim deaths in which the decedent is burned beyond recognition and identification is critical.
- (c) All multiple deaths, (more than one death from the same occurrence) including murder/ suicides.
- (d) All deaths involving industrial accidents. Any member of this office who responds to and determines that a death, serious illness, or serious injury has occurred as a result of an accident, at or in connection with the victim's employment shall ensure that the nearest office of Cal-OSHA is notified by telephone immediately or as soon as practicable with all the pertinent information (8 CCR 342(b)). This can also be accomplished by sending Cal-OSHA a copy of the Incident Report.
- (e) Any fatal airplane crash.
- (f) All infants (birth to one year) pronounced dead at the scene, or infants who die during initial medical care after transport to a medical facility.
- (g) Any deaths that occur during initial medical treatment as a result of any of the above.
- (h) Deaths that occur in the Operating Room during surgery.
- (i) When, in the opinion of the Watch Commander, the death investigation requires special expertise or handling by a Coroner Detective. (Example: suicides with an extensive death scene or any other case that is very time-consuming).
- (j) When, in the opinion of the Watch Commander, there is insufficient manpower for Patrol to investigate the case in an acceptable time period.
- (k) Any death involving any criminal action or suspicion of a criminal act. Including child and dependent adult negligence and abuse.
- (l) Associated with a known or alleged rape or crime against nature.
- (m) Known or suspected contagious disease and constituting a public hazard.
- (n) In-custody deaths and any death that has peace officer involvement.

The existing case facts for any of these types of cases will determine the level of response from the Coroner's Unit.

Death Investigation

331.2.3 DEATH INVESTIGATIONS HANDLED BY PATROL

Patrol has primary responsibility for death investigation calls during Coroner Unit off-duty hours. Cases that do not involve the circumstances enumerated above, shall be handled by the Patrol Bureau when the Coroner Unit is off-duty or otherwise unavailable.

331.2.4 PATROL/DETECTIVE HANDLING OF DEATH INVESTIGATIONS

The following steps are basic considerations for properly handling death investigations. The circumstances of the case may dictate additional actions.

- (a) Respond to any death scene within the county as required.
- (b) Examine the decedent, instrumentation of death, death scene, and any other relevant evidence.
- (c) Photograph scene, unless Crime Scene Investigations Detectives have responded.
- (d) Facilitate removal of the body from the death scene. If the victim died on natural causes and it was an "attended death", the body may be conditionally released to a mortuary of the family's preference. Relatives should be given the option of selecting a mortuary service of their choice for removal of the body. The Mortuary Service should be instructed that you are placing a "Coroner's Hold" on the body, so that the Coroner's Unit can have time to obtain the attending physician's signature on the death certificate during business hours.
 - If the death falls within the jurisdiction of the Coroner (as defined in Ca. Govt. Code § 27491), or if there are no relatives present to select a mortuary, or if relatives are unable to select a mortuary, the body shall be removed from the scene to the Central Morgue Facility via the Coroner's contract removal service. The contract removal service shall not be dispatched to a residential death scene prior to the Deputy determining if the possibility exists of the body being removed to a mortuary of the family's selection.
 - The patrol Deputy shall ensure that all tissue, bone fragments and body parts are removed with the body. In cases where the decedent's remains are to be transported to a family selected Sonoma County mortuary, the Deputy should remain at the scene until a mortuary representative arrives. If the mortuary/removal service has an extended ETA, the Deputy may depart prior to the removal service arriving on the scene. Prior to the Deputy departing the scene, the Deputy shall obtain approval from the on-duty Sergeant. The Deputy should ensure that the next of kin has adequate support services on scene prior to leaving (family members, Chaplains, etc.).
- (e) When next-of-kin are not present at the death scene, the Deputy shall search the decedent's residence for burial or cremation instructions, a will, next-of-kin information, suicide notes, instrumentation of death, or anything else relevant to the investigation. Particular attention should be given to the presence of prescription medications, because they can assist the pathologist in understanding the circumstances of the death. Therefore, all prescription medications should be located and booked into the Property/Evidence Unit.

Sonoma County Sheriff's Office

Policies

Policies

Death Investigation

- (f) Make efforts to secure and safeguard the decedent's property and any evidence. If relatives are available, the residence and property may be turned over to them. Otherwise, secure and affix a Coroner seal prior to departure.
- (g) Inventory any items seized on a Sonoma County Sheriff's Office Property/Evidence Form. A copy of the completed form shall be left at the death scene or delivered to the next-of-kin.
- (h) Arrange care for family members and/or animals, as needed. If animals cannot be secured or turned over to a responsible party, animal Control may be called. Such arrangements should be noted in the report.
- (i) In cases where the decedent has recently been under a doctor's care, attempt to make contact with the physician who actually treated the decedent (and not just an on-call partner) to determine medical history, use of medication, and evidence of illness.
- (j) In cases where the cause, manner or circumstances of the victim's death cannot be determined, the body removal service shall be summoned to transport the body to the Central Morgue Facility for further investigation by the Coroner's Unit. Consideration should first be given to the possibility of foul play. In indeterminate cases, a supervisor or the on-call coroner Detective should be consulted.
- (k) For any case handled by the Patrol Bureau, the Coroner's Unit shall be advised of the death investigation by 0700 hours on the following day. This can be accomplished by leaving a voicemail, sending an email or fax to the Coroner's Unit prior to that time.
- (l) Prepare a Sonoma County Sheriff-Coroner Investigative Report (Death Investigation Report). It may also be necessary to write an incident report if interviews are conducted, the scene is complicated, or if extensive follow-up is required. The Death Investigation Report shall be completed, approved, and emailed or faxed to the Coroner's unit prior to the end of shift. If the report is not ready to be faxed by 0700 hours, the Coroner's Unit shall be notified.
- (m) The Coroner Detective or Patrol Deputy is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that a Patrol Deputy or Police Officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). If such a donor card is located, the Coroner Detective or a designee shall be promptly notified. Should exigent circumstances indicate to a Patrol Deputy that any search of a known dead body is warranted prior to the arrival of the Coroner Detective or a designee, the investigating Patrol Deputy shall first obtain verbal consent from the Coroner Detective or a designee (Government Code § 27491.2). Whenever possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain at the scene with the Patrol Deputy pending the arrival of the Coroner Detective or a designee. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Patrol Deputy or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

Death Investigation

331.2.5 SUSPECTED HOMICIDE

If the initially assigned deputy suspects that the death involves a homicide or other suspicious circumstances, the deputy's immediate supervisor shall be notified. The Investigations Bureau shall be notified to determine the possible need for a detective to respond to the scene for further immediate investigation.

331.2.6 DEATH NOTIFICATIONS

It is the primary responsibility of the Coroner detective during Coroner's Unit on-duty hours to make Next of Kin notification, when practical and/or appropriate.

When practical, and if not handled by the Coroner's Office, notification to the next of kin of the deceased person shall be made, in person, by the deputy assigned to the incident. If the next of kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification. If the relatives live outside this county, the Coroner in that jurisdiction may be requested to make the notification. The Coroner Detective needs to know if the notification has been made. Assigned detectives may need to talk to the next of kin.

331.2.7 OUTSIDE AGENCY REQUEST FOR DEATH NOTIFICATIONS

It is the responsibility of the Coroner detective or deputy to verify the information provided by the requesting agency before conducting a death notification (i.e. how decedent was ID'd, how NOK was located, circumstances of death).

331.2.8 UNIDENTIFIED DEAD BODIES

If the identity of a dead body cannot be established after the Coroner arrives, the Coroner's Office will issue a "John Doe" number for the report.

331.3 CONTRACT CITIES

Calls within the city limits of Windsor or Sonoma will be handled using the same criteria used for any other city in the county.

Communications with Persons with Disabilities

332.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

332.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

332.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Office will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

332.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Sheriff shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Watch Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

- (a) Working with the County ADA coordinator regarding the Sonoma County Sheriff's Office's efforts to ensure equal access to services, programs and activities.
- (b) Developing reports, new procedures, or recommending modifications to this policy.
- (c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to office services, programs and activities.

Sonoma County Sheriff's Office

Policies

Policies

Communications with Persons with Disabilities

- (d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Dispatch Manager. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- (e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- (f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- (g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to office services, programs and activities.

332.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this office should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

332.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

Sonoma County Sheriff's Office

Policies

Policies

Communications with Persons with Disabilities

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Sonoma County Sheriff's Office, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

332.6 TYPES OF ASSISTANCE AVAILABLE

Sonoma County Sheriff's Office members shall never refuse to assist an individual with disabilities who is requesting assistance. The Office will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Office will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept office-provided auxiliary aids or services or they may choose to provide their own.

Office-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

332.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Office may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

Sonoma County Sheriff's Office

Policies

Policies

Communications with Persons with Disabilities

332.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use office-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

332.9 TTY AND RELAY SERVICES

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Office will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

332.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Office to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, office members

Sonoma County Sheriff's Office

Policies

Policies

Communications with Persons with Disabilities

must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

332.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

332.12 REPORTING

Whenever any member of this office is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Office or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

332.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Office recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this office. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning

Sonoma County Sheriff's Office

Policies

Policies

Communications with Persons with Disabilities

or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the deputy is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, deputies should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

332.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

332.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this office will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

332.15 ARREST AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting deputy shall use office-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon

Sonoma County Sheriff's Office

Policies

Policies

Communications with Persons with Disabilities

as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the deputy reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

332.16 COMPLAINTS

The Office shall ensure that individuals with disabilities who wish to file a complaint regarding members of this office are able to do so. The Office may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the office ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Office.

332.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this office are important to the ultimate success of more traditional law enforcement duties. This office will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

332.18 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Office will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Professional Standards Bureau Lieutenant shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years

Sonoma County Sheriff's Office

Policies

thereafter. The Training Manager shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

332.18.1 CALL-TAKER TRAINING

Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

- (a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.
- (b) ASL syntax and accepted abbreviations.
- (c) Practical instruction on identifying and processing TTY or TDD calls, including the importance of recognizing silent TTY or TDD calls, using proper syntax, abbreviations and protocol when responding to TTY or TDD calls.
- (d) Hands-on experience in TTY and TDD communications, including identification of TTY or TDD tones.

Training should be mandatory for all Dispatch members who may have contact with individuals from the public who are deaf, hard of hearing or have impaired speech. Refresher training should occur every six months.

Private Persons Arrests

333.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

333.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Penal Code § 836(b) expressly mandates that all deputies shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, deputies should use sound discretion in determining whether or not to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, deputies should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

333.3 ARRESTS BY PRIVATE PERSONS

Penal Code § 837 provides that a private person may arrest another:

- (a) For a public offense committed or attempted in his or her presence;
- (b) When the person arrested has committed a felony, although not in his or her presence;
- (c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

333.4 DEPUTY RESPONSIBILITIES

Any deputy presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

- (a) Should any deputy determine that there is no reasonable cause to believe that a private person's arrest is lawful, the deputy should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
 - 1. Any deputy who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b)(1). The deputy must include the basis of such a determination in a related report.

Sonoma County Sheriff's Office

Policies

Policies

Private Persons Arrests

2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the deputy, the deputy should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever a deputy determines that there is reasonable cause to believe that a private person's arrest is lawful, the deputy may exercise any of the following options:
1. Take the individual into physical custody for booking
 2. Release the individual pursuant to a Notice to Appear
 3. Release the individual pursuant to Penal Code § 849

333.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign an office Private Person's Arrest form under penalty of perjury.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), deputies shall complete a narrative report regarding the circumstances and disposition of the incident.

Anti-Reproductive Rights Crimes Reporting

334.1 PURPOSE AND SCOPE

This policy shall establish a procedure for the mandated reporting of Anti-Reproductive Rights Crimes (ARRC) to the Attorney General pursuant to the Reproductive Rights Law Enforcement Act (Penal Code § 13775 et seq.).

334.2 DEFINITIONS

Penal Code § 423.2 provides that the following acts shall be considered Anti-Reproductive Rights Crimes (ARRC) when committed by any person, except a parent or guardian acting towards his or her minor child or ward:

- (a) By force, threat of force, or physical obstruction that is a crime of violence, intentionally injures, intimidates, interferes with, or attempts to injure, intimidate, or interfere with any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider, or assistant
- (b) By non-violent physical obstruction, intentionally injures, intimidates, or interferes with, or attempts to injure, intimidate, or interfere with, any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider or assistant
- (c) Intentionally damages or destroys the property of a person, entity, or facility, or attempts to do so, because the person, entity, or facility is a reproductive health services client, provider, assistant, or facility

334.3 REPORTING REQUIREMENTS TO THE ATTORNEY GENERAL

- (a) Upon the receipt of the report of an ARRC, it shall be the responsibility of the employee taking such a report to also complete an ARRC Data Collection Worksheet (BCIA 8371) in accordance with the instructions contained on such forms.
- (b) The ARRC Data Collection Worksheet shall be processed with all related reports and forwarded to the CIB Manager.
- (c) By the tenth day of each month, it shall be the responsibility of the CIB Manager to ensure that a Summary Worksheet (BCIA 8370) is submitted to the Department of Justice Criminal Justice Statistics Center.
 1. In the event that no ARRC(s) were reported during the previous month, a Summary Worksheet shall be submitted to Department of Justice with an indication that no such crimes were reported.
 2. Any ARRC(s) reported in the Summary Worksheet shall be accompanied by a copy of the related Data Collection Worksheet(s).

Limited English Proficiency Services

335.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

335.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Office to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Sonoma County Sheriff's Office, designated by the Office, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

335.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members. Language barriers can sometimes inhibit or even prohibit individuals with LEP from gaining meaningful access to, or an understanding of important rights, obligations and services. It is therefore the policy of this Office to take all reasonable steps to ensure timely and equal access to all individuals, regardless of national origin or primary language. Title VI of the Civil Rights Act of 1964, 601, 42 U.S.C. 2000d.

The Office will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

335.3 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Office will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal

Sonoma County Sheriff's Office

Policies

Policies

Limited English Proficiency Services

Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by office members, or who may benefit from programs or services within the jurisdiction of the Office or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with office members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

335.3.1 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

In order to provide LEP individuals with meaningful access to police services when they are victims of, or witnesses to, alleged criminal activity or other emergencies, this office has designated its 911 lines as its top priority for language services.

While 911 calls shall receive top priority, it is also important that reasonable efforts be made to accommodate LEP individuals seeking more routine access to services and information from this office.

This Office will take reasonable steps and will work with the Personnel to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

335.3.2 EMERGENCY CALLS TO 9-1-1

Office members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call taker receives a call and determines that the caller is an LEP individual, the call taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in Dispatch, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call taker is unable to identify the caller's language, the call taker will contact the contracted telephone interpretation service and establish a three-way call between the call taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

335.3.3 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts which may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Each deputy and/or supervisor must, however, assess each such situation to determine the need and availability for translation services to any and all involved LEP individuals.

Although not every situation can be addressed within this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action taken with an LEP individual. It would also, for example, be meaningless to request consent to search if the deputy is unable to effectively communicate with an LEP individual.

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, the deputy should consider the use of an authorized interpreter or other resource outlined in this policy. The deputy should document the contact information for the interpreter in the report.

Any Miranda warnings shall be provided to the suspect(s) in their primary language either verbally by a bilingual member or in writing by providing a translated Miranda warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

If available, deputies should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

335.3.4 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, deputies should consider calling for an authorized interpreter in the following order:

- An authorized Sheriff's Office member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Sonoma County Sheriff's Office

Policies

Policies

Limited English Proficiency Services

Any Miranda warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated Miranda warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

335.3.5 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. Miranda warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are documented accurately and admissible as evidence, audio recordings of interrogations, victim interviews and witness interviews should be used whenever reasonably possible.

335.3.6 COMPLAINTS

The Office shall ensure access to LEP persons who wish to file a complaint regarding members of the Office are able to do so.. The Office may provide an authorized interpreter or translated forms, as appropriate.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this office.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language accessible manner.

335.3.7 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this office are important to the ultimate success of more traditional law enforcement duties. This office will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

335.4 TYPES OF LEP ASSISTANCE AVAILABLE

Sonoma County Sheriff's Office members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Office will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Office will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

Sonoma County Sheriff's Office

Policies

Policies

Limited English Proficiency Services

LEP individuals may choose to accept office-provided LEP services at no cost or they may choose to provide their own.

Office-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

335.5 WRITTEN FORMS AND GUIDELINES

The Office will endeavor to provide frequently used and critical forms and guidelines in languages most commonly represented within the community or a particular area.

335.6 AUDIO RECORDINGS

The Office may develop audio recordings of important information needed by LEP individuals. For example, Deputies may be provided with a canine warning or crowd dispersal order for broadcast in a language most likely to be understood by involved LEP individuals.

335.7 QUALIFIED BILINGUAL MEMBERS

Sheriff's Office members utilized for LEP services need not be certified as interpreters, but need only have a competent understanding of the language involved. When bilingual Sheriff's Office members are not available, employees from other departments within the area may be requested by a supervisor, depending on the circumstances.

335.8 AUTHORIZED INTERPRETERS

Any person designated by the Office to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the office case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- (a) The competence and ability to communicate information accurately in both English and in the target language.
- (b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- (c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (d) Knowledge of the ethical issues involved when acting as a language conduit.

335.8.1 SOURCES OF AUTHORIZED INTERPRETERS

The Office may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Sonoma County Sheriff's Office

Policies

Policies

Limited English Proficiency Services

Other sources may include:

- Qualified bilingual members of this office or personnel from other County departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this office, and with whom the Office has a resource-sharing or other arrangement that they will interpret according to office guidelines.

335.8.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Office to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, office members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

335.9 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this Office will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this Office is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Office or some other identified source.

335.10 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance

Sonoma County Sheriff's Office

Policies

Policies

of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

335.11 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Office will provide periodic training on this policy and related procedures, including how to access office-authorized telephonic and in-person interpreters and other available resources.

The Professional Standards Bureau Lieutenant shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Unit shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

335.11.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Professional Standards Bureau Lieutenant shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

- (j) A qualifying offender who, after having been given written notice by law enforcement personnel or an Officer of the court, refuses to give blood specimens, saliva samples, or thumb/palm prints, is guilty of a misdemeanor, per 298.1 PC, punishable by up to one year in the county jail and a \$500 fine.
- (k) Samples, specimens, and print impressions must be forwarded promptly to the DOJ.
- (l) In order to avoid redundant DNA collection from the same subject, it is important to communicate the fact of collection to DOJ, as well as to other law enforcement and/or correctional agencies that may assume jurisdiction over the subject (e.g., those felons who will be transported to state prison).
- (m) A refusal to submit to DNA collection may be passive or aggressive and may or may not lead to the use of force. An initial refusal in which voluntary compliance is subsequently attained is not considered a refusal for reporting purposes.
- (n) DOJ provides the CAL-DNA Collection Kits free of charge. A DNA Identification Fund has been established by the County Board of Supervisors to defray the costs of labor, administrative, and miscellaneous supplies associated with DNA collection.
- (o) Collections for out-of-custody offenders will be completed at the MADF BPR Room. Agency representatives must schedule these collections with the DNA Coordinator or designee.

338.3 GENERAL GUIDELINES

Child and Dependent Adult Safety

339.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this office (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Senior and Disability Victimization policies.

339.2 POLICY

It is the policy of this office to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Sonoma County Sheriff's Office will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

339.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, deputies should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, deputies should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Deputies should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, deputies should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, deputies should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the deputy at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

Sonoma County Sheriff's Office

Policies

Policies

Child and Dependent Adult Safety

339.3.1 AFTER AN ARREST

Whenever an arrest is made, the deputy should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Deputies should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Deputies should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), deputies should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the deputy should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.
- (e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting deputy should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report.

339.3.2 DURING THE BOOKING PROCESS

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).

Sonoma County Sheriff's Office

Policies

Policies

Child and Dependent Adult Safety

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

339.3.3 REPORTING

- (a) For all arrests where children are present or living in the household, the reporting member will document the following information:
1. Name
 2. Sex
 3. Age
 4. Special needs (e.g., medical, mental health)
 5. How, where and with whom or which agency the child was placed
 6. Identities and contact information for other potential caregivers
 7. Notifications made to other adults (e.g., schools, relatives)
- (b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:
1. Name
 2. Sex
 3. Age
 4. Whether he/she reasonably appears able to care for him/herself
 5. Disposition or placement information if he/she is unable to care for him/herself

339.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling deputies, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

339.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling deputy should contact the appropriate welfare service or other office-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the sheriff's facility, transported in a marked patrol car or taken into formal protective custody.

339.5 TRAINING

The Professional Standards Bureau Lieutenant is responsible to ensure that all personnel of this office who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).

Volunteer Program

340.1 PURPOSE AND SCOPE

It is the policy of the Sonoma County Sheriff's Office to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Office and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn deputies and civilian personnel. Volunteers can be an important part of any organization and are proven to be a valuable asset to law enforcement agencies. Volunteers help to increase office responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Office and prompt new enthusiasm.

340.1.1 DEFINITION OF VOLUNTEER

An individual who performs a service for the Office without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve deputies, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

340.2 VOLUNTEER MANAGEMENT

340.2.1 VOLUNTEER COORDINATOR

The Volunteer Coordinator shall be appointed by the Administration Captain. The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Office, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other Office staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator, or his/her designee, shall be responsible for the following:

- (a) Recruiting, selecting and training qualified volunteers for various positions.
- (b) Facilitating the implementation of new volunteer activities and assignments.
- (c) Maintaining records for each volunteer.
- (d) Tracking and evaluating the contribution of volunteers.
- (e) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers.
- (f) Maintaining a record of volunteer schedules and work hours.
- (g) Completion and dissemination as appropriate of all necessary paperwork and information.
- (h) Planning periodic recognition events.
- (i) Administering discipline when warranted.

Sonoma County Sheriff's Office

Policies

Policies

Volunteer Program

- (j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

340.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis consistent with office policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Office in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time-frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

340.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

- (a) Traffic and criminal background check. Fingerprints shall be obtained from all applicants and processed through the California Criminal Information Index.
- (b) Employment
- (c) References

A polygraph exam may be required of each applicant depending on the type of assignment.

340.2.4 SELECTION AND PLACEMENT

Service as a volunteer with the Office shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Office, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Office. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Office.

Sonoma County Sheriff's Office

Policies

Policies

Volunteer Program

340.2.5 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the Office, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn deputies or other full-time members of the Office. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Office.

340.2.6 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

- (a) Driver license
- (b) Medical condition
- (c) Arrests
- (d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this office regarding drug and alcohol use.

340.2.7 DRESS CODE

As representatives of the Office, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to office-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn deputies. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official office assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or office property at the termination of service.

340.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Office must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

340.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or office policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by office policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Office. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Office, or maintain that they represent the Office in such matters without permission from the proper office personnel.

340.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn at all times while on-duty. Any fixed and portable equipment issued by the Office shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Office and shall be returned at the termination of service.

340.5.1 VEHICLE USE

Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

Sonoma County Sheriff's Office

Policies

Policies

Volunteer Program

- (a) A driving safety briefing and office approved driver safety course.
- (b) Verification that the volunteer possesses a valid California Driver License.
- (c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should insure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Office vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Office vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and are not authorized to operate a Office vehicle Code-3.

340.5.2 RADIO AND MDC USAGE

Volunteers shall successfully complete CLETS and radio procedures training prior to using the police radio or MDC and comply with all related provisions. The Volunteer Coordinator should ensure that radio and CLETS training is provided for volunteers whenever necessary.

340.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Sheriff or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Sheriff or authorized designee.

Volunteers may resign from volunteer service with the Office at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

340.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Office.

340.7 EVALUATION

An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.

Service Animals

341.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

341.1.1 DEFINITIONS

Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

341.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to provide services and access to persons with service animals in the same manner as those without service animals. Office members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

341.3 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with

schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

341.4 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Office members are expected to treat individuals with service animals with the same courtesy and respect that the Sonoma County Sheriff's Office affords to all members of the public (28 CFR 35.136).

341.4.1 INQUIRY

If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

341.4.2 CONTACT

Service animals are not pets. Office members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

341.4.3 REMOVAL

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, a deputy may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this office are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

341.4.4 COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this office should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany

Sonoma County Sheriff's Office

Policies

Policies

Service Animals

their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, deputies should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

Off-Duty Law Enforcement Actions

342.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place a deputy as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for deputies of the Sonoma County Sheriff's Office with respect to taking law enforcement action while off-duty.

342.2 POLICY

Initiating law enforcement action while off-duty is generally discouraged. Deputies should not attempt to initiate enforcement action when witnessing minor crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Deputies are not expected to place themselves in unreasonable peril. However, any sworn member of this office who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, deputies should first consider reporting and monitoring the activity and only take direct action as a last resort.

342.3 FIREARMS

Deputies of this office may carry firearms while off-duty in accordance with federal regulations and office policy. All firearms and ammunition must meet guidelines as described in the office Firearms Policy. When carrying firearms while off-duty deputies shall also carry their office-issued badge and identification.

Deputies should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any deputy who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the deputy's senses or judgment.

342.4 DECISION TO INTERVENE

There is no legal requirement for off-duty deputies to take law enforcement action. However, should deputies decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

- (a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, OC or baton.

Sonoma County Sheriff's Office

Policies

Policies

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty deputy were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty deputy to be misidentified by other peace officers or members of the public.

Deputies should consider waiting for on-duty uniformed deputies to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

342.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary the deputy should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty deputy is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the deputy should loudly and repeatedly identify him/herself as a Sonoma County Sheriff's Office deputy until acknowledged. Official identification should also be displayed.

342.4.2 INCIDENTS OF PERSONAL INTEREST

Deputies should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances deputies should call the responsible agency to handle the matter.

342.4.3 CIVILIAN RESPONSIBILITIES

Professional Staff personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

342.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed deputy in public, uniformed deputies should wait for acknowledgement by the non-uniformed deputy in case he/she needs to maintain an undercover capability.

342.5 REPORTING

Any off-duty deputy who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Deputies should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Gun Violence Restraining Orders

343.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for petitioning and serving gun violence restraining orders and accounting for the firearms obtained pursuant to those orders (Penal Code § 18108).

343.1.1 DEFINITIONS

Definitions related to this policy include:

Gun violence restraining order - Civil restraining order prohibiting a named person from controlling, owning, purchasing, possessing, receiving, or otherwise having custody of any firearms or ammunition, including an ammunition magazine (Penal Code § 18100).

343.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to petition for and serve gun violence restraining orders in compliance with state law and to properly account for firearms and ammunition obtained by the Office pursuant to such orders.

343.3 GUN VIOLENCE RESTRAINING ORDERS

A deputy who reasonably believes a person is a present danger to him/herself or another person by controlling, owning, purchasing, possessing, receiving, or otherwise having custody of a firearm should request permission from his/her supervisor to petition the court for a gun violence restraining order.

Deputies petitioning the court should use the forms established by the Judicial Council (Penal Code § 18105). The petition should describe the number, types, and locations of any firearms and ammunition that the deputy believes to be possessed or controlled by the person (Penal Code § 18107). The petition should also describe why less-restrictive alternatives are ineffective or inadequate for the circumstances (Penal Code § 18125; Penal Code § 18150; Penal Code § 18175).

If it is not practical under the circumstances to submit a written petition, a deputy may orally request an order, and then prepare and sign a declaration under penalty of perjury that recites the oral statements provided to the judicial officer and memorialize the order of the court on the appropriate Judicial Council form (Penal Code § 18122; Penal Code § 18140).

343.3.1 ADDITIONAL CONSIDERATIONS

Deputies should also consider requesting permission to petition the court for a gun violence restraining order (Penal Code § 18108):

- (a) When responding to a domestic disturbance where the residence is associated with a firearm registration or record.
- (b) When responding to any call or incident when a firearm is present or when one of the involved parties owns or possesses a firearm.

Sonoma County Sheriff's Office

Policies

Gun Violence Restraining Orders

- (c) During a contact with a person exhibiting mental health issues, including suicidal thoughts, statements, or actions if that person owns or possesses a firearm.

Deputies should consider obtaining a mental health evaluation if the encounter involves a situation where there is a reasonable cause to believe that the person poses an immediate and present danger of causing personal injury to themselves or another person by having custody or control of a firearm (see the Mental Illness Commitments Policy) (Penal Code § 18108).

343.4 SERVICE OF GUN VIOLENCE RESTRAINING ORDERS

A deputy serving any gun violence restraining order shall:

- (a) Verbally ask the subject of the order if he/she has any firearm, ammunition, or magazine in his/her possession or under his/her custody or control (Penal Code § 18160).
- (b) Request that any firearms or ammunition be immediately surrendered and issue a receipt for the surrendered items (Penal Code § 18120).
- (c) Take into temporary custody any firearm or other deadly weapon discovered in plain view or pursuant to consent or other lawful search (Penal Code § 18250).
- (d) Inform the restrained person of any scheduled hearing regarding the order (Penal Code § 18160).
- (e) Transmit the original proof of service form to the issuing court as soon as practicable but within one business day (Penal Code § 18115).
- (f) As soon as practicable, but by the end of his/her shift, submit proof of service to the CIB Manager for prompt entry into the California Restraining and Protective Order System (Penal Code § 18115).

The deputy should also inform the restrained person that he/she is required, within 24 hours, to surrender to a law enforcement agency any other firearms and ammunition he/she owns or that are in his/her custody or control or sell them to a firearms dealer. This notification should be documented.

All firearms and ammunition collected shall be handled and booked in accordance with the Property and Evidence Policy.

343.4.1 TEMPORARY EMERGENCY GUN VIOLENCE RESTRAINING ORDERS

A deputy requesting a temporary emergency gun violence restraining order shall (Penal Code § 18140):

- (a) For oral requests, sign a declaration under penalty of perjury reciting the oral statements provided to the judicial officer and memorialize the order of the court on the form approved by the Judicial Council.
- (b) Serve the order on the restrained person if the person can be reasonably located.
- (c) Forward a copy of the order to the CIB Manager for filing with the court and appropriate databases.

343.5 SEARCH WARRANTS

If a person who has been served with a gun violence restraining order refuses to surrender any firearm or ammunition, the deputy should consider whether to seek a search warrant. If a search warrant is to be obtained, the preparation and service of the search warrant shall be done in accordance with the Warrant Service Policy. Additionally, (Penal Code § 1542.5):

- (a) The deputy serving the warrant shall take custody of any firearm or ammunition that is controlled, possessed or owned by the person who is the subject of the gun violence restraining order, including any discovered pursuant to the warrant, a consensual search or other lawful search.
- (b) If the location being searched is jointly occupied and the firearm or ammunition is owned by a person other than the restrained person, the firearm or ammunition should not be seized if the following conditions are met:
 - 1. The firearm or ammunition can be stored in a manner that does not allow the restrained person to have control or access.
 - 2. There is no evidence that the owner unlawfully possesses the firearm or ammunition.
- (c) If a locked gun safe belonging to someone other than the subject of a gun violence restraining order is discovered, the deputy shall not search the contents of the safe unless the owner consents or there is a valid search warrant for the safe. Any search of the safe must be done in the owner's presence.

- (b) Prior to the inmate being placed in the holding cell the deputy will search the cell to ensure there are no prohibited items in the cell. The transporting deputy shall document the inmate's name, date and time the inmate was placed in and removed from the holding cell and monitor the inmate the entire time. If the inmate is in the holding cell for more than sixty (60) minutes, the deputy will document safety checks once an hour.
- (c) Step (B) will then be followed ensuring the security movement hallway is clear of any juveniles.

346.4.4 TRANSPORTING ADULTS TO THE JJC

Transporting Injured or Ill Persons

347.1 PURPOSE AND SCOPE

This policy establishes guidelines for the transporting of injured or ill (non-arrestees) persons in County vehicles by Sheriff's Office members. Each case must be evaluated and no hard and fast rules can be established. However, members should understand that there is increased liability, not only for the County, but also for the Office member, concerning the welfare and safety of individual(s) transported in a County vehicle. This liability is greatly increased when the person being transported is seriously injured or in grave danger of dying.

347.2 GENERAL GUIDELINES

- (a) Injured and/or ill persons shall be transported to a medical facility by an ambulance whenever possible.
- (b) Members are frequently under considerable pressure from family members and others to immediately transport a seriously injured or ill person to a hospital. In the majority of cases, this should be avoided and all alternatives available should be considered. In most areas of the County an ambulance and fire department resources are within a reasonable distance. The rear seat of a patrol car is one of the least desirable and unaccommodating places to administer emergency First Aid, CPR, or deliver a baby. Hasty action on the part of the member because an ambulance is temporarily delayed may, in fact, deprive the individual of the life-sustaining equipment and properly trained emergency medical personnel.
- (c) In most cases of simple assaults etc., the injuries sustained are not of a serious nature and an ambulance, family member or friend can make transportation.
- (d) Under no circumstances shall privately owned vehicles containing injured or ill persons be escorted by a Sheriff's Office vehicle going Code 3 to a medical facility.

Transportation of Arrestees

348.1 PURPOSE AND SCOPE

Members of the Office will take all necessary security and safety precautions when transporting arrestees. Transporting deputies will ensure the safety of themselves, the public and the arrestee.

348.2 GENERAL INFORMATION

- (a) The transporting deputy will search the arrestee prior to placing them in the transport vehicle. Ideally, deputies searching members of the opposite sex should have a witness present and be aware of potential claims that can result. When possible, searches should be done by deputies who are the same sex as the person to be transported.
- (b) All arrestees will be physically restrained with handcuffs or belly chained. Leg restraints may also be used under certain circumstances. Handcuffing behind the back is the preferred method for officer safety purposes. If the arrestee is physically unable to be handcuffed, alternate means, such as double cuffing or the use of plastic "flex" cuffs should be used.

348.3 TRANSPORTATION

348.3.1 TRANSPORTING VIOLENT OR COMBATIVE ARRESTEES

When transporting a violent or combative arrestee, deputies should notify Sheriff's dispatch when enroute to the county jail and request dispatch notify jail staff. The transporting deputy should provide dispatch an estimated travel time to the jail and any officer safety considerations. Dispatch should notify jail staff of the transportation and provide the jail staff with necessary information (i.e., arrestee in Maximum Restraint Cord). Upon arrival at the jail, the transporting deputy should wait for the assistance of jail staff prior to removing the violent or combative arrestee from the patrol vehicle.

348.3.2 TRANSPORTING INJURED ARRESTEES

The deputy should evaluate the arrestee to determine whether their physical or emotional behavior is acceptable for booking. Sick and injured arrestees should be transported to an approved Medical Center and medical treatment obtained, prior to booking. In an extreme emergency, the nearest hospital will be used. An ambulance may be used depending on the arrestee's condition.

Environmental Crimes Investigations

349.1 PURPOSE AND SCOPE

The purpose of this Policy is to establish a procedure for the investigation of environmental crimes and the operation of the Environmental Crimes Unit. Deputies and Investigative Members are expected to respond to and conduct Environmental Crime Investigations in a manner consistent with this policy.

349.1.1 DEFINITIONS

- (a) Specific environmental crimes are codified in a variety of statutes and codes including the Penal Code, Health and Safety Code, Fish and Game Code and Vehicle Code.
- (b) Hazardous materials incidents which are the result of criminal law violations shall be classified and investigated as environmental crimes.

349.2 GENERAL GUIDELINES

Because of the multitude of public agencies involved in the enforcement of environmental laws, the Sheriff's Office shall focus its investigative resources on those incidents where a clear violation of criminal law is believed to exist and where no other criminal investigation agency is charged with conducting the investigation.

It shall be the practice of the Sheriff's Office to recover from the person, business or entity responsible for the environmental crime incident all lawfully permissible personnel and resource cost.

349.3 PATROL BUREAU

Initial responsibility for the investigation of environmental crimes occurring within the unincorporated areas of Sonoma County rests with the Patrol Bureau of the Sheriff's Office.

As with other investigations, Patrol Bureau personnel may be the first to respond to environmental crime investigations.

The investigation of environmental law violations for the purpose of regulatory, administrative and/or civil sanctions may occur as part of the environmental investigation process, but shall be secondary to criminal enforcement efforts.

- (a) Environmental crime investigations will be undertaken by any Deputy and in such manner as is consistent with the practices used in any other criminal investigation. Deputies conducting environmental crimes investigations, however, shall be cognizant of potential toxic hazards and not engage in investigative activities without following appropriate safety precautions.
- (b) In most circumstances, a patrol officer shall conduct and document the basic crime investigation. Should additional follow-up be required, or if the incident is of such scope

Sonoma County Sheriff's Office

Policies

Policies

or complexity that specific technical expertise is needed, the investigation shall be referred to the Environmental Crimes Unit.

- (c) Environmental crimes shall be formally documented by a written report and in such a manner as is consistent with the Sheriff's Office's Report Writing Manual.
- (d) The Deputy taking the original incident report shall document in his or her report, the number of work hours spent conducting their portion of the investigation.

349.4 HAZARDOUS MATERIAL RESPONSE

Members may encounter situations involving suspected hazardous material, such as at the scene of a traffic accident, chemical spill or fire. When members come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify the type of hazardous substance. Identification can be determined by placard, driver's manifest, or statements from the person transporting.
- (b) Notify the Department of Emergency Services (DES) Hazardous Materials Division about all hazmat incidents, except sewage, through RedCom.
 - 1. Whenever a Deputy investigates an incident where illegal controlled substance(s) is or was manufactured, the Deputy shall notify the Department of Toxic Substances Control (DTSC) for the purpose of taking removal action (Health and Safety Code § 25354.5). This notification generally applies to the Narcotics Unit. If the on-call Narcotics Detective is not available, the Deputy can contact the DTSC through the on-call County DES via RedCom.
- (c) Notify Sonoma County Department of Health Services, Environmental Health Division on sewage issues through RedCom.
- (d) Unless it is a catastrophic event, Deputies should allow the (DES) County Hazmat team to assess the situation. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.
- (e) Notify the Public Health Officer through RedCom when human life could be threatened by a hazardous material release. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).
- (f) Write an informational report and forward to the CSI Supervisor.

349.5 ENVIRONMENTAL CRIMES UNIT

The Environmental Crimes Unit is a collateral duty of the CSI Unit. The Detectives charged with investigating such crimes shall receive specialized training in accordance with § 29 CFR 1910.120.

- (a) Environmental Crimes Investigators shall:
 - 1. Conduct follow-up investigations that involve significant hazardous materials incidents
 - 2. Conduct environmental crimes investigations that:
 - They uncover

 5. Provide training to other enforcement personnel
- (b) CSI Investigators shall be called to duty whenever the on-duty Watch Commander deems it appropriate as part of a significant environmental crimes or hazardous materials incident.

349.6 CENTRAL INFORMATION BUREAU (CIB)

Central Information Bureau members shall route copies of all environmental crimes and hazardous materials incident reports to the Crime Scene Investigations Unit Sergeant.

A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Deputies responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, deputies should consider seeking compliance through advisements and warnings for minor violations and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Deputies are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Deputies should consider enforcement of applicable state and local laws, such as Penal Code 602.1 (obstructing or intimidating business operators), when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

400.4 POLICY

The Sonoma County Sheriff's Office provides patrol services 24 hours a day, seven days a week and will prioritize responses to requests for emergency services using available resources to enhance the safety of the public and office members.

Briefing training is generally conducted at the start of a patrol deputy's assigned shift. Briefing training provides an opportunity for important exchange between members and supervisors. A supervisor generally conducts Briefing training; however senior deputies may conduct Briefing for training purposes with supervisor approval. Deputies assigned to substations or other units where briefings do not normally take place will make use of all available materials to brief themselves.

Briefing training should accomplish, at a minimum, the following basic tasks:

- (a) Briefing deputies with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations
- (b) Notifying deputies of changes in schedules and assignments
- (c) Notifying deputies of new directives or changes in directives
- (d) Reviewing recent incidents for training purposes
- (e) Providing training on a variety of subjects

402.2 PREPARATION OF MATERIALS

The supervisor conducting Briefing training is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate deputy in his or her absence or for training purposes.

Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

403.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

403.3 SCENE RESPONSIBILITY

The first deputy at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Deputies shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once a deputy has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the deputy shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

403.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- (a) Broadcast emergency information, including requests for additional assistance and resources.
- (b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- (c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
- (d) Provide first aid to injured parties if it can be done safely.
- (e) Evacuate the location safely as required or appropriate.
- (f) Secure the inner perimeter.
- (g) Protect items of apparent evidentiary value.
- (h) Secure an outer perimeter.
- (i) Identify potential witnesses.
- (j) Start a chronological log noting critical times and personnel allowed access.

403.5 SEARCHES

Deputies arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once deputies are satisfied that no additional suspects are present and/or there are no injured

Policies

Policies

Crime and Disaster Scene Integrity

persons to be treated, those exigent circumstances will likely no longer exist. Deputies should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT

When possible, deputies should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

403.6 EXECUTION OF HEALTH ORDERS

Any sworn member of this office is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

Special Operations Unit

404.1 PURPOSE AND SCOPE

The Special Operations Unit (SOU) is comprised of four specialized teams: the Special Weapons and Tactics Team (SWAT), the Hostage Negotiation Team (HNT), the Tactical Dispatch Team (TDT), and the Explosive Ordinance Detail Unit (EOD). The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appear to be necessary. This policy is written to comply with the guidelines established in the Attorney General's Commission on Special Weapons and Tactics Report (September 2002) and the POST 2005 SWAT Operational Guidelines and Standardized Training Recommendations (Penal Code § 13514.1).

404.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

The Policy Manual sections pertaining to the Special Operations Unit are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on-the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to office personnel allowing for appropriate on scene decision making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

404.1.2 MISSION

To contain, control, and resolve a critical incident while minimizing the risk to bystanders and law enforcement as well as to the criminal suspect.

404.1.3 DEFINITIONS

- (a) **CRITICAL INCIDENT:** Critical Incidents are defined as those law enforcement situations that are characterized by significant or imminent criminal behavior, dangerous circumstances or threatening conditions created by the suspect(s) or other factors that exceed the capabilities of patrol deputies to resolve. Examples include, but are not limited to:

 2. **BARRICADE SITUATIONS:** The standoff created by an armed or potentially armed suspect in any location, whether fortified or not, who is refusing to comply with law enforcement demands for surrender.
 3. **SNIPER SITUATIONS:** The firing upon citizens and/or Deputies by an armed suspect, whether stationary or not.

- (b) **SWAT TEAM DEFINED:** A SWAT team is a designated unit of law enforcement officers that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units including, but not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such unit.

Depending on the size and scope of the operation, the IC may also assume the role of the Tactical Commander.
 2. TACTICAL COMMANDER (TC): A Sheriff's Lieutenant assigned to the Tactical Operations Center. When available, the SOU Commander will normally assume this role. The TC is responsible for the oversight of tactical planning and execution of authorized courses of action that are put into effect to resolve an incident. 404.2 POLICY

It shall be the policy of this office to maintain a SWAT team and to provide the equipment, manpower, and training necessary to maintain a SWAT team. The SWAT team should develop sufficient resources to perform three basic operational functions:

- (a) Command and Control
- (b) Containment
- (c) Entry/Apprehension/Rescue

It is understood it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

Sonoma County Sheriff's Office

Policies

Policies

Special Operations Unit

404.2.1 POLICY CONSIDERATIONS

A needs assessment should be conducted to determine the type and extent of SWAT missions and operations appropriate to this office. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the SWAT Commander or his/her designee.

404.2.2 OPERATIONAL PROCEDURES

This Office shall develop a separate written set of operational procedures in accordance with the determination of their level of capability, using sound risk reduction practices. The operational procedures should be patterned after the National Tactical Officers Association Suggested SWAT Best Practices. Because such procedures are specific to SOU members and will outline tactical and officer safety issues, they are not included within this policy. The operational procedures should include, at minimum, the following:

- (a) Designated personnel responsible for developing an operational or tactical plan prior to, and/or during SWAT operations (time permitting).
 1. All SWAT team members should have an understanding of operational planning.
 2. SWAT team training should consider planning for both spontaneous and planned events.
 3. SWAT teams should incorporate medical emergency contingency planning as part of the SWAT operational plan.
- (b) Plans for mission briefings conducted prior to an operation, unless circumstances require immediate deployment.
 1. When possible, briefings should include the specialized units and supporting resources.
- (c) Protocols for a sustained operation should be developed which may include relief, rotation of personnel and augmentation of resources.
- (d) A generic checklist to be worked through prior to initiating a tactical action as a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of SWAT.
- (e) The appropriate role for a trained negotiator.
- (f) A standard method of determining whether or not a warrant should be regarded as high-risk.
- (g) A method for deciding how best to serve a high-risk warrant with all reasonably foreseeable alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.
- (h) Post incident scene management including:
 1. Documentation of the incident.
 2. Transition to investigations and/or other units.
 3. Debriefing after every deployment of the SWAT team.

Sonoma County Sheriff's Office

Policies

Policies

Special Operations Unit

- (a) After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments, helps to identify training needs, and reinforces sound risk management practices.
- (b) Such debriefing should not be conducted until involved deputies have had the opportunity to individually complete necessary reports or provide formal statements.
- (c) In order to maintain candor and a meaningful exchange, debriefing will generally not be recorded.
- (d) When appropriate, debriefing should include specialized units and resources.
 - (i) Sound risk management analysis.
 - (j) Standardization of equipment deployed.

404.2.3 MUTUAL AID REQUESTS

The Sonoma County Sheriff's Office may respond to approved outside agency requests for SOU for critical incidents. Outside Agency requests for SOU shall be approved by the Special Operations Commander, or in his absence, the Watch Commander. The Watch Commander should consult with the SWAT Sergeant prior to activation of SOU. If the request is only for HNT, the Watch Commander should consult with the HNT Sergeant prior to activation.

- (a) All out-of-county requests for SOU shall be approved by a Captain, or his designee, prior to activation.
- (b) If SOU responds to an outside agency's request to handle a critical incident in the outside agency's jurisdiction, SOU will normally take over the entire event (perimeter, HNT, etc.). A supervisory or command level member of the outside agency should remain in the SOU command post as a liaison. Requests to integrate various SOU teams with another agency's personnel will be evaluated on a case-by-case basis. Nothing in this policy is meant to prohibit or discourage SOU personnel from responding to an in-progress emergency such as an Active Shooter where time does not permit waiting for an SOU response.
- (c) Nothing in this policy is meant to prohibit or discourage SOU personnel from responding to an in-progress emergency such as an Active Shooter where time does not permit waiting for an SOU response.

404.3 TRAINING NEEDS ASSESSMENT

The SWAT/SOU Commander shall conduct an annual SWAT Training needs assessment to ensure that training is conducted within team capabilities, office policy and the training guidelines as established by POST (11 C.C.R. § 1084).

404.3.1 INITIAL TRAINING

SWAT team operators and SWAT supervisors/team leaders should not be deployed until successful completion of the POST-certified Basic SWAT Course or its equivalent.

Sonoma County Sheriff's Office

Policies

Policies

Special Operations Unit

- (a) To avoid unnecessary or redundant training, previous training completed by members may be considered equivalent when the hours and content (topics) meet or exceed office requirements or POST standardized training recommendations.

404.3.2 UPDATED TRAINING

Appropriate team training for the specialized SWAT functions and other supporting resources should be completed prior to full deployment of the team.

SWAT team operators and SWAT supervisors/team leaders should complete update or refresher training as certified by POST, or its equivalent, every 24 months.

404.3.3 SUPERVISION AND MANAGEMENT TRAINING

Command and executive personnel are encouraged to attend training for managing the SWAT function at the organizational level to ensure personnel who provide active oversight at the scene of SWAT operations understand the purpose and capabilities of the teams.

Command personnel who may assume incident command responsibilities should attend SWAT or Critical Incident Commander course or its equivalent. SWAT command personnel should attend a POST-certified SWAT commander or tactical commander course, or its equivalent.

404.3.4 SWAT ONGOING TRAINING

Training shall be coordinated by the SOU Commander. The SOU Commander may conduct monthly training exercises that include a review and critique of personnel and their performance in the exercise in addition to specialized training. Training shall consist of the following:

- (a) Each SWAT member shall perform a physical fitness test twice each year. A minimum qualifying score must be attained by each team member.
- (b) Any SWAT team member failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest and attain a qualifying score. Within 30 days of the previous physical fitness test date, the member required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt may result in dismissal from the team.
 - 1. Members who are removed from the team under this section may apply for future team openings.
 - 2. Members who are removed from the SWAT Team pursuant to this policy may appeal the decision to the Law Enforcement Assistant Sheriff.
- (c) Those members who are on vacation, ill, or are on light duty status with a doctor's note of approval on the test date, shall be responsible for reporting to a team supervisor and taking the test within 30 days of their return to regular duty. Any member, who fails to arrange for and perform the physical fitness test within the 30-day period, shall be considered as having failed to attain a qualifying score for that test period.
- (d) Quarterly, each SWAT team member shall perform the mandatory SWAT firearms qualification course. The qualification course shall consist of the SWAT Basic Drill for the firearms. Failure to qualify will require that deputy to seek remedial training from a team range master approved by the SOU Commander. Team members who fail

to qualify must retest within 30 days. Failure to qualify within 30 days with or without remedial training may result in dismissal from the team.

- (e) Each SWAT team member shall complete the quarterly SWAT qualification course for any specialty weapon issued to, or used by, the team member during SWAT operations. Failure to qualify will require the team member to seek remedial training from the Firearms Instructor who has been approved by the SOU Commander. Team members who fail to qualify on their specialty weapon may not utilize the specialty weapon on SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify with specialty weapons within 30 days may result in the team member being removed from the team or permanently disqualified from use of that particular specialty weapon.

404.3.5 TRAINING SAFETY

Use of a designated safety officer should be considered for all tactical training.

404.3.6 SCENARIO BASED TRAINING

SWAT teams should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.

404.3.7 TRAINING DOCUMENTATION

Individual and team training shall be documented and records maintained by the Professional Standards Unit. Such documentation shall be maintained in each member's individual training file. A separate agency SWAT training file shall be maintained with documentation and records of all team training.

404.4 UNIFORMS, EQUIPMENT, AND FIREARMS

404.4.1 UNIFORMS

SWAT teams from this agency should wear uniforms that clearly identify team members as law enforcement officers. It is recognized that certain tactical conditions may require covert movement. Attire may be selected appropriate to the specific mission.

404.4.2 EQUIPMENT

SWAT teams from this agency should be adequately equipped to meet the specific mission(s) identified by the agency.

404.4.3 FIREARMS

Weapons and equipment used by SWAT, the specialized units, and the supporting resources should be agency-issued or approved, including any modifications, additions, or attachments.

404.4.4 OPERATIONAL READINESS INSPECTIONS

The SOU Commander shall appoint a SOU supervisor to perform operational readiness inspections of all unit equipment at least quarterly. The result of the inspection will be forwarded to the SOU Commander in writing. The inspection will include personal equipment issued to

members of the unit, operational equipment maintained in the SOU facility and equipment maintained or used in SOU vehicles.

404.5 INCIDENT COMMAND STRUCTURE DURING SOU ACTIVATION

The following is meant to provide a structure for managing a critical incident that requires an SOU response. It is understood that these are difficult situations, involve rapidly changing events, and members may have to assume roles outside their normal duties.

- (a) The first on-scene supervisor shall, as soon as practical, establish a TOC. The TOC should be located at the outer edge of the inner perimeter, in a location safe from possible suspect's fire.
- (b) The first on-scene supervisor is responsible for conducting operations at the incident site until relieved by the Tactical Commander, or higher ranking member. The first arriving SWAT Sergeant may assume the role of Tactical Commander until relieved by a Lieutenant, or higher ranking member.
- (c) If the SOU Commander is available, he will normally assume the role of Tactical Commander. Otherwise, the on-call Sheriff's Lieutenant shall become the Tactical Commander.
- (d) Depending on the size, scope and duration of the operation, the roles of the Tactical Commander and Incident Commander may be combined. If the situation dictates, and there is only one Lieutenant on-scene, he may call in another Sheriff's Lieutenant (or higher ranking member) to become either the Tactical Commander or Incident Commander, depending on the member's experience in these situations.
- (e) If there is a separate Incident Commander, he shall establish an ICP. the ICP may be at a separate location or co-located near the TOC, depending on the size and complexity of the operation.
- (f) The IC may call in additional resources consistent with the Incident Command System, to assist with the overall operation.

404.5.1 USE OF FORCE

While the Incident Commander may exercise specific rules of engagement, in all cases they will comply with the Sheriff's Office Use of Force and Firearms policies. In the event that no specific rules of engagement have been specified, members shall operate under the Sheriff's Office Use of Force and Firearms policies and do not need the Incident Commander's prior approval to do so.

404.5.2 OPERATIONAL ORDER

Operational orders shall be developed and implemented for all operations where prior notice allows sufficient time for the formation of an order. Operations orders shall be reviewed and approved by a SWAT Sergeant. Operational Orders shall be filed with the incident's After Action Report. A copy of the current Operations Order form shall be included in the SWAT Team's Training File.

404.5.3 AFTER ACTION REPORT

Each operation shall have an After Action Report that will be approved and maintained by either the SWAT or the HNT Team Sergeants, dependent on the respective call.

404.5.4 REPORT RETENTION PERIOD

With the exception of cases that are involved with civil or criminal litigation, After Action Reports shall be retained for five years. In January of each year, the SWAT or HNT Sergeant shall review the After Action Reports and purge reports over five years old.

404.5.5 DEBRIEF

Upon completion of all operations and significant training events, the SOU Commander, or his/her designee, will conduct an after action debrief with all team members present. The purpose for this review is to discuss the events of the overall tactical operation and create a forum for team members to offer constructive criticism to improve the effectiveness of the team.

404.6 SWAT SPECIAL WEAPONS STORAGE POLICY

404.6.1 ON-DUTY SWAT MEMBERS

SWAT Members are encouraged to carry their assigned special weapon in their vehicle during their shift. These weapons shall be locked in the trunk, unless their vehicle has an electro-lock for the weapon, in which case it may be secured in the electro-lock.

404.6.2 OFF-DUTY SWAT MEMBERS

Special Weapons shall be stored in the SWAT Locker, except under the following conditions:

- (a) Assigned Vehicle: SWAT members with assigned vehicles may store their special weapons in the locked trunk or vehicle electro-lock if so equipped.
- (b) Member's Residence: Members are discouraged from storing special weapons in/at their residences. A member may choose to store a special weapon in/at their residence if it is securely locked in a gun safe or similarly secure, theft resistant device.

404.7 SELECTION AND PROFICIENCY STANDARDS

404.7.1 SOU COMMANDER

The Commander of the SOU shall be selected by the Sheriff upon recommendation of staff.

404.7.2 SWAT TEAM ADMINISTRATIVE PROCEDURES

The Special Weapons and Tactics Team was established to provide a skilled and trained team which may be deployed during events requiring specialized tactics in such situations as cases where suspects have taken hostages and/or barricaded themselves as well as prolonged or predicable situations in which persons armed or suspected of being armed pose a danger to themselves or others.

Continual evaluation of a team member's performance and efficiency as it relates to the positive operation of the unit shall be conducted by the team supervisor. Performance and efficiency levels, established by the team supervisor, will be met and maintained by all team members.

Any member of the Negotiation Team who performs or functions at a level less than satisfactory shall be subject to dismissal from the unit.

404.9 OPERATION GUIDELINES FOR HOSTAGE NEGOTIATIONS RESPONSE TEAM

The following procedures serve as guidelines for the operational deployment of the Hostage Negotiations Team. Generally, the Special Weapons and Tactics Team and the Hostage Negotiations Team will be activated together. It is recognized, however, that a tactical team may be used in a situation not requiring the physical presence of the Hostage Negotiation Team such as warrant service operations. This shall be at the discretion of the SOU Commander.

404.11 EXPLOSIVE BREACHING

Explosive breaching is the "tactical use" of explosive materials to effect a breach, can be an effective option in S.W.A.T. operations. An explosive breach is not a bomb and should not be viewed as such, but rather as an industrial tool. An effective breach is a tool designed to use the minimal amount of explosives to achieve 100% penetration, 100% of the time. Effective breaching techniques allows tactical teams immediate entry with the minimal risk to themselves, the victims and the suspects.

In addition, explosive breaching techniques are not limited to tactical operations. In the event of civil disasters, for example, explosive breaching may be employed to rescue victims entrapped in buildings or other structures where conventional access is restricted or unavailable.

404.11.1 DEFINITIONS

EXPLOSIVE BREACH: The positive use of explosive materials to create an opening through a wall, door or barrier to allow access by a tactical/rescue team.

BREACHER: A Bomb Technician currently assigned to the Sonoma County Sheriff Explosives Unit (Bomb Squad), who is trained and certified in the construction, placement and initiation of explosive breaching devices.

Sonoma County Sheriff's Office

Policies

Policies

Special Operations Unit

ASSISTANT BREACHER: Also a Bomb Technician assigned to the Bomb Squad or a member of the S.W.A.T. team who works and trains in breaching techniques under the direction and supervision of the Bomb Squad. The Assistant Breacher can assist in the construction, placement and initiation of an explosive breaching device when directed by the Breacher.

BREACHING UNIT: Members of the Office Bomb Squad and S.W.A.T. Team who train regularly and are proficient in Explosive Breaching techniques. These members are also referred to as Breachers and Assistant Breachers.

EXPLOSIVE BREACHING DEVICES: A construction of explosive materials created for the specific purpose of using explosives as an industrial breaching tool.

404.11.2 PROCEDURES

Explosive breaching is a S.W.A.T. team tactical option and can be employed when a rapid entry is critical to the success of the mission. A "breach and delay" situation is an explosive breach where the tactical advantage is gained when a rapid entry is not desirable. The option to use an explosive breach shall be at the discretion of the S.W.A.T. Team commander or designee.

- (a) The construction of all explosive breach devices shall be constructed by or supervised by a Bomb Squad Breaching Technician, also referred to as the Breacher.
- (b) Scouting and target analysis is a pre-breach responsibility of the Breacher and/or the Assistant Breacher.
- (c) Construction of the explosive breaching device varies upon completion of target analysis. Each device is designed, in composition and construction, on the breaching needs, past training and experiences of the Breacher.
- (d) Prior to setting the explosive breach, the Breacher will present a briefing to the S.W.A.T. Commander and all involved team members.
- (e) The Breacher or Assistant Breacher (at the direction of the Breacher) shall perform the placement of an explosive breaching device.
- (f) Placement of the entry team during the explosive breach will be the responsibility of the S.W.A.T. team leader with input from the Breacher and the Assistant Breacher.
- (g) Each tactical situation will dictate the best initiation sequence of the explosive breach. This may include a verbal countdown, if safety of the team is not compromised.

At the conclusion of the mission, the Breacher and/or Assistant Breacher shall submit a "Breachers Report," entailing the situation requiring the explosive breach and the composition of the breaching device. A copy of all Breacher's Reports and training will be kept in a Breacher Notebook maintained by the Bomb Squad.

404.11.3 CONSIDERATIONS

Explosive breaching is a valuable and useful tool which may not be appropriate in all breaching situations. An explosive breach should not be employed when:

- (a) The construction of the doors, walls or building are unknown.

- (b) The locations of the occupants/victims are not known.
- (c) There is a presence of flammable/unstable chemicals or other incendiary materials.
- (d) Other means of mechanical breaching techniques (i.e., "ram," Halogen, etc.) are effective and safe to use.
- (e) The breacher has not trained and been documented as proficient in the type of charge needed on a similar target size.

404.11.4 SAFETY PROCEDURES

- (a) All explosives shall remain in control and stored by members of the Bomb Squad.
- (b) EMT's and/or Paramedics should be present during all missions where explosive breaching techniques are to be performed.
- (c) The handling and use of explosive materials shall be conducted in a safe and reasonable manner.
- (d) The designated Breacher or Assistant Breacher will be in control of the initiating device at all times to prevent unintentional detonation.
- (e) The Breacher or Assistant Breacher will be responsible for construction, placement and initiation of the explosive breaching device.
- (f) Double priming will be a standard procedure to ensure positive initiation.
- (g) Safety clothing will be carried by all members of the entry "Stack" during training and missions. This will include, but is not limited to helmet, gloves, eye protection, boots, long sleeved shirt, hearing protection, ballistic vest and gas mask or respirator.
- (h) In the event that any injury requiring medical attention is sustained during a mission where an explosive breach was utilized, a member of the Office will accompany the injured person to the treating facility. This Office member will remain with the injured party throughout the duration of treatment as to supply medical staff with all pertinent information needed regarding how the injury was sustained.

404.11.5 HANDLING OF MISFIRES

- (a) Handling of misfires and non-functioning breaching devices are the responsibility of the Breacher.
- (b) In the event of a misfire, the Breacher or Assistant Breacher will re-cock the initiator and fire the device again.
- (c) In the event of a second misfire, the Breacher or Assistant Breacher will call for a secondary breach, after which the Breacher will remove the breaching device and place it safely away from team members.
- (d) A method of allowing remote control removal of the breaching device will be utilized whenever possible.
- (e) The Breacher will be responsible for security of the removed device and for the subsequent disposition of it.

404.11.6 TRAINING AND DOCUMENTATION

- (a) All Breachers will attend an accredited 40-hour "Explosive Breaching" course prior to performing operational breaches of any kind. All Breachers shall train on a quarterly basis. This training will entail a minimum of one explosive breach.
- (b) Explosive breach training is perpetual and will be coordinated and conducted by the Bomb Squad for all Breachers and Assistant Breachers. The S.W.A.T. Team, incorporating both the Breaching Unit and Tactical Team, will conduct additional semi-annual training utilizing an explosive breach.
- (c) All Breachers and Assistant Breachers will maintain a Breacher's logbook and complete a "Breacher's Report" whenever explosive breaching devices are used in training or during actual operations. A copy of this report will also be placed into a "Breacher's Notebook" maintained by the Bomb Squad for documentation purposes.

Hazardous Material Response

406.1 PURPOSE AND SCOPE

Exposure to hazardous materials presents potential harm to office members and the public. This policy outlines the responsibilities of members who respond to these events and the factors that should be considered while on-scene, including the reporting of exposures and supervisor responsibilities. To comply with 8 CCR § 5194, the following is to be the policy of this office.

406.1.1 DEFINITIONS

Definitions related to this policy include:

Hazardous material – A substance which, by its nature, containment, or reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

406.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from the person transporting).
- (b) Notify the Fire Department.
- (c) Provide first-aid for injured parties if it can be done safely and without contamination.
- (d) Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.
- (e) Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).
- (f) Notify the Department of Toxic Substances Control. This is mandatory when a deputy comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety § 79355).

406.3 REPORTING EXPOSURE(S)

Office personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the Watch Commander as soon as practicable. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the report.

Sonoma County Sheriff's Office

Policies

Policies

Hazardous Material Response

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report as applicable.

406.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that an employee has been exposed to a hazardous material, the supervisor shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Office will be obtained through the Fire Department.

Hostage and Barricade Incidents

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where deputies have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the deputies by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that deputies encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

407.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is:

- (a) Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.
- (b) Unlawfully held against his/her will under threat or actual use of force.

407.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

407.3 COMMUNICATION

When circumstances permit, initial responding deputies should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Deputies should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, office-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

407.3.1 EMERGENCY COMMUNICATIONS

Only a deputy who has been designated by the District Attorney or Attorney General may use or authorize the use of an electronic amplifying or recording device to eavesdrop on or record,

Sonoma County Sheriff's Office

Policies

Policies

Hostage and Barricade Incidents

or both, oral communication in response to an emergency situation involving a hostage or the barricading of a location, and only when (Penal Code § 633.8(b)):

- (a) The deputy reasonably determines an emergency situation exists that involves the immediate danger of death or serious physical injury to any person within the meaning of 18 USC § 2518(7)(a)(i),
- (b) The deputy reasonably determines that the emergency situation requires that eavesdropping on oral communication occur immediately, and
- (c) There are grounds upon which an order could be obtained pursuant to 18 USC § 2516(2).
- (d) An application for an order approving the eavesdropping and complying with the requirements of Penal Code § 629.50 is made within 48 hours of the beginning of the eavesdropping.
- (e) The contents of any oral communications overheard are recorded on tape or other comparable device.

407.4 FIRST RESPONDER CONSIDERATIONS

First responding deputies should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding deputy should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding deputy shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The deputy shall continually evaluate the situation, including the level of risk to deputies, to the persons involved and to bystanders, and the resources currently available.

The handling deputy should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

407.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, deputies handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

407.4.2 HOSTAGE SITUATION

Deputies presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that deputies react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.

- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

407.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Special Weapons and Tactics Team (SWAT) response if appropriate and apprising the SWAT Commander of the circumstances. In addition, the following options should be considered:

- (a) Ensure injured persons are evacuated and treated by medical personnel.
 - (b) Ensure the completion of necessary first responder responsibilities or assignments.
 - (c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
 - (d) Establish a command post location as resources and circumstances permit.
 - (e) Designate assistants who can help with intelligence information and documentation of the incident.
 - (f) If it is practicable to do so, arrange for video documentation of the operation.
 - (g) Consider contacting utility and communication providers to restrict such services (e.g., restricting electric power, gas, telephone service).
1. When considering restricting communication services, a supervisor should make the determination that there is reason to believe an emergency situation exists involving immediate danger of death or great bodily harm and that an interruption to communication services is necessary to protect public safety (Penal Code § 11471). The supervisor must ensure the Office obtains a court order, in accordance with Penal Code § 11472, prior to requesting the interruption. In the case of an extreme emergency when there is insufficient time to obtain an order prior to the request, application for the order must be submitted within six hours after initiating the interruption. If six hours is not possible, then the application for the court order shall be made at the first reasonably available opportunity, but no later than 24 hours in accordance with Penal Code § 11475.

- (i) Identify a media staging area outside the outer perimeter and have the office Public Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.
- (j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
- (k) Debrief personnel and review documentation as appropriate.

407.6 SWAT RESPONSIBILITIES

The Incident Commander will decide, with input from the SOU Commander, whether to deploy SWAT during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the SOU Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for SWAT. The Incident Commander and the SOU Commander or the authorized designee shall maintain communications at all times.

407.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling deputy at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

408.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Sonoma County Sheriff's Office in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

408.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

408.3 RECEIPT OF BOMB THREAT

Office members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established office evidence procedures.

The member receiving the bomb threat should ensure that the Watch Commander is immediately advised and informed of the details. This will enable the Watch Commander to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

408.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

408.4.1 SONOMA COUNTY SHERIFF'S OFFICE FACILITY

If the bomb threat is against the Sonoma County Sheriff's Office facility, the Watch Commander will direct and assign deputies as required for coordinating a general building search or evacuation of the sheriff's office, as he/she deems appropriate.

408.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Sonoma County Sheriff's Office that is not the property of this office, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Watch Commander deems appropriate.

Response to Bomb Calls

408.4.3 FEDERAL BUILDING OR PROPERTY

If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility's security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

408.5 PRIVATE FACILITY OR PROPERTY

When a member of this office receives notification of a bomb threat at a location in the County of Sonoma County Sheriff's Office, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

- (a) The location of the facility.
- (b) The nature of the threat.
- (c) Whether the type and detonation time of the device is known.
- (d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
- (e) Whether the individual is requesting sheriff's assistance at the facility.
- (f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
 - 1. No evacuation of personnel and no search for a device.
 - 2. Search for a device without evacuation of personnel.
 - 3. Evacuation of personnel without a search for a device.
 - 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Watch Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

408.5.1 ASSISTANCE

The Watch Commander should be notified when sheriff's assistance is requested. The Watch Commander will make the decision whether the Office will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including sheriff's control over the facility.

Should the Watch Commander determine that the Office will assist or control such an incident, he/she will determine:

- (a) The appropriate level of assistance.

Sonoma County Sheriff's Office

Policies

Policies

Response to Bomb Calls

- (b) The plan for assistance.
- (c) Whether to evacuate and/or search the facility.
- (d) Whether to involve facility staff in the search or evacuation of the building.
 - 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 - 2. The safety of all participants is the paramount concern.
- (e) The need for additional resources, including:
 - 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request sheriff's assistance to clear the interior of a building, based upon the circumstances and known threat, deputies may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

408.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

- (a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
- (b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
- (c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 - 1. Two-way radios
 - 2. Cell phones
 - 3. Other personal communication devices
- (d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
- (f) A safe access route should be provided for support personnel and equipment.
- (g) Search the area for secondary devices as appropriate and based upon available resources.
- (h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
- (i) Promptly relay available information to the Watch Commander including:
 - 1. The time of discovery.

Sonoma County Sheriff's Office

Policies

Response to Bomb Calls

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

408.7 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multitudes of considerations which may confront the responding deputies. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

408.7.1 CONSIDERATIONS

Deputies responding to explosions, whether accidental or a criminal act, should consider the following actions:

- (a) Assess the scope of the incident, including the number of victims and extent of injuries.
- (b) Request additional personnel and resources, as appropriate.
- (c) Assist with first aid.
- (d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- (e) Assist with the safe evacuation of victims, if possible.
- (f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- (g) Preserve evidence.
- (h) Establish an outer perimeter and evacuate if necessary.
- (i) Identify witnesses.

408.7.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional office personnel, such as investigators and forensic services
- Field supervisor
- Watch Commander
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

408.7.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

408.7.4 PRESERVATION OF EVIDENCE

As in any other crime scene, steps should immediately be taken to preserve the scene. The Watch Commander should assign deputies to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

Crisis Intervention Incidents

409.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires a deputy to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

409.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

409.2 POLICY

The Sonoma County Sheriff's Office is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Office will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

409.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal
- (h) Manic or impulsive behavior, extreme agitation, lack of control
- (i) Lack of fear
- (j) Anxiety, aggression, rigidity, inflexibility or paranoia

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

Sonoma County Sheriff's Office

Policies

Policies

Crisis Intervention Incidents

409.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Sheriff should designate an appropriate Lieutenant to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide office interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

409.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to deputies; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit a deputy's authority to use reasonable force when interacting with a person in crisis.

Deputies are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

A deputy responding to a call involving a person in crisis should:

- (a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
- (b) Request available backup deputies and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
- (c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
- (d) Attempt to determine if weapons are present or available.
 1. Prior to making contact, and whenever possible and reasonable, conduct a search of the Department of Justice Automated Firearms System via the California Law Enforcement Telecommunications System (CLETS) to determine whether the person is the registered owner of a firearm (Penal Code § 11106.4).
- (e) Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the deputy.
- (f) Secure the scene and clear the immediate area as necessary.
- (g) Employ tactics to preserve the safety of all participants.
- (h) Determine the nature of any crime.
- (i) Request a supervisor, as warranted.
- (j) Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
- (k) If circumstances reasonably permit, consider and employ alternatives to force.

409.6 DE-ESCALATION

Deputies should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding deputies generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

409.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the deputy should request that the dispatcher provide critical information as it becomes available. This includes:

- (a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- (b) Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous sheriff's response.
- (c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

409.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- (a) Attempt to secure appropriate and sufficient resources.

Sonoma County Sheriff's Office

Policies

Policies

Crisis Intervention Incidents

- (b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- (c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- (d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.

409.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to office reporting procedures or other official mental health or medical proceedings.

409.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Mental Illness Commitments Policy.

409.10 PROFESSIONAL STAFF INTERACTION WITH PEOPLE IN CRISIS

Professional Staff members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- (a) Members should treat all individuals equally and with dignity and respect.
- (b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- (c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, a deputy should be promptly summoned to provide assistance.

409.11 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Office will develop and provide comprehensive education and training to all office members to enable them to effectively interact with persons in crisis.

This Office will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, welfare checks and

crisis intervention (Penal Code § 11106.4; Penal Code § 13515.25; Penal Code § 13515.27; Penal Code § 13515.30).

Mental Illness Commitments

410.1 PURPOSE AND SCOPE

This policy provides guidelines for when deputies may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

410.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

410.3 AUTHORITY

A deputy having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the deputy believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, deputies are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person's mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

- (a) An individual who is providing or has provided mental health treatment or related support services to the person
- (b) A family member
- (c) The person subject to the determination or anyone designated by the person

410.3.1 VOLUNTARY EVALUATION

If a deputy encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the deputies should:

- (a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.
- (b) If at any point the person changes his/her mind regarding voluntary evaluation, deputies should proceed with the 5150 commitment, if appropriate.
- (c) Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and/or admission.

410.4 CONSIDERATIONS AND RESPONSIBILITIES

Any deputy handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:

Sonoma County Sheriff's Office

Policies

Policies

Mental Illness Commitments

- (a) Available information that might assist in determining the cause and nature of the person's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade deputies from taking reasonable action to ensure the safety of the deputies and others.

Deputies should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

410.4.1 SECURING OF PROPERTY

When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the deputy shall take reasonable precautions to safeguard the individual's personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The deputy taking the person into custody shall provide a report to the court that describes the person's property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the deputy shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

410.5 TRANSPORTATION

When transporting any individual for a 5150 commitment, the transporting deputy should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Deputies may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of a deputy during the transport, Watch Commander approval is required before transport commences.

410.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the deputy will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the deputy should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting deputy should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported

Sonoma County Sheriff's Office

Policies

Policies

Mental Illness Commitments

and delivered while restrained, the deputy may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, deputies will not apply facility-ordered restraints.

410.7 DOCUMENTATION

The deputy shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for deputy involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The deputy should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

410.7.1 ADVISEMENT

The deputy taking a person into custody for evaluation shall advise the person of:

- (a) The deputy's name and agency.
- (b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.
- (c) The name of the facility to which the person is being taken.
- (d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the deputy must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The deputy should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

410.8 CRIMINAL OFFENSES

Deputies investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the deputy should:

- (a) Arrest the individual when there is probable cause to do so.
- (b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.

Sonoma County Sheriff's Office

Policies

Policies

Mental Illness Commitments

- (c) Facilitate the individual's transfer to jail.
- (d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this office to regain custody of the individual, office resources (e.g., posting a guard) and other relevant factors in making this decision.

410.9 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for a 5150 commitment, the handling deputies should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Deputies should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Deputies are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons

The handling deputies shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Deputies shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).

410.9.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS

Whenever the handling deputy has cause to believe that the future return of any confiscated weapon might endanger the person or others, the deputy shall detail those facts and circumstances in a report. The report shall be forwarded to the Investigative Bureau, which shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the Office makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Office shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.

410.10 TRAINING

This Office will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.

410.11 PROCEDURE

Voluntary Commitments to PES: Those persons in need of mental health assistance who do not fall within the definition of 5150 W & I, but are in need of crisis counseling may be referred to PES by a deputy.

- (a) Deputies are encouraged to have the individual telephone PES and talk with a crisis counselor prior to any transport.
- (b) Deputies should encourage the individual to find a private transport. However, if a private transport is not possible or will result in an unreasonable delay, the deputy may choose to provide the transport. Deputies may also consider contacting Sonoma County Mental Health's Mobile Support Team when appropriate.
- (c) If a deputy agrees to transport the individual and PES requires a non-emergency or routine medical clearance (such as a blood draw) before seeing the person, the deputy shall deliver the person to the emergency room. The deputy shall notify PES when the person is at the hospital. The deputy can then clear the detail. The Sheriff's Office is not responsible for the cost of any medical treatment or further transport between facilities.

If the person is a member of Kaiser Permanente, the deputy should deliver the person to the emergency room at Kaiser Hospital. The deputy can then clear the detail. Once the person is medically cleared, Kaiser will arrange for an inter-facility transfer to an appropriate facility within their network.

- (a) **No Medical Treatment Required Prior to Commitment:** The deputy shall have dispatch notify PES of the person's name, date of birth and the circumstances that brought the person to the deputy's attention requiring a 72 hour hold.
- (b) **Routine or Non-Emergency Medical Clearance Needed Prior to Commitment:** Persons who need routine or non-emergency medical clearance (such as a blood draw) prior to transport to PES, the deputy shall transport the person to the emergency room.

If the person is potentially violent or uncooperative, the deputy should assist the hospital staff in the safe transfer of custody, including the application of physical restraints. The deputy should provide security for intake staff only until such time as the person is secure.

Once the person is accepted by the hospital staff, the deputy should leave the original 5150 W & I hold with the emergency room supervisor. A copy of this form shall be attached to the deputy's incident report. Once the subject is medically cleared, the hospital staff will arrange for an inter-facility transfer to PES via private provider.

If the person is a member of Kaiser Permanente, the deputy should deliver the person to the emergency room at Kaiser Hospital. The deputy should leave the 5150 W & I hold with the emergency room supervisor. A copy of this form shall be attached to the deputy's incident report. Once the subject is medically cleared, Kaiser will arrange an inter-facility transfer to an appropriate facility within their network.

- (a) **Emergency Medical Treatment Needed Prior to Transport to PES:** Any person who has obvious trauma, indications of overdose, is severely intoxicated, has had a loss

Sonoma County Sheriff's Office

Policies

Policies

of consciousness, head wounds, fractures and/or severe pain shall be transported to the nearest hospital via ambulance.

If the person is violent, the deputy should assist the hospital staff in the safe transfer of custody, including the application of physical restraints. The deputy should provide security for intake staff only until such time as the person is secured.

The deputy should complete the 5150 W & I hold and leave the original with the emergency room supervisor. A copy of this form shall be attached to the deputy's incident report.

The deputy is not responsible for guarding the person or any further transportation between the hospital and PES.

- (a) Person Admitted into the Hospital: If the person being detained per 5150 W & I is admitted into any hospital, prior to being transported to PES, the hold written by the deputy becomes void. In these cases the hospital is responsible for any "re-evaluation" and the subsequent transportation to PES (County Counsel opinion dated 6/21/96).
- (b) Deputies shall not be responsible for conducting 5150 W & I evaluations for persons who have been taken to a hospital by private transport. The hospital should have staff trained to conduct 5150 W & I evaluations. In the event the hospital does not have anyone authorized to conduct such evaluations, a supervisor may authorize a deputy respond to evaluate the person. If the deputy places the 5150 W & I hold on the person, the hospital shall accept the hold and the deputy may clear the detail. The hospital shall be responsible to arrange for the inter-facility transfer.
- (c) Criminal Acts by Persons in Need of Mental Health Services Prior to Booking at MADF: Individuals who are arrested for the commission of a crime and are in need of mental health treatment shall be transported to the MADF by the deputy and booked for the alleged criminal violation. The deputy shall note on the pre-booking sheet the individual's need for mental health services and confer with the medical and mental health staff about the individual's actions if requested.
- (d) Criminal Acts by Persons in Need of PES, Prior to Booking at MADF: Individuals who have committed a crime and are in need of PES pursuant to 5150 W & I shall be transported to the Charles W. Norton Mental Health Center. The Watch Commander shall be notified to determine if a guard must be assigned pursuant to the mandates of Penal Code Sections 4011.7 and 4011.9.
- (e) Emergency Protection Orders: Pursuant to a Memorandum dated March 10, 1997, the staff at the Charles W. Norton Mental Health Center will allow the service of Emergency Protection Orders on persons in their facility. Deputies shall contact the supervising staff member for entry into the locked area.

410.12 TARASOFF

410.12.1 TARASOFF NOTIFICATIONS

The California Supreme Court ruled psychotherapists have a duty to warn potential victim(s) of a serious threat of violence made by on of their patients. Per the Welfare and Institutions Code any person who communicates to a licensed psychotherapist a serious threat of physical

Sonoma County Sheriff's Office

Policies

Policies

Mental Illness Commitments

violence against a reasonably identifiable victim is prohibited from possessing or purchasing any firearm or other deadly weapon for a period of five years. Welfare and Institutions Code § 8105(c) requires licensed psychotherapists to report the identity of these prohibited persons to local law enforcement agencies. Upon receiving a report from a licensed psychotherapist concerning the identity of a prohibited person, Law Enforcement is required to immediately notify the Department of Justice.

410.12.2 PATROL RESPONSIBILITIES

Upon receiving a Tarasoff Notification, the patrol deputy will obtain the reporting party's full name, address, and telephone number, as well as the suspect's information. The deputy will also obtain as much information about the victim as possible. If the victim or suspect is not in the Sheriff's Office jurisdiction, the deputy will notify the appropriate law enforcement agency.

Patrol will make a reasonable attempt to locate and interview the suspect. Deputies will make a reasonable attempt to identify and contact the intended victim. The victim should be given information about the threat of violence and the identity of the suspect. If the suspect is located, appropriate action should be taken based on the circumstances surrounding the nature of the threat and weapons considerations (see below). Patrol deputies shall complete a case report detailing the incident and any actions taken. If the patrol deputy cannot make contact with the suspect or needs assistance based on the potential crime of violence, the deputy should notify the on-call Violent Crimes Detective.

The investigating deputy will also complete a California Department of Justice Law Enforcement Report of Firearms Prohibition Form (DOJ form BOF 4074). The form will be faxed to the Department of Justice and a copy of the form will be scanned and attached to the Case Report. The investigating deputy must provide a copy of the DOJ BOF 4074 form to Sheriff's Central Information Bureau (CIB) for entry into the Mental Health Reporting System (MHRS). Patrol deputies will document in their report the date and time the form was faxed and entered into MHRS. It should be noted these forms are only to be used in cases which involve a licensed psychotherapist making a TARASOFF notification and not for other crime reporting purposes.

[See attachment: Bureau of Firearms Form_4074_LE.pdf](#)

410.12.3 WEAPONS CONSIDERATIONS

Pursuant to Welfare and Institution Code § 8100(b)(1), a person who communicates to a licensed psychotherapist a serious threat of physical violence against a reasonably identifiable victim(s) is prohibited from possessing, having under custody or control, purchasing, receiving, or attempting to purchase or receive any firearms or other deadly weapon for five years. This prohibition begins on the date the licensed psychotherapist reports the identity of the prohibited person to the local law enforcement agency. Per Welfare and Institution Code § 8102, whenever a person, described in Welfare and Institution Code § 8100 or § 8103, is found to own, have in his or her possession or under his or her control, any firearm, or any other deadly weapon, the firearm or other deadly weapon shall be confiscated by any law enforcement agency or peace officer, who shall retain custody of the firearm or other deadly weapon. The arresting deputy shall notify the person of the

procedure for the return of any firearm or other deadly weapon that has been confiscated. If the investigating deputy is unable to locate the suspect or confiscate firearms, the report should be forwarded to the Violent Crimes Unit for follow-up.

Cite and Release Policy

411.1 PURPOSE AND SCOPE

This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

411.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Office's mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

411.3 RELEASE BY CITATION

Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private person's arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing deputy shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written promise to appear.

411.3.1 FIELD CITATIONS

In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting deputy should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

411.3.2 RELEASE AFTER BOOKING

In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail.

411.4 MISDEMEANOR WARRANTS

An adult arrested on a misdemeanor warrant may be released, unless any of the following conditions exist:

- (a) The misdemeanor cited in the warrant involves violence
- (b) The misdemeanor cited in the warrant involves a firearm

Sonoma County Sheriff's Office

Policies

Policies

Cite and Release Policy

- (c) The misdemeanor cited in the warrant involves resisting arrest
- (d) The misdemeanor cited in the warrant involves giving false information to a deputy
- (e) The person arrested is a danger to him/herself or others due to intoxication or being under the influence of drugs or narcotics
- (f) The person requires medical examination or medical care or was otherwise unable to care for his/her own safety
- (g) The person has other ineligible charges pending against him/her
- (h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person
- (i) The person refuses to sign the notice to appear
- (j) The person cannot provide satisfactory evidence of personal identification
- (k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear

Release under this section shall be done in accordance with the provisions of this policy.

411.5 JUVENILE CITATIONS

Completion of criminal citations for juveniles is generally not appropriate with the following exceptions:

- Misdemeanor traffic violations of the Vehicle Code
- Violations of the Sonoma County codes

All other misdemeanor violations for juveniles shall be documented with a case number and the case should be referred to the Investigative Bureau for further action including diversion.

411.6 REQUESTING CASE NUMBERS

Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. Most Penal Code sections will require a case number to document the incident properly in a report. This section does not preclude a deputy from requesting a case number if he/she feels the situation should be documented more thoroughly in a case report.

Foreign Diplomatic and Consular Representatives

412.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Sonoma County Sheriff's Office extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

412.2 POLICY

The Sonoma County Sheriff's Office respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

412.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- (a) Notify a supervisor.
- (b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- (c) Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
- (d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.
- (e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

412.4 ENFORCEMENT

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

If the individual wants his/her government notified, the deputy shall begin the notification process.

Rapid Response and Deployment

413.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding deputies in situations that call for rapid response and deployment.

413.2 POLICY

The Sonoma County Sheriff's Office will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Office in protecting themselves or others from death or serious injury.

413.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding deputies should consider reasonable options to reduce, prevent or eliminate the threat. Deputies must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, deputies should take immediate action, if reasonably practicable, while requesting additional assistance.

Deputies should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action deputies should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual deputy from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the deputies have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.

Sonoma County Sheriff's Office

Policies

Policies

Rapid Response and Deployment

- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, deputies should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

413.3.1 RESPONSE TO SCHOOL THREATS

Upon receiving a threat or perceived threat from a school official that involves grades 6 to 12, deputies shall immediately investigate and conduct a threat assessment. The investigation shall include a review of the firearm registry of the California Department of Justice. A reasonable search of the school at issue shall be conducted when the search is justified by reasonable suspicion that it would produce evidence related to the threat or perceived threat (Education Code § 49394).

For purposes of this subsection a "threat" or "perceived threat" means any writing or action of a pupil that creates a reasonable suspicion that the pupil is preparing to commit a homicidal act related to school or a school activity. This may include possession, use, or depictions of firearms, ammunition, shootings, or targets in association with infliction of physical harm, destruction, or death in a social media post, journal, class note, or other media associated with the pupil. It may also include a warning by a parent, pupil, or other individual (Education Code § 49390).

413.4 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

413.5 PLANNING

The SOU Lieutenant or designee should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.

- (h) Equipment needs.
- (i) Mutual aid agreements with other agencies.
- (j) Coordination with private security providers in critical incident target sites.

413.6 TRAINING

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.
- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
 - (a) This should include the POST terrorism incident training required for deputies assigned to field duties (Penal Code § 13519.12).
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Marine Safety & Enforcement Unit

414.1 PURPOSE AND SCOPE

To establish the general operational guidelines of the Sheriff's Office Marine Safety & Enforcement Unit. Marine Safety & Enforcement Unit has three primary functions: Law Enforcement; Search and Rescue; and Boating Safety and Education. The primary responsibilities for Marine Units Deputies are enforcement and safety patrols on the various waterways in and adjacent to Sonoma County. Marine Units are not available for routine calls for service unless the call is related to a boating enforcement action or is in the contract law enforcement area (Lake Sonoma) – emergency and officer safety issues excepted.

414.1.1 JURISDICTION

The Marine Unit is responsible for enforcement of laws and regulations as they relate to the use of watercraft upon all waterways in the County and within three miles offshore of the Sonoma County coast line.

414.2 RESPONSIBILITIES

- (a) The Unit is required to investigate and complete reports on all fatal, serious injury, and major property damage boating accidents occurring within the County. The Unit may also investigate other activities in which boats are primarily involved such as vessel theft, narcotic trafficking, fish and game violations, and waterborne environmental crimes.
- (b) Marine Unit deputies conduct inspections of vessels for compliance with required safety equipment, registrations requirements, and sanitation and pollution control that satisfy the intent of State law.
- (c) Deputies in the Unit are equipped and trained to conduct searches for lost/overdue boaters, assist stranded boaters, BUI (boating under the influence) evaluations, boating related investigations, and assist in most water related rescue activity or other related emergencies.
- (d) Promoting boating safety is also a primary function. Deputies within the Unit do this during routine boater contacts, during their daily activities, and by participating in organized events and functions. The Unit regularly conducts boating safety education programs within schools, safety fairs and other organized groups. The Deputies develop partnerships with citizens, communities, user groups, other governmental agencies and organizations, water safety councils and the media in an effort to educate the public on boating safety issues and maximize the Units' efforts in accomplishing its mission.
- (e) The Marine Unit provides supervision of organized on-the-water boating or water events that allows for the protection and safety of the boating public during such activities and events. Marine Unit personnel work cooperatively with other local Marine Safety & Enforcement Units on events in the greater San Francisco Bay Area.
- (f) Marine Unit deputies function as role models to the boating public for the safe and responsible operation of vessels.

Marine Safety & Enforcement Unit

414.2.1 CALL-OUT

Deputies assigned to the Marine Unit are not required to be “on-call.” Deputies are issued cell phones, and at their discretion are available for after hour calls, on an overtime basis. Attempts to call out Marine Unit deputies should be made in the event of a boating accident involving serious injury or death, or whenever an incident requires access by a boat, such as a lost or overdue boater, or a reported in-progress crime at a location where access can only be made by a boat.

- (a) After hour call-outs must have the Watch Commander’s approval.
- (b) After-hour response times may vary, however in most situations a Marine Unit deputy should be able to on the water within 30-60 minutes of a call- out.

After Hours Investigators:

- (a) If a deputy assigned to the Marine Unit cannot be located for an after hours call to a boating accident or incident that may require enforcement action, the Sergeant in charge of the unit should be notified immediately. If no deputy can be located with boating accident investigation training, and no enforcement action needs to be taken immediately, the patrol deputy shall respond and collect the basic identification information, and write an “Incident Report.” A copy of the report shall be sent to the Sergeant in charge of the unit and the incident assigned to a Marine Unit deputy for proper documentation and follow up investigation. If enforcement action is required immediately, such as an operator that is under the influence of alcohol and/or drugs, the patrol deputy shall take the appropriate enforcement action.

Intoxicated Boater:

- (a) Non-accident: Patrol deputies who respond to calls of intoxicated boaters on waterways shall take the appropriate enforcement action for the situation. Harbors and Navigation Code § 655 prohibits the operation of a vessel in a negligent manner or under the influence of any drug and/or alcohol.
- (b) Accidents: When no Marine deputy is available for an after hour’s investigation, and the boat operator involved in a boating accident or incident appears to be under the influence of alcohol and/or drugs, the patrol deputy will conduct a thorough investigation. If the boat operator is determined to be in violation of the Harbors and Navigation Code § 655, the patrol deputy shall take the appropriate enforcement action. Evidence to determine the blood alcohol/drug level of the arrested operator is critical and shall be collected pursuant to statutory and case law. The patrol deputy will not be responsible for writing the accident portion of the enforcement report.
- (c) The report shall be forwarded to the Marine Unit Sergeant for assignment to a deputy assigned to the Marine Unit for proper documentation and investigation of the accident.

414.2.2 TRAINING

Deputies assigned to the Marine Unit receive specialized training for this assignment. Training includes enforcement of:

- Boating related laws
- Intoxicated boat operator enforcement

The Unit members work closely, and train with, the Office's Helicopter and Dive Team in water search and rescue techniques. The Marine Unit also works and trains with allied agencies affiliated with the waterways within this County and adjoining Counties to develop rapid and efficient responses to mutual aid requests.

414.2.3 EQUIPMENT

- (a) **Patrol Vessels:** The Unit currently has eight primary patrol vessels selected and equipped specifically for conditions on each of the major county waterways: Lake Sonoma, Petaluma River/San Pablo Bay, Russian River and Bodega Bay/Sonoma Coast. These boats are equipped to handle search and rescue, law enforcement type operations and assist with medical transports in water related emergencies. The larger boats are equipped with radar, GPS, marine band radios, and equipment necessary for night operation.
- (b) **Flood Boats:** The Marine Unit maintains small boats available for flood operations on the Russian River.
- (c) **Personal Watercraft:** The Marine Unit operates personal watercraft. These are available for response in waterways that prohibit the use of the larger boats for selective patrol in the rivers and/or congested waterways and for high profile enforcement situations on holidays and during organized on-water events.
- (d) **Patrol Vehicles:** The Marine Unit maintains four-wheel drive vehicles specially equipped for towing, launching, and fueling Unit vessels, carrying necessary tools equipment and personnel. These vehicles are not to be used for other office functions unless some form of exigent circumstances exists. In such cases, permission from the on-duty Watch Commander, Marine Unit Lieutenant, or Marine Unit Supervisor is required. The Marine Unit Sergeant will be notified in the event of such use.
- (e) **Authorization to Operate:** No person shall be allowed to operate a Marine Unit vessel without vessel-specific training, sign-off by the Marine Unit deputy assigned responsibility for that vessel, and authorization by the Marine Unit Supervisor.

414.2.4 GRANT & CONTRACT OBLIGATIONS

As the Office's Marine Unit is largely supported by State and Federal funds, it is very important that all grant and contract requirements be fully met by accurate and timely recording of necessary statistical data and timely submission of required billing and related reports.

414.2.5 LAKE SONOMA

The Sheriff's Office has primary law enforcement responsibility in and around Lake Sonoma. The Rangers at Lake Sonoma do not have peace officer status and most have only limited law enforcement training.

Immigration Policy

415.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Sonoma County Sheriff's Office relating to immigration and interacting with federal immigration officials.

415.1.1 DEFINITIONS

The following definitions apply to this policy (Government Code § 7284.4).

Criminal Immigration Violation: Any federal criminal immigration violation that penalizes a person's presence in, entry, or reentry to, or employment in, the United States. This does not include any offense where a judicial warrant already has been issued.

Judicial Warrant: An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

Judicial Probable Cause Determination: A determination made by a federal judge or federal magistrate judge that probable cause exists that an individual has violated federal criminal immigration law and that authorizes a law enforcement officer to arrest and take into custody the individual.

Civil Immigration Warrant: Any warrant for a violation of federal civil immigration law, and includes civil immigration warrants entered in the National Crime Information Center database.

Notification Request: An Immigration and Customs Enforcement request that a local law enforcement agency inform ICE of the release date and time in advance of the public of an individual in its custody and includes, but is not limited to, DHS Form I-247N. It does not authorize the Sheriff's Office to hold an individual beyond the point at which he or she would otherwise be released.

Transfer Request: An Immigration and Customs Enforcement request that a local law enforcement agency facilitate the transfer of an individual in its custody to ICE, and includes, but is not limited to, DHS Form I-247X.

Hold Request: A Federal Immigration and Customs Enforcement (ICE) request that a local law enforcement agency maintain custody of an individual currently in its custody beyond the time he or she would otherwise be eligible for release in order to facilitate transfer to ICE.

415.2 POLICY

It is the policy of the Sonoma County Sheriff's Office that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this office in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

Immigration Policy

415.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, ethnicity or national origin in any way that would violate the United States or California constitutions.

415.4 IMMIGRATION INQUIRIES PROHIBITED

Deputies shall not inquire into an individual's immigration status for immigration enforcement purposes (Government Code § 7284.6).

415.4.1 CALIFORNIA LAW ENFORCEMENT TELECOMMUNICATIONS SYSTEM (CLETS)

Members shall not use information transmitted through CLETS for immigration enforcement purposes except for criminal history information and only when consistent with the California Values Act (Government Code § 15160).

Members shall not use the system to investigate immigration violations of 8 USC § 1325 (improper entry) if that violation is the only criminal history in an individual's record (Government Code § 15160).

415.4.2 CALIFORNIA DEPARTMENT OF MOTOR VEHICLES

Members shall not obtain, access, use, or otherwise disclose noncriminal history information maintained by the DMV for immigration enforcement (Vehicle Code § 1808.48).

415.5 DETENTIONS AND ARRESTS

A deputy shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Government Code § 7284.6).

A deputy who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of 8 USC § 1326(a) (unlawful reentry) that may be subject to an enhancement due to a previous conviction of an aggravated felony under USC § 1326(b)(2), may detain the person for a reasonable period of time to contact federal immigration officials to verify whether the United States Attorney General has granted the individual permission for reentry and whether the violation is subject to enhancement (Government Code § 7284.6). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the deputy has facts that establish probable cause to believe that a person already lawfully detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense (Government Code § 7284.6).

A deputy shall not detain any individual, for any length of time, for any other criminal immigration violation of federal immigration laws (Government Code § 7284.6).

Sonoma County Sheriff's Office

Policies

Policies

Immigration Policy

A deputy should notify a supervisor as soon as practicable whenever an individual is arrested for violation of 8 USC § 1326(a).

415.5.1 SUPERVISOR RESPONSIBILITIES

When notified that a deputy has arrested an individual for violation of 8 USC § 1326(a) or under the authority of a judicial warrant, the supervisor should determine whether it is appropriate to:

- (a) Transfer the person to federal authorities.
- (b) Transfer the person to jail.

415.6 FEDERAL REQUESTS FOR ASSISTANCE

Requests by federal immigration officials for assistance from this office should be directed to a supervisor. The supervisor is responsible for determining whether the requested assistance would be permitted under the California Values Act (Government Code § 7284.2 et seq.).

415.7 INFORMATION SHARING

No member of this office will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373; Government Code § 7284.6):

- (a) Sending information to, or requesting or receiving such information from federal immigration officials
- (b) Maintaining such information in office records
- (c) Exchanging such information with any other federal, state, or local government entity

Nothing in this policy restricts sharing information that is permissible under the California Values Act.

415.7.1 IMMIGRATION HOLD REQUESTS AND REQUEST FOR NOTIFICATION

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 (Government Code § 7284.6). The Sonoma County Sheriff's Office shall not unlawfully extend the detention of an inmate so that ICE may detain the individual based on such a detainer or hold request, unless the Sonoma County Sheriff's Office has received a duly issued judicial warrant and probable cause determination for the arrest of the inmate signed by a federal judge or federal magistrate.

Notification to a federal authority may be made prior to release of an individual who is the subject of a notification request only if the individual meets one of the following conditions (Government Code § 7282.5; Government Code § 7284.6):

- (a) The individual's release date or other information is available to the public.
- (b) The individual has been convicted or arrested and had a judicial probable cause determination for a serious or violent felony identified in Penal Code § 667.5(c) or Penal Code § 1192.7(c).

- (g) The individual has been convicted within the past 5 years of a misdemeanor for a crime that is punishable as either a misdemeanor or a felony ("wobbler") for, or has been convicted within the last 15 years of a felony, or any of the offense categories listed in Government Code § 7282.5(a)(3). The examples of specific crimes listed under the categories set forth in § 7282.5(a)(3) is extensive and include some straight misdemeanor crimes (i.e. 242 PC) amongst the wobbler offenses. Officers shall verify a crime is, in fact, a wobbler offense prior to responding to an ICE notification request form. A straight misdemeanor conviction should not be considered qualifying criteria under § 7282.5(a)(3). (Sheriff's Office members personnel shall refer to the Sonoma County Sheriff's Office Immigration Notification Matrix for listed exceptions).

415.7.2 NOTICE TO INDIVIDUALS

Individuals in custody shall be given a copy of documentation received from U.S. Immigration and Customs Enforcement (ICE) regarding a hold, notification or transfer request along with information as to whether the Sheriff's Office intends to comply with the request (Government Code § 7283.1).

If the Sheriff's Office provides ICE with notification that an individual is being, or will be, released on a certain date, the same notification shall be provided in writing to the individual and to his/her attorney or to one additional person who the individual may designate (Government Code § 7283.1).

Sheriff's Office members shall not provide personal information, as defined in Civil Code § 1798.3, about an individual, including, but not limited to, the individual's home address or work address, to immigration authorities unless that information is available to the public.

Emergency Utility Service

416.1 PURPOSE AND SCOPE

416.1.1 BROKEN WATER LINES

The County's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility.

If a break occurs on the County side of the meter, emergency personnel should be called as soon as practical by Dispatch.

When a power line poses a hazard, fire and law enforcement should be dispatched to protect against personal injury or property damage that might be caused by power lines. The Electric Company should be promptly notified, as appropriate.

416.1.3 RESERVOIRS, PUMPS, WELLS, ETC.

The County maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

416.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by Dispatch.

- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

Members should address emergency medical issues and provide care as a first priority.

If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

417.5 NOTIFICATIONS

When an aircraft accident is reported to this office, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

Helicopter/Air Support

419.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of the Sheriff's Office helicopter. The Sheriff's Office helicopter operates in four task areas: law enforcement, search and rescue, emergency medical transport and fire suppression/support. The helicopter is available to support all elements of the Sheriff's Office as established by automatic response protocols and by request and authorization in all other areas. On occasion, the helicopter performs tasks for other Sonoma County agencies including; fire, public works, flood control and communications.

419.2 STAFFING

The normal staffing complement for the helicopter consists of a Pilot, Paramedic and a Deputy Sheriff observer. When only the pilot and paramedic are on board, the helicopter may not be dispatched unless directed to do so by the sworn observer. The crew members for flights that support other agencies such as communications, flood control/assessment etc., will be determined by the sworn observer.

419.3 COMMAND/AUTHORITY

Each crew member has certain duties and responsibilities during flight operations. It is expected that crew members will work with each other and lend whatever assistance necessary within that person's ability.

419.3.1 SWORN OBSERVER

The observer is the Sheriff's Office representative during flight operations and is, therefore, in charge from an operational aspect. As the law enforcement officer during flight operations, the observer will take whatever law enforcement action necessary and prudent under the circumstances at hand. The observer will be in charge of and will direct rescue operations conducted by the helicopter.

419.3.2 PILOT

The pilot is in charge of the aircraft from an aviation aspect. The pilot shall have the final authority in determining whether a flight will be suspended or canceled due to safety factors.

419.3.3 PARAMEDIC

The paramedic is the medical authority during helicopter operations.

419.4 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made.

Sonoma County Sheriff's Office

Policies

Policies

Helicopter/Air Support

419.4.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for a helicopter, the Watch Commander, or his/her designee, will call the closest agency having helicopter support available. The Watch Commander on duty will apprise that agency of the specific details of the incident prompting the request.

419.4.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Law Enforcement helicopters may be requested under any of the following conditions:

- (a) When the helicopter is activated under existing mutual aid agreements
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopter may reduce such hazard
- (c) When the use of the helicopter will aid in the capture of a suspected fleeing suspect whose continued freedom represents an ongoing threat to the community
- (d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
- (e) Vehicle pursuits
- (f) Rescues
- (g) Fire suppression missions
- (h) Emergency medical aid transports
- (i) Any time a Watch Commander believes the use of a helicopter would be beneficial

419.4.3 CALL-OUT RESPONSES

The helicopter is available after regular duty hours in an on-call status. Law Enforcement requests must be approved by the Watch Commander, or in his/her absence, the Sergeant.

- (a) When calling out the helicopter after duty hours, Dispatch shall contact the on-duty observer, who shall screen the request and decide if the flight crew should be paged.

419.4.4 OUT-OF-COUNTY MEDICAL TRANSFERS

The Sheriff's Office helicopter may be utilized for an out-of-county medical transfer (moving a patient from one hospital to another) only on a "last resort" basis. Dispatch will determine from the requesting facility that:

- (a) The requesting facility has contacted the other air ambulance services for that area and none are available or feasible.
- (b) The patient is in such a serious medical condition that rapid transport via helicopter is truly necessary.
- (c) Once these conditions have been met, the helicopter may make the flight with authorization from the sworn observer.

Contacts and Temporary Detentions

420.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

420.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When a deputy contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the deputy is voluntary.

Field interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the deputy's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by deputies in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the deputy, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, a deputy has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When a deputy intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when a deputy actually restrains a person's freedom of movement.

420.2 POLICY

The Sonoma County Sheriff's Office respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the deputy, the decision to temporarily detain a person and complete a field interview (FI), pat-down search, or field photograph shall be left to the deputy based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

Sonoma County Sheriff's Office

Policies

Policies

Contacts and Temporary Detentions

420.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, a deputy may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the deputy's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Sonoma County Sheriff's Office to strengthen community involvement, community awareness, and problem identification.

420.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the deputy should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act
- (b) Actions suggesting that he/she is engaged in a criminal activity
- (c) Presence in an area at an inappropriate hour of the day or night
- (d) Presence in a particular area is suspicious
- (e) Carrying of suspicious objects or items
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon
- (g) Location in proximate time and place to an alleged crime
- (h) Physical description or clothing worn that matches a suspect in a recent crime
- (i) Prior criminal record or involvement in criminal activity as known by the deputy

420.4 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the deputy's training and experience, a deputy may pat a suspect's outer clothing for weapons if the deputy has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the deputy to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
- (b) Where more than one suspect must be handled by a single deputy.
- (c) The hour of the day and the location or neighborhood where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.

Sonoma County Sheriff's Office

Policies

Policies

Contacts and Temporary Detentions

- (f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.

Whenever practicable, a pat-down search should not be conducted by a lone deputy. A cover deputy should be positioned to ensure safety and should not be involved in the search.

420.5 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the deputy shall carefully consider, among other things, the factors listed below.

420.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the deputy should have the individual read and sign the appropriate form accompanying the photograph.

420.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The deputy must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the deputy's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

420.5.3 DISPOSITION OF PHOTOGRAPHS

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

420.5.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

420.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, deputies should, when warranted by the

Sonoma County Sheriff's Office

Policies

Policies

Contacts and Temporary Detentions

seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, deputies should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by Sonoma County Sheriff's Office members.
 - 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Organizations

421.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Sonoma County Sheriff's Office appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and individuals.

421.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

421.2 POLICY

The Sonoma County Sheriff's Office recognizes that certain criminal activities, including but not limited to organizational crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this Office to collect and share relevant information while respecting the privacy and legal rights of the public.

421.3 CRIMINAL INTELLIGENCE SYSTEMS (CIS)

No office member may create, submit to or obtain information from a criminal intelligence system unless the Sheriff has approved the system for office use.

Any criminal intelligence system approved for office use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for office use. The supervisor or the authorized designee should ensure the following:

- (a) Members using any such system are appropriately selected and trained.
- (b) Use of every criminal intelligence system is appropriately reviewed and audited.
- (c) Any system security issues are reasonably addressed.

421.3.1 SYSTEM ENTRIES

If entries are made based upon information that is not on file with this office, such as open or public source documents or documents that are on file at another agency, the submitter should ensure copies of those documents are attached to the entry. Any supporting documentation for an entry shall be retained in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

421.3.2 CRIMINAL INTELLIGENCE SYSTEM

The Sheriff may approve participation in a shared criminal intelligence database. Members must obtain the requisite training before accessing any such database.

It is the intelligence supervisor's responsibility to determine whether any report or FI contains information that would qualify for entry into the database. Prior to designating any person as a suspected organization member, associate or affiliate in a shared organization database; or submitting a document to the Attorney General's office for the purpose of designating a person in a shared organization database; or otherwise identifying the person in a shared organization database, the intelligence supervisor shall provide written notice to the person and, if the person is under the age of 18, to his/her parent or guardian of the designation and the basis for the designation, unless providing that notification would compromise an active criminal investigation or compromise the health or safety of a minor. Notice shall also describe the process to contest the designation (Penal Code § 186.34).

The person, an attorney working on his/her behalf or his/her parent or guardian (if the person is under 18 years of age) may request, in writing, information as to whether the person is designated as a suspected organization member, associate or affiliate in a shared organization database accessible by the office, the basis for that designation and the name of the agency that made the designation. The office shall respond to a valid request in writing within 30 days, and shall provide the information requested unless doing so would compromise an active investigation or compromise the health and safety of the person if he/she is under 18 years of age (Penal Code § 186.34).

The person, or his/her parent or guardian if the person is under 18 years of age, may contest the designation by submitting written documentation which shall be reviewed by the intelligence supervisor. If it is determined that the person is not a suspected organization member, associate or affiliate, the person shall be removed from the database. The person and the parent or guardian shall be provided written verification of the office's decision within 30 days of receipt of the written documentation contesting the designation and shall include the reason for a denial when applicable (Penal Code § 186.34).

Records contained in a shared intelligence database shall not be disclosed for employment or military screening purposes, and shall not be disclosed for the purpose of enforcing federal immigration law unless required by state or federal statute or regulation (Penal Code § 186.36).

421.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. Members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the office-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be entered into CIS.

421.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Sonoma County Sheriff's Office

Policies

Policies

Criminal Organizations

Information and documents contained in a temporary information file:

- (a) Should not be originals that would ordinarily be retained by the CIB or Property and Evidence Unit, but should be copies of, or references to, retained documents such as copies of reports, field interview (FI) forms, Dispatch records or booking forms.
- (b) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- (c) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

421.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than five years. At the end of five years, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The intelligence supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

421.5 INFORMATION RECOGNITION

Office members should document facts that suggest an individual or organization is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- (a) Organizational indicia associated with a person or residence.
- (b) Information related to a drug-trafficking operation.
- (c) Vandalism indicating an animus for a particular group.
- (d) Information related to an illegal gambling operation.

Office supervisors who utilize an authorized criminal intelligence system should work with the Professional Standards Bureau Lieutenant to train members to identify information that may be particularly relevant for inclusion.

421.6 RELEASE OF INFORMATION

Office members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to office members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

Mobile Data Center Use

424.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Center (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between office members and Dispatch.

424.2 POLICY

Sonoma County Sheriff's Office members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

424.2 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any office technology system (see the Information Technology Use Policy for additional guidance).

424.2 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Watch Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Office. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

424.2.1 USE WHILE DRIVING

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped and is safe to do so. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

Sonoma County Sheriff's Office

Policies

Policies

Mobile Data Center Use

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

424.3 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Watch Commander or other office-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the sheriff's radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

424.3.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the sheriff's radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

424.3.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available deputy should respond in accordance with the Deputy Response to Calls Policy.

Members should ensure a field supervisor and the Watch Commander are notified of the incident without delay.

Deputies not responding to the emergency shall refrain from transmitting on the sheriff's radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

424.4 EQUIPMENT CONSIDERATIONS

424.4.1 MALFUNCTIONING MDC

Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify Dispatch. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the sheriff's radio. No member will be allowed to exchange or swap MDC's without Sheriff's I.T. approval.

Sonoma County Sheriff's Office

- (b) If it's after hours, members shall send the CSO and I.T. office an email with the vehicle number and a detailed message of the malfunction. Members shall also fill out the proper paperwork (repair work order) and down the vehicle.
- (c) Members shall notify a supervisor of the malfunctioning MDC and make arrangements to change vehicles.

424.4.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

Body Worn Cameras and Audio Recorders

425.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this Office while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment.

The purpose of body worn cameras (BWC) and audio recorders is to provide documentary evidence for criminal investigations, internal or administrative investigations and civil litigation. Members shall utilize the BWC's and audio recorders in accordance with the provisions in this policy to maximize the effectiveness of the audio/video documentation to achieve operational objectives and to ensure evidence integrity.

While BWC recordings can provide an objective record of events, it is understood that video/audio recordings may not necessarily reflect the entire experience or state of mind of the individual employee(s) in a given incident. In some circumstances, the BWC will capture information that may not have been heard and/or observed by the involved employee(s). Similarly, there will be situations where the BWC will not capture information that was heard and/or observed by the involved employee(s).

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Sonoma County Sheriff's Office facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

425.2 POLICY

The Sonoma County Sheriff's Office will provide sworn members with BWC's for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Office by accurately capturing contacts between members of the Office, the public, and those incarcerated in the Sonoma County Detention Facilities.

425.3 COORDINATOR

The Sheriff or the authorized designee shall appoint a member of the Office to coordinate the use and maintenance of BWC's and the storage of recordings, including (Penal Code § 832.18):

- (a) Establishing a system for downloading, storing and security of recordings.
- (b) Designating persons responsible for downloading recorded data.
- (c) Establishing a maintenance system to ensure availability of operable portable audio/video recording devices.
- (d) Establishing a system for tagging and categorizing data according to the type of incident captured.
- (e) Establishing a system to prevent tampering, deleting and copying recordings and ensure chain of custody integrity.

Sonoma County Sheriff's Office

Policies

- (f) Working with counsel to ensure an appropriate retention schedule is being applied to recordings and associated documentation.
- (g) Maintaining logs of access and deletions of recordings.

425.4 MEMBER PRIVACY EXPECTATION

All recordings made by members on any office-issued device at any time, and any recording made while acting in an official capacity for this office, regardless of ownership of the device it was made on, shall remain the property of the Office. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

425.5 MEMBER RESPONSIBILITIES

The Sonoma County Sheriff's Office Law Enforcement and Detention Divisions will issue sworn deputies and sergeants BWC's.

- (a) Uniformed personnel will be responsible for making sure that he/she is equipped with a BWC prior to going into service and for ensuring the BWC is in good working order. If the BWC is not in good working order or malfunctions at any time, the member shall report the failure to his/her supervisor and obtain a functioning device as soon as practicable.
- (b) Uniformed members shall wear the recorder in a conspicuous manner and in such a way that will not be obstructed by clothing.
- (c) Extra help Deputy Sheriff's will not be issued BWC's unless they are assigned to the Civil bureau or unless approved by the BWC administrator Lieutenant.
- (d) Non-uniformed personnel may carry, and use, an approved BWC any time the member believes such a device may be useful. Non-uniformed field training officers who are in the final phase of training are required to wear BWC's.
- (e) Members are encouraged to advise private persons and inmates they are recording if the advisement may gain compliance or assist in the investigation, and it will not interfere with the investigation or officer safety (i.e., a hostile contact during a traffic stop).
- (f) All specialty units are required to use BWC's as set forth in this policy, except the following units:
 - 1. Explosive Ordinance Detail Unit
 - 2. Helicopter Unit
 - 3. Honor Guard
- (g) Any BWC that contains recordings shall be docked and uploaded daily. Practically speaking, this can occur within a 24 hour period of time. Case by case exceptions may be made with the prior approval of a supervisor.
- (h) Any uniformed member who desires to carry an audio digital recorder (in addition to the BWC) may do so for the purpose of surreptitiously recording if the member determines it would be beneficial for the investigation. An example of this could be placing an audio

Policies

recorder in the back seat of a patrol car to record a suspect, etc.. Uniformed members are not allowed to carry an audio digital recorder in place of the Office issued BWC.

- (i) If an audio recording of evidentiary value is obtained from an audio digital recorder from either a uniformed, or non-uniformed member, a copy of the recording shall be entered into evidence.
- (j) The wearing or use of any other personal **video** recorder, other than the BWC, is not authorized. However, during an exigent circumstance with a high evidentiary value, where the BWC is either unavailable or becomes non-functional, and the member has access to an alternative means of recording the incident (cell phone, etc.), the member may use his or her discretion to record the incident on the alternate recording device. In this case, a copy of the video recording shall be entered into evidence and the member's supervisor shall be notified of the recording. This section applies to both uniformed and non-uniformed members.
- (k) Members shall document the existence of a recording in any report, citation, or other official record of the contact, including any instance where the recorder malfunctioned or the member deactivated the recording. The reason for not recording an incident required by this policy shall be documented in the report.
- (l) Only trained personnel shall operate BWC equipment.

425.6 ACTIVATION OF THE BWC

This policy is not intended to describe every possible situation in which the BWC should be used, although there are many situations where its use is appropriate. Unless, it would be unsafe, impossible, or impractical for the situation, members are required to activate their BWC prior to making contact when responding to all calls for service, and during any law enforcement related encounters and activities that occur while the member is on duty. Examples include, but are not limited to:

- (a) All enforcement and investigative contacts including arrests, pursuits, suspicious persons, detentions, and field interview (FI) situations.
- (b) Traffic stops including, traffic violations, traffic collisions, and stranded motorist assistance.
- (c) Probation or parole searches.
- (d) Service of search or arrest warrants.
- (e) Self-initiated activity in which a member would normally notify the Dispatch center.
- (f) During suspect interviews, Miranda Rights or 5150 W&I advisements, and obtaining verbal consent to search.
- (g) During building searches, searches for suspects, and building checks at alarms.
- (h) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording.
- (i) Any use of force or tactical intervention.
- (j) BWC's shall remain activated during detainee and/or arrestee transports.

- (k) Entering a cell occupied by an inmate.
 - 1. Exception: Directly supervising a housing unit or conducting general observation and intensive observation checks, unless a situation arises that dictates otherwise.
- (l) Anytime an inmate is forcibly removed from their cell.
- (m) Responding to inmate fights or disturbances, restraint chair placements and movement of an assaultive or uncooperative inmate.
- (n) Inmate experiencing a medical emergency or a Mental Health crisis.
- (o) There may be additional circumstances which dictate the need for BWC activation such as the inmate becoming uncooperative or resistive, or the possibility of an allegation of misconduct that arises from the contact after the initial contact begins.
- (p) Correctional Deputies shall not record inmates while conducting a strip search, conducting classification interviews, during a routine medical treatment that is provided to an inmate, or during inmates' use of toilet or shower. Members may activate the BWC when the recording serves a legitimate business need. A supervisor may direct members use of the BWC during specific incidents or events. Members shall document the use of a BWC in their written incident report.

The Detention Division is required to activate their BWC's prior to making contact with inmates during specialized emergency response callouts and crisis negotiations.

At no time is a member expected to jeopardize his/her safety in order to activate a BWC. However, the BWC should be activated in situations described above as soon as reasonably practicable.

Members assigned to the Patrol Division are required to have their BWC in buffering mode whenever they are outside of a secured Sheriff's Office facility.

Members assigned to the Detention Division are required to have their BWC in buffering mode whenever they are on duty, on the secured facility side and are outside of Central Control.

425.6.1 CESSATION OF RECORDING

Once activated, the BWC shall remain on continuously until the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Recording may be stopped during significant periods of inactivity such as report writing or other breaks from direct participation in the incident.

Members can deactivate the recording for purposes of conducting interview with crime victims, confidential informants, or witnesses who do not wish to be recorded. Examples of this can include witness interviews or victim interviews on sensitive cases (e.g., sexual assault, child abuse, etc.). Members shall include the reason for the deactivation in their report.

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this

same criterion. Recording should typically resume once the identified privacy concern has been addressed and/or resolved.

Members shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person's attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

425.6.2 SURREPTITIOUS USE OF THE BWC

Members of the Office may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation (Penal Code § 633).

Members shall not surreptitiously record another office member without a court order unless lawfully authorized by the Sheriff or the authorized designee.

425.6.3 EXPLOSIVE DEVICE

Many portable recorders, including body-worn cameras and audio/video transmitters, emit radio waves that could trigger an explosive device. Therefore, these devices should not be used where an explosive device may be present.

425.7 PROHIBITED USE OF BWC

Members are prohibited from using office-issued BWC's and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with office-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate office business purposes. All such recordings shall be retained at the Office.

Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Watch Commander. Any member who uses a personally owned recorder for office-related activities shall comply with the provisions of this policy, including retention and release requirements, and should notify the on-duty supervisor of such use as soon as reasonably practicable.

Recordings shall not be used by any member for the purpose of embarrassment, harassment or ridicule.

425.7.1 PROHIBITED USE OF BIOMETRIC SURVEILLANCE SYSTEM

The installation, activation, or use of biometric surveillance systems, including facial recognition, in connection with portable recorders is prohibited.

425.8 IDENTIFICATION AND PRESERVATION OF RECORDINGS

Members using the BWC's shall identify each recording by category as outlined below. Not all BWC recordings will be required to be categorized in Evidence.com. However, if a case number

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

425.8.1 RETENTION REQUIREMENTS

All recordings shall be retained for a minimum of three years and 1 day.

Recordings containing evidence that may be relevant to a criminal prosecution should be retained for any additional period required by law for other evidence relevant to a criminal prosecution (Penal Code § 832.18).

Records or logs of access and deletion of recordings should be retained permanently (Penal Code § 832.18).

425.9 REVIEW OF RECORDED MEDIA FILES

Access to the recordings is managed on a need to know, right to know basis. All access to the system at Evidence.com is logged and available for audit purposes. Members authorized under this policy may review recordings according to the provisions of this policy.

Once uploaded to Evidence.com, members may only view recorded data at Sheriff's Office authorized computers or MDC's. The member should document the reason for access in the "Notes" section prior to viewing any data. Evidence.com automatically time/date stamps and records each access by employee name.

In order to maintain the ability to conduct thorough and effective investigations and incident reviews involving sexual abuse, sexual harassment, and other misconduct, appropriately trained internal and external investigators, and senior facility and agency administrators are not prohibited by the Prison Rape Elimination Act, Standard 115 from viewing cross-gender recorded camera footage in conjunction with an investigation or incident review.

A member may review recorded files as it relates to:

- (a) Their involvement in an incident for the purposes of completing a criminal investigation and preparing official reports or incident reports. Members should not use the fact that a recording was made as a reason to write a less detailed report.
- (b) Prior to courtroom testimony or for courtroom presentations.

- (c) Providing a statement during an administrative inquiry.
- (d) For potential training purposes.
- (e) Viewing of video and audible recording: Deputies shall be allowed to view any video or audio recordings captured by them prior to being interviewed or the completion of an Incident Report.
- (f) Generally, non-supervisory personnel will not have access to other employees' BWC recordings unless requested for a legitimate law enforcement investigation or purpose.
- (g) In response to court orders, subpoenas, public records act (PRA) requests, etc., a member's BWC recording(s) may be reviewed by Sheriff's Office members who have a legitimate law enforcement reason to view the BWC recording (Custodian of Records, BWC Administrator, Command Staff, etc.).

Exception: Administrative users of Evidence.com may access Evidence.com from a computer or device outside of the Sheriff's Office for the purpose of completing administrative tasks, such as viewing recordings on sensitive cases when a Sheriff's Office computer is not available, locking or unlocking users, etc.

425.10 SUPERVISOR REVIEW OF RECORDINGS

Supervisors are required to review video known to have captured incidents related to the Use of Force and Vehicle Pursuits involving members directly supervised by them at the time of the incident, prior to the end of their shift unless approved by the Watch Commander.

- In cases where the Patrol supervisor reviewing the incident is not the regularly assigned supervisor assigned to the area in which the incident occurred, (eg. a Main Office supervisor reviewing a substation deputy's video during night time hours) the regularly assigned supervisor may also conduct a review of the video to brief themselves on the incident and document the incident in the appropriate Office records system.
- Supervisors are further authorized to review relevant recordings of a member they are directly supervising any time there is good cause to believe a member or another deputy captured on video engaged in:
 - Failure to perform their duties in accordance with Office standards of professional conduct
 - Misconduct or a violation of Office Policy
 - Performing with meritorious conduct

Supervisors shall place comments in the tracking area of Evidence.com denoting the purpose for their review of any video.

425.10.1 RELEASE OF BWC RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.

425.10.2 REQUESTS FOR DELETION OF A RECORDING

In the event an employee becomes aware of an accidental or inadvertent activation of the BWC, or training recordings that do not contain evidentiary value, the recording employee shall request that the BWC file be deleted by submitting an e-mail request with sufficient information to locate the BWC file to the system administrator who shall review the file and approve or deny the request.

425.11 CRITICAL INCIDENTS

Supervisors should take custody of a BWC as soon as practical when the device may have captured an incident involving an officer-involved shooting, death, or other serious incident, and ensure the data is downloaded (penal Code § 832.18).

- (a) All BWC recordings shall be uploaded to the server as soon as practical.
- (b) The Sheriff's Office will follow the procedures and guidelines set forth in the Sonoma County Chief's Association Policy 93-1: Employee Involved Critical Incident Protocol.

Public Recording of Law Enforcement Activity

426.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this office. In addition, this policy provides guidelines for situations where the recordings may be evidence.

426.2 POLICY

The Sonoma County Sheriff's Office recognizes the right of persons to lawfully record members of this office who are performing their official duties. Members of this office will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Deputies should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

426.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the deputies.
 - 4. Being so close to the activity as to interfere with a deputy's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the deputies, him/herself or others.

426.4 SUPERVISOR RESPONSE

Whenever practicable, deputies or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, a deputy could advise the person that he/she may continue observing and recording from the sidewalk across the street.

Policies

Public Recording of Law Enforcement Activity

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, deputies shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

426.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the deputy and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Office members, such as how and where to file a complaint.

426.6 SEIZING RECORDINGS AS EVIDENCE

Deputies should not seize recording devices or media unless (42 USC § 2000aa):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to an office-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Medical Marijuana

427.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this office with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California's medical marijuana laws.

427.1.1 DEFINITIONS

Definitions related to this policy include:

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient's housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory amount - No more than 8 ounces of dried, mature, processed female marijuana flowers ("bud") or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).

Sonoma County Sheriff's Office

Policies

Policies

Medical Marijuana

427.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to prioritize resources to forgo making arrests related to marijuana that the arresting deputy reasonably believes would not be prosecuted by state or federal authorities.

California's medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Sonoma County Sheriff's Office will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

427.3 INVESTIGATION

Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when a medicinal claim is made by a cardholder.
- (c) Investigations when a medicinal claim is made by a non-cardholder.

427.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the deputy should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so deputies should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

427.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER

A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

- (a) The information contained in the card is false or falsified.
- (b) The card has been obtained or used by means of fraud.
- (c) The person is otherwise in violation of the provisions of the MMP.
- (d) The person possesses marijuana but not for personal medical purposes.

Sonoma County Sheriff's Office

Policies

Policies

Medical Marijuana

Deputies who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient's medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

427.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the deputy reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient's current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Deputies are not obligated to accept a person's claim of having a physician's recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person's medical-use claim.

Deputies should review any available written documentation for validity and whether it contains the recommending physician's name, telephone number, address and medical license number for verification.

Deputies should generally accept verified recommendations by a physician that statutory amounts do not meet the patient's needs (Health and Safety Code § 11362.77).

427.3.4 INVESTIGATIONS INVOLVING A STATE LICENSEE

No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Deputies should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 26032).

427.3.5 ADDITIONAL CONSIDERATIONS

Deputies should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

Sonoma County Sheriff's Office

Policies

Policies

Medical Marijuana

- (a) Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, deputies may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 - 1. The suspect has been identified and can be easily located at a later time.
 - 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 - 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
 - 4. Other relevant factors, such as available office resources and time constraints prohibit making an immediate arrest.
- (b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, deputies should consider the following when determining whether the form and amount is reasonably related to the patient's needs:
 - 1. The amount of marijuana recommended by a medical professional to be ingested.
 - 2. The quality of the marijuana.
 - 3. The method of ingestion (e.g., smoking, eating, nebulizer).
 - 4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
 - 5. Whether the marijuana is being cultivated indoors or outdoors.
- (c) Before proceeding with enforcement related to collective gardens or dispensaries, deputies should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).
- (d) Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

427.3.6 EXCEPTIONS

This policy does not apply to, and deputies should consider taking enforcement action for the following:

- (a) Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).
- (b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).

Sonoma County Sheriff's Office

Policies

Policies

Medical Marijuana

- (c) Smoking marijuana (Health and Safety Code § 11362.79):
 - 1. In any place where smoking is prohibited by law.
 - 2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
 - 3. On a school bus.
 - 4. While in a motor vehicle that is being operated.
 - 5. While operating a boat.
- (d) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

427.4 FEDERAL LAW ENFORCEMENT

Deputies should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the deputy believes those authorities would have a particular interest in the information.

427.5 PROPERTY AND EVIDENCE UNIT SUPERVISOR RESPONSIBILITIES

The Property and Evidence Unit supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Property and Evidence Unit supervisor is not responsible for caring for live marijuana plants.

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Unit supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Property and Evidence Unit supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigative Bureau supervisor.

Loud Parties/Gatherings

428.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for responding to disturbances or nuisances resulting from unreasonably loud parties or similar gatherings. The Sheriff's Office may, at the discretion of the deputy, enforce the County Ordinance regulating an unabated disturbance or nuisance. If the deputy chooses to enforce the ordinance, the following procedures shall apply.

428.2 PROCEDURES

428.2.1 INITIAL RESPONSE BY DEPUTY

- (a) Advise the responsible individual that the party/gathering is considered to be a disturbance in violation of Penal Code § 415.
- (b) Ensure that any entry into a residence is in strict compliance with current law.
- (c) Inform the responsible individual that a service fee will be charged for all county personnel and equipment costs connected with any second or subsequent meritorious response to the disturbance, as well as other associated costs, and that any second response will result in dispersal of the party/gathering with violators subject to arrest and/or citation.
- (d) Provide a completed Notice-First Response To Disturbance Or Nuisance Form to the responsible individual. If the person refuses to sign, indicate "refused" in the signature space, and leave the copy.
- (e) Upon completion of the call, advise Dispatch of the disposition, and inform the supervisor. Provide the shift supervisor with the office's copy of the Notice upon completion of the shift.
- (f) The Patrol Supervisor will ensure that the Notice has been fully and accurately completed, and advise the on-coming Patrol supervisor of the incident and provide a copy of the Notice.

428.2.2 SUBSEQUENT RESPONSES TO DISTURBANCE CALLS

- (a) Deputies will confirm Notice-First Response Form was issued, and take action to disperse the party/gathering.
- (b) A Violation For Unabated Disturbance Or Nuisance form will be issued to the responsible individual. If the person refuses to sign, indicate "refused" in the signature space, and leave a copy.
- (c) Inform the Patrol supervisor of the incident.
- (d) Provide all documentation (including incident report, First Response Notice, violation form) to the shift supervisor no later than completion of shift.

428.2.3 PATROL SUPERVISOR

Forward copies of all documentation to the Watch Commander, including:

Sonoma County Sheriff's Office

Policies

Policies

Loud Parties/Gatherings

- (a) All related CAD (Computer Aided Dispatch) printouts
- (b) Incident/crime report as appropriate (with estimate of report preparation time)
- (c) Notice issued on first response
- (d) Violation form for subsequent response
- (e) Pre-booking form(s) if any arrests were made

428.2.4 WATCH COMMANDER

- (a) Review all documentation, and if the incident involved use of any special equipment, damage to county property, and/or injury to county personnel, include the appropriate documentation to support additional charges associated with these items. Summarize the total deputy time to be billed. Ensure that the hours being charged reflect an appropriate level of response to the specific incident.
- (b) Forward completed documentation to the Accounting Unit.

Foot Pursuits

429.1 PURPOSE AND SCOPE

This policy provides guidelines to assist deputies in making the decision to initiate or continue the pursuit of suspects on foot.

429.2 POLICY

It is the policy of the Sonoma County Sheriff's Office that deputies, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to the public, office members, or the suspect.

Deputies are expected to act reasonably, based on the totality of the circumstances.

429.3 DECISION TO PURSUE

The safety of the public and office members should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Deputies must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and office members.

Deputies may be justified in initiating a foot pursuit of any individual the deputy reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, a deputy should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- (a) Containment of the area.
- (b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
- (c) A canine search.
- (d) Thermal imaging or other sensing technology.
- (e) Air support.
- (f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

Sonoma County Sheriff's Office

Policies

Policies

Foot Pursuits

429.4 GENERAL GUIDELINES

When reasonably practicable, deputies should consider alternatives to engaging in or continuing a foot pursuit when:

- (a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory
- (b) The deputy is acting alone.
- (c) Two or more deputies become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single deputy keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The deputy is unsure of his/her location and direction of travel.
- (e) The deputy is pursuing multiple suspects and it is not reasonable to believe that the deputy would be able to control the suspect should a confrontation occur.
- (f) The physical condition of the deputy renders him/her incapable of controlling the suspect if apprehended.
- (g) The deputy loses radio contact with the dispatcher or with assisting or backup deputies.
- (h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient deputies to provide backup and containment. The primary deputy should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- (i) The deputy becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to the public or pursuing deputies.
- (j) The deputy reasonably believes that the danger to the public or pursuing deputies outweighs the objective of immediate apprehension.
- (k) The deputy loses possession of his/her firearm or other essential equipment.
- (l) The deputy or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer definitely known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to the public or office members if the suspect is not immediately apprehended.

429.5 RESPONSIBILITIES IN FOOT PURSUITS

429.5.1 INITIATING DEPUTY RESPONSIBILITIES

Unless relieved by another deputy or a supervisor, the initiating deputy shall be responsible for coordinating the progress of the pursuit.

Sonoma County Sheriff's Office

Policies

Policies

Foot Pursuits

Early communication of available information from the involved deputies is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Deputies initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- (a) Location and direction of travel
- (b) Call sign identifier
- (c) Reason for the foot pursuit, such as the crime classification
- (d) Number of suspects and description, to include name if known
- (e) Whether the suspect is known or believed to be armed with a dangerous weapon

Deputies should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the deputy will notify the dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for deputies, suspects or members of the public.

429.5.2 ASSISTING DEPUTY RESPONSIBILITIES

Whenever any deputy announces that he/she is engaged in a foot pursuit, all other deputies should minimize non-essential radio traffic to permit the involved deputies maximum access to the radio frequency.

429.5.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established office guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing deputies or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

429.5.4 DISPATCH RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.

Sonoma County Sheriff's Office

Policies

Policies

Foot Pursuits

- (b) Coordinating pursuit communications of the involved deputies.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Notifying the Watch Commander as soon as practicable.
- (g) Assigning an incident number and logging all pursuit activities.

429.6 REPORTING REQUIREMENTS

The initiating deputy shall complete appropriate crime/arrest reports.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating deputy need not complete a formal report.

Exception: Incidents involving the use of force shall be documented per Sheriff's Office policy.

Automated License Plate Readers (ALPRs)

430.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

430.2 DEFINITIONS

Definitions related to this policy include:

Automated License Plate Reader (ALPR): A device that uses cameras and computer technology to compare digital images to lists of known information of interest.

ALPR Operator: Trained Office members who may utilize ALPR system/equipment. ALPR operators may be assigned to any position within the Office, and the ALPR Administrator may order the deployment of the ALPR systems for use in various efforts

ALPR Administrator: The Special Services Captain or the Sheriff's designee, serves as the ALPR Administrator for the Office.

Hot List: A list of license plates associated with vehicles of interest compiled from one or more databases including, but not limited to, NCIC, CA DMV, Local BOLO's, etc.

Vehicles of Interest: Including, but not limited to vehicles which are reported as stolen; display stolen license plates or tags; vehicles linked to missing and/or wanted persons and vehicles flagged by the Department of Motor Vehicle Administration or law enforcement agencies.

Detection: Data obtained by an ALPR of an image (such as a license plate) within public view that was read by the device, including potential images (such as the plate and description of vehicle on which it was displayed), and information regarding the location of the ALPR system at the time of the ALPR's read.

Hit: Alert from the ALPR system that a scanned license plate number may be in the National Crime Information Center (NCIC) or other law enforcement database for a specific reason including, but not limited to, being related to a stolen car, wanted person, missing person, domestic violation protective order or terrorist-related activity.

430.3 POLICY

The policy of the Sonoma County Sheriff's Office is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this office. Because such data may contain confidential information, it is not open to public review.

430.4 ADMINISTRATION

The ALPR technology, also known as License Plate Recognition (LPR), allows for the automated detection of license plates. It is used by the Sonoma County Sheriff's Office to convert data associated with vehicle license plates for official law enforcement purposes, including identifying

stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Special Services Captain. The Special Services Captain will assign members under his/her command to administer the day-to-day operation of the ALPR equipment and data.

430.4.1 ALPR ADMINISTRATOR

The Special Services Captain shall be responsible for developing guidelines and procedures to comply with the requirements of Civil Code § 1798.90.5 et seq. This includes, but is not limited to (Civil Code § 1798.90.51; Civil Code § 1798.90.53)

- (a) A description of the job title or other designation of the members and independent contractors who are authorized to use or access the ALPR system or to collect ALPR information.
- (b) Training requirements for authorized users.
- (c) A description of how the ALPR system will be monitored to ensure the security of the information and compliance with applicable privacy laws.
- (d) Procedures for system operators to maintain records of access in compliance with Civil Code § 1798.90.52.
- (e) The title and name of the current designee in overseeing the ALPR operation.
- (f) Working with the Custodian of Records on the retention and destruction of ALPR data.
- (g) Ensuring this policy and related procedures are conspicuously posted on the department's website.

430.5 DATA COLLECTION AND RETENTION

The Special Services Captain responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with department procedures.

430.6 ALPR DATA FROM PARKING ENFORCEMENT OPERATIONS

All ALPR data downloaded to the server should be stored for a minimum of one year (Government Code § 34090.6) and in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

430.7 ALPR DATA FROM FIXED CAMERA SYSTEM(S)

ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil 430.4.3action or is subject to a discovery request or other lawful

action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

ALPR vendor will store the data (data hosting) and ensure proper maintenance and security of data stored in their data towers. ALPR vendor will purge their data at the end of the 30 days of storage. However, this will not preclude Sonoma County Sheriff's Office from maintaining any relevant vehicle data obtained from the system after that period pursuant to the established County of Sonoma retention schedule mentioned above or outlined elsewhere.

430.8 RESTRICTIONS ON THE USE OF ALPR DATA

Information gathered or collected, and records retained by ALPR vendor(s) will not be sold, accessed, or used for any purpose other than legitimate law enforcement or public safety purposes.

430.9 OPERATIONS

Use of an ALPR is restricted to the purposes outlined below. Office members shall not use, or allow others to use the equipment or database records for any unauthorized purpose (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

1. An ALPR shall only be used for official law enforcement business.
2. An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
3. While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
4. No member of this office shall operate ALPR equipment or access ALPR data without first completing office-approved training.
5. No ALPR operator may access office, state or federal data unless otherwise authorized to do so.
6. If practicable, the deputy should verify an ALPR response through the California Law Enforcement Telecommunications System (CLETS) before taking enforcement action that is based solely on an ALPR alert. Once an alert is received, the operator should confirm that the observed license plate from the system matches the license plate of the observed vehicle. Before any law enforcement action is taken because of an ALPR alert, the alert will be verified through a CLETS inquiry via MDC or through Dispatch. Members will not take any enforcement action that restricts the freedom of any individual based solely on an ALPR alert unless it has been validated. Because the ALPR alert may relate to a vehicle and may not relate to the person operating the vehicle, deputies are reminded that they need to have reasonable suspicion and/or probable cause to make an enforcement stop of any vehicle. (For example, if a vehicle is entered into the system because of its association with a wanted individual, Deputies

Sonoma County Sheriff's Office

Policies

Policies

should attempt to visually match the driver to the description of the wanted subject prior to making the stop or should have another legal basis for making the stop.)

7. Hot Lists. Designation of hot lists to be utilized by the ALPR system shall be made by the ALPR Administrator or his/her designee. Hot lists shall be obtained or compiled from sources as may be consistent with the purposes of the ALPR system set forth in this Policy. Hot lists utilized by the Office's LPR system may be updated by agency sources more frequently than the Office may be uploading them and thus the Office's LPR system will not have access to real time data. Occasionally, there may be errors in the LPR system's read of a license plate. Therefore, an alert alone shall not be a basis for police action (other than following the vehicle of interest). Prior to initiation of a stop of a vehicle or other intervention based on an alert, Office members shall undertake the following:
 - (a) Verification of status on a Hot List. A deputy must receive confirmation, from a Sonoma County Sheriff's Office Communications Dispatcher or other office computer device, that the license plate is still stolen, wanted, or otherwise of interest before proceeding (absent exigent circumstances).
 - (b) Visual verification of license plate number. Deputies shall visually verify that the license plate of interest matches identically with the image of the license plate number captured (read) by the LPR, including both the alphanumeric characters of the license plate, state of issue, and vehicle descriptors before proceeding. Office members alerted to the fact that an observed motor vehicle's license plate is entered as a Hot Plate (hit) in a specific BOLO (be on the lookout) list are required to make a reasonable effort to confirm that a wanted person is actually in the vehicle and/or that a reasonable basis exists before a office member would have a lawful basis to stop the vehicle.
 - (c) Office members will clear all stops from hot list alerts by indicating the positive ALPR Hit, i.e., with an arrest or other enforcement action. If it is not obvious in the text of the call as to the correlation of the ALPR Hit and the arrest, then the Office member shall update with the Communications Dispatcher and original person and/or a crime analyst inputting the vehicle in the hot list (hit).
 - (d) General Hot Lists (SVS, SFR, and SLR) will be automatically downloaded into the ALPR system a minimum of once a day with the most current data overwriting the old data.
 - (e) All entries and updates of specific Hot Lists within the ALPR system will be documented by the requesting Office member within the appropriate general offense report. As such, specific Hot Lists shall be approved by the ALPR Administrator (or his/her designee) before initial entry within the ALPR system. The updating of such a list within the ALPR system shall thereafter be accomplished pursuant to the approval of the Office member's immediate supervisor. The hits from these data sources should be viewed as informational; created solely to bring the deputies attention to specific vehicles that have been associated with criminal activity.
8. All Hot Plates and suspect information entered into the ALPR system will contain the following information as a minimum:

Sonoma County Sheriff's Office

Policies

Policies

Automated License Plate Readers (ALPRs)

- (a) Entering Office member's name
 - (b) Short synopsis describing the nature of the originating call
 - (c) Related case number.
9. Login/Log-Out Procedure. To ensure proper operation and facilitate oversight of the ALPR system, all users will be required to have individual credentials for access and use of the systems and/or data, which has the ability to be fully audited.
10. Permitted/Impermissible Uses. The ALPR system, and all data collected, is the property of the Sonoma County Sheriff's Office. Office personnel may only access and use the ALPR system for official and legitimate law enforcement purposes consistent with this Policy. The following uses of the ALPR system are specifically prohibited:
- (a) Invasion of Privacy: Except when done pursuant to a court order such as a search warrant, is a violation of this Policy to utilize the ALPR to record license plates except those of vehicles that are exposed to public view (e.g., vehicles on a public road or street, or that are on private property but whose license plate(s) are visible from a public road, street, or a place to which members of the public have access, such as the parking lot of a shop or other business establishment).
 - (b) Harassment or Intimidation: It is a violation of this Policy to use the ALPR system to harass and/or intimidate any individual or group.
 - (c) Use Based on a Protected Characteristic. It is a violation of this policy to use the LPR system or associated scan files or hot lists solely because of a person's, or group's race, gender, religion, political affiliation, nationality, ethnicity, sexual orientation, disability, or other classification protected by law.
 - (d) Personal Use: It is a violation of this Policy to use the ALPR system or associated scan files or hot lists for any personal purpose.
 - (e) First Amendment Rights. It is a violation of this policy to use the ALPR system or associated scan files or hot lists for the purpose or known effect of infringing upon First Amendment rights.
 - (f) Anyone who engages in an impermissible use of the ALPR system or associated scan files or hot lists may be subject to
 - (a) Criminal prosecution
 - (b) Civil liability, and/or
 - (c) Administrative sanctions, up to and including termination, pursuant to and consistent with the relevant collective bargaining agreements and Office policies

430.10 ACCOUNTABILITY

All data will be closely safeguarded and protected by both procedural and technological means.

The Sonoma County Sheriff's Office will observe the following safeguards regarding access to and use of stored data (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

Sonoma County Sheriff's Office

Policies

Policies

Automated License Plate Readers (ALPRs)

- (a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time (Civil Code § 1798.90.52).
- (b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.
- (c) ALPR system audits should be conducted on a regular basis. For security or data breaches, see the Records Release and Maintenance Policy.

430.11 RELEASING ALPR DATA

The ALPR data may be shared only with another public agency for official law enforcement purposes or as otherwise permitted by law, using the following procedures (Importantly, the definition of "public agency" is limited to state or local agencies, including law enforcement agencies, and does not include out-of-state or federal law enforcement agencies. (See Civ. Code, §1798.90.5, subd.(f).) Accordingly, SB 34 does not permit California LEAs to share ALPR information with private entities or out-of-state or federal agencies, including out-of-state and federal law enforcement agencies. This prohibition applies to ALPR database(s) that LEAs access through private or public vendors who maintain ALPR information collected from multiple databases and/or public agencies.):

- (a) The agency makes a written request for the ALPR data that includes:
 - 1. The name of the agency.
 - 2. The name of the person requesting.
 - 3. The intended purpose of obtaining the information.
- (b) The request is reviewed by the Special Services Captain or the authorized designee and approved before the request is fulfilled.
- (c) The Sheriff or the authorized designee will consider the California Values Act (Government Code § 7282.5; Government Code § 7284.2 et seq), before approving the release of ALPR data. The Sonoma County Sheriff's Office does not permit the sharing of ALPR data gathered by the County, or contract Cities or its contractors/subcontractors for purpose of federal immigration enforcement, these federal immigration agencies include Immigrations and Customs Enforcement (ICE) and Customs and Border Patrol (CPB).
- (d) ALPR data will not be shared or released to any federal agency, or other law enforcement agency outside of the State of California, absent a court order from a Magistrate from the State of California.
- (e) The approved request is retained on file. Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy (Civil Code § 1798.90.55).

Homeless Persons

431.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide deputies during all contacts with the homeless, whether consensual or for enforcement purposes. The Sonoma County Sheriff's Office recognizes that members of the homeless community are often in need of special protection and services. The Sonoma County Sheriff's Office will address these needs in balance with the overall mission of this office. Therefore, deputies will consider the following when serving the homeless community.

431.1.1 POLICY

It is the policy of the Sonoma County Sheriff's Office to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of the Sheriff's Office will not use homelessness solely as a basis for detention or law enforcement action. However, sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. We must also take into consideration our commitment to protect the best interests of the public, ensuring public areas remain accessible and available to the public at large for their intended uses. In some cases, Deputies may have to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

431.2 HOMELESS COMMUNITY LIAISON

The Sheriff will designate members of this office to act as the Homeless Liaison Deputies. The responsibilities of the Homeless Liaison Coordinator include the following:

- (a) Maintain and make available to all office employees a list of assistance programs and other resources that are available to the homeless.
- (b) Meet with Community Development Commission (CDC), Catholic Charities, Health Care for the Homeless Collaborative (HCHC), and Homeless Outreach Support Team (HOST) representatives and/or other organizations that render assistance to the homeless.
- (c) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:
 1. Proper posting of notices of trespass and clean-up operations.
 2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property.
- (d) Be present during any clean-up operation conducted by this office involving the removal of personal property of the homeless to ensure that the rights of the homeless are not violated.

Sonoma County Sheriff's Office

Policies

Policies

Homeless Persons

- (e) Develop training to assist deputies in understanding current legal and social issues relating to the homeless.

431.3 FIELD CONTACTS

Deputies are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade a deputy from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, deputies are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Deputies should provide homeless persons with a Sonoma County Sheriff's Office Homeless Outreach Resource Guide and/or a Sonoma County Homeless Resource Guide whenever it is reasonably apparent that such services may be appropriate. Deputies will be provided a resource card listing various services available to the homeless.

431.3.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Deputies should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.
- (d) Obtain statements from all available witnesses in the event that a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may be a dependent adult or elder, and if so, proceed in accordance with the Senior and Disability Victimization Policy.
- (f) Consider whether a crime should be reported and submitted for prosecution, even when a homeless victim indicates that he/she does not desire prosecution.

431.4 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Deputies should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person without previously posting warning notices to vacate and clean up the encampment area.

When a homeless person is arrested or otherwise removed from a public place, deputies should make reasonable accommodations to permit the person to lawfully secure his/her personal

Sonoma County Sheriff's Office

Policies

Policies

Homeless Persons

property. In some cases, non-contaminated personal property may have to be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the deputy, a supervisor should be consulted and a reasonable effort should be made to coordinate the removal and safekeeping of any non-contaminated property.

Deputies should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor. When practicable, requests by the public for clean-up of a homeless encampment on public property should be referred to a supervisor.

Deputies who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property without first consulting with the Homeless Liaison Deputy. If such property appears to be abandoned, involve a trespass, is a blight to the community, or is the subject of a complaint, contact the Homeless Liaison Deputy for assistance.

Examples of personal property that should be collected, provided it is not contaminated and unsafe to store, are as follows:

- (a) Cell phone
- (b) Wallets, purses
- (c) Medicine
- (d) Dentures
- (e) Medical equipment (e.g., crutches, wheelchairs, walker)
- (f) Personal papers and documents
- (g) Bags and backpacks
- (h) Clothing
- (i) Camping equipment, including camp stoves, pots, dishes, utensils, tents, sleeping bags and blankets
- (j) Working bicycles and trailers
- (k) Tools and toolboxes

431.5 MENTAL ILLNESS AND MENTAL IMPAIRMENT

Some homeless persons may suffer from a mental illness or a mental impairment. Deputies shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (see the Crisis Intervention Incidents Policy).

When a mental illness hold is not warranted, the contacting deputy should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, deputies may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

431.6 PUBLIC AREAS

The unauthorized use of public areas for the storage of personal property interferes with the rights of other members of the public for their intended purposes and can create a public health and safety hazard that adversely affects residential and commercial areas. The purpose of this policy is to maintain public areas in clean, sanitary and accessible condition to prevent the misappropriation of public areas for personal use, and to promote the public health and safety by ensuring that public areas remain readily accessible for their intended uses.

First Amendment Assemblies

432.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

432.2 POLICY

The Sonoma County Sheriff's Office respects the rights of people to peaceably assemble. It is the policy of this office not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

432.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, deputies shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors deputies may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Deputies should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless a deputy is placing a person under lawful arrest.

Supervisors should continually observe office members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

432.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating office performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious, or social views of associations, or the activities of any individual, group, association, organization, corporation, business, or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

432.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding deputy should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

432.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

432.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Sonoma County Sheriff's Office

Policies

Policies

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

432.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with County government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.

Policies

First Amendment Assemblies

- (t) Parameters for the use of body-worn cameras and other portable recording devices.

432.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy).

432.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

432.7 USE OF FORCE

Use of force is governed by current office policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy devices should be considered only when the participants' conduct reasonably appears to present the potential to harm deputies, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Sonoma County Sheriff's Office

Policies

Policies

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this office shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

432.8 ARRESTS

The Sonoma County Sheriff's Office should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of deputies and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

432.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences, and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

432.9.1 MEDIA ACCESS

If deputies close the immediate area surrounding any emergency field command post or any other command post, or establish a police line, or rolling closure at a demonstration, march, protest, or rally where individuals are engaged in a protected activity pursuant to the First Amendment, deputies shall comply with the requirements of Penal Code § 409.7 relating to media access (i.e., access to closed areas, obtaining information) (Penal Code § 409.7).

432.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

432.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, Dispatch records/tapes
- (g) Media accounts (print and broadcast media)

432.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with County legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

432.12 TRAINING

Office members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The Office should, when practicable, train with its external and mutual aid partners.

Deputies should also receive periodic training on the standards for the use of kinetic energy projectiles and chemical agents for crowd control purposes as identified in Penal Code § 13652.

432.13 USE OF KINETIC ENERGY PROJECTILES AND CHEMICAL AGENTS FOR CROWD CONTROL

Kinetic energy projectiles and chemical agents for crowd control purposes shall only be deployed by deputies who have received POST training for crowd control if the use is objectively reasonable

to defend against a threat to life or serious bodily injury to any individual, including a deputy, or to bring an objectively dangerous and unlawful situation safely and effectively under control and in accordance with the following requirements of Penal Code § 13652.

- (a) De-escalation techniques or other alternatives to force have been attempted, when objectively reasonable, and have failed.
- (b) Repeated, audible announcements are made announcing the intent to use kinetic energy projectiles and chemical agents and the type to be used, when objectively reasonable to do so. The announcements shall be made from various locations, if necessary, and delivered in multiple languages, if appropriate.
- (c) Individuals are given an objectively reasonable opportunity to disperse and leave the scene.
- (d) An objectively reasonable effort has been made to identify individuals engaged in violent acts and those who are not, and kinetic energy projectiles or chemical agents are targeted toward those individuals engaged in violent acts. Projectiles shall not be aimed indiscriminately into a crowd or group of individuals.
- (e) Kinetic energy projectiles and chemical agents are used only with the frequency, intensity, and in a manner that is proportional to the threat and objectively reasonable.
- (f) Deputies shall minimize the possible incidental impact of their use of kinetic energy projectiles and chemical agents on bystanders, medical personnel, journalists, or other unintended targets.
- (g) An objectively reasonable effort has been made to extract individuals in distress.
- (h) Medical assistance is promptly provided, if properly trained personnel are present, or procured, for injured persons, when it is reasonable and safe to do so.
- (i) Kinetic energy projectiles shall not be aimed at the head, neck, or any other vital organs.
- (j) Kinetic energy projectiles or chemical agents shall not be used solely due to any of the following:
 - 1. A violation of an imposed curfew.
 - 2. A verbal threat.
 - 3. Noncompliance with a law enforcement directive.
- (k) If the chemical agent to be deployed is tear gas, only an Incident Commander at the scene of the assembly, protest, or demonstration may authorize its use.

432.13.1 USE SUMMARY

The Patrol Captain or the authorized designee should ensure that a summary of each deployment of kinetic energy projectiles or chemical agents for crowd control purposes is prepared and published on the office website within 60 days of each incident. The time frame may be extended for another 30 days where just cause is demonstrated, but no longer than 90 days from the time of the incident. The summary shall be limited to the information known to the Office at the time of the report and include the information required in Penal Code § 13652.1.

432.14 ANTI-REPRODUCTIVE RIGHTS CALLS

Deputy response to public assemblies or demonstrations relating to anti-reproductive rights should be consistent with this policy (Penal Code § 13778.1).

Civil Disputes

433.1 PURPOSE AND SCOPE

This policy provides members of the Sonoma County Sheriff's Office with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by California law.

433.2 POLICY

The Sonoma County Sheriff's Office recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this office will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

433.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

433.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for a deputy to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent

Sonoma County Sheriff's Office

Policies

Policies

Civil Disputes

court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating deputy should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating deputy should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

433.4.1 STANDBY REQUESTS

Deputies or members responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Deputies should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

433.5 VEHICLES AND PERSONAL PROPERTY

Deputies may be faced with disputes regarding possession or ownership of vehicles or other personal property. Deputies may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, deputies should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

433.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Suspicious Activity Reporting

434.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

434.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

434.2 POLICY

The Sonoma County Sheriff's Office recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

434.3 RESPONSIBILITIES

The Investigation Lieutenant and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for office participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Investigation Lieutenant include, but are not limited to:

- (a) Remaining familiar with those databases available to the Office that would facilitate the purpose of this policy.

Sonoma County Sheriff's Office

Policies

Policies

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Office.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Office conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

434.4 REPORTING AND INVESTIGATION

Any office member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any Professional Staff member who receives such information should ensure that it is passed on to a deputy in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, a deputy becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

434.5 HANDLING INFORMATION

The CIB will forward copies of SARs, in a timely manner, to the following:

- Investigative Bureau supervisor
- Crime Analysis Unit
- Other authorized designees

Medical Aid and Response

435.1 PURPOSE AND SCOPE

This policy recognizes that members often encounter persons in need of medical aid and establishes a law enforcement response to such situations.

435.2 POLICY

It is the policy of the Sonoma County Sheriff's Office that all deputies and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

435.3 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Dispatch and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 1. Signs and symptoms as observed by the member.
 2. Changes in apparent condition.
 3. Number of patients, sex, and age, if known.
 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 5. Whether the person is showing signs or symptoms of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

Sonoma County Sheriff's Office

Policies

Policies

Medical Aid and Response

435.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Deputies should search any person who is in custody before releasing that person to EMS for transport.

A deputy should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

435.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, a deputy shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the deputy should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

If a deputy believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The deputy may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the deputy will require the person to be transported to the nearest medical facility. In such cases, the deputy should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

435.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

435.7 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Trained members may administer opioid overdose medication (Civil Code § 1714.22; Business and Professions Code § 4119.9).

Sonoma County Sheriff's Office

Policies

Policies

Medical Aid and Response

435.7.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone (NARCAN), should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Professional Standards Bureau Lieutenant.

Any member who administers an opioid overdose medication should contact Dispatch as soon as possible and request response by EMS.

435.7.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report and advise a supervisor as soon as practicable.

The Professional Standards Bureau Lieutenant will ensure that the CIB Manager is provided enough information to meet applicable state reporting requirements.

435.7.3 OPIOID OVERDOSE MEDICATION TRAINING

The Professional Standards Bureau Lieutenant should ensure initial and refresher training is provided to members authorized to administer opioid overdose medication. Training should be coordinated with the local health department and comply with the requirements in 22 CCR 100019 and any applicable POST standards (Civil Code § 1714.22).

435.7.4 DESTRUCTION OF OPIOID OVERDOSE MEDICATION

The Professional Standards Bureau Lieutenant shall ensure the destruction of any expired opioid overdose medication (Business and Professions Code § 4119.9).

435.7.5 OPIOID OVERDOSE MEDICATION RECORD MANAGEMENT

Records regarding acquisition and disposition of opioid overdose medications shall be maintained and retained in accordance with the established records retention schedule and at a minimum of three years from the date the record was created (Business and Professions Code § 4119.9).

435.8 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the deputy has reason to believe the arrestee is feigning injury or illness, the deputy should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the deputy should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance. Deputies shall not transport an arrestee to a hospital without a supervisor's approval.

Sonoma County Sheriff's Office

Policies

Policies

Medical Aid and Response

Nothing in this section should delay a deputy from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the deputy's training.

435.9 FIRST AID TRAINING

The Professional Standards Bureau Lieutenant should ensure deputies receive initial first aid training within one year of employment and refresher training every two years thereafter (22 CCR 100016; 22 CCR 100022).

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This office provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC DEPUTY DEPLOYMENT

Several factors are considered in the development of deployment schedules for deputies of the Sonoma County Sheriff's Office. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) is a valuable resource for traffic accident occurrences and therefore deputy deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All deputies assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All deputies will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All deputies shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are requests from the public, construction zones or special events.

500.3 ENFORCEMENT

The enforcement of traffic laws in the unincorporated areas of Sonoma County is primarily the responsibility of the California Highway Patrol and in the incorporated areas, the responsibility of the city police departments. However, it is also recognized that in certain circumstances, the Sheriff's Office would be remiss in its responsibility to the public if Vehicle Code violations were not enforced, irrespective of jurisdiction. The Sheriff's Office recognizes the quality of life in our communities is often impacted by traffic-related issues. In a spirit of cooperation and collaboration with other agencies and our community, the Sonoma County Sheriff's Office will participate to assist in mitigating these issues.

Sonoma County Sheriff's Office

Policies

Policies

Traffic Function and Responsibility

500.3.1 WARNINGS

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS

Citations may be issued when a deputy believes it is appropriate. It is essential that deputies fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Deputies should provide the following information at a minimum:

- (a) Explanation of the violation or charge
- (b) Court appearance procedure including the optional or mandatory appearance by the motorist
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court

500.3.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

- (a) Vehicular manslaughter
- (b) Felony and misdemeanor driving under the influence of alcohol/drugs
- (c) Felony or misdemeanor hit-and-run
- (d) Refusal to sign notice to appear
- (e) Any other misdemeanor at the discretion of the deputy, such as reckless driving with extenuating circumstances

500.4 HIGH-VISIBILITY VESTS

The Office has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of office members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.4.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency

Sonoma County Sheriff's Office

Policies

Policies

Traffic Function and Responsibility

conditions preclude the immediate donning of the vest, deputies should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes deputy might benefit from being readily identified as a member of law enforcement.

500.4.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each sheriff's motorcycle and in the saddlebag or gear bag of each sheriff's bicycle. Each vest should be stored inside the re-sealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Professional Standards Bureau Lieutenant should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

Traffic Collision Reporting - Contract Cities

501.1 PURPOSE AND SCOPE

The Sonoma County Sheriff's Office prepares traffic collision reports in compliance with the California Highway Patrol Collision Investigation Manual (CIM) and as a public service makes traffic collision reports available to the community with some exceptions.

501.2 RESPONSIBILITY

The sergeant in charge of the Traffic Unit will be responsible for distribution of the Collision Investigation Manual. The Traffic Unit Sergeant will receive all changes in the State Manual and ensure conformity with this policy.

501.3 TRAFFIC COLLISION REPORTS

All Traffic Collision Reports shall be approved by the Traffic Sergeant and forwarded to the Central Information Bureau for processing.

501.4 REPORTING SITUATIONS

501.4.1 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

In compliance with the Collision Investigation Manual, traffic collision reports shall not be taken for traffic collisions occurring on private property unless there is a death or injury to any person involved, a hit-and-run violation, or Vehicle Code violation. A Miscellaneous Report may be taken at the discretion of any supervisor.

501.4.2 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

Traffic collision reports shall be taken when they occur on a roadway or highway within the County of Sonoma when there is a death or injury to any persons involved in the collision, a violation of the vehicle code, or a request by either driver for a traffic collision report.

501.4.3 TOWING VEHICLE INVOLVED IN TRAFFIC COLLISIONS

A collision report will be required if a vehicle is damaged in a collision and a tow truck is necessary. Towing of a vehicle from a collision scene at the request of the driver when the vehicle would not otherwise be in need of towing, does not require a traffic collision report under this policy unless there is also a death, an injury, a vehicle code violation or request of either driver for a report.

501.5 CONTRACT CITY TRAFFIC POLICIES

Members shall comply with the applicable contract city's traffic policies.

Vehicle Towing and Release

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Sonoma County Sheriff's Office. Nothing in this policy shall require the Office to tow a vehicle.

502.2 STORAGE AND IMPOUNDS

When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good-faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone, or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

It is the current policy of this Office not to tow vehicles pursuant to Vehicle Code § 14602.6.

The responsibilities of those employees towing a vehicle are listed below.

Any removal of a vehicle is a seizure under the Fourth Amendment of the United States Constitution and shall be reasonable. A removal based on community caretaking is only reasonable if the removal is necessary to achieve the community caretaking need. (Vehicle Code § 22650). The following are examples of situations where a community caretaking need may exist:

- The vehicle is impeding the safe flow of traffic
- The vehicle is obstructing emergency vehicle access
- The vehicle is posing a safety hazard
- The vehicle is vulnerable to theft or vandalism, or
- The vehicle is otherwise affecting public safety

502.2.1 VEHICLE STORAGE REPORT

Office members requesting towing, storage, or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the CHP Form 180 storage report should be given to the tow truck operator, and the original shall be submitted to the CIB as soon as practicable after the vehicle is stored.

502.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES

When a vehicle has been involved in a traffic collision and must be removed from the scene, the deputy shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in Dispatch.

502.2.3 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this office to provide reasonable safekeeping by impounding the arrestee's vehicle subject to the exceptions

Sonoma County Sheriff's Office

Policies

Policies

Vehicle Towing and Release

described below. The vehicle, however, shall be impounded whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be impounded (e.g., traffic hazard, high crime area).

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of impounding, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases the owner shall be informed that the Office will not be responsible for theft or damages.

502.2.4 VEHICLES IMPOUNDED AS EVIDENCE

A deputy may impound a vehicle as evidence as part of an investigation (e.g., under § 22655 and § 22655.3 CVC) or pursuant to the service of a search warrant. In such cases, the deputy shall have the vehicle towed to the Sheriff's Main Office lot, by the Office's current contract tow firm. If the vehicle is to be towed immediately to the Sheriff's Office Vehicle Processing Bay, a Crime Scene Investigations detective must pre-approve the request.

In the event it is believed the vehicle may require extensive forensic processing, the deputy should confer with the on-duty Crime Scene detective to determine where to store the vehicle. If no Crime Scene detective is available, or if the vehicle does not require extensive forensic processing, the vehicle should be taken to the Main Office lot and sealed. A deputy shall follow the vehicle to the impound location to keep the chain of evidence intact, which shall be verified in the incident report.

502.2.5 DRIVING A NON-COUNTY VEHICLE

Vehicles which have been towed by or at the direction of the Office should not be driven by sheriff's personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

502.2.6 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The deputy shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request.

Sonoma County Sheriff's Office

Policies

Policies

Vehicle Towing and Release

Dispatch personnel shall promptly enter pertinent data regarding the towed vehicle into the Stolen Vehicle System (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b) Vehicle Code § 22854.5).

502.2.7 CIB RESPONSIBILITY

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the CIB to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a). The notice shall include the following (Vehicle Code § 22852(b)):

- (a) The name, address, and telephone number of this Office.
- (b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
- (c) The authority and purpose for the removal of the vehicle.
- (d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, writing, or by telephone within 10 days of the date appearing on the notice.

502.3 TOWING SERVICES

The County of Sonoma periodically selects a firm to act as the official tow service and awards a contract to that firm. This firm will be used in the following situations:

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal of vehicles obstructing traffic in violation of state or local regulations.

502.4 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in sheriff's custody, to provide for the safety of deputies, and to protect the Office against fraudulent claims of lost, stolen, or damaged property.

502.5 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, deputies should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) which are not considered evidence or contraband.

Vehicle Towing and Release

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

502.6 RELEASE OF VEHICLE

Dispatch will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours.

- (a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (b) Vehicles removed that require payment of parking fines or proof of valid driver's license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- (c) An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.

502.7 TOWING FOR EXPIRED REGISTRATION

Prior to a member removing a vehicle that is found to have expired registration for more than six months, the member shall verify that no current registration exists with the Department of Motor Vehicles (DMV). If current registration exists with the DMV, the vehicle shall not be removed (Vehicle Code § 22651(o)(1)(A)).

Vehicle Impound Hearings

503.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

503.2 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any member of the Sonoma County Sheriff's Office, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code § 22650(a); Vehicle Code § 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

503.2.1 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

- (a) All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing, or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)). The Patrol Lieutenant or Chief of Police of a contract city, or authorized designee, will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.
- (b) The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).
- (c) Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with this agency.
- (d) After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code § 14602.8(b)).
- (e) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.
- (f) If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage, or assessment of fees as warranted.

- (g) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately.

Impaired Driving

504.1 PURPOSE AND SCOPE

This policy provides guidance to those office members who play a role in the detection and investigation of driving under the influence (DUI).

504.2 POLICY

The Sonoma County Sheriff's Office is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

504.3 INVESTIGATIONS

Deputies should enforce DUI laws in addition to their other duties, however, DUI enforcement should not be the primary focus unless assigned to a specific DUI enforcement detail. All deputies are expected to enforce these laws with due diligence.

The Supervisor will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating deputies in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The deputy's observations that indicate impairment on the part of the individual, and the deputy's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in California or another jurisdiction.

504.4 FIELD TESTS

Deputies should utilize standardized FSTs that have been validated through the National Highway Traffic Safety Administration (NHTSA), and also any approved alternate tests for investigating violations of DUI laws.

504.5 CHEMICAL TESTS

A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

- (a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.

Sonoma County Sheriff's Office

Policies

Policies

Impaired Driving

- (b) The person is under 21 years of age and is arrested by a deputy having reasonable cause to believe that the person's blood alcohol content is 0.05 or more (Vehicle Code § 23140).
- (c) The person is under 21 years of age and detained by a deputy having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).
- (d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the deputy should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.

504.5.1 STATUTORY NOTIFICATIONS

Deputies requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

504.5.2 PRELIMINARY ALCOHOL SCREENING

Deputies may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The deputy shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, the person shall be advised that the PAS test is voluntary. The deputy shall also advise the person that submitting to a PAS test does not satisfy the person's obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

504.5.2 PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21

If a deputy lawfully detains a person under 21 years of age who is driving a motor vehicle and the deputy has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the deputy shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the deputy may request the person to submit to chemical testing of the person's blood, breath, or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the deputy shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

504.5.7 CHOICE OF TESTS

Deputies shall respect a viable choice of chemical test made by an arrestee, as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence).

A person arrested for DUI has the choice of whether the test is of the person's blood or breath, and the deputy shall advise the person that the person has that choice. If the person arrested either is

Sonoma County Sheriff's Office

Policies

Policies

Impaired Driving

incapable, or states that the person is incapable, of completing the chosen test, the person shall submit to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that the person is under the influence of a drug or the combined influence of alcohol and any drug, the deputy may also request that the person submit to a blood test. If the person is incapable of completing a blood test, the person shall submit to and complete a urine test (Vehicle Code § 23612(a)(2)(C)).

504.5.8 BREATH SAMPLES

The Patrol Lieutenant should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Deputies obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Patrol Lieutenant.

When the arrested person chooses a breath test, the handling deputy shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood test, which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614). A urine test may be offered if the breath and blood tests are not available, and/or the person is afflicted with hemophilia or is using an anticoagulant medication.

The deputy should also require the person to submit to a blood test if the deputy has a clear indication that a blood test will reveal evidence of any drug or the combined influence of an alcoholic beverage and any drug. Evidence of the deputy's belief shall be included in the deputy's report (Vehicle Code § 23612(a)(2)(C)).

504.5.9 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (Vehicle Code § 23158). The blood draw should be witnessed by the assigned deputy. No deputy, even if properly certified, should perform this task.

Deputies should inform an arrestee that if the arrestee chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored, and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because the arrestee has a bleeding disorder or has taken medication that inhibits coagulation, the arrestee shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

Policies

Policies

504.5.10 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The deputy shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by a deputy or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain the arrestee's dignity, to the extent possible, while still ensuring the accuracy of the sample (Vehicle Code § 23158(i)).

The sample shall be packaged, marked, handled, stored, and transported as required by the testing facility.

504.6 REFUSALS

When an arrestee refuses to provide a viable chemical sample, deputies should:

- (a) Advise the arrestee of the requirement to provide a sample by reading verbatim the admonishment listed on the back page of the Officer's Statement (Admin Per Se, DMV for DS 367) (Vehicle Code § 23612).
- (b) Audio- and/or video-record the admonishment when it is practicable.
- (c) Document the refusal in the appropriate report.

Upon refusal to submit to a chemical test as required by law, deputies shall personally serve the notice of order of suspension upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

504.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, deputies shall personally serve the notice of order of suspension upon the arrestee and take possession of any state-issued license to operate a motor vehicle that is held by that individual (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

504.6.3 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained (Penal Code § 1524).
- (b) The deputy can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

504.6.4 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the deputy should request a supervisor to respond. Forced blood draws shall be accompanied by a search warrant, unless the person has a current 4th Amendment waiver (probation/parole).

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another deputy) and attempt to persuade the individual to submit to such a sample without physical resistance.
 1. This dialogue should be recorded on audio and/or video if practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, deputies are expected to use sound judgment and perform as a responding supervisor, as set forth above.

504.7 ARREST AND INVESTIGATION

504.7.1 WARRANTLESS ARREST

In addition to the arrest authority granted to deputies pursuant to Penal Code § 836, a deputy may make a warrantless arrest of a person that the deputy has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

- (a) The person is involved in a traffic accident.
- (b) The person is observed in or about a vehicle that is obstructing the roadway.
- (c) The person will not be apprehended unless immediately arrested.

Sonoma County Sheriff's Office

Policies

Policies

- (d) The person may cause injury to themselves or damage property unless immediately arrested.
- (e) The person may destroy or conceal evidence of a crime unless immediately arrested.

504.7.2 DEPUTY RESPONSIBILITIES

The deputy serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

- (a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver's license to the Department of Motor Vehicles (DMV).
- (b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.
- (c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.

504.8 CIB RESPONSIBILITIES

The CIB Manager will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney's office.

504.9 ADMINISTRATIVE HEARINGS

The CIB Manager will ensure that all appropriate reports and documents related to administrative license suspensions are reviewed and forwarded to DMV.

Any deputy who receives notice of required attendance to an administrative license suspension hearing should promptly notify the prosecuting attorney.

A deputy called to testify at an administrative hearing should document the hearing date and DMV file number in a supplemental report. Specific details of the hearing generally should not be included in the report unless errors, additional evidence or witnesses are identified.

504.10 TRAINING

The Professional Standards Bureau Lieutenant should ensure that deputies participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Professional Standards Bureau Lieutenant should confer with the prosecuting attorney's office and update training topics as needed.

Traffic Citations

505.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

505.2 RESPONSIBILITIES

The Traffic Lieutenant shall be responsible for the development and design of all Office traffic citations in compliance with state law and the Judicial Council.

505.3 DISMISSAL OF TRAFFIC CITATIONS

Members of this office do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)).

505.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued.

505.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the Deputy issuing the citation shall prepare a letter of correction to the court having jurisdiction and to the recipient of the citation on the prepared correction form.

505.6 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of this office shall be forwarded to the member's immediate supervisor for review. The citation copies shall then be filed with the CIB.

Upon separation from employment with this office, all members issued traffic citations books shall return any unused citations to the Personnel Bureau.

Disabled Vehicles

506.1 PURPOSE AND SCOPE

Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

506.2 DEPUTY RESPONSIBILITY

When an on-duty deputy observes a disabled vehicle on the roadway, the deputy should make a reasonable effort to provide assistance. If that deputy is assigned to a call of higher priority, the deputy should advise Sheriff's Dispatch of the location of the disabled vehicle and the need for assistance. Sheriff's Dispatch will notify CHP of the location and description of the disabled vehicle and request that a CHP officer respond for assistance.

506.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by office personnel will be contingent on the time of day, the location, the availability of office resources, and the vulnerability of the disabled motorist.

506.3.1 MECHANICAL REPAIRS

Office personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

506.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this office by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

506.3.3 RELOCATION OF DISABLED MOTORIST

The relocation of a disabled motorist should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The office member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

72-Hour Parking Violations

507.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the Sonoma County Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code § 22669.

Any removal of a vehicle is a seizure under the Fourth Amendment of the United States Constitution and shall be reasonable. A removal based on community caretaking is only reasonable if the removal is necessary to achieve the community caretaking need. (Vehicle Code § 22650). The following are examples of situations where a community caretaking need may exist:

- The vehicle is impeding the safe flow of traffic
- The vehicle is obstructing emergency vehicle access
- The vehicle is posing a safety hazard
- The vehicle is vulnerable to theft or vandalism, or
- The vehicle is otherwise affecting public safety

507.2 MARKING VEHICLES

Vehicles suspected of being in violation of the County of Sonoma 72-Hour Parking Ordinance shall be marked and noted on the Sonoma County Sheriff's Office Marked Vehicle Card. No case number is required at this time.

A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the Marked Vehicle Card. The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 24 hours prior to removal.

If a marked vehicle has been moved or the markings have been removed during a 72-hour investigation period, the vehicle shall be marked again for the 72-hour parking violation and a Marked Vehicle Card completed.

Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.

507.2.1 VEHICLE STORAGE

Any vehicle in violation shall be stored by the authorized towing service and a CHP 180 Form shall be completed by the deputy authorizing the storage of the vehicle.

The CHP 180 Form shall be submitted to the CIB immediately following the storage of the vehicle. It shall be the responsibility of the CIB to immediately notify the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento (Vehicle Code § 22851.3(b)). Notification may also

be made to the National Law Enforcement Telecommunications System (NLETS)(Vehicle Code § 22854.5).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the CIB to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).

Taxicab Regulations

508.1 PURPOSE AND SCOPE

The purpose of this Policy is to establish procedures for processing, issuing and renewing taxicab permits that operate within the unincorporated areas of Sonoma County as the point of origin, regardless of the destination pursuant to Government Code § 53075.5 and other applicable laws, to protect public health, safety and welfare.

The Sheriff has adopted this ordinance as set forth by the Sonoma County Board of Supervisors in Ord. 6029 adding Article IX to Chapter 18 (Motor Vehicles and Traffic) of the Sonoma County Code to establish taxicab regulations.

508.2 COUNTY ORDINANCE REQUIREMENTS

Government Code § 53075.5 provides that every city and county must adopt regulations regarding taxicab transportation services to protect the public welfare. The Sheriff's Office provides that certain individuals and organizations that are considered extraordinary levels of service, or are services for which charges or other compensation are authorized pursuant to applicable laws. This ordinance applies to the operation of taxicabs to solicit, accept or transport passengers starting at a point inside the unincorporated area of Sonoma County, regardless of destination. This ordinance requires two types of permits, or related certificates of exemption, which must be renewed annually:

- Taxicab Vehicle Permit
- Taxicab Driver's Permit

508.3 PERMITS AND EXEMPTIONS

- (a) No person shall drive or operate a taxicab unless under the authority of a valid Taxicab Vehicle Permit and a valid Taxicab Driver's Permit, or applicable Certificates of Exemption for such permits, issued by the Sheriff's Office.
1. Taxicab Vehicle Permit. A taxicab business owner shall not allow any person to operate a taxicab controlled by the taxicab business owner unless under the authority of a valid Taxicab Vehicle Permit. Such permit shall authorize a particular motor vehicle to be used for the purpose of operating as a taxicab in accordance with this Article.
 2. Taxicab Driver's Permit. A taxicab driver shall not drive or operate a taxicab unless under the authority of a valid Taxicab Driver's Permit. Such permit shall authorize a particular individual to drive or operate a taxicab in accordance with this Article. If a taxicab driver operates taxicabs through employment with a taxicab business owner, then the Taxicab Driver's Permit issued under this Article shall be valid only during the term of such employment, and shall become void upon termination of such employment. In this event, the taxicab driver or employer shall notify the County of the termination of employment, and the taxicab driver shall return the Taxicab Driver's Permit to the County.
- (b) The County acknowledges that several incorporated cities located within its geographic boundaries have enacted taxicab vehicle and driver regulations for their respective jurisdictions that address public health, safety, and welfare issues. The Sheriff's Office has the authority to waive the permit requirements of this Section by issuing Certificates of Exemption with respect to particular taxicabs and/or taxicab drivers who are operating under valid permits or licenses issued by such cities if they are similar in nature to the permits required under this Section. Any Certificate of Exemption issued under this Article does not operate to suspend the operation or enforcement of any other provision of this Article; all other provisions remain valid

and enforceable against all persons who have received Certificates of Exemption. The conditions under which the Sheriff's Office may issue Certificates of Exemption to taxicabs and taxicab drivers include the following:

1. The applicable city's taxicab vehicle and/or taxicab driver permit or licensing regulations satisfy all requirements of state and federal law
 2. The applicable city's taxicab vehicle and/or taxicab driver permit or licensing regulations meet or exceed the minimum requirements set forth in this Article
 3. The permits or licenses issued under the applicable city's taxicab vehicle and/or taxicab driver regulations have a maximum term of 1 year, and are required to be renewed annually
- (c) Permits and Certificates of Exemption issued under this Article are not transferable or assignable.

508.4 APPLICATIONS FOR TAXICAB

508.4.1 APPLICATIONS FOR VEHICLE PERMITS

- (b) Delineation of the proposed taxicab rates and any additional fees to be charged to passengers during the time period of the permit, which may not be excessive as determined by the Board of Supervisors via resolution or, in the event there is no current resolution, by the Sheriff in his/her discretion.
- (c) A vehicle inspection certification of the taxicab in a format approved by the Sheriff's Office, completed within sixty (60) days of the permit application. The certification shall utilize a vehicle inspection checklist approved by the Sheriff's Office, and shall verify that all aspects of the taxicab are in a safe operating condition. Any repairs made as a result of the inspection must also be identified on the checklist. The taxicab inspection shall be conducted by, and the certificate shall be issued by, a vehicle inspection station or automobile repair garage located in the County of Sonoma and properly licensed by the State of California (ASE Certification).
- (d) Written certification by the applicant that he/she is maintaining a Mandatory Controlled Substance and Alcohol Testing Certification Program for all persons who may operate the taxicab.

600.4 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.4.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigative Bureau supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.4.2 MANDATORY RECORDING OF ADULTS

Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

- (d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

Sonoma County Sheriff's Office

Policies

Policies

Investigation and Prosecution

- (e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of a deputy, the individual being interrogated or another individual. Such circumstances shall be documented in a report.
- (f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- (g) The questions are part of a routine processing or booking, and are not an interrogation.
- (h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The Office shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

600.5 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

 - 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
- (c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
- (d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted, or requested, and there is no need to take the suspect into custody.
- (e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted, or requested.
- (f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

600.6 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, deputies should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, deputies should take reasonable steps to prepare for such seizure and use the resources that are available.

Accessing information from any internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy, and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.10 USE OF CERTAIN DNA SAMPLES

Known samples of DNA collected from a victim of a crime or alleged crime, and known reference samples of DNA from any individual that were voluntarily provided for the purpose of exclusion are to be used only for the purpose directly related to the incident being investigated and in compliance with the procedures identified in Penal Code § 679.12.

600.11 ANTI-REPRODUCTIVE RIGHTS CRIMES

A member should take a report any time a person living within the jurisdiction of the Sonoma County Sheriff's Office reports that the person has been a victim of an anti-reproductive rights crime as defined by Penal Code § 13776 and Penal Code § 423.3. This includes:

- (a) Taking a report, even if the location of the crime is outside the jurisdiction of this office or has not been determined (e.g., online harassment).
- (b) Providing the victim with the appropriate information, as set forth in the Victim and Witness Assistance Policy. Members should encourage the person to review the material and should assist with any questions.

A report should also be taken if a person living outside office jurisdiction reports an anti-reproductive rights crime that may have been committed or facilitated within this jurisdiction (e.g., use of a post office box in the [city/county] to facilitate the crime).

A member investigating an anti-reproductive rights crime should ensure that the case is referred to the appropriate agency if it is determined that this office should not be the investigating agency. The victim should be advised that the case is being transferred to the agency of jurisdiction. The appropriate entries should be made into any databases that have been authorized for office use and are specific to this type of investigation.

The Investigative Bureau supervisor should provide the CIB Manager with enough information regarding the number of calls for assistance and number of arrests to meet the reporting requirements to the California Department of Justice as required by Penal Code § 13777. See the CIB Policy for additional guidance.

600.12 STATE REQUIREMENTS FOR FIREARM INVESTIGATIONS

600.12.1 CALIFORNIA DOJ NOTICE OF LOCATION OF REPORTED LOST OR STOLEN FIREARM

When notification is received from the California Department of Justice (DOJ) that a firearm purchase matches an entry made into the Automated Firearms System by the Office as lost or stolen, the Investigative Bureau supervisor shall assign a deputy to retrieve the firearm and book the firearm into evidence in accordance with the Property and Evidence Policy. Recovery of the firearm shall be reported pursuant to Penal Code § 11108.2, Penal Code §11109.3, and Penal Code § 11108.5. If appropriate, arrangements may be made to have another state or local law enforcement agency retrieve the firearm on behalf of the Office (Penal Code § 28220).

600.12.2 RELINQUISHMENT OF FIREARMS VERIFICATION

The Investigative Bureau supervisor shall designate a member to have access to the Armed Prohibited Persons System (APPS) to receive information regarding individuals in the jurisdiction of the Office who have become a prohibited possessor of a firearm registered in their name and have not provided proof of relinquishment. The member shall document steps taken to verify that the individual is no longer in possession of firearms and provide the information to the CIB for preparation of a quarterly report to the California DOJ (Penal Code § 29813) (see the CIB Policy for additional guidance).

Sexual Assault Investigations

601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Senior and Disability Victimization policies.

601.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any criminal case involving a victim 18 years or older, which involves the following categories:

- Penal Code § 261 - Rape
- Penal Code § 262 - Spousal Rape
- Penal Code § 286 - Sodomy
- Penal Code § 288(a) - Oral Copulation
- Penal Code § 289 - Anal/Genital Penetration with Foreign Object
- Penal Code § 220 - Assault with Intent to Commit Any of the Above

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

601.2 POLICY

It is the policy of the Sonoma County Sheriff's Office that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

601.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.

Sonoma County Sheriff's Office

Policies

Policies

Sexual Assault Investigations

- (d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- (e) Provide referrals to therapy services, victim advocates and support for the victim.
- (f) Participate in or coordinate with SART.

601.4 INVESTIGATIVE RESPONSIBILITIES

Cases of sexual assault that are reported to the Sheriff's Office will normally be referred to the Patrol Division for the initial investigation and crime report.

The exceptions to the above procedure shall be in cases where the sexual assault report is made directly to the Domestic Violence/Sexual Assault Unit of the Investigations Division. In those situations, the Domestic Violence/Sexual Assault Unit supervisor shall have the option of assigning the case directly to a Detective or refer the case to the Patrol Division, if deemed appropriate.

601.4.1 PATROL DIVISION INVESTIGATIVE PROCEDURES

- (a) Assaults Occurred Within 5 Days: In cases where the sexual assault occurred within the past 5 days, the following preliminary investigative steps shall be taken by the Patrol Deputy:
 - 1. Obtain any necessary emergency medical care.
 - 2. Locate and secure any existing crime scene or evidence.
 - 3. Establish what crime has occurred.
 - 4. Establish when the crime occurred.
 - 5. Establish the jurisdiction of the crime.
 - 6. Provide the victim a Directory of Resource Information Pamphlet.
 - 7. Offer the victim the services of a victim advocate/counselor. If the victim requests an advocate, contact Dispatch and request the victim advocate respond to the SART facility or victim location. The victim has the right to their choice of advocate, including family members, relatives or friends.
 - 8. Attempt to obtain the identity of the suspect(s).
 - (a) Deputies shall not contact or interrogate the alleged suspect unless circumstances make it unavoidable. Such contact or interrogations may be counterproductive if undertaken prior to an in-depth interview of the victim by the Domestic Violence/Sexual Assault Unit Detective.
 - 9. Attempt to locate and interview any possible witnesses.
 - 10. After documenting the above listed information, do not interview the victim further. Request through Dispatch that the on-call Domestic Violence/Sexual Assault Unit Detective respond to the SART facility or victim location.
 - 11. Request a CSI Detective through Dispatch to respond to the crime scene for evidence collection.

Sonoma County Sheriff's Office

Policies

12. If appropriate, arrange for transportation for the victim to the designated SART facility. Do not transport the victim in the back seat of patrol vehicles, unless authorized by Patrol supervisor.
 13. All Deputies involved will provide a complete and accurate report by the end of shift. Exceptions must be approved by the shift supervisor and the Domestic Violence/Sexual Assault Unit Detective. When there is an exception, a Case Status Form shall be completed.
- (b) Assault Occurred In Excess of 5 Days: In cases where the sexual assault occurred more than 5 days have elapsed, the following preliminary investigative steps shall be taken by the Patrol Deputy:
1. Obtain any necessary emergency medical care.
 2. Locate and secure any existing crime scene or evidence.
 3. Establish what crime has occurred.
 4. Establish when the crime occurred.
 5. Establish the jurisdiction of the crime.
 6. Provide the victim with the Directory of Resource Information Pamphlet.
 7. Attempt to obtain the identity of the suspect(s).

 8. Attempt to locate and interview any possible witnesses.
 9. The Deputies shall offer the victim assistance in contacting a sexual assault advocate/counselor.
 10. After documenting the above listed information, do not interview the victim further. Request through Dispatch, telephone contact with the on-call Domestic Violence/Sexual Assault Unit Detective. Base on the circumstances, the Detective will either advise the Deputy to conduct the interview or arrange for the victim to be interviewed by the Detective at a later, designated time.
 11. Provide, if necessary, transportation for the victim to a safe location.

601.5 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

601.6 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in

Sonoma County Sheriff's Office

Policies

Policies

Sexual Assault Investigations

developing helpful investigative leads. The Investigative Bureau supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

601.7 TRAINING

Subject to available resources, periodic training will be provided to:

- (a) Members who are first responders. Training should include:
 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.
 - 4. Victim's response to trauma.
 - 5. Proper use and handling of the California standardized SAFE kit (Penal Code § 13823.14).
- (b) Qualified investigators who should receive advanced training on additional topics. Advanced training should include:
 - (a) Interviewing sexual assault victims.
 - (b) SART.
 - (c) Medical and legal aspects of sexual assault investigations.
 - (d) Serial crimes investigations.
 - (e) Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 - (f) Techniques for communicating with victims to minimize trauma.

601.8 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Sonoma County Sheriff's Office

Policies

Policies

Sexual Assault Investigations

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

601.8.1 VICTIM RIGHTS

Whenever there is an alleged sexual assault, the assigned employee shall accomplish the following:

- (a) Prior to the commencement of the initial interview, advise the victim in writing of the right to have a victim advocate and a support person of the victim's choosing present at any interview or contact by law enforcement, about any other rights of a sexual assault victim pursuant to the sexual assault victim card described in Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).
- (b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the employee shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).
 - (a) The employee shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).
 - (b) A support person may be excluded from the examination by the employee or the medical provider if the support person's presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

601.8.2 VICTIM CONFIDENTIALITY

Deputies investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim's parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting deputy shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim's parent or guardian (Penal Code § 293).

Except as authorized by law, members of this office shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

601.9 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Sonoma County Sheriff's Office

Policies

Policies

Sexual Assault Investigations

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately (Penal Code § 680).

601.9.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). SAFE kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned employee shall ensure that an information profile for the SAFE kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned employee determines that a SAFE kit submitted to a private vendor laboratory for analysis has not been tested within 120 days after submission, the employee shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned employee shall continue to update the status every 120 days thereafter until the testing is complete, the statute of limitations has run, or the SAFE kit is exempt from the update requirement (Penal Code § 680.3).

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned employee shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

601.9.2 DNA TEST RESULTS

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

1. Upon receipt of a written request from a sexual assault victim or the victim's authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim's case (Penal Code § 680)

Sonoma County Sheriff's Office

Policies

Policies

Sexual Assault Investigations

- (a) Although such information may be communicated orally, the assigned employee should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
- (b) Absent a written request, no member of this office is required to, but may, communicate with the victim or the victim's authorized designee regarding the status of any DNA testing.

2. Sexual assault victims shall further have the following rights (Penal Code § 680):

- (a) To be informed if a DNA profile of the assailant was obtained from the testing of the SAFE kit or other crime scene evidence from their case.
- (b) To be informed if there is a confirmed match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.
- (c) To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank or the federal Department of Justice or Federal Bureau of Investigation CODIS database of case evidence.
- (d) To access the DOJ SAFE-T database portal consistent with Penal Code § 680.3(e) for information involving their own forensic kit and the status of the kit.

3. Provided that the sexual assault victim or the victim's authorized designee has kept the assigned employee informed with regard to current address, telephone number, and email address (if available), any victim or the victim's authorized designee shall, upon request, be advised of any known significant changes regarding the victim's case (Penal Code § 680).

- (a) Although such information may be communicated orally, the assigned employee should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
- (b) No employee shall be required or expected to release any information which might impede or compromise any ongoing investigation.

601.9.3 STANDARDIZED SEXUAL ASSAULT FORENSIC MEDICAL EVIDENCE KIT

The Property and Evidence Unit supervisor should make California standardized sexual assault forensic medical evidence (SAFE) kits available to members who may investigate sexual assault cases. Members investigating a sexual assault should use these SAFE kits when appropriate and follow related usage guidelines issued by the California Clinical Forensic Medical Training Center (Penal Code § 13823.14).

601.9.4 COLLECTION OF DNA REFERENCE SAMPLES

Reference samples of DNA collected directly from a victim of sexual assault, and reference samples of DNA collected from any individual that were voluntarily provided for the purpose of exclusion, shall be protected as provided in Penal Code § 679.12 (Penal Code § 680).

Sexual Assault Investigations

601.10 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigative Bureau supervisor.

Classification of a sexual assault case as unfounded requires the Investigative Bureau supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

601.11 CASE REVIEW

The Investigative Bureau supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Sheriff.

Asset Forfeiture

602.1 PURPOSE AND SCOPE

This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

602.1.1 DEFINITIONS

Definitions related to this policy include:

Fiscal agent - The person designated by the Sheriff to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Sonoma County Sheriff's Office seizes property for forfeiture or when the Sonoma County Sheriff's Office is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Forfeiture reviewer - The office member assigned by the Sheriff who is responsible for reviewing all forfeiture cases and for acting as the liaison between the Sheriff's Office and the assigned deputy district attorney.

Property subject to forfeiture - The following may be subject to forfeiture:

- (a) Property related to a narcotics offense, which includes (Heath and Safety Code § 11470; Health and Safety Code § 11470.1):
 1. Property (not including real property or vehicles) used, or intended for use, as a container for controlled substances, materials to manufacture controlled substances, etc.
 2. Interest in a vehicle (car, boat, airplane, other vehicle) used to facilitate the manufacture, possession for sale or sale of specified quantities of controlled substances.
 3. Money, negotiable instruments, securities or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance, proceeds traceable to an exchange, etc.
 4. Real property when the owner is convicted of violating Health and Safety Code § 11366, Health and Safety Code § 11366.5 or Health and Safety Code § 11366.6 (drug houses) when the property was not used as a family residence or for other lawful purposes, or property owned by two or more persons, one of whom had no knowledge of its unlawful use.
 5. The expenses of seizing, eradicating, destroying or taking remedial action with respect to any controlled substance or its precursors upon conviction for the unlawful manufacture or cultivation of any controlled substance or its precursors.
- (b) Property related to criminal profiteering (may include gang crimes), to include (Penal Code § 186.2; Penal Code § 186.3):

Sonoma County Sheriff's Office

Policies

Policies

Asset Forfeiture

1. Any property interest, whether tangible or intangible, acquired through a pattern of criminal profiteering activity.
2. All proceeds acquired through a pattern of criminal profiteering activity, including all things of value that may have been received in exchange for the proceeds immediately derived from the pattern of criminal profiteering activity.

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

602.2 POLICY

The Sonoma County Sheriff's Office recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Sonoma County Sheriff's Office that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

602.3 ASSET SEIZURE

Property may be seized for intended forfeiture as provided in this policy. The ultimate decision to pursue forfeiture proceedings will be decided by the District Attorney's Office.

602.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and/or after consulting with a narcotics detective:

- (a) Property subject to forfeiture authorized for seizure under the authority of a search warrant or court order.
- (b) Property subject to forfeiture not authorized for seizure under the authority of a search warrant or court order when any of the following apply (Health and Safety Code § 11471; Health and Safety Code § 11488):
 1. The property subject to forfeiture is legally seized incident to an arrest.
 2. There is probable cause to believe that the property was used or is intended to be used in a violation of the Uniform Controlled Substances Act and the seizing deputy can articulate a nexus between the property and the controlled substance offense that would lead to the item being property subject for forfeiture.

Deputies aware of assets that may be forfeitable as a result of criminal profiteering or human trafficking should consider contacting the district attorney regarding a court order to protect the assets (Penal Code § 186.6; Penal Code § 236.6).

Whenever practicable, a search warrant or court order for seizure prior to making a seizure is the preferred method.

Sonoma County Sheriff's Office

Policies

Policies

Asset Forfeiture

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

602.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds should not be seized.
- (b) Real property is not subject to seizure, absent exigent circumstances, without a court order (Health and Safety Code § 11471).
- (c) A vehicle which may be lawfully driven on the highway if there is a community property interest in the vehicle by a person other than the suspect and the vehicle is the sole vehicle available to the suspect's immediate family (Health and Safety Code § 11470).
- (d) Vehicles, boats or airplanes owned by an "innocent owner," such as a common carrier with no knowledge of the suspected offense (Health and Safety Code § 11490).
- (e) Any property when the associated activity involves the possession of marijuana or related paraphernalia that is permissible under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1).

602.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the deputy making the seizure should ensure compliance with the following:

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the deputy must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the completed "Receipt for property taken as evidence for possible asset forfeiture" form and related reports to the District Attorney's Office to initiate forfeiture proceedings within two days of seizure or as soon as possible.

The deputy will book seized property as evidence with the notation in the comment section of the Property/Evidence barcoding system, "Pending Forfeiture". Property seized subject to forfeiture should be booked on a separate property form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Deputies who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the appropriate Detective Sergeant.

602.5 MAINTAINING SEIZED PROPERTY

The Property and Evidence Unit Supervisor and/or the appropriate Detective Sergeant is responsible for ensuring compliance with the following:

- (a) All property received for intended forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.
- (b) All property received for intended forfeiture is checked to determine if the property has been stolen.
- (c) All property received for intended forfeiture is retained in the same manner as evidence (except cash) until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.
- (d) Property received for intended forfeiture is not used unless the forfeiture action has been completed.

602.5.1 SEIZED CURRENCY

Currency seized for intended forfeiture will be photographed at the scene and should be counted by the seizing deputy and a supervisor. The currency denominations will be tallied and documented on a tally sheet to include totals of each denomination and the total. The deputy counting and supervisor verifying will initial and sign the bag the currency is placed in when sealed. Currency seized will be given to the Narcotics supervisor or, the currency will be booked into the Sonoma County Sheriff's Office Property Room "for deposit". The Property/Evidence barcoding system will be noted in the comment section "pending forfeiture".

When notified and applicable, the appropriate Detective Sergeant will seek approval for the initiation of forfeiture from the District Attorney's Office and obtain a FOO number. Once a FOO number is obtained the currency will be deposited into the Sonoma County Treasurer's Office in an interest bearing account and shall be linked to the FOO number, the interested party (if known), and the associated case number.

602.5.2 SEIZED VEHICLES

Vehicles seized subject to forfeiture will be taken to a designated secure storage facility. A seized vehicle should not be impounded. The deputy seizing the vehicle shall notify the appropriate Detective Sergeant of the seizure of the vehicle and circumstances of the seizure, as soon as possible.

If the vehicle cannot be driven, a tow truck will be used to tow the vehicle to the storage facility.

All personal property located in an intended seizure vehicle shall be removed and returned to the owner or either booked as evidence or safekeeping.

Prior to seizing any vehicle for forfeiture, the condition, amount owed, and overall value of the vehicle should be taken into account.

- (b) Serving as the liaison between the Sheriff's Office and the District Attorney's Office or Federal agencies to ensure prompt legal review of all seizures.
- (c) Making reasonable efforts to obtain annual training that includes best practices in pursuing, seizing and tracking forfeitures.

- (e) Ensuring a receipt for property taken as evidence for possible asset forfeiture forms are available.
- (f) Reviewing each asset forfeiture case to ensure that:

 8. Providing copies of seized business records to the person or business from whom such records were seized, when requested (Health and Safety Code § 11471).

Asset Forfeiture

9. Notifying the California Franchise Tax Board when there is reasonable cause to believe that the value of seized property exceeds \$5,000.00 (Health and Safety Code § 11471.5).

Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures.

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and County financial directives (Health and Safety Code § 11495).

602.7 DISPOSITION OF FORFEITED PROPERTY

Forfeited funds distributed under Health and Safety Code § 11489 et seq. shall only be used for purposes allowed by law, but in no case shall a peace officer's employment or salary depend upon the level of seizures or forfeitures he/she achieves (Health and Safety Code § 11469).

The Office may request a court order so that certain uncontaminated science equipment is relinquished to a school or school district for science classroom education in lieu of destruction (Health and Safety Code § 11473; Health and Safety Code § 11473.5).

602.7.1 RECEIVING EQUITABLE SHARES

When participating in a joint investigation with a federal agency, the Sonoma County Sheriff's Office shall not receive an equitable share from the federal agency of all or a portion of the forfeiture proceeds absent either a required conviction under Health and Safety Code § 11471.2 or the flight, death or willful failure to appear of the defendant. This does not apply to forfeited cash or negotiable instruments of \$40,000 or more.

The Forfeiture reviewer will decide all percentages of distribution, when applicable, related to contract cities within Sonoma County. These decisions will be based fairly on the contract city's involvement.

602.8 CLAIM INVESTIGATIONS

An investigation shall be made as to any claimant of a vehicle, boat or airplane whose right, title, interest or lien is on the record in the Department of Motor Vehicles or in an appropriate federal agency. If the investigation reveals that any person, other than the registered owner, is the legal owner, and that ownership did not arise subsequent to the date and time of arrest or notification of the forfeiture proceedings or seizure of the vehicle, boat or airplane, notice shall be made to the legal owner at his/her address appearing on the records of the Department of Motor Vehicles or the appropriate federal agency (Health and Safety Code § 11488.4).

Informants

603.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

603.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Sonoma County Sheriff's Office for law enforcement purposes. This also includes a person agreeing to supply information to the Sonoma County Sheriff's Office for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

603.2 POLICY

The Sonoma County Sheriff's Office recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this office that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

603.3 USE OF INFORMANTS

603.3.1 INITIAL APPROVAL

Before using an individual as an informant, a deputy must receive approval from his/her supervisor. The deputy shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this office should not guarantee absolute safety or confidentiality to an informant.

603.3.2 JUVENILE INFORMANTS

The use of informants under the age of 13 is prohibited.

Except for the enforcement of laws related to the commercial sale of alcohol, marijuana or tobacco products, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

- (a) The juvenile's parents or legal guardians
- (b) The juvenile's attorney, if any
- (c) The court in which the juvenile's case is being handled, if applicable (Penal Code § 701.5)
- (d) The Sheriff or the authorized designee

Informants

603.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated office informant agreement. The deputy using the informant shall discuss each of the provisions of the agreement with the informant.

603.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Sheriff, Captain, Investigations Lieutenant or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as sheriff's deputies, employees or agents of the Sonoma County Sheriff's Office, and that they shall not represent themselves as such.
- (d) The relationship between office members and informants shall always be ethical and professional.
 - (a) Members shall not become intimately involved with an informant.
 - (b) Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the supervisor.
 - (c) Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Deputies shall not meet with informants in a private place unless accompanied by at least one additional deputy or with prior approval of the supervisor.
 - 1. Deputies may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, deputies shall arrange for the presence of another deputy.
- (g) In all instances when office funds are paid to informants, an expense voucher shall be completed.
- (h) Since the decision rests with the appropriate prosecutor, deputies shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

603.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Office and, if so, what

Sonoma County Sheriff's Office

Policies

Policies

Informants

conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file “unsuitable” when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of a deputy.
- (c) The informant reveals to suspects the identity of a deputy or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this office to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of deputies or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

603.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of office members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Investigation Unit. The Investigations Lieutenant or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Sheriff, Captain, Investigations Lieutenant or their authorized designees.

The Administrative Captain should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

603.5.1 FILE SYSTEM PROCEDURE

A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

- (a) Name and aliases

- (j) Name of the deputy initiating use of the informant
- (k) Signed informant agreement
- (l) Update on active or inactive status of informant

603.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Informant handler will discuss the above factors with their supervisor and determine the amount of payment.

603.6.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

- (a) Payments will be paid in cash from an Investigations buy/expense fund.
 - 1. The supervisor shall sign the expense voucher for cash payouts from the buy/expense fund.
- (b) To complete the payment process, the deputy delivering the payment shall complete an expense voucher form.

- (d) The expense voucher form will be kept in the informant's file.
- (e) The expense voucher form shall include the following:
 1. Date

The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

Eyewitness Identification

604.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this office employ eyewitness identification techniques (Penal Code § 859.7).

604.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

Blind administration - A lineup where the administrator does not know the identity of the suspect.

Blinded administration - A lineup where the administrator of an eyewitness identification procedure may know who the suspect is, but does not know where the suspect, or his/her photo, as applicable, had been placed or positioned in the identification procedure.

604.2 POLICY

The Sonoma County Sheriff's Office will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Investigative Bureau supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

Sonoma County Sheriff's Office

Policies

Policies

Eyewitness Identification

The process should include appropriate forms or reports that provide (Penal Code § 859.7):

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.
- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.
- (k) Any other direction to meet the requirements of Penal Code § 859.7, including direction regarding blind or blinded administrations and filler selection.

The process and related forms should be reviewed at least annually and modified when necessary.

604.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

The eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures. When it is not feasible to make a recording with both audio and visual representations, an audio recording should be made (Penal Code § 859.7).

Eyewitness Identification

604.6 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination show-up or one-on-one identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
- (d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
- (e) The person who is the subject of the show-up should not be shown to the same witness more than once.
- (f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
- (g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.
- (h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.

604.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness (Penal

Sonoma County Sheriff's Office

Policies

Policies

Eyewitness Identification

Code § 859.7). Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (Penal Code § 859.7).

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

604.7.1 OTHER SAFEGUARDS

Witnesses should be asked for suspect descriptions as close in time to the incident as possible and before conducting an eyewitness identification. No information concerning a suspect should be given prior to obtaining a statement from the witness describing how certain he/she is of the identification or non-identification. Members should not say anything to a witness that may validate or invalidate an eyewitness' identification. In photographic lineups, writings or information concerning any previous arrest of a suspect shall not be visible to the witness (Penal Code § 859.7).

604.8 DOCUMENTATION

A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

604.8.1 DOCUMENTATION RELATED TO RECORDINGS

The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

604.8.2 DOCUMENTATION RELATED TO BLIND ADMINISTRATION

If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

Brady Material Disclosure

605.1 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called “*Brady* information”) to a prosecuting attorney.

605.1.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** -Information known or possessed by the Sonoma County Sheriff's Office that is both favorable and material to the current prosecution or defense of a criminal defendant.

605.2 POLICY

The Sonoma County Sheriff's Office will conduct fair and impartial criminal investigations and will provide the prosecution with the name of potential witnesses who may have information in their file that may adversely affect their credibility as a witness. In addition to reporting all evidence of guilt, the Sonoma County Sheriff's Office will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Office will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

605.3 DISCLOSURE OF INVESTIGATIVE INFORMATION

Deputies must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If a deputy learns of potentially incriminating or exculpatory information any time after submission of a case, the deputy or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the deputy should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If a deputy is unsure whether evidence or facts are material, the deputy should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Office case file.

605.4 DISCLOSURE OF PERSONNEL INFORMATION

The Professional Standards Bureau will monitor all administrative investigations for potential Brady material. In the event an investigation reveals potential Brady material, the Professional

Sonoma County Sheriff's Office

Policies

Policies

Brady Material Disclosure

Standards Lieutenant will notify the District Attorney's Office of its existence. Only the name of the potential witness will be disclosed. The nature of the investigation will not be disclosed to the District Attorney absent an order from the court.

Whenever it is determined that *Brady* information is located in the personnel file of a member of this office who is a material witness in a criminal case, the following procedure shall apply:

- (a) The prosecuting attorney will be required to file a *Pitchess* motion in order to initiate an in camera review by the court.
- (b) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.
- (c) In the event the motion is granted, the Custodian of Records shall accompany all relevant files during any in camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.
- (d) If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
 1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

605.5 DISCLOSURE OF PUBLIC INFORMATION

If the Office receives information that a member has a pending criminal prosecution for any misdemeanor or felony, in any jurisdiction, the Professional Standards Lieutenant will notify the District Attorney's Office of the alleged offense and jurisdiction.

605.6 INVESTIGATING BRADY ISSUES

If the Office receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

605.7 TRAINING

Office members should receive periodic training on the requirements of this policy.

Unmanned Aerial System

606.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of the small unmanned aerial system (sUAS) and for the storage, retrieval and dissemination of images and data captured by the sUAS. The following procedures are intended to promote the safe, efficient and lawful operation of the Sonoma County Sheriff's Office small Unmanned Aircraft System.

606.1.1 DEFINITIONS

Definitions related to this policy include:

Unmanned aerial system (UAS) - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording or any other means.

606.2 POLICY

Unmanned aircraft systems may be utilized to enhance the office's mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a sUAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations. The Sheriff's Office sUAS will be operated in accordance with 14 CFR Part 107. Any deviation from 14 CFR Part 107 will be in strict accordance with an FAA granted COA or Expedited Special Governmental Interest (SGI) Waiver or Authorization for sUAS operation.

Requests for deployment of the sUAS will be made through Dispatch. The sUAS Commander, sUAS Supervisor or on-duty Watch Commander can authorize the use of the sUAS. The authorizing authority will contact or direct another to contact the sUAS pilot and notify him/her of the mission. the pilot will determine if the sUAS can be deployed safely and practically. If the request comes from an outside public safety agency, the request will be directed to Dispatch.

- (a) When the sUAS is being flown, operators will take steps to ensure the camera is focused on the areas necessary to the mission and to minimize the inadvertent collection of data about uninvolved persons or places.
- (b) A sUAS will only be operated by personnel, Unmanned Aircraft Operator and Visual Observer, who have been trained in the operation of the sUAS system. A Visual Observer will only be required if necessary under FAA regulations: ie, COA but may be considered for any flight. All agency personnel with the sUAS responsibilities, including command officers, will be provided training in policies and procedures governing sUAS use.
- (c) All missions will be documented on the sUAS System Mission Report form designed for that purpose and all flight time shall be accounted for on the form. The reason for the flight and type of mission as specified above and name of the supervisor approving the operation will also be documented.

 - 10. Pursuant to a search warrant.
 - 11. Non LE/public safety, i.e. PRMD.
- (f) All sUAS deployments will be reviewed by the sUAS Supervisor to ensure that they are conducted in accordance with Office policy, FAA regulations, state and federal law, and with due regard for public privacy.

Upon completion of each sUAS mission, the recorded data shall be reviewed and evaluated for evidentiary value by the sUAS Commander or authorized designee. Data of identifiable individuals captured during a sUAS mission shall not be retained unless there is reasonable suspicion that evidence of criminal activity is present. All retained data shall be maintained or destroyed pursuant

to the Sheriff's Records retention and evidence policies and in compliance with applicable laws and regulations.

606.7 RELEASE OF UAS DATA/RECORDINGS

606.8 PROTECTION OF RIGHTS AND PRIVACY CONCERNS

SUAS Commander, Supervisor, operators, and observers will consider the protection of individual civil rights and the reasonable expectation of privacy as a key component of any decision made to deploy the sUAS. Each sUAS operator and observer will insure that operations of the sUAS are consistent with local, state, and federal law.

Warrant Service

607.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this office. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol deputies.

607.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to balance the safety needs of the public, the safety of office members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

607.3 SPECIAL OPERATIONS UNIT (SOU) LIEUTENANT

The SOU Lieutenant (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The SOU Lieutenant will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

607.4 SEARCH WARRANTS

Deputies should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the deputy will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

607.5 ARREST WARRANTS

If a deputy reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the deputy should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the SOU Lieutenant. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

607.6 WARRANT PREPARATION

A deputy who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

a. Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution.

1. Deputies shall not seek a no-knock warrant without the approval of a Watch Commander or Investigations Lieutenant.

2. Deputies shall include in a "no knock" warrant all justification of imminent threat to physical safety

b. A clear explanation of the affiant's training, experience, and relevant education.

c. Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.

d. A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.

e. Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.

f. A specific description of the location to be searched, including photographs of the location, if reasonably available.

g. A sufficient description of the items to be seized.

h. Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

607.7 HIGH-RISK WARRANT SERVICE

The SOU Lieutenant or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of deputies deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.

Sonoma County Sheriff's Office

Policies

Policies

Warrant Service

- (b) The warrant service is audio- and video-recorded when practicable and reasonable to do so.
- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

607.8 NO-KNOCK ENTRIES

No-knock entries are only authorized if a no-knock warrant has been obtained or if exigent circumstances arise at the scene such that knocking and announcing the deputy's presence would create an imminent threat of physical violence to the deputy or another person.

607.9 DETENTIONS DURING WARRANT SERVICE

Deputies must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, deputies must be mindful that only reasonable force may be used and weapons should be displayed no longer than the deputy reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Deputies should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

607.10 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

607.11 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The Field Services Captain or authorized designee, will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the SOU Lieutenant. The SOU Lieutenant should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The SOU Lieutenant should ensure that members of the Sonoma County Sheriff's Office are utilized appropriately. Any concerns regarding the requested use of Sonoma County Sheriff's Office members should be brought to the attention of the Sheriff or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the SOU Lieutenant is unavailable, the Watch Commander should assume this role.

If deputies intend to serve a warrant outside Sonoma County Sheriff's Office jurisdiction, the SOU Lieutenant should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Deputies will remain subject to the policies of the Sonoma County Sheriff's Office when assisting outside agencies or serving a warrant outside Sonoma County Sheriff's Office jurisdiction.

Deputies shall not assist ICE in warrant service.

607.12 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Sheriff. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

607.13 DOCUMENTATION

Documentation related to the service of a warrant shall be maintained in accordance with the established records retention schedule.

Operations Planning and Deconfliction

608.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

608.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by deputies on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

608.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

608.3 SPECIAL OPERATIONS UNIT (SOU) LIEUTENANT

The Field Services Captain will designate a member of this office to be the SOU Lieutenant.

The SOU Lieutenant will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The SOU Lieutenant will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The SOU Lieutenant will also have the responsibility of the coordination of operations that are categorized as high risk.

608.4 RISK ASSESSMENT

608.4.1 RISK ASSESSMENT FORM PREPARATION

Deputies assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the deputy should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the deputy should also submit information to these resources.

The deputy should gather available information that includes, but is not limited to:

Sonoma County Sheriff's Office

Policies

Policies

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to deputies and others (e.g., making an off-site arrest or detention of the subject of investigation).

608.4.2 RISK ASSESSMENT REVIEW

Deputies will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the SOU Lieutenant.

The supervisor and SOU Lieutenant will confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

608.4.3 HIGH-RISK OPERATIONS

If the SOU Lieutenant, after consultation with the involved supervisor, determines that the operation is high risk, the SOU Lieutenant should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - (a) SWAT
 - (b) Additional personnel
 - (c) Outside agency assistance
 - (d) Special equipment
 - (e) Medical personnel
 - (f) Persons trained in negotiation
 - (g) Additional surveillance

- (h) Canines
- (i) Property and Evidence Unit or analytical personnel to assist with cataloguing seizures
- (j) Forensic specialists
- (k) Specialized mapping for larger or complex locations
- (b) Contact the appropriate department members or other agencies as warranted to begin preparation.
- (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
- (d) Coordinate the actual operation.

608.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The deputy who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The deputy should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

608.6 OPERATIONS PLAN

The SOU Lieutenant should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives and strategies.
- (b) Operation location and people:
 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,

- availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids
3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
 4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children
- (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
- (d) Participants and their roles.
1. An adequate number of uniformed deputies should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 2. How all participants will be identified as law enforcement.
- (e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.
- (f) Identification of all communications channels and call-signs.
- (g) Use of force issues.
- (h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
- (i) Plans for detaining people who are not under arrest.
- (j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Senior and Disability Victimization, Child and Dependent Adult Safety and Animal Control policies.
- (k) Communications plan
- (l) Responsibilities for writing, collecting, reviewing and approving reports.

608.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

608.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific approval.

Sonoma County Sheriff's Office

Policies

Policies

Operations Planning and Deconfliction

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.
- (c) The SOU Lieutenant or authorized designee shall ensure that all participants are visually identifiable as law enforcement officers.
 - 1. Exceptions may be made by the SOU Lieutenant for deputies who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 - 1. It is the responsibility of the SOU Lieutenant to ensure that Dispatch is notified of the time and location of the operation, and to provide a copy of the operation plan prior to deputies arriving at the location.
 - 2. If the radio channel needs to be monitored by Dispatch, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
 - 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

608.8 SWAT PARTICIPATION

If the SOU Lieutenant determines that SWAT participation is appropriate, the Lieutenant and a SWAT supervisor will work to develop a written plan. The SOU Lieutenant or authorized designee shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the SOU Lieutenant or authorized designee shall transfer control of the scene to the person handling the case. This transfer should be communicated to the deputies present.

608.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Sheriff. Any media inquiries or press release after the fact shall be handled in accordance with the News Media Relations Policy.

608.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any SWAT debriefing.

608.11 TRAINING

The SOU Lieutenant should ensure deputies and SWAT team members who participate in operations subject to this policy should receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

Personal/County Owned Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Office or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.2 POLICY

The Sonoma County Sheriff's Office will follow the procedures and guidelines set forth in Administrative Policy 9-2 Information Technology Use and Security Policy (Attached below).

Members of the Sheriff's Office should pay special attention to the following sections:

- IV: Use of Local Agency IT Resources and Data Policy
 - D. No Expectation of Privacy
 - I. Use of the Internet
 - J. Personal Use/Union Use
 - M. Unacceptable Use
- VII: Mobile Computing
 - A. Personally Owned Devices
 - B. Local Agency Provided Devices

The Sonoma County Sheriff's Office allows members to utilize office-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Office, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

Personal/County Owned Communication Devices

[See attachment: 9-2 IT-Use-Security-Policy-Manual_-\(004\).pdf](#)

701.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received or reviewed on any PCD issued or funded by the Office and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities (see the Information Technology Use Policy for additional guidance).

701.3.1 CALIFORNIA ELECTRONIC COMMUNICATIONS PRIVACY ACT (CALECPA)

No member is authorized to be the sole possessor of an office-issued PCD. Office-issued PCDs can be retrieved, reassigned, accessed or used by any member as directed by a supervisor without notice. Member use of an office-issued PCD and use of a personal PCD at work or for work-related business constitutes specific consent for access for office purposes. Prior to conducting an administrative search of a PCD, supervisors should consult legal counsel to ensure access is consistent with CalECPA (Penal Code § 1546; Penal Code § 1546.1).

701.4 OFFICE-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Office may, at its discretion, issue or fund a PCD. Office-issued or funded PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Office and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless a member is expressly authorized by the Sheriff or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

701.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Office accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Members will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any office business-related communication.
 1. Members may use personally owned PCDs on-duty for routine administrative work as authorized by the Sheriff.

- (e) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or material obtained or made accessible as a result of employment with the Office, without the express authorization of the Sheriff or the authorized designee.
- (f) Use of a personally owned PCD while at work or for work-related business constitutes consent for the Office to access the PCD to inspect and copy data to meet the needs of the Office, which may include litigation, public records retention and release obligations and internal investigations.
- (g) All work-related documents, emails, photographs, recordings or other public records created or received on a member's personally owned PCD should be transferred to the Sonoma County Sheriff's Office and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisor, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing memorandum of understanding or collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty office-related business activities in any manner shall promptly provide the Office with a copy of such records to ensure accurate record keeping.

701.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

- (a) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members should endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.
- (b) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.
- (c) Members are prohibited from taking pictures, audio or video recordings or making copies of any such picture or recording media unless it is directly related to official office business. Disclosure of any such information to any third party through any means, without the express authorization of the Sheriff or the authorized designee, may result in discipline.
- (d) Members should not access social networking sites for any purpose that is not official office business.

 - 1. Exemption: Pursuant to Vehicle Code § 21055, drivers of emergency vehicles while responding to emergencies may be exempt from certain Vehicle Code provisions. Vehicle Code § 21055 does not relieve the driver of an emergency vehicle from the duty to drive with due regard for the safety of all persons using the highway, nor protect the driver from the consequences of an arbitrary exercise of the privileges granted in that section.
- (c) Driver's License: Deputy Sheriff's must have a valid California driver's license. Other Sheriff's Office members and volunteers operating vehicles or equipment on County business shall have a valid California driver's license for the type of vehicle or equipment they are operating. This departmental obligation does not diminish the member's obligations pursuant to this policy's sections above.
- (c) Defensive Driver Training Requirement: The Sheriff's Office shall ensure all members, including volunteers, who are required to drive County vehicles or personal vehicles on County business participate in the Defensive Driver's Training within the specified intervals as detailed in the County's Defensive Driver Training Program. It shall be the responsibility of the member's immediate supervisor to ensure this training occurs and should be part of the new member's orientation program. Members are cautioned that under federal and local tax rules, personal use of a County-owned vehicle may create an income tax liability to the member. Members should address questions regarding tax consequences to their tax adviser.
1. Department Head Authorization: Take home vehicle assignments that are determined to be in the best interest of the County shall be made at the discretion of the Sheriff. The term "In the best interest of the County" is defined as those vehicle assignments that are cost-effective to the County, enhance service to the public, better provide for public safety, and can stand the test of public scrutiny.
 - If you have an assigned vehicle, and for any reason, you are unavailable for two or more weeks (14) days, your assigned vehicle must be parked at the Sonoma County Sheriff Main Office parking lot, unless authorized by the Sheriff or authorized designee.
 2. On Call Detective Use Out of County: Detectives who live outside the County and are the "primary" deputies on call are authorized to take the vehicle home during this primary on call duty. The county Administrator's Office shall review each list for consistency with the Board's Policy.

703.6 NON-COUNTY DRIVER AUTHORIZATION

Pursuant to County policy, the Sheriff must authorize the driving of a County vehicle, vessel or equipment by a non-County employee. Personal protective equipment (PPE) - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

Respiratory PPE - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory PPE does not include particulate-filtering masks such as N95 or N100 masks.

704.2 POLICY

The Sonoma County Sheriff's Office endeavors to protect members by supplying certain PPE to members as provided in this policy.

704.3 DEPUTY RESPONSIBILITIES

Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

Approved hearing protection shall be used by members during firearms training.

Hearing protection shall meet or exceed the requirements provided in 8 CCR 5098.

704.5 EYE PROTECTION

Members shall ensure their eye protection does not interfere with the fit of their hearing protection.

Sonoma County Sheriff's Office

Policies

Policies

Personal Protective Equipment

The Firearms Instructor shall ensure eye protection meets or exceeds the requirements provided in 8 CCR 3382.

704.6 HEAD AND BODY PROTECTION

Padded body protection consisting of chest, arm, leg and groin protection should be provided as required by any collective bargaining agreement.

704.7 RESPIRATORY PROTECTION

The Administration Captain is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan shall include procedures for (8 CCR 5144):

- (a) Selecting appropriate respiratory PPE based on hazards and risks associated with functions or positions.
- (b) Fit testing, including identification of members or contractors qualified to conduct fit testing.
- (c) Medical evaluations.
- (d) PPE inventory control.

704.7.1 RESPIRATORY PROTECTION USE

Designated members may be issued respiratory PPE based on the member's assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene supervisor who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene supervisors are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene supervisor shall reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene supervisor reasonably believes (8 CCR 5144):

- (a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.

Sonoma County Sheriff's Office

Policies

Policies

Personal Protective Equipment

- (b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.
- (c) The member needs to replace the respirator, filter, cartridge or canister.

704.7.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION

Members should not use self-contained breathing apparatus (SCBA), full-face respirators or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke or vapors shall use respiratory PPE.

Members using respiratory PPE shall (8 CCR 5144):

- (b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.
- (c) Perform a user seal check per office-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

704.7.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (8 CCR 5144).

A scene supervisor may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

- (a) They smell, taste or are irritated by a contaminant.
- (b) They experience difficulty breathing due to filter loading.

No member shall be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor (8 CCR 5144).

After initial testing, fit testing for respiratory PPE shall be repeated (8 CCR 5144):

- (a) At least once every 12 months.
- (b) Whenever there are changes in the type of SCBA or facepiece used.
- (c) Whenever there are significant physical changes in the user (e.g., obvious change in body weight, scarring of the face seal area, dental changes, cosmetic surgery or any other condition that may affect the fit of the facepiece seal).

Members issued respiratory PPE shall attend annual training on the proper use of respiratory protection devices (8 CCR 5144).

Armored Rescue Vehicle (ARV)

705.1 PURPOSE AND SCOPE

The purpose and scope of this policy is to set guidelines for the proper use, training, care and storage of the Armored Rescue Vehicle (ARV).

Safety is a critical concern in responding to high risk tactical incidents. The proper use of ARV's can greatly enhance officer/citizen safety and improve the ability to resolve a high risk/dangerous incident peacefully.

705.3 USE OF THE ARV

The use of an ARV will generally enhance deputy/citizen safety in most circumstances. The Armored Rescue Vehicle should be deployed in situations where its use would enhance the tactical advantage of deputies, aid in the rescue of injured victims or improve the likelihood that an incident could be resolved without the use of deadly force.

705.4 DEPLOYMENT

The ARV will only be deployed in a manner consistent with the guidelines in this policy. Approval to deploy an ARV will be the responsibility of the SWAT Commander or his/her designee. A Watch Commander or his/her designee may authorize the deployment of an ARV if there is an immediate need to prevent loss of life or great bodily injury.

Upon deployment, the Watch Commander or his/her designee shall notify the SWAT Commander as soon as practical. In most cases, the SWAT Commander will call-out a minimum of two (2) SWAT operators to deploy the ARV to the scene of a deployment.

705.5 SWAT OPERATIONS

The SWAT Team may deploy the ARV at their discretion as approved by the SWAT Commander or his/her designee. Nothing in this policy is meant to preclude the immediate deployment of an ARV to perform an officer or citizen rescue, to save lives that could be placed in immediate danger of great bodily injury or death or to deliver the ARV to the scene of a call-out.

705.6 NON-SWAT PLANNED OPERATIONS

Any sworn member of the Sonoma County Sheriff's Office may request to deploy the ARV in a planned operation by making the request to the SWAT Commander or his/her designee. The request should include, but is not limited to: the day, date and time frame of the operation; the location(s) of the operation; the reason why the ARV is necessary for the success of the operation. The SWAT Commander or his/her designee will be responsible for approving/denying the request.

Policies

Policies

Armored Rescue Vehicle (ARV)

705.7 NON-ENFORCEMENT USE

The ARV may be deployed for public relations purposes, such as demonstrations, displays and special events, with the approval of the SWAT Commander or his/her designee. If approval is granted, a trained ARV driver will be assigned to deliver and provide security for the vehicle.

705.8 ALLIED AGENCY REQUEST

Non-Emergency request for deployment of the ARV by an allied agency will be made through the on-duty Watch Commander who will then contact the SWAT Commander for authorization. If there is an emergency that requires immediate deployment of the ARV to assist in life saving operations, the Watch Commander may authorize the deployment of the vehicle. Upon deployment, the Watch Commander shall notify the SWAT Commander as soon as practical.

Upon approving the request, a minimum of two SWAT deputies will be assigned to deliver the ARV to the requesting agency. The deputies will respond to the incident and deploy the ARV per the orders of the Incident Commander of the allied agency. Sonoma County Sheriff's deputies will not deploy an ARV if the deployment conflicts with Sonoma County Sheriff's policies, procedures or practices. Deputies arriving on scene with the ARV will act as operators of the vehicle and security for the vehicle.

Deputies should not be directly involved in the tactical operations of the allied agency unless specifically requested to so by the requesting agency. If the deputies are asked to participate in any part of the operation other than the operation of the ARV, the deputies shall contact the SWAT Commander as soon as practical and brief the SWAT Commander on their intended actions. This policy is not intended to restrict deputies from taking action they believe will prevent loss of life or great bodily injury.

If the allied agency request for the ARV develops into an extended operation, the deputies deploying the ARV will contact the SWAT Commander and advise him/her of the situation. The SWAT Commander will be responsible for ensuring relief deputies are deployed if necessary. If multiple simultaneous requests are made for the ARV, the SWAT Commander will evaluate the situations and determine which situation takes priority based on the nature of the incidents.

705.9 ARV TRAINING

Employees are to be trained in the operation of the ARV prior to actual use. Patrol deputies will only be trained on operating procedures for the ARV and will not be authorized to operate the ARV (absent exigent circumstances). Members of the SWAT Team will be trained on operating procedures for the ARV. Training Requirements will be set by the SWAT Commander or designee. The training will include knowledge of the rules of the road and knowledge of electronic/mechanical mechanisms on the vehicles. Personnel who have been trained in the use of the ARV and possess a valid California Driver's License are authorized to drive the vehicle. The vehicle shall only be driven in the performance of their duties.

The SWAT Commander or his/her designee is responsible for training proper use and driving techniques and ensuring the vehicle is properly serviced and maintained.

705.10 OPERATING/STORAGE/MAINTENANCE GUIDELINES

- (a) **Backing:** When reversing an ARV, a ground guide or spotter should be used while the armored vehicle is moving. This is to assist the driver of the armored vehicle to avoid colliding with any unseen objects. This recommendation does not apply if the use of a guide jeopardizes officer safety.
- (b) **Inventory:** The operator of the ARV shall ensure that all of the vehicle's equipment has been returned after use. Quarterly inventories/inspections should be done and a list of equipment should be stored inside of the ARV.
- (c) **Fueling:** Prior to securing the ARV after deployment, the operator shall ensure that the vehicle possesses sufficient fuel (diesel) and is ready for re-deployment.
- (d) **Storage:** The ARV will be stored in a designated parking location at the main Sonoma County Sheriff's Office, unless authorization for an alternative storage location is granted by the SWAT Commander or his/her designee.
- (e) **Damage:** If the ARV is damaged, the operator shall report the damage to the SWAT Commander as soon as possible.

Mobile Command Center (MCC)

706.6 DEPLOYMENT

The MCC will be made available to Sonoma County Operational Area allied agencies, or through mutual aid out of County with authorization from the Sheriff or his/her designee. The criteria established above will be used as guidelines to authorize or deny a request.

Upon an allied agency request and upon request approval, the Sonoma County Sheriff's Office personnel shall deploy and set up the MCC. If necessary, Sheriff's personnel will stay with the MCC to assist in its proper operation.

Sonoma County Sheriff's Office deployments shall have priority over all allied agency requests. If the MCC is deployed by the Sheriff's Office to a category 2 or category 3 event, the on duty Watch Commander can authorize the MCC response to a category 1 incident, no matter the jurisdiction.

The MCC vehicle shall be stored and ready for deployment at a moment's notice. The MCC shall be deployed with a minimum of a two-person crew.

706.6.1 DEPLOYMENT CHECKLIST

The following guidelines shall be used as a checklist at the time of deployment and upon the return of the MCC.

Dispatch

801.6 CALL HANDLING

This Office provides members of the public with access to the 9-1-1 system for a single emergency telephone number.

When a call for services is received, the dispatcher will reasonably and quickly attempt to determine whether the call is an emergency or non-emergency, and shall quickly ascertain the call type, location and priority by asking four key questions:

- Where
- What
- When
- Who

If the dispatcher determines that the caller has a hearing and/or speech impairment or disability, he/she shall immediately initiate a connection with the individual via available TDD/TTY equipment or Telephone Relay Service (TRS), as mandated by the Americans with Disabilities Act (ADA).

If the dispatcher determines that the caller is a limited English proficiency (LEP) individual, the dispatcher should quickly determine whether sufficient information can be obtained to initiate an appropriate response. If language assistance is still needed, the language is known and a language-appropriate authorized interpreter is available in Dispatch, the dispatcher should immediately connect the LEP caller to the authorized interpreter.

If no authorized interpreter is available or the dispatcher is unable to identify the caller's language, the dispatcher will contact the contracted telephonic interpretation service and establish a three-party call connecting the dispatcher, the LEP individual and the interpreter.

Dispatchers should be courteous, patient and respectful when dealing with the public.

801.6.1 EMERGENCY CALLS

A call is considered an emergency when there is an immediate or potential threat to life or serious property damage, and the timely arrival of public safety assistance is of the utmost importance. Emergency calls should be dispatched immediately. The Watch Commander shall be notified of pending emergency calls for service when office members are unavailable for dispatch.

801.6.2 NON-EMERGENCY CALLS

A call is considered a non-emergency call when there is no immediate or potential threat to life or property. A person reporting a non-emergency may be placed on hold, if necessary, to allow the dispatcher to handle a higher priority or emergency call.

The reporting person should be advised if there will be a delay in the dispatcher returning to the telephone line or when there will be a delay in the response for service.

 - All usage of Sonoma County Sheriff's radio frequencies shall be in accordance with Part 90 of the Federal Communications Commission Rules.
 - All equipment will be of a type accepted for use under Part 90 of the Federal Communication Commission Rules. In order to insure their equipment is working properly, each agency will conduct an annual radio test using the Sheriff's radio frequencies. Such tests will be conducted during the month of January only. Each agency shall call the on-duty Supervising Dispatcher prior to the test of their equipment.
 - Maintenance of all radio equipment utilized on County of Sonoma radio frequencies shall be the sole responsibility of the user agency, and such equipment shall be maintained in accordance with Federal Communications Commission Rules.

CIB

804.1 PURPOSE AND SCOPE

This policy establishes the guidelines for the operational functions of the Sonoma County Sheriff's Central Information Bureau (CIB). The policy addresses office file access and internal requests for case reports.

804.1.1 RECORDS MANAGEMENT SYSTEM (RMS)

Case reports are written and maintained in the Records Management System (RMS). Additional paperwork completed outside of the RMS is scanned and attached to the original reports in the RMS by CIB personnel.

Crime report numbers are 9 digits. Sheriff's Office and Windsor PD reports are numbered commencing with the last two digits of the current year followed by two-digits representing the month, followed by a two-digit day of the month, ending with a three-digit number signifying the report of the day. The only difference between Sheriff's Office case numbers and Windsor PD case numbers is Sheriff's Office case numbers are preceded with SD and the Windsor PD case numbers are preceded with a WI. As an example, Sheriff's Office number SD180312002 and Windsor PD case number WI180312002 would be the second case taken on March 12, 2018.

Sonoma PD reports are numbered commencing with the last two digits of the current year followed by a sequential number beginning with 00001 starting at midnight on the first day of January of each year. Sonoma PD case numbers are preceded with SO. As an example, case number SOYY-00001 would be the first new case beginning January 1 of a new year.

804.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to maintain office records securely, professionally, and efficiently.

804.3 RESPONSIBILITIES

804.3.1 CIB MANAGER

The Sheriff shall appoint and delegate certain responsibilities to a CIB Manager. The CIB Manager shall be directly responsible to the Operations Captain or the authorized designee.

The responsibilities of the CIB Manager include but are not limited to:

- (a) Overseeing the efficient and effective operation of the CIB.
- (b) Scheduling and maintaining CIB time records.
- (c) Supervising, training, and evaluating CIB staff.
- (d) Maintaining and updating a CIB procedure manual.
- (e) Ensuring compliance with established policies and procedures.
- (f) Supervising the access, use, and release of protected information (see the Protected Information Policy).

Sonoma County Sheriff's Office

Policies

Policies

CIB

- (g) Establishing security and access protocols for case reports designated as sensitive, where additional restrictions to access have been implemented. Sensitive reports may include but are not limited to:
 - (a) Homicides.
 - (b) Cases involving office members or public officials.
 - (c) Any case where restricted access is prudent.

804.3.2 CIB

The responsibilities of the CIBCIB include but are not limited to:

- (a) Maintaining a records management system for case reports.
 - 1. The records management system should include a process for numbering, identifying, tracking, and retrieving case reports.
- (b) Entering case report information into the records management system.
 - 1. Modification of case reports shall only be made when authorized by a supervisor.
- (c) Providing members of the Office with access to case reports when needed for investigation or court proceedings.
- (d) Identifying missing case reports and notifying the responsible member's supervisor.
- (e) Updating the Automated Firearms System to reflect any firearms relinquished to the Office and the subsequent disposition to the California DOJ pursuant to Penal Code § 34010 (Penal Code § 29810).
- (f) Entering into the Automated Firearms System information about each firearm that has been reported stolen, lost, found, recovered, held for safekeeping, surrendered in relation to a private party firearms transaction or registration, relinquished pursuant to a court order, or under observation, within seven calendar days of the precipitating event (Penal Code § 11108.2).
- (g) Entering into the California DOJ automated property system descriptions of serialized property, or non-serialized property that has been uniquely inscribed, which has been reported stolen, lost, found, recovered, held for safekeeping, or under observation (Penal Code § 11108).

804.4 DETERMINATION OF FACTUAL INNOCENCE

In any case where a person has been arrested by deputies of the Sonoma County Sheriff's Office and no accusatory pleading has been filed, the person arrested may petition the Office to destroy the related arrest records. Petitions should be forwarded to the Investigations Lieutenant. The Investigations Lieutenant should promptly contact the prosecuting attorney and request a written opinion as to whether the petitioner is factually innocent of the charges (Penal Code § 851.8). Factual innocence means the accused person did not commit the crime.

Upon receipt of a written opinion from the prosecuting attorney affirming factual innocence, the Investigations Lieutenant should forward the petition to the Investigative Bureau Supervisor

Sonoma County Sheriff's Office

Policies

Policies

CIB

for review. After such review and consultation, the Investigative Bureau Supervisor and the Investigations Lieutenant shall decide whether a finding of factual innocence is appropriate.

Upon determination that a finding of factual innocence is appropriate, the CIB Manager shall ensure that the arrest record and petition are sealed for later destruction and the required notifications are made to the California DOJ and other law enforcement agencies (Penal Code § 851.8).

The CIB Manager should respond to a petition with the Office's decision within 45 days of receipt. Responses should include only the decision of the Office, not an explanation of the analysis leading to the decision.

804.5 ARREST WITHOUT FILING OF ACCUSATORY PLEADING

The CIB Manager should ensure a process is in place for when an individual is arrested and released and no accusatory pleading is filed so that the following occurs (Penal Code § 849.5; Penal Code § 851.6):

- (a) The individual is issued a certificate describing the action as a detention.
- (b) All references to an arrest are deleted from the arrest records of the Office and the record reflects only a detention.
- (c) The California DOJ is notified.

804.6 FILE ACCESS AND SECURITY

The security of files in the CIB must be a high priority and shall be maintained as mandated by state or federal law. All case reports including but not limited to initial, supplemental, follow-up, evidence, and any other reports related to a sheriff's office case, including, criminal history records, and publicly accessible logs, shall be maintained in a secure area within the CIB, accessible only by authorized members of the CIB. Access to case reports or files when CIB staff is not available may be obtained through the Watch Commander.

The CIB will also maintain a secure file for case reports deemed by the Sheriff as sensitive or otherwise requiring extraordinary access restrictions.

804.7 CONFIDENTIALITY

CIB staff has access to information that may be confidential or sensitive in nature. CIB staff shall not access, view or distribute, or allow anyone else to access, view or distribute any record, file or report, whether in hard copy or electronic file format, or any other confidential, protected or sensitive information except in accordance with the Records Maintenance, Release and Reporting and Protected Information policies and the CIB procedure manual.

Restoration of Firearm Serial Numbers

805.1 PURPOSE AND SCOPE

The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

805.2 PROCEDURE

Any firearm coming into the possession of the Sonoma County Sheriff's Office as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

805.2.1 PRELIMINARY FIREARM EXAMINATION

- (a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.
- (b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- (c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.
- (d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

805.2.2 PROPERTY BOOKING PROCEDURE

Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated. The employee shall complete a CSI work request (Form INV. 31) for the restoration of the serial number.

Sonoma County Sheriff's Office

Policies

Policies

Restoration of Firearm Serial Numbers

805.2.3 DEPUTY RESPONSIBILITY

The Community Services Officer receiving a firearm and CSI work request form, when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.

805.2.4 DOCUMENTATION

Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received.

805.2.5 FIREARM TRACE

After the serial number has been restored (or partially restored) by the criminalistics laboratory, the Community Services Officer will enter the restored serial number (or "obliterated" if the serial number was not restored) into the Automated Firearm System (AFS). Partially restored serial numbers will be entered into the "misc" field of the AFS entry field with an * (asterisk) being used where a character was unable to be recovered. The AFS entry is interfaced with the Bureau of Alcohol, Tobacco, Firearms and Explosives eTrace system. The eTrace results are sent back to the Property/Evidence Community Service Officers.

805.3 BULLET AND CASING IDENTIFICATION

Any member of the public, including the media and elected officials, may access unrestricted records of this office, during regular business hours by submitting a written and signed request that reasonably describes each record sought and paying any associated fees (Government Code § 7922.530).

The processing of requests for any record is subject to the following (Government Code § 7922.530; Government Code § 7922.535):

- (a) The Office is not required to create records that do not exist.

- (c) Either the requested record or the reason for non-disclosure will be provided promptly, but no later than 10 days from the date of request, unless unusual circumstances preclude doing so. If more time is needed, an extension of up to 14 additional days may be authorized by the Custodian of Records or the authorized designee. If an extension is authorized, the Office shall provide the requester written notice that includes the reason for the extension and the anticipated date of the response.
 - 1. When the request does not reasonably describe the records sought, the Custodian of Records shall assist the requester in making the request focused and effective in a way to identify the records or information that would be responsive to the request including providing assistance for overcoming any practical basis for denying access to the records or information. The Custodian of Records shall also assist in describing the information technology and physical location in which the record exists (Government Code § 7922.600).
 - 2. If the record requested is available on the office website, the requester may be directed to the location on the website where the record is posted. If the requester is unable to access or reproduce the record, a copy of the record shall be promptly provided.

If the record is audio or video, a copy of the redacted audio/video release should be maintained in the office-approved media storage system and a notation should be made in the case file to document the release and the reasons for the redacted portions.
- (f) If a record request is denied in whole or part, the requester shall be provided a written response that includes the statutory exemption for withholding the record or facts that the public interest served by nondisclosure outweighs the interest served by disclosure. The Custodian of Records should work as appropriate with the Sheriff or the Internal Affairs Unit supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

Sonoma County Sheriff's Office

Policies

Policies

Records Maintenance, Release and Reporting

806.15.1 DELAY OF RELEASE

Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

- (a) Disclosure may be delayed up to 45 days from the date the Office knew or reasonably should have known about the incident.
- (b) Delay of disclosure may continue after the initial 45 days and up to one year if the Office demonstrates that disclosure would substantially interfere with the investigation.
- (c) Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 7923.625).

806.15.2 NOTICE OF DELAY OF RELEASE

When there is justification to delay disclosure of a recording, the Custodian of Records shall provide written notice to the requester as follows (Government Code § 7923.625):

- (a) During the initial 45 days, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.
- (a) When delay is continued after the initial 45 days, the Custodian of Records shall promptly provide the requester with written notice of the specific basis for the determination that the interest in preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the disclosure. The Custodian of Records should work with the Sheriff in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

806.15.3 REDACTION

If the Custodian of Records, in consultation with the Sheriff or the authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the Office should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer's ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 7923.625).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 7923.625).

806.15.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE

If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the Office may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 7923.625):

- (a) The person in the recording whose privacy is to be protected, or the person's authorized representative.
- (b) If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.
- (c) If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the Office determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 7923.625).

The Office may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 7923.625).

Computers and Digital Evidence

808.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

808.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Deputies should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).
- (e) Label each item with case number, evidence sheet number, and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Lodge all computer items in the Property/Evidence Room. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, deputies should document the following in related reports:
 1. Where the computer was located and whether or not it was in operation.
 2. Who was using it at the time.
 3. Who claimed ownership.
 4. If it can be determined, how it was being used.
- (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and

disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

808.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Deputies should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

808.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to the Crime Scene Investigations Unit (CSI):

- (a) A completed Crime Scene Investigations Service Request detailing what evidence items are to be searched. Include any known passcodes, user names, email addresses, etc.
- (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
- (c) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.
- (d) The investigating deputy or Detective will review the duplicate hard drive or disk for evidence related to the case with assistance from the Crime Scene Investigations Unit or Sheriff IT.

808.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

- (a) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Crime Scene Investigation Unit to copy the contents to an appropriate form of storage media.
- (b) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (c) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- (d) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

Computers and Digital Evidence

808.4 SEIZING PCDS

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- (a) Deputies should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be placed in a faraday bag, to prevent the device from sending or receiving information from its host network. If a faraday bag is not available, place the device in airplane mode or remove the SIM card from the device. Place the removed SIM card in the same packaging as the device.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

808.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Deputies handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

808.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media produced by deputies with the use of a camera or other recorders:

- (a) As soon as possible following the collection of digital images, video or audio recordings, the deputy is to upload and save the images, video or audio recording into Evidence.com. The deputy shall label each image, video or recording with the corresponding case number, evidence item number and report category.

808.5.3 PRESERVATION OF DIGITAL EVIDENCE

- (a) The original digital media shall remain in evidence and shall remain unaltered.
- (b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- (c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

Deputies may be dispatched to animal related calls and should take appropriate actions to control the situation until the arrival of an ACO. Due to the hazards of handling animals without proper equipment, responding deputies generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of the ACO. The following are examples of when a deputy may consider acting before the arrival of the ACO.

809.3.2 ANIMALS AT LARGE

If an animal found at large has a license, such as a dog, or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the animal should be released to the owner and a citation may be issued if appropriate. If an animal is taken into custody, it shall be transported to the police department's kennel or other suitable location depending upon the animal, making sure the animal has food, water and bedding.

The animal pick-up form must be completely filled out and placed in the ACO's binder. Release of impounded animals may require a fee be paid per the municipal code. Releases will be handled by the ACO or, in his/her absence, another member of the department.

809.4 DECEASED ANIMALS ON PUBLIC PROPERTY

Deceased animals on public property will be removed and properly disposed of by the ACO. Deputies will remove deceased animals when the ACO is not on duty. If available, the deputy may use the ACO truck to pick-up and transport the deceased animal.

- (a) For health and sanitary reasons, deceased animals should be placed in a sealed plastic bag prior to placing in the ACO truck.
- (b) Neither the ACO nor any officer will be required to climb onto or under any privately owned structure for the purpose of removing a deceased animal.
- (c) When practical, deceased domesticated animals should be placed in the freezer in the kennel. Deceased wild animals should be taken to the designated area in the cemetery.

809.6 CITATIONS

It should be at the discretion of the handling deputy or the field supervisor as to the need for, or advisability of, the issuance of a citation for a violation.

809.7 POST-ARREST PROCEDURES

The arresting deputy should make a reasonable effort to ensure that animals or pets under a person's care will be provided with adequate care when that person is arrested. This is only required when there is no person to provide care and the arrestee is expected to be in custody for a time period longer that would reasonably allow him/her to properly care for the animals.

Relatives or neighbors may be contacted, with the owner's consent, to care for the animals. If no persons can be found or the owner does not consent, the ACO or deputy shall transport animal(s) to the kennel. The person who serves the legal papers must tell the other person that these are legal papers, and then leave the papers near the person; the person does not need to be touched with the papers. The person being served does not have to accept the papers, say, or sign anything.

Substitute Service: Refers to when legal papers are served (delivered) to the opposing party by leaving the papers with someone other than a party to the lawsuit; valid only if certain specified procedures are followed.

Subpoena: An official order to go to court at a stated time. Subpoenas are commonly used to tell witnesses to come to court to testify in a trial.

Subpoena Duces Tecum: An official court order to bring documents or records to a stated place at a stated time.

Temporary Restraining Order: A court order, sometimes called a "TRO", that says a person must not do certain things that are likely to cause harm that can't be fixed. Unlike an injunction, it can be granted immediately, without notice to the opposing party and without a hearing. It is intended to last only until a hearing can be held. TROs are often used in domestic violence cases to protect a person from violence or the threat of violence.

Warrant (Bench Warrant): A written order issued by a judge or judicial officer directing a peace officer to take specific action. Orders can be: (1) an arrest warrant - orders a peace officer to arrest and bring to the court the person accused of a crime to begin legal action; or (2) a bench warrant - a judge's order to arrest and bring a person to court because the person has failed to appear in court when they were supposed to appear.

To that end, it is the duty of the Sheriff to execute levies by obtaining custody of the property and seeing to its disposition. The Sheriff shall sell or turn over the property or proceeds as appropriate; issue Sheriff's Deed or Certificate of Sale; serve all court process placed in his hands; return to the court an account of his actions in the form of a proof of service or writ return. The Sheriff is legally obligated to exercise reasonable diligence in his efforts to execute levies and serve court process.

- (a) The public is required to pay a fee for the types of services described in this section. These fees are enumerated in Government Code § 26720 and § 26751.
- (b) Certain actions can only be performed by a deputy sheriff, and include the following:

Radio Policy

813.1 PURPOSE AND SCOPE

This policy establishes guidelines for the Sheriff's radio system and creates appropriate standards relative to its frequencies. This policy will outline a standard response upon receipt of a portable radio distress signal. Members will utilize the radio for the purpose of communication regarding calls for service, to enhance and support officer safety, to coordinate information and activity between field units, and to provide incident documentation. The system will operate in accordance with F.C.C. Regulations in a professional and courteous manner.

813.1.1 DEFINITIONS - CHANNEL IDENTIFIER/DESCRIPTION IN MOBILE RADIOS

Channel 1: Primary dispatch channel for Sheriff, Windsor and Sonoma field members.

Channel 2: Support dispatch channel used routinely for deputy-initiated activity, such as warrant checks, Department of Motor Vehicle (DMV) requests, California Law Enforcement Telecommunications System (CLETS) inquiries, and general information.

Channel 3: Similar to Channel 1 duties. A second, primary dispatch channel activated when operational workload has been divided between channel 1 and 3, generally from 0900 hours to 1500 hours each day. Only monitored routinely by dispatch members when activated for this purpose. May serve as a tactical channel beyond the primary hours of use.

Channel 4: Used for tactical operations. Not routinely monitored by Dispatch.

Channel 5: Used for tactical operations. Not routinely monitored by Dispatch.

Channel 6: Sheriff TCOMM.

Channel Changes: Due to the large number of Sheriff's radio channels, units moving from Channel 1 to any other channel, when possible, should notify Dispatch and wait for acknowledgement.

Channel Interrupt: The Sheriff's UHF radio system possesses a feature that allows field units the ability to interrupt the dispatcher when he/she is transmitting. This safety feature should be used only for emergencies or when information important to a specific incident is necessary. The unit can override any dispatch transmission by simply activating their radio and indicating the need to transmit an emergency/urgent message. This feature is provided on Channels 1 through 5 only.

Voice Inversion: Some mobile and portable radios are equipped with a feature allowing radio transmission scrambling. The scrambler feature should be used only when a law enforcement operation requires absolute secrecy or when safety of Sheriff's Office members may be compromised. Dispatch cannot monitor or transmit to units in this mode.

Channel Scanning: Scanning Radios are equipped with a scan feature allowing the monitoring of additional radio frequencies.

Distress Signal Button: A portable radio feature to signal that a deputy needs assistance.

Radio Policy

Radio Codes: Pre-designated numbering system used to identify law enforcement functions that will assist in reducing radio transmission time.

Ten (10) Codes: All members utilizing Sheriff frequencies shall use the standard 10 code as adopted by the Sonoma County Sheriff's Office.

Code One (1): Your convenience.

Code Two (2): Urgent.

Code Three (3): Emergency.

Code Four (4): Situation under control, no further assistance needed.

Code Six (6): Officer needs assistance, **URGENT**. a code 6 shall be used in all instances when a deputy wishes a back up to respond during a non-emergency. When a cover unit is desired, deputies shall transmit "Code 6" and state the number of units needed. The requesting deputy can cancel a Code 6.

Code Twenty (20): Officer needs assistance, **EMERGENCY**. An emergency situation where a deputy needs assistance, Code 3. Deputies shall transmit "Code 20" and state number of units needed. The requesting unit cannot cancel a Code 20. The canceling unit shall be the responding unit (e.g., a deputy is engaged in a physical confrontation beyond his/her ability to control).

Code Thirty (30): Officer needs assistance, **EMERGENCY**. An emergency situation where the life of a deputy or citizen is in immediate danger and assistance is needed Code 3 from any jurisdiction. The requesting unit cannot cancel a Code 30. A responding unit must assess the condition of the requesting unit and determine if the situation requires further assistance.

Code Thirty-Three (33): Clear radio channel, emergency traffic. A Code 33 is used for critical incidents, such as an in-progress incident affecting officer safety, a foot/vehicle pursuit, or a Code 20/Code 30 situation. Dispatch or field members may initiate a Code 33 on a radio channel.

When a Code 33 is activated, all members shall clear the channel of all extraneous radio traffic. All members not involved in the incident will switch over to a channel designated by Dispatch. Non-essential radio traffic will be kept to a minimum. Routine requests will not be performed when channel 2 becomes the primary dispatch channel.

During a Code 33, an intermittent tone will be transmitted over the selected channel in order to alert all members. Radio traffic will override the tone. If necessary, due to officer safety concerns, the tone can be turned off. This request must come from a deputy on-scene.

Mobile Data Computer (MDC): An in-vehicle computer used to send/receive data while coordinating event activity, accessing CLETS data files, submitting reports, messaging between terminals and retrieving information.

813.2 PRIMARY RADIO FREQUENCIES

Channel 1 - Sheriff 1	458.7250	453.7250	131.8 Hz

Channel 5 - Sheriff 5	458.4750	453.4750	192.8 Hz
Channel 6 - Sheriff 6	465.025	460.025	(TCOMM)

813.3 GENERAL GUIDELINES

- (a) Keep messages brief. Use codes and phonetic alphabet when appropriate.
- (b) Channels 1, 2 or 3 are the Sheriff's Office's primary dispatch frequencies. Routine car to car traffic, unless responding to an emergency/urgent call, shall be conducted on channels 4, 5 or direct.
- (c) Upon clearing an incident with an MDC, enter the disposition and return to available status. Deputies without an MDC shall provide a disposition to Dispatch over the unit's primary dispatch channel. Do not switch to another channel to provide additional dialog or to advise Dispatch of APB information. If the information is urgent, use your primary dispatch channel so other units may hear the update. If not, use the telephone.
- (d) The initial dispatch of calls to field units will be broadcast via radio and not over the telephone. On-duty deputies shall keep their portable radios turned on when out of the patrol vehicle.
 1. If contact is not made with an available field unit after repeated attempts on primary channel, and it is determined that another dispatcher has not had contact with the missing unit, Dispatch will tone alert (3 beeps) and call unit on all Sheriff's channels. If still not response Dispatch will:
 - Start unit(s) to last known location and/or AVL location
 - Notify duty Sergeant for direction
 - Periodically attempt to raise missing unit via radio until resource has been located
- (e) Duty rosters will be provided to Dispatch staff by Patrol. All deputies will log on via their MDC, or contact Dispatch at the beginning of their shifts to advise they do not have an MDC, and are available for event assignment. Any deputy not immediately available for dispatch will provide his/her status and location. If going to court, the range or any other appointments when on duty, advise Dispatch at the beginning of shift.
- (f) Deputies will advise Dispatch via MDC or radio (when a unit is without an MDC) whenever leaving the main office or substation, and/or when arriving at the main office or substation.
- (g) All deputies will advise Dispatch via radio (10-7 OD), MDC or by phone when going off duty.
- (h) All radio transmissions shall be conducted in a courteous and professional manner. Patrol and Dispatch supervisors are responsible for monitoring the radio frequencies and addressing unacceptable behavior.
- (i) Radio messages during emergency situations can affect a person's ability to be understood. Rapid, excited transmissions are difficult to hear and understand, often

requiring repeated transmissions. Members should make a conscious effort to transmit in a calm and concise manner.

- (j) All primary radio transmissions are taped and timed.
- (k) Assignment of incidents shall not be challenged unless the call conflicts with a previously assigned detail or emergency activity. When questions and/or concerns exist, contact your supervisor.
- (l) Units shall process tow requests on Channel 2. All rotation tow requests should include complete vehicle description; color, year, make & model, body style, additional identifying information, license (CYMBAL), and authority for tow.
- (m) Deputies shall run CLETS inquiries when at a facility equipped with a terminal or conditions are favorable to use their MDC. Deputies are responsible for providing hard copies of CLETS information when needed. Routing requests to an unsecured terminal is prohibited per Department of Justice CLETS Operating Manual, Sections 1.6.6(c) and 1.7.1.
- (n) A "priority request" is an urgent inquiry and will be processed immediately.
- (o) Status updates are required as an officer safety measure. An update can consist of a Code 4 or short report on conditions.
 - 1. A status update for incidents, such as in-progress events and traffic stops, shall be provided to Dispatch within a reasonable period of time, generally from four to six minutes after arriving on-scene. If an update is not received within this time period, Dispatch will request one. If no contact is made, Dispatch will send a minimum of one unit to the event location.
 - 2. An update during report status details will be provided to Dispatch approximately 25 minutes after unit arrival in order to confirm unit status and re-establish unit contact. If an update is not received within that time period, Dispatch will request one. If no contact is made, Dispatch will send a minimum of one unit to the event location.
- (p) The MDC application is not intended to replace the radio as the first line method of communication. Field personnel shall determine levels of MDC use at any given time, based on personal safety. Field members should use an MDC unless doing so creates an immediate safety concern. Typically, MDC activity would be practical once an activity has been deemed under control and when conducting routine activities, such as clearing an event.
- (q) The Sheriff's Office has adopted the Sonoma County Public Safety Consortium (SCPSC) radio identification standard. Members utilizing the Sheriff's radio frequencies will operate consistent with its purpose.

813.4 PROCEDURES

Patrol units shall inform the Dispatch Center of all daily activities. Use of Dispatch services by Detectives and Administrative units is discretionary.

Calling and Acknowledging:

Sonoma County Sheriff's Office

Policies

Policies

Radio Policy

- (a) When calling Dispatch or another unit, state unit or entity being called first, followed by your identifier.
- (b) Upon being called, acknowledge by giving your identifier.

Sending and Receiving Messages: Clearance to transmit is obtained by calling Dispatch or another unit, waiting for an acknowledgement, then transmitting.

- (a) Field members should use two transmissions to report traffic stops and suspicious vehicle checks, when time allows. The first transmission alerts the dispatcher, identifies the incident type and provides a location. The second transmission furnishes more detailed vehicle information.
- (b) Civil and warrant service, public assist, follow-up, security checks, suspicious circumstances, field interrogations, meals, assisting another agency, and similar types of detail shall be given following the unit identifier.
- (c) Short, routine transmissions shall be given as one continuous message.

Dispatch is required to type information provided by field members into CAD as it is transmitted, unless otherwise addressed within the Sheriff's Office's MDC guidelines. Lengthy broadcasts should be broken into short separate transmissions. The word "BREAK" will be used to indicate these interruptions.

 - 3. 10-36/INFO translates to "clear to copy confidential information unrelated to warrants?"
 - 4. 10-36RMS translates to "clear to copy confidential information related to subject's history?"

Tone alerts will be used prior to important messages.

- (a) Two tones signify an in-progress or just occurred incident with threat to life and/or property, with officer safety factors.
 - 1. Three tones will signify a broadcast.

A call priority will be assigned to an incident based on the Sheriff's Office's current guidelines.

- (a) The Duty Sergeant, Watch Commander and/or Dispatch Shift Supervisor have the authority and responsibility to direct and coordinate unit assignment.
- (b) Event assignments during shift change:
 - 1. Emergency and urgent calls shall be dispatched immediately, regardless of the time. Field units will not dispute the call with Dispatch members.
 - 2. Generally, a deputy will not be dispatched to report-status calls one and one half hours prior to the end of his/her shift, if an overlap unit is available. This allows time to refuel vehicles, complete paperwork, and minimize undue overtime costs.

Portable radio distress signal activation

- (a) Deputy at Known Location: The Dispatcher shall immediately transmit on a distress signal activation, and place a Code 33 on the channel receiving the signal.
 - 1. A minimum of two units will be assigned to the incident. Brief details of the original incident will be provided to responding units.
 - 2. Dispatch may attempt radio contact to a unit who has just activated their distress signal, prior to dispatching additional resources, when the unit is known to be at the Sheriff's Main Office or Substation.
 - 3. The first deputy to arrive on-scene will immediately assess the situation and advise Dispatch of the conditions. The Dispatcher will re-broadcast to all deputies and if the deputy has not been located, continue attempts to determine deputy's location.
 - 4. If contact is made with the unit who has activated their signal, prior to the arrival of the back-up units, Dispatch shall determine the signal's legitimacy and request whether further assistance is required.

- (b) On-Duty Deputy at Unknown Location: The Dispatcher will immediately call the deputy on the radio, asking for their status and location.
 - 1. If contact is made, Dispatch shall determine the signal's legitimacy and whether assistance is required. If so, place Code 33 on the channel and dispatch appropriate resources.
 - 2. If the deputy does not answer, the Dispatcher will place a Code 33 on the channel where the signal was received. The Dispatcher will broadcast to all deputies receipt of the distress signal and attempt to determine the deputy's location, considering his/her last known location.
 - 3. If the location cannot be determined, the Sergeant will direct Dispatch as to what action will be required.
- (c) Off-Duty Deputy at Unknown Location: The Dispatcher shall call the deputy on the radio channel receiving the signal and ask their location.
 - 1. If the deputy answers the radio and an emergency situation exists, follow the steps used above "Deputy at Known Location".
 - 2. If the deputy does not answer, Dispatch will immediately call the deputy's residence in an attempt to locate the deputy. Dispatch shall also notify the Patrol Sergeant.
 - 3. The Sergeant will direct Dispatch if further action will be required (i.e. coordinate a search by telephone, etc.).

Firearm Storage Fees

814.1 PURPOSE AND SCOPE

The purpose of this policy is to establish procedures for a Firearm(s) Storage-Fee Hearing. It also establishes an informal method to evaluate the validity of, and consider any mitigating circumstances attendant to, the seizure, impounding, storage, or release of a firearm.

814.2 POLICY

Pursuant to Penal Code § 33880, and Family Code § 6389(e) law enforcement agencies are allowed to impose a fee, equal to its administrative costs, relating to the seizure, impounding, storage, or release of a firearm(s).

The storage fee may be imposed on a person claiming title to a firearm (PC § 33880), or on a respondent of a protective order.

814.3 FEE WAIVER HEARING

When a firearm(s) is seized, the person claiming title to a firearm, or a respondent named in a protective order may request an administrative hearing to determine if storage fees should remain in effect or should be waived. The hearing may be conducted over the telephone if parties agree. A Patrol Lieutenant will generally serve as the hearing officer.

- (a) All requests for firearm fee waiver hearings shall be submitted to the Property/Evidence Unit of the Sheriff's Office within 10 days of the appointment to pick up the firearm(s).
- (b) The Property/Evidence Unit staff will prepare the hearing paperwork and deliver it to the Lieutenant conducting the hearing.
- (c) Any relevant evidence may be submitted to the hearing officer for review to determine if the administrative fee should remain in effect or be waived.

814.3.1 HEARING OFFICER

The Hearing Officer (Patrol Lieutenant) shall consider all information provided at the hearing; determine the validity of the stored firearm(s); consider whether any mitigating circumstances exist, and then render a decision.

When making the decision, the Hearing Officer shall determine:

- (a) If the firearm(s) seizure and storage complied with applicable law.
- (b) If the assessed fees fit criteria enumerated in PC § 33880 or FC § 6389(e).
- (c) If mitigating circumstances exist that reasonably warrant the release of the firearm(s) with a fee waiver. Mitigating circumstance may include a legal owner's lack of actual knowledge that his/her firearm(s) was seized; the firearm(s) was found property and the finder wishes to claim it; the firearm(s) is a recovered stolen weapon(s); the next of kin is claiming the firearm(s) in a Coroner's case; the firearm(s) belongs to the victim of the crime.

Firearm Storage Fees

814.3.2 HEARING RESULTS AND OWNER OPTIONS

The Hearing Officer may take up to 48 hours to consider the information and render a decision. Once a decision is made the Hearing Officer shall advise the person claiming ownership of the firearm/respondent and the Property/Evidence Unit of the decision. The original hearing report and associated documentation shall be given to the Property/Evidence Unit, and a copy of the hearing report may be given to the individual who requested the hearing.

If the Hearing Officer has determined the storage was lawful, and the legal owner is required to pay the administrative fee, the owner has the following options:

- (a) Pay the storage fee and present the Law Enforcement Gun Release letter from DOJ to the Property/Evidence Unit and retrieve his/her firearm(s).
- (b) Sign an Authorization to Destroy Firearm(s) form allowing Sheriff's Office to dispose of the firearms.
- (c) Pay the storage fee and make arrangements with a gun dealer to take possession of the firearm(s).
- (d) Seek reimbursement for the storage fee by filing a claim with the County of Sonoma Risk Management Department. Such claims must be filed within six months of the hearing to comply with Government Code § 911.2.

If the firearm(s) seizure was lawful, but mitigating circumstance have been found and the legal owner or respondent is not required to pay the administrative fee, the Property/Evidence Unit will be notified and the firearm(s) will be released when arrangements for release have been scheduled and the LEGR letter is presented to the Property/Evidence Unit.

If the firearm(s) seizure was unlawful, the administrative fee will be waived and the firearm(s) will be released when arrangements for release have been scheduled and the LEGR letter is presented to the Property/Evidence Unit.

Community Services Officer Reports

815.1 PURPOSE AND SCOPE

The purpose of this policy is to establish procedures for reports taken by Community Services Officers (CSO) in the Office or over the telephone.

815.2 POLICY

It is the intention of the Sonoma County Sheriff's Office that felony and misdemeanor reports with follow-up needed or with suspect(s) information will be initiated and documented by Deputy Sheriffs. It is the intent of this policy to outline the types of crime and incident reports that will be documented by CSO's in the Office or over the telephone. Under no circumstances does this policy eliminate the citizen's right to speak with a Deputy Sheriff. If a citizen requests to speak with a Deputy Sheriff, one will be assigned as available.

815.3 GENERAL GUIDELINES

The following types of calls will be routed to the CSO so that reports can be initiated:

- (a) **Informational Reports:** Report of an incident where no crime has occurred. Examples: Found property, lost property.
- (b) **Missing Person/Runaway Reports:** Reports where the missing person/runaway is 21 years or over, and not considered at-risk pursuant to the Missing Person Policy.

Evaluation of Employees

1001.1 PURPOSE AND SCOPE

The Office's employee performance evaluation system is designed to record work performance for both the Office and the employee, providing recognition for good work and developing a guide for improvement.

1001.2 POLICY

The Sonoma County Sheriff's Office utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion, and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Office evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

1001.3 EVALUATION PROCESS

The Payroll Unit maintains files of all members that are required to be evaluated. the Payroll Unit will prepare a memorandum to the member's Manager identifying the type of evaluation needed (off probation, merit increase, etc.) and the due date.

The Payroll Unit will send a reminder to the Manager and Supervisor 30 days prior to the due date.

The responsible Manager shall review the Payroll Unit's memorandum, assign the evaluation to the member's immediate Supervisor and notify the Payroll Unit of the responsible Supervisor.

Evaluation reports will cover a specific period of time and should be based on documented performance during that period. Evaluation reports will be completed by each employee's immediate supervisor. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and Professional Staff supervisory personnel shall attend an approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected and the evaluation criteria with each employee at the beginning of the rating period. Supervisors should document this discussion in the prescribed manner.

Assessment of an employee's job performance is an ongoing process. Continued coaching and feedback provides supervisors and employees with opportunities to correct performance issues as they arise.

Special - A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (action plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

1001.5.1 RATINGS

When completing the Employee Performance Evaluation, the rater will place a check mark in the column that best describes the employee's performance. The definition of each rating category is as follows:

If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities. The supervisor and employee will sign and date the evaluation. Anti-Retaliation

1004.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

1004.2 POLICY

The Sonoma County Sheriff's Office has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1004.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

1004.3.1 RETALIATION PROHIBITED FOR REPORTING VIOLATIONS

A deputy shall not be retaliated against for reporting a suspected violation of a law or regulation of another deputy to a supervisor or other person in the Office who has the authority to investigate the violation (Government Code § 7286(b)).

1004.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Sheriff or the Personnel Lieutenant.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1004.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Sheriff via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.

Sonoma County Sheriff's Office

Policies

Policies

Anti-Retaliation

- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

1004.6 COMMAND STAFF RESPONSIBILITIES

The Sheriff should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1004.7 WHISTLE-BLOWING

California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

- (a) Report a violation of a state or federal statute or regulation to a government or law enforcement agency, including the member's supervisor or any other member with the authority to investigate the reported violation.
- (b) Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.
- (c) Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.
- (d) File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.
- (e) Are family members who have engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Internal Affairs Unit for investigation pursuant to the Personnel Complaints Policy.

1004.7.1 DISPLAY OF WHISTLE-BLOWER LAWS

The Office shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).

1004.8 RECORDS RETENTION AND RELEASE

The CIB Manager shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1004.9 TRAINING

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

Reporting of Employee Convictions

1005.1 PURPOSE AND SCOPE

Convictions of certain offenses may restrict or prohibit an employee's ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Office of any past and current criminal convictions.

The Administration Supervisor shall submit in a timely manner a notice to the Commission on Peace Officer Standards and Training (POST) of any appointment, termination, reinstatement, name change or status change regarding any peace officer, reserve peace officer, public safety dispatcher and records supervisor employed by this office (11 CCR 1003).

The Administration Supervisor shall submit in a timely manner a notice to POST of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

1005.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS

California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1005.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty, or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee's ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member's ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this office may be inherently in conflict with law enforcement duties and the public trust.

Reporting of Employee Convictions

1005.4 REPORTING PROCEDURE

All members of this office and all retired deputies with an identification card issued by the Office shall promptly notify their immediate supervisor (or the Sheriff in the case of retired deputies) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired deputies with an identification card issued by the Office shall further promptly notify their immediate supervisor (or the Sheriff in the case of retired deputies) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1005.5 PROCEDURE FOR RELIEF

Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Employees shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm or ammunition as a part of the individual's employment. Relief from any domestic violence or other restriction shall also be pursued through the employee's own resources and on the employee's own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee's duties, the employee may be placed on administrative leave, reassigned, or disciplined. The Office may, but is not required to return an employee to any assignment, reinstate any employee, or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.

Drug- and Alcohol-Free Workplace

Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Office while taking any medication that has impaired his/her abilities to do so.

1006.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on office premises or on office time (41 USC § 8103).

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe articulable, objective behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1006.5 EMPLOYEE ASSISTANCE PROGRAM

There is an available voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Employees should contact the Personnel Bureau, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1006.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on articulable and objective facts, that a member is impaired by the consumption of alcohol and/or other drugs, the supervisor shall notify the Watch Commander and prevent the member from continuing work. The supervisor and Watch Commander shall determine the appropriate action to be taken.

1006.7 REQUESTING SCREENING TESTS

The supervisor may request an employee to submit to a screening test under the following circumstances:

- (a) The supervisor reasonably believes, based upon articulable and objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.

1006.7.1 SUPERVISOR RESPONSIBILITY

The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1006.7.2 SCREENING TEST

An employee may be subject to disciplinary action if he/she:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 5 business days after being requested, that he/she took the

controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

- (c) Violates any provisions of this policy.

1006.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Office will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1006.9 CONFIDENTIALITY

The Office recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee's other personnel files.

Sick Leave

1007.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the County personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) and the California Family Rights Act, and leave related to domestic violence, sexual assault, stalking or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

It is the policy of the Sonoma County Sheriff's Office to provide eligible employees with a sick leave benefit.

1007.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1007.3.1 NOTIFICATION

All members should notify the Watch Commander or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (Labor Code § 246).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Office with no less than 30 days' notice of the impending absence (Labor Code § 246).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

- (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1008.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (8 CCR 5193).

1008.5 POST EXPOSURE

1008.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).

Sonoma County Sheriff's Office

Policies

Policies

Communicable Diseases

- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1008.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Office members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.
- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1008.5.4 COUNSELING

The Office shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (8 CCR 5193).

1008.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.

Sonoma County Sheriff's Office

Policies

Policies

Communicable Diseases

- (d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).
- (e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the County Counsel to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1008.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1008.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (8 CCR 5193):

- (b) Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Smoking and Tobacco Use

1009.1 PURPOSE AND SCOPE

This policy establishes limitations on smoking and the use of tobacco products by members and others while on-duty or while in Sonoma County Sheriff's Office facilities or vehicles.

For the purposes of this policy, smoking and tobacco use includes, but is not limited to, any tobacco product, such as cigarettes, cigars, pipe tobacco, snuff, tobacco pouches and chewing tobacco, as well as any device intended to simulate smoking, such as an electronic cigarette or personal vaporizer.

1009.2 POLICY

1009.4.1 NOTICE

The Sheriff or the authorized designee should ensure that proper signage is posted at each entrance to the Office facility (Labor Code § 6404.5).

Personnel Complaints

1010.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Sonoma County Sheriff's Office. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1010.2 POLICY

The Sonoma County Sheriff's Office takes seriously all complaints regarding the service provided by the Office and the conduct of its members.

The Office will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

1010.2.1 RETALIATION

It is also the policy of this office to ensure that the community can report misconduct without concern for reprisal or retaliation. Therefore, retaliation by any member of this office for the filing of a complaint will not be tolerated. Any allegations of retaliation will be investigated pursuant to this policy.

1010.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of office policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate office policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures, or the response to specific incidents by the Office.

1010.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member, an authorized designee of the Sheriff, or referred to the Internal Affairs Unit, depending on the seriousness and complexity of the investigation.

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Internal Affairs Unit, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

The following should be considered upon receipt of a complaint:

- (a) When an uninvolved supervisor or the Watch Commander determines that the reporting person is satisfied that his/her complaint required nothing more than an explanation regarding the proper/improper implementation of Sheriff's Office policy or procedure, a written complaint need not be taken. Ensure that the supervisor of the involved member is notified of the circumstances surrounding the complaint.
- (b) When the complainant is intoxicated to the point where their credibility appears to be unreliable, information shall nevertheless be documented and identifying information should be obtained and the person should be provided with a Citizen Complaint form.

Allegations of misconduct will be administratively investigated as follows.

1010.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Sheriff or the authorized designee may direct that another supervisor investigate any complaint.

Supervisors should not be assigned to investigate employee misconduct when there could be a conflict of interest such as supervision of, or participation in, the alleged misconduct.

Seat Belts

1011.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in office vehicles (Vehicle Code § 27315.5).

1011.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1011.2 POLICY

It is the policy of the Sonoma County Sheriff's Office that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1011.3 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this office while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1011.4 TRANSPORTING CHILDREN

Children under the age of 8 shall be transported in compliance with California's child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

1011.5 TRANSPORTING PERSONS IN CUSTODY

Persons who are in custody should be in a seated position and secured in the rear seat of any office vehicle with a restraint system or, when a restraint system is not available, by seat belts

Sonoma County Sheriff's Office

Policies

Policies

Seat Belts

provided by the vehicle manufacturer. The restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

An incarcerated person in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1011.6 INOPERABLE SEAT BELTS

Office vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Office vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Sheriff.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1011.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1011.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor

1012.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1012.2 POLICY

It is the policy of the Sonoma County Sheriff's Office to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1012.3 ISSUANCE OF BODY ARMOR

The Personnel supervisor shall ensure that body armor is issued to all deputies when the deputy begins service at the Sonoma County Sheriff's Office and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice. Extra Help deputies will be issued body armor upon request.

The Purchasing supervisor shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1012.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- (a) Deputies shall only wear agency-approved body armor.
- (b) Deputies may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.
- (c) Body armor shall be worn when a deputy is working in uniform.
- (d) A deputy may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1012.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by an authorized designee for fit, cleanliness, and signs of damage, abuse and wear.

1012.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Policies

Body Armor

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1012.4 FIREARMS SERGEANT RESPONSIBILITIES

The Firearms Instructor should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to Office approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.
- (c) Provide training that educates deputies about the safety benefits of wearing body armor.

 2. Any member response shall be attached to and retained with the original adverse comment (Government Code § 3306).
 3. If a member refuses to initial or sign an adverse comment, at least one supervisor should note the date and time of such refusal on the original comment and the member should sign or initial the noted refusal. 1013.5 TRAINING FILE

An individual training file shall be maintained by the Training Coordinator for each member. 1013.8.2 RELEASE OF PERSONNEL INFORMATION

The Office may release any factual information concerning a disciplinary investigation if the member who is the subject of the investigation (or the member's representative) publicly makes a statement that is published in the media and that the member (or representative) knows to be false. The disclosure of such information, if any, shall be limited to facts that refute any such false statement (Penal Code § 832.7).

1013.8.3 RELEASE OF LAW ENFORCEMENT GANG INFORMATION

Records disclosed may be redacted as provided in Penal Code § 13683.

1013.10 RETENTION AND PURGING

Unless provided otherwise in this policy, personnel records shall be maintained in accordance with the established records retention schedule.

- (a) During the preparation of each member's performance evaluation, all personnel complaints and disciplinary actions should be reviewed to determine the relevancy, if any, to progressive discipline, training and career development. Each supervisor responsible for completing the member's performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.
- (b) If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained through the Professional Standards Lieutenant.
- (c) If, in the opinion of the Professional Standards Lieutenant, a personnel complaint or disciplinary action maintained beyond the required retention period is no longer relevant, all records of such matter may be destroyed in accordance with the established records retention schedule.

1013.11 RELEASE OF PERSONNEL RECORDS AND RECORDS RELATED TO CERTAIN INCIDENTS, COMPLAINTS, AND INVESTIGATIONS OF DEPUTIES

Personnel records and records related to certain incidents, complaints, and investigations of deputies shall be released pursuant to a proper request under the Public Records Act and subject to redaction and delayed release as provided by law.

Sonoma County Sheriff's Office

Policies

Personnel Records

The Custodian of Records should work as appropriate with the Sheriff or the Professional Standards Lieutenant in determining what records may qualify for disclosure when a request for records is received and if the requested record is subject to redaction or delay from disclosure.

For purposes of this section, a record includes (Penal Code § 832.7(b)(3):

- All investigation reports.
- Photographic, audio, and video evidence.
- Transcripts or recordings of interviews.
- Autopsy reports.
- All materials compiled and presented for review to the District Attorney or to any person or body charged with determining whether to file criminal charges against a deputy in connection with an incident, whether the deputy's action was consistent with law and office policy for purposes of discipline or administrative action, or what discipline to impose or corrective action to take.
- Documents setting forth findings or recommending findings.
- Copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the *Skelly* or grievance process, and letters indicating final imposition of discipline or other documentation reflecting the implementation of corrective action.

Unless a record or information is confidential or qualifies for delayed disclosure as provided by Penal Code § 832.7(b)(8) or other law, the following records (hereinafter qualifying records) shall be made available for public inspection no later than 45 days from the date of a request (Penal Code § 832.7(b)(1)):

- (a) Records relating to the report, investigation, or findings of:
 1. The discharge of a firearm at another person by a deputy.
 2. The use of force against a person resulting in death or in great bodily injury (as defined by Penal Code § 243(f)(4)) by a deputy.
 3. A sustained finding involving a complaint that alleges unreasonable or excessive force.
 4. A sustained finding that a deputy failed to intervene against another deputy using force that is clearly unreasonable or excessive.
- (b) Records relating to an incident where a sustained finding was made by the Office or oversight agency regarding:
 1. A deputy engaged in sexual assault of a member of the public (as defined by Penal Code § 832.7(b)).
 2. Dishonesty of a deputy relating to the reporting, investigation, or prosecution of a crime, or directly relating to the reporting of, or investigation of misconduct by, another deputy, including but not limited to any false statements, filing false reports, destruction, falsifying, or concealing of evidence, or perjury.

3. A deputy engaged in conduct including but not limited to verbal statements, writings, online posts, recordings, and gestures involving prejudice or discrimination against a person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status.
4. A deputy made an unlawful arrest or conducted an unlawful search.

Qualifying records will be made available regardless of whether the deputy resigns before the Office or an oversight agency concludes its investigation (Penal Code § 832.7(b)(3)).

A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(4)).

When an investigation involves multiple deputies, the Office shall not release information about allegations of misconduct or the analysis or disposition of an investigation of a deputy unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(5). However, factual information about the action of the deputy during an incident or the statements of a deputy shall be released if the statements are relevant to a finding of the qualified allegation against another deputy that is subject to release (Penal Code § 832.7(b)(5)).

1013.11.1 REDACTION

The Custodian of Records, in consultation with the Sheriff or authorized designee, shall redact the following portions of qualifying records made available for release (Penal Code § 832.7(b)(6)):

- (a) Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of deputies
- (b) Information that would compromise the anonymity of whistleblowers, complainants, victims, and witnesses
- (c) Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about possible misconduct and use of force
- (d) Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the deputy or another person

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(7)).

1013.11.2 DELAY OF RELEASE

Unless otherwise directed by the Sheriff, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of qualifying records due to any of the following conditions (Penal Code § 832.7):

Sonoma County Sheriff's Office

Policies

Policies

Personnel Records

- (a) Active criminal investigations
 - 1. Disclosure may be delayed 60 days from the date the misconduct or use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.
 - 2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against a deputy or against someone other than a deputy who engaged in misconduct or used the force.
- (b) Filed criminal charges
 - 1. When charges are filed related to an incident in which misconduct occurred or force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.
- (c) Administrative investigations
 - 1. Disclosure may be delayed until:
 - (a) There is a determination from the investigation whether the misconduct or use of force violated law or office policy, but no longer than 180 days after the date of the office's discovery of the misconduct or use of force or allegation of misconduct or use of force

1013.11.3 NOTICE OF DELAY OF RECORDS

When there is justification for delay of disclosure of qualifying records, the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

- (a) Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.
- (b) When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.
 - 1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:
 - (a) When the criminal proceeding is against someone other than a deputy and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the Office must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about misconduct or use of force by deputies.

Sonoma County Sheriff's Office

Policies

Policies

Personnel Records

In cases where an action to compel disclosure is brought pursuant to Government Code § 7923.000, the Office may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(8)).

1013.11.4 RECORDS NOT TO BE RELEASED

- (a) Investigations or proceedings concerning the conduct of peace officers or custodial officers, or an agency or department that employs those officers, conducted by a grand jury, a district attorney's office, or the Attorney General's Office.
- (b) A record of a civilian complaint, or the investigations, findings, or dispositions of that complaint, if the complaint was frivolous as defined in the Code of Civil Procedure § 128.5, or if the complaint is unfounded.
 - 1. "Unfounded" means that an investigation clearly establishes that the allegation is not true.
- (c) A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure pursuant to this policy.

1013.11.5 MEMBER NOTIFICATION OF RECORDS OR BWC VIDEO RELEASE

Releases of investigative personnel records and/or BWC video records may have a significant impact on current or former members of the Sheriff's Office and their families. In order to give affected current and former members and their family's adequate time to prepare for such releases, the Office will use the following employee notification procedure:

- (a) When preparing for the release of a current or former member's personnel file or video record, the Office will determine the approximate date of the release and make a reasonable effort to provide written email notice of the release and targeted release date to any current or former members at their last known email address on record with the Office, the DSA, or SCLEA.
- (b) Upon notification of the release, any current or former member may request to view a copy of the releasable materials prior to the material being released. If such a request is made by the member, the Office will allow the member a reasonable amount of time, to be determined by the Office, to review the materials prior to their release.
- (c) The Office agrees to conduct a threat assessment for the member and/or their family, to assess if further action is warranted to protect the member and their family from the risk of physical harm.

Such environment is possible only when each member is able to perform their job duties in a safe, secure, and effective manner, and remains able to do so throughout the entire time they are working. Members who are not fit for duty may present a safety risk to themselves and others.

This policy is intended to provide a mechanism for the assessment of a member's mental and emotional ability to perform the essential functions of their position when the member's conduct, behavior, and circumstances indicate to a reasonable person that continued service by the member may be a threat to public safety, the safety of other members, the safety of the particular member, the public, or may interfere with the Sheriff's Office ability to deliver effective law enforcement services.

All Deputy Sheriff's and Correctional Deputies are required to be free from any physical, emotional, or mental condition which might adversely affect the exercise of peace officer powers (Government Code § 1031). The purpose of this policy is to ensure that all members of this office remain fit for duty and able to perform their job functions in a safe and efficient manner.

The Personnel Bureau Manager and the Special Services Captain shall be notified of such situation within 24 hours.
- (b) Whenever feasible, and to the extent inquiry is legally permissible, the supervisor should attempt to ascertain the reason or source of the problem and in all cases a preliminary evaluation should be made in an effort to determine the level of inability of the member to perform his/her duties.

Where appropriate, a supervisor and member, in conjunction with personnel, may also discuss reasonable accommodations that may enable the employee to perform the essential functions of their position.
- (d) In the event the member appears to be in need of immediate medical or psychiatric treatment, all reasonable efforts should be made to promptly obtain such care. In circumstances when a member's conduct immediately and directly threatens safety, a supervisor may immediately relieve the member of duty pending further evaluation.

1016.4 PHYSICAL AND PSYCHOLOGICAL EXAMINATIONS

The order shall indicate the date, time and place for the examination.
- (b) Criteria for considering whether a fitness for duty exam is warranted under the circumstances include, but are not limited to, observations of job performance difficulties that appear to be related to psychological or physical conditions; indications of safety or health risks to the employee or others; and/or dramatic or sudden changes in a member's customary behavior. Factors to consider in making such an assessment include such things as complaints against the member indication an inability to exercise self-control; an inability to perform essential functions of the position; irrational verbal conduct or behavior; expressions of mental instability; a pattern of conduct indicating an inability to defuse tense situations or to escalate such situations; and any other factor that causes a supervisor to reasonably suspect that a fitness for duty is necessary and appropriate. Generally, such leaves of absence are unpaid, but in certain circumstances, disability leave, paid administrative leave, or sick pay may be appropriate. In instances where a member's conduct immediately threatens safety, the member may be immediately relieved of their job duties pending further evaluation, and ordered not to exercise police powers.
- (g) Medical information pertaining to members is strictly confidential, and any information generated by a fitness for duty evaluation shall be restricted. The results of the fitness for duty examination shall be retained by Human Resources Disability Management; a Memo of the Findings is then kept in the member's confidential medical file. Information shall be released only on a need-to-know basis. The evaluator shall only release such information that is permissible under applicable law (i.e. a conclusion regarding the determination of fitness for duty, a description of the functional limitations of the member, and whether the conduct that leads to the functional limitations is industrial or non-industrial in nature).
- (h) The examining physician, surgeon or psychologist will provide the Human Resources Disability Management Unit with a report indicating that the member is either fit for duty or not, and if not, listing any functional limitations that limit the member's ability to perform job duties. If the member places their condition at issue in any subsequent or related administrative action/grievance, the examining physician, surgeon or psychologist may be required to disclose any and all information that is relevant to such proceeding (Civil Code § 56.10(c)(8)).
- (i) Options, depending upon the results of the evaluation and recommendation of the evaluator include, but are not limited to, return the member to full duty (if the member has been deemed fit for duty); place the member on temporary light or modified duty; remove the member from any duties pending treatment and re-evaluation; conditionally allow full or modified duty upon receipt of treatment; when appropriate, offer an alternative position for which the member may be qualified.

Lactation Break Policy

1018.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to members desiring to express breast milk for the member's infant child (Labor Code § 1034).

1018.2 POLICY

It is the policy of this office to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any member desiring to express breast milk for the member's nursing infant child (29 USC § 218d; Labor Code § 1030).

1018.3 LACTATION BREAK TIME

A rest period should be permitted each time the member has the need to express breast milk (29 USC § 218d; Labor Code § 1030). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Members desiring to take a lactation break shall notify Dispatch or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt office operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1018.4 PRIVATE LOCATION

The Office will make reasonable efforts to accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 218d; Labor Code § 1031).

Members occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other members should avoid interrupting a member during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.

Lactation Break Policy

1018.5 STORAGE OF EXPRESSED MILK

Any member storing expressed milk in any authorized refrigerated area within the Office shall clearly label it as such and shall remove it when the member ends their shift.

1018.5.1 STATE REQUIREMENTS

Members have the right to request lactation accommodations. If a break time or location accommodation cannot be provided, the supervisor shall provide the member with a written response regarding the reasons for the determination (Labor Code § 1034).

Lactation rooms or other locations should comply with the prescribed feature and access requirements of Labor Code § 1031.

Members who believe that their rights have been violated under this policy or have been the subject of discrimination or retaliation for exercising or attempting to exercise their rights under this policy, are encouraged to follow the chain of command in reporting a violation, but may also file a complaint directly with the Labor Commissioner (Labor Code § 1033).

Payroll Record Procedures

1019.1 PURPOSE AND SCOPE

This policy provides the guidelines for completing and submitting payroll records of office members who are eligible for the payment of wages.

1019.1.1 TIME REQUIREMENTS

All employees are paid on a bi-weekly basis usually on Wednesday with certain exceptions such as holidays. Payroll records shall be completed and submitted to Administration no later than 8:00 a.m. on the Tuesday morning following the end of the pay period, unless specified otherwise.

- (a) If a member is sick on the day time cards must be submitted, his/her supervisor will complete and approve the employee's time card. The Payroll Clerk will return a copy of the time card for signature by the member after posting the hours into the payroll system.
- (b) If time cards will be due during the period that a member is scheduled to be on vacation, or other planned leave, the member is responsible for submitting a completed and approved time card.

1019.2 POLICY

The Sonoma County Sheriff's Office maintains timely and accurate payroll records.

1019.3 RESPONSIBILITIES

Members are responsible for the accurate completion and timely submission of their payroll records for the payment of wages.

Supervisors are responsible for approving the payroll records for those under their commands.

Overtime Compensation Requests

1020.1 PURPOSE AND SCOPE

It is the policy of the Office to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Memorandum of Understanding (MOU), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete a timecard as soon as practical after overtime is worked.

1020.1.1 OFFICE POLICY

Because of the nature of police work, and the specific needs of the Office, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Office. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

The individual employee may request compensatory time in lieu of receiving overtime payment, as defined in the MOU.

Exception: Employees filling a vacancy created by the use of compensatory time must receive overtime payment, they may not submit requests for compensatory time.

1020.1.2 DEFINITIONS

Overtime: Either hours worked in excess of 40 hours in pay status in a seven (7) day period or in excess of 80 hours in pay status in a fourteen (14) day period or hours worked in excess of a normal full time daily work schedule established by the appointing authority on a regular working day, as per the applicable Memorandum of Understanding.

1020.2 SUPERVISORS RESPONSIBILITY

The supervisor who verifies the overtime earned shall verify that the overtime was worked before approval.

1020.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, the Memorandum of Understanding (MOU) provides that a minimum number of hours will be paid, (e.g., two hours for Court callback and Court cancellation, four hours for Court appearance). The employee will enter the actual time worked.

Sonoma County Sheriff's Office

Policies

Policies

Overtime Compensation Requests

Overtime for special events, court subpoenas, (attach subpoena) and grants must be authorized and reported to Payroll utilizing Form ADMN-011, Authorization for Overtime. This form must be submitted to Payroll on the first day after the last day of the pay period.

1020.3.1 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other deputy. The Watch Commander or other approving supervisor may require each employee to include the reason for the variation on the back of the overtime payment request.

Outside Employment

1021.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for office members engaging in outside employment, all members shall obtain written approval from the Sheriff or authorized designee, prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Sheriff or authorized designee in accordance with the provisions of this policy.

1021.1.1 DEFINITIONS

Outside Employment - Any member of this office who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this office for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those members who are self-employed and not affiliated directly with this office for services, product(s) or benefits rendered.

Outside Overtime - Any member of this office who performs contracted duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this office so that the Office may be reimbursed for the cost of wages and benefits.

1021.2 OBTAINING APPROVAL

No member of this office may engage in any outside employment without first obtaining prior written approval of the Sheriff or authorized designee. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the member must complete an Outside Employment Application which shall be submitted to the member's immediate supervisor. The application will then be forwarded through channels to the Sheriff or authorized designee for consideration.

If approved, the member will be provided with a copy of the approved permit. Unless otherwise indicated in writing on the approved permit, a permit will be valid for five years from the date of issuance. Any member seeking to renew a permit shall submit a new Outside Employment Application in a timely manner.

Any member seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial (Penal Code § 70(e)(3)).

1021.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT

If a member's Outside Employment Application is denied or withdrawn by the Office, the member may file a written notice of appeal to the Sheriff within ten days of the date of denial.

Outside Employment

If the member's appeal is denied, the member may be able to file a grievance pursuant to the procedure set forth in the current Memorandum of Understanding (MOU).

1021.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Any outside employment permit may be revoked or suspended under the following circumstances:

- (a) Should a member's performance at this office decline, due to their secondary employment, to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Sheriff or authorized designee may, at his/her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the member's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit.
- (b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline. This may occur if the outside employment is deemed to be the cause of deficiency.
- (c) If, at any time during the term of a valid outside employment permit, a member's conduct or outside employment conflicts with the provisions of office policy, the permit may be suspended or revoked.
- (d) When a member is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the member's full time duties until the member has returned to a full duty status.

1021.3 PROHIBITED OUTSIDE EMPLOYMENT

Consistent with the provisions of Government Code § 1126, the Office expressly reserves the right to deny any Outside Employment Application submitted by a member seeking to engage in any activity which:

- (a) Involves the member's use of office time, facilities, equipment or supplies, the use of the Office badge, uniform, prestige or influence for private gain or advantage
- (b) Involves the member's receipt or acceptance of any money or other consideration from anyone other than this office for the performance of an act which the member, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the member's duties as a member of this office
- (c) Involves the performance of an act in other than the member's capacity as a member of this office that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other member of this office
- (d) Involves time demands that would render performance of the member's duties for this office less efficient
- (e) Involves services performed in connection with bail bonds agencies, private detective services, or process serving agencies

- (g) Involves services performed for any collection agency
- (h) Involves serving as a bartender at a bar, or providing security at a bar or nightclub

1021.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

Consistent with the provisions of Penal Code § 70, this prohibits public officials, to include peace officers, from seeking gratuities or monetary gains while employed by the Sheriff's Office in their official capacity. Penal Code §70 also offers protections and guidelines for deputies working secondary employment in their official capacity approved by the Sheriff or authorized designee, in which the deputy has been granted permission to wear their primary issued uniform and duty gear.

Any private organization, entity or individual seeking special services for security or traffic control from members of this office, while working in their official capacity, must submit a written request to the Sheriff or authorized designee in advance of the desired service. Such outside extra duty overtime assignments will be assigned, monitored and paid through the Office.

- (a) The applicant will be required to enter into an indemnification agreement prior to approval.
- (b) The applicant will further be required to provide for the compensation and full benefits of all members requested for such outside security services.
- (c) Should such a request be approved, any member working outside overtime shall be subject to the following conditions:
 1. The deputy(s) shall wear the office uniform/identification.
 2. The deputy(s) shall be subject to the rules and regulations of this office.
 3. No deputy may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
 4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
 5. No deputy may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Sheriff.

1021.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE

Any member making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to office policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1021.3.3 SPECIAL RESTRICTIONS

1021.4 DEPARTMENT RESOURCES

Members are prohibited from using any office equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this office or other agencies through the use of the member's position with this office.

1021.4.1 PROCEDURES AND CONDITIONS FOR PRIVATE SECURITY EMPLOYMENT

- (a) **Special Conditions for Private Security Employment:** All applications for outside employment which involve private security work shall, if approved, be conditioned on receipt of a formal contract of employment between the outside employer and the member, as well as a valid and current certificate or declaration of insurance. The contract must include and incorporate within it the following separate terms covering "Indemnification" and "Insurance:"
1. **Indemnification:** (Outside Employer) agrees to accept all responsibility for loss or damage to any person or entity, and to defend, indemnify, hold harmless and release the County of Sonoma, its officers, agents, and members, from and against any and all actions, claims, damages, disabilities, or expenses that may be asserted by any person or entity, including (Outside Employer), arising out of or in connection with the performance of (Outside Employer) or (Member) hereunder. This indemnification obligation is not limited in any way by any limitation on the amount or type of damages or compensation payable to or for Contractor or its agents under workers' compensation acts, or other employee benefit acts.
 2. **Insurance:** (Outside Employer) shall maintain a policy of public liability insurance, insuring it for claims of injury or damages, with minimum policy limits of one million dollars (\$1,000,000) per claim, three million dollars (\$3,000,000) per occurrence, and three million dollars (\$3,000,000) aggregate. The insuring provisions of such policy shall provide coverage for the (Member) within the course and scope of his/her employment with the (Outside Employer). (Outside Employer) shall provide a declaration or certification page of such policy to the Sonoma County Sheriff's Office prior to any employment activities of (Member) on behalf of (Outside Employer).
- (b) **Current Insurance Certificate Required at All Times:** Members engaged in private security outside employment are responsible for ensuring that the Sheriff's Office has received a current, updated insurance certificate or declaration for the outside employer at all times. Such documents must demonstrate that the outside employer has adequate insurance that meets the requirements set forth above. Failure to satisfy such requirements shall result in the automatic revocation of the member's approval to engage in outside employment.

1021.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If a member terminates his or her outside employment during the period of a valid permit, the member shall promptly submit written notification of such termination to the Sheriff through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Members shall also promptly submit in writing to the Sheriff any material changes in outside employment including type of duties, or demands of any approved outside employment. Members who are uncertain whether a change in outside employment is material are advised to report the change.

1021.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Office members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The Administrative Captain shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Sheriff whether such outside employment should continue.

In the event the Sheriff or authorized designee determines that the outside employment should be discontinued or if the member fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved member, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:

- (a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the County's professional medical advisors.
- (b) The outside employment would conflict with the physical work restrictions placed by the member's physician.
- (c) The member's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Sonoma County Sheriff's Office, a request (in writing) may be made to the Sheriff to restore the permit.

Occupational Disease and Work-Related Injury Reporting

1022.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, psychiatric injuries, and work-related injuries.

1022.1.1 DEFINITIONS

Definitions related to this policy include:

Occupational disease or work-related injury - An injury, disease or psychiatric injury arising out of employment (Labor Code § 3208; Labor Code § 3208.3; Labor Code § 3212 et seq.).

1022.2 POLICY

The Sonoma County Sheriff's Office will address occupational diseases and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (Labor Code § 3200 et seq.).

1022.3 RESPONSIBILITIES

1022.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate (8 CCR 14300.35).

1022.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded promptly. Any related Countywide disease- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

1022.3.3 MANAGER RESPONSIBILITIES

The Manager who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Special Services Lieutenant and the County's risk management entity, to ensure any required Division of Occupational Health and Safety Administration (Cal/OSHA) reporting is made as required in the illness and injury prevention plan identified in the Illness and Injury Prevention Policy.

Occupational Disease and Work-Related Injury Reporting

1022.4 OTHER DISEASE OR INJURY

Diseases and injuries caused or occurring on-duty that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Manager through the chain of command and a copy sent to the Administration Captain.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1022.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1022.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Sheriff with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Sheriff. The purpose of such notice is to permit the County to determine whether the offered settlement will affect any claim the County may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the County's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Personal Appearance Standards

1023.1 PURPOSE AND SCOPE

All members shall present a professional appearance while on duty.

1023.2 GROOMING STANDARDS

All members with facial hair must ensure they have appropriate items on hand and readily available if required to remove facial hair at any time as necessary to properly use any required safety equipment.

Temporary Transitional-Duty Assignments

1028.1 PURPOSE AND SCOPE

This policy in conjunction with the County Administrator's Temporary Transitional Duty Policy 6-3, establishes procedures for providing temporary transitional-duty assignments. This policy is not intended to affect the rights or benefits of members under federal or state law, County rules, current memorandums of understanding or collective bargaining agreements. For example, nothing in this policy affects the obligation of the Office to engage in a good faith, interactive process to consider reasonable accommodations for any member with a temporary or permanent disability that is protected under federal or state law.

See attachment: [Policy-6-3-Temporary-Transitional-Duty-Program.pdf](#)

1028.2 POLICY

A temporary assignment allows the member to work, within the scope of their temporary work restrictions in order to transition back to their regular job duties. Temporary Transitional Duty is distinguished from Permanent Accommodations in that the effects from the injury or illness are temporary, and are expected to result in a full recovery.

The Temporary Transitional Duty Program has been established in an effort to retain our qualified work force and to promote early return to work while supporting the member recovering from an injury or illness. Temporary transitional duty is designed to encourage the Office and the member to work cooperatively toward the goal of transitioning the member with temporary medical restrictions back into the work environment. The member will be paid at their regular rate of pay for a specified period of time. This allows the member to continue to develop and utilize work skills and abilities that are not limited by the injury or illness, while transitioning back to their regular assignment. It also allows the office to retain a valuable member.

1028.3 ELIGIBILITY AND REQUIREMENTS

All non-probationary permanent members, including those who are probationary within their original job class series for the purpose of promotion will be considered for a temporary transitional duty assignment based on their medical restrictions.

A medical provider's note, detailing the member's temporary work restrictions, is required to be eligible for a temporary transitional duty assignment. Work restrictions are defined as physician specified work activities that are limited due to an occupational or non-occupational illness or injury, regardless of whether the member has lost time from work or not (e.g., limited hours, limited functions, need for equipment, etc.).

1028.4 GENERAL INFORMATION

- (a) There are no permanent temporary transitional duty assignments in the Sonoma County Sheriff's Office. The Sheriff's Office seeks to temporarily modify assignments of members who have sustained an illness or injury (either on or off duty) and are expected to fully recover. The modifications are meant to keep members productive,

- (b) The Sheriff or authorized designee, or the Bureau Manager of a member, may grant transitional duty assignments. The Personnel Bureau shall approve and monitor all members on transitional duty.
- (c) The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Office. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the members' ability to perform in a modified-duty assignment. If transitional duty assignments are limited, members who have sustained an occupational illness or injury shall have priority over members with non-occupational injuries or illnesses.
- (d) Assignments are determined based upon the individual's work restrictions, the skills of the member, and the needs of the Office.
 - 1. As medical restrictions change, the temporary transitional duty assignment may also change.
 - 2. A members refusal to accept or act in accordance with the medically approved duties assigned in a temporary transitional duty assignment may result in the loss of Workers' Compensation wage replacement benefits in accordance with State law, or long-term disability benefits. Members will be entitled to any applicable state or federal leave as required by law.
 - 3. In the case of disputes regarding the denial of a temporary transitional duty assignment or the denial of an extension of a transitional duty assignment, the County Administrative Policy 6-2 Dispute Resolution shall be followed.

1028.5 DURATION

1028.5.1 OCCUPATIONAL ILLNESS OR INJURY

In no event will temporary transitional duty assignments for non-occupational conditions be allowed beyond 180 days without the review and approval of the Human Resources Director. Employee Speech, Expression and Social Networking

1030.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Office.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or deputy associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1030.1.1 APPLICABILITY

This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

1030.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this office. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this office be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Sonoma County Sheriff's Office will carefully balance the individual employee's rights against the Office's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1030.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the Sonoma County Sheriff's Office employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing the address of a fellow deputy.
- Otherwise disclosing where another deputy can be located off-duty.

1030.4 PROHIBITED SPEECH, EXPRESSION, AND CONDUCT

- (a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation, or professionalism of the Sonoma County Sheriff's Office or its employees.
- (b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Sonoma County Sheriff's Office and tends to compromise or damage the mission, function, reputation, or professionalism of the Sonoma County Sheriff's Office or its employees. Examples may include:
 1. Statements that indicate disregard for the law or the state or U.S. Constitution.
 2. Expression that demonstrates support for criminal activity.
 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- (c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination, or illegal behavior.
- (d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Office. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
- (e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Sonoma County Sheriff's Office.
- (f) Use or disclosure, through whatever means, of any information, photograph, video, or other recording obtained or accessible as a result of employment with the Office for financial or personal gain, or any disclosure of such materials without the express authorization of the Sheriff or the authorized designee.
- (g) Posting, transmitting, or disseminating any photographs, video or audio recordings, likenesses or images of office logos, emblems, uniforms, badges, patches, marked vehicles, equipment, or other material that specifically identifies the Sonoma County Sheriff's Office on any personal or social networking or other website or web page, without the express authorization of the Sheriff.

1030.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or deputy associations, employees may not represent the Sonoma County Sheriff's Office or identify themselves in any way that could be reasonably perceived as representing the Sonoma County Sheriff's Office in order to do any of the following, unless specifically authorized by the Sheriff (Government Code § 3206; Government Code § 3302):

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or deputy associations, on political subjects and candidates at all times while off-duty.

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1030.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts, or anything published or maintained through file-sharing software or any internet site (e.g., Facebook) that is accessed, transmitted, received, or reviewed on any office technology system (see the Information Technology Use Policy for additional guidance).

The Office shall not require an employee to disclose a personal user name or password for accessing personal social media or to open a personal social website; however, the Office may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

1030.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Sheriff or authorized designee should consider include:

- (a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- (b) Whether the speech or conduct would be contrary to the good order of the Office or the efficiency or morale of its members.
- (c) Whether the speech or conduct would reflect unfavorably upon the Office.
- (d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- (e) Whether similar speech or conduct has been previously authorized.
- (f) Whether the speech or conduct may be protected and outweighs any interest of the Office.

1030.7 TRAINING

Subject to available resources, the Office should provide training regarding employee speech and the use of social networking to all members of the Office.

Flag Display and Handling

1031.1 PURPOSE AND SCOPE

This policy establishes guidelines and procedures for the proper display of the flags of the United States of America, the State of California, and the Sonoma County Sheriff's Office. The proper handling and use are found in the Sheriff's Office Flag Handling and Use Guidelines.

See attachment: [Flag Handling and Use Guidelines.pdf](#)

1031.1.1 DEFINITIONS

Flag of the United States of America - The Flag of the United States of America, commonly known as the National Flag or American Flag, consists of thirteen equal horizontal stripes of red (top and bottom) alternating with white, with a blue rectangle in the canton, bearing fifty small, white, five-pointed stars, arranged in nine offset horizontal rows of six stars (top and bottom) alternating with rows of five stars. The fifty stars on the flag represent the fifty American states, and the thirteen stripes represent the original thirteen colonies.

Flag of the State of California - The modern state flag is white with a wide red strip along the bottom. There is a red star in the upper left corner and a grizzly bear facing left (toward the hoist) in the center, walking on a patch of green grass.

Flag of the Sonoma County Sheriff's Office - The flag is designed to specifically identify the Sonoma County Sheriff's Office "Organizational Colors".

Half Staff - The term "half-staff" means the position of the flag when it is one-half the distance between the top and bottom of the staff; although any flag not flown at full staff will be considered at half-staff.

1031.2 GENERAL GUIDELINES

- (a) The United States and California flags flown at Sheriff's Office facilities shall not be lowered, except those dates listed below, without the approval of the Sheriff, Assistant Sheriff, the Administrative Captain, the Field Services Section Captain, or the on-duty Watch Commander. The approving manager shall be responsible for ensuring the flag is raised when the mourning period is over.
- (b) When the flags are lowered, the manager authorizing shall ensure a Sheriff's Office-wide email is sent notifying all members why the flags were lowered. This email should specify a date when the flags will be returned to full staff.
- (c) The flag should be flown at half-staff on the following dates and circumstances:
 1. By order of the President upon the death of principal figures of the United States Government and the Governor of a State, territory, or possession, as a mark of respect to their memory.

The manager or sergeant at each Sheriff's Office facility should ensure flags at their location are lowered and raised as specified above.

Line-of-Duty Deaths

1032.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members of the Sonoma County Sheriff's Office in the event of the death of a member occurring in the line of duty and to direct the Office in providing proper support for the member's survivors.

The Sheriff may also apply some or all of this policy for a non-line-of-duty member death, or in situations where members are injured in the line of duty and the injuries are life-threatening.

1032.1.1 DEFINITIONS

Definitions related to this policy include:

Line-of-duty death - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a Professional Staff member during the course of performing assigned duties.

For a sworn member, a line-of-duty death includes death that is the direct and proximate result of a personal injury sustained in the line of duty (34 USC § 10281).

Survivors - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin, or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual's relationship with the member and whether the individual was previously designated by the deceased member.

1032.2 NOTIFYING OFFICE MEMBERS

Supervisors or members designated by the Sheriff are responsible for notifying office members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shifts. Members reporting for duty from their residences should be instructed to contact their supervisors as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Office regarding the deceased member or the incident.

Policies

Policies

Line-of-Duty Deaths

1032.2 INITIAL ACTIONS BY COMMAND STAFF

- (a) Upon learning of a line-of-duty death, the deceased member's supervisor should provide all reasonably available information to the Watch Commander and Dispatch.
 - 1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Public Information Officer section of this policy).
- (b) The Watch Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.
- (c) If the member has been transported to the hospital, the Watch Commander or the authorized designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
- (d) The Sheriff or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Office Liaison as soon as practicable (see the Notifying Survivors section and the Office Liaison and Hospital Liaison subsections in this policy).

1032.3 POLICY

It is the policy of the Sonoma County Sheriff's Office to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this office to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1032.7 PUBLIC INFORMATION OFFICER

In the event of a line-of-duty death, the office's PIO should be the office's contact point for the media. As such, the PIO should coordinate with the Office Liaison to:

- (a) Collect and maintain the most current incident information and determine what information should be released.
- (b) Instruct office members to direct any media inquiries to the PIO.
- (c) Prepare necessary press releases.
 - 1. Coordinate with other entities having media roles (e.g., outside agencies involved in the investigation or incident).
 - 2. Disseminate important public information, such as information on how the public can show support for the office and deceased member's survivors.
- (d) Arrange for community and media briefings by the Sheriff or the authorized designee as appropriate.
- (e) Respond, or coordinate the response, to media inquiries.
- (f) If requested, assist the member's survivors with media inquiries.

Sonoma County Sheriff's Office

Policies

Policies

Line-of-Duty Deaths

1. Brief the survivors on handling sensitive issues such as the types of questions that reasonably could jeopardize future legal proceedings.
 - (g) Release information regarding memorial services and funeral arrangements to office members, other agencies, and the media as appropriate.
 - (h) If desired by the survivors, arrange for the recording of memorial and funeral services via photos and/or video.

The identity of deceased members should be withheld until the member's survivors have been notified. If the media have obtained identifying information for the deceased member prior to survivor notification, the PIO should request that the media withhold the information from release until proper notification can be made to survivors. The PIO should notify media when survivor notifications have been made.

1032.8 NOTIFYING SURVIVORS

Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Sheriff or the authorized designee should review the deceased member's emergency contact information and make accommodations to respect the member's wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member's wishes.

The Sheriff, Watch Commander, or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Office chaplain.

Notifying members should:

- (a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
- (b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity, and current location (e.g., small children at home, children in school).
- (c) Plan for concerns such as known health concerns of survivors or language barriers.
- (d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in office vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital. Notifying members should remain at the hospital while the survivors are present.
- (e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities, and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.

Policies

Policies

- (f) If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
- (g) Offer to call other survivors, friends, or clergy to support the survivors and to avoid leaving survivors alone after notification.
- (h) Assist the survivors with meeting child care or other immediate needs.
- (i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes, and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.

- (k) Provide their contact information to the survivors before departing.
- (l) Document the survivors' names and contact information, as well as the time and location of notification. This information should be forwarded to the Office Liaison.
- (m) Inform the Sheriff or the authorized designee once survivor notifications have been made so that other Sonoma County Sheriff's Office members may be apprised that survivor notifications are complete.

1032.8.1 OUT-OF-AREA NOTIFICATIONS

The Office Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

- (b) The Office Liaison may assist in making transportation arrangements for the member's survivors, but will not obligate the Office to pay travel expenses without the authorization of the Sheriff.

1032.5 LIAISONS AND COORDINATORS

The Sheriff or the authorized designee should select members to serve as liaisons and coordinators to handle responsibilities related to a line-of-duty death, including, but not limited to:

- (a) Office Liaison.
- (b) Hospital Liaison.
- (c) Survivor Support Liaison.
- (d) Peer Support Liaison.

1032.5.1 OFFICE LIAISON

The Office Liaison should be a Special Services Captain or of sufficient rank to effectively coordinate office resources, and should serve as a facilitator between the deceased member's survivors and the Office. The Office Liaison reports directly to the Sheriff. The Office Liaison's responsibilities include but are not limited to:

1032.5.1 HOSPITAL LIAISON

The Hospital Liaison should work with hospital personnel to:

- (a) Establish a command post or incident command system, as appropriate, to facilitate management of the situation and its impact on hospital operations (e.g., influx of people, parking).
- (b) Arrange for appropriate and separate waiting areas for:
 1. The survivors and others whose presence is requested by the survivors.
 2. Office members and friends of the deceased member.

- (d) Arrange for survivors to receive timely updates regarding the member before information is released to others.

- (f) Stay with survivors and provide them with other assistance as needed at the hospital.
- (g) If applicable, explain to the survivors why an autopsy may be needed.
- (h) Make arrangements for hospital bills to be directed to the Office, that the survivors are not asked to sign as guarantor of payment for any hospital treatment, and that the member's residence address, insurance information, and next of kin are not included on hospital paperwork.

Other responsibilities of the Hospital Liaison include but are not limited to:

- Arranging transportation for the survivors back to their residence.
- Working with investigators to gather and preserve the deceased member's equipment and other items that may be of evidentiary value.
- Documenting their actions at the conclusion of duties.

1032.5.1 SURVIVOR SUPPORT LIAISON

The Survivor Support Liaison should work with the Office Liaison to fulfill the immediate needs and requests of the survivors of any member who has died in the line of duty, and serve as the long-term office contact for survivors.

The Survivor Support Liaison should be selected by the deceased member's Captain. The following should be considered when selecting the Survivor Support Liaison:

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- The selection may be made from names recommended by the deceased member's supervisor and/or coworkers. The deceased member's partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include but are not limited to:

Policies

Policies

Peer Support/Mentoring Program

1. Peer support contacts are voluntary, both for the person seeking support and for the peer support member. Peer support members have the responsibility of understanding their role and its limitations, learning and employing active listening skills, avoiding "solving" or taking on the person's problems and, when appropriate, referring the person supported to professional resources.
 2. Mentoring differs from routine peer support contacts in that the respective Division Coordinator will assign a mentor to each new member. Mentors act as trusted counselors and guides to assist new and probationary members with their transition into the Sheriff's Office (or new role in the Sheriff's Office) and its culture.
- (c) **Confidentiality:** Peer Support members shall maintain confidentiality and not disclose any information discussed in support sessions, except as expressly required below.
1. Peer Support members are required to disclose information revealed by a member during a peer support session under the following circumstances:
 - When the member reveals he has violated or participated in violating a criminal law
 - When there is reason to believe that the member intends to seriously injure himself or another person
 - When, due to substance abuse, the member is a clear and immediate danger to self, citizens or fellow members
 2. Peer Support members shall not disclose violations of civil law or Sheriff's Office policy disclosed by members during peer support/mentoring sessions.
 3. When a member, who is a Peer Support member, is required by rank, assignment, or direction of a superior to report or gather information regarding an incident, that member is required to function in his/her Sheriff's Office role first and peer support role second.
 4. A Peer Support member who is directly involved as a participant or witness in an incident under investigation cannot invoke the confidentiality of the Peer Support/Mentoring Program to avoid responding to the legitimate needs of the investigation. Under such circumstances, the Peer Support member shall so notify his/her supervisor/manager and the Peer Program Coordinator or Liaison.
- (d) **Membership Limitations:** No member shall be accepted or allowed to continue in the Peer Support/Mentoring program who is currently the subject of serious discipline, fitness for duty (depending on the situation), or experiencing any other difficulty which would interfere with his/her ability to perform peer support duties, as determined by the Coordinators.
- (e) **Training Program for Peer Members:** The POST-certified Basic Peer Support for Law Enforcement course is the initial training required for all Peer Support Program members. Update training will be provided as time and the budget allow.
- (f) **Training Program for Mentors:** The Peer Program will, on an as-needed basis, present mentoring training for members.

Additional training will be required for Peer Support/Mentoring Program members involved in specialized peer support activities (e.g., Critical Incident Stress Debriefing).

1033.4 SELECTION PROCESS

- (b) **Initial Orientation for New Members:** The assigned mentor shall be involved in the orientation period for the new member (e.g., the mentor could be responsible for giving the new member a tour of Sheriff's Office facilities during the orientation period). Release time, back-fill or overtime is authorized for the initial mentor/new member contact only. The Management Liaison or Coordinator(s) will work to keep overtime to a minimum.
- (c) **Mentor Contacts:** The mentor is responsible for initiating weekly contacts with the new member for the duration of the training period. After training, the mentor will reduce initiated contacts to twice monthly and encourage a shift of responsibility for initiating contact to the new member.

NCRIC MISSION

The Northern California Regional Intelligence Center (NCRIC) is a multi-jurisdiction public safety program created to assist local, state, federal, and tribal public safety agencies and critical infrastructure locations with the collection, analysis, and dissemination of criminal threat information. It is the mission of the NCRIC to protect the citizens of the fifteen Bay Area counties within its area of responsibility from the threat of narcotics trafficking, organized crime, as well as international, domestic, and street terrorism-related activities through information sharing and technical operations support to public safety personnel.

AUTOMATED LICENSE PLATE READER (ALPR) TECHNOLOGIES

To support authorized law enforcement and public safety purposes of local, state, federal, and tribal public safety agencies, the NCRIC utilizes Automated License Plate Reader (ALPR) technology, and supporting software, to gather and analyze ALPR data to enable the rapid identification and location of vehicles of legitimate interest to law enforcement. ALPR units are attached to law enforcement vehicles or deployed at fixed locations, where they collect license plate information from vehicles on public roadways and public property. In one common use of ALPR technology, license plate encounters are compared against law enforcement "hotlists", lists of vehicles associated with active investigations, for example, related to Amber Alerts or other missing children, stolen vehicles, or stolen license plates. The information is also retained for a fixed retention period, though it is only re-accessible by law enforcement given a legitimate law enforcement purpose as listed below.

PURPOSE

This NCRIC Automated License Plate Reader Policy (ALPR Policy) defines a minimum set of binding guidelines to govern the use of Automated License Plate Reader Data (ALPR Data), in order to enable the collection and use of such data in a manner consistent with respect for individuals' privacy and civil liberties.

The NCRIC also completed a NCRIC ALPR Privacy Impact Assessment (PIA) to address in further detail common privacy and civil liberties concerns regarding Automated License Plate Reader technology. The current version of this document is available on the NCRIC web site at www.ncric.org.

AUTHORIZED PURPOSES, COLLECTION, AND USE OF ALPR DATA

To support the mission of the NCRIC, Law enforcement personnel with a need and right to know will utilize ALPR technology to:

- Locate stolen, wanted, and subject of investigation vehicles;

- Locate and apprehend individuals subject to arrest warrants or otherwise lawfully sought by law enforcement;

- Locate witnesses and victims of violent crime;

- Locate missing children and elderly individuals, including responding to Amber and Silver Alerts;

- Support local, state, federal, and tribal public safety departments in the identification of vehicles associated with targets of criminal investigations, including investigations of serial crimes;

- Protect participants at special events; and
- Protect critical infrastructure sites.

RESTRICTIONS ON COLLECTION OF ALPR DATA AND USE OF ALPR SYSTEMS

NCRIC ALPR units may be used to collect data that is within public view, but may not be used for the sole purpose of monitoring individual activities protected by the First Amendment to the United States Constitution.

ALPR operators must recognize that the data collected from the ALPR device, and the content of referenced hotlists, consists of data that may or may not be accurate, despite ongoing efforts to maximize the currency and accuracy of such data. To the greatest extent possible, vehicle and subject information will be verified from separate Law enforcement information sources to confirm the vehicle or subject's identity and justification for contact. Users of ALPR Data must, to the fullest extent possible, visually confirm the plate characters generated by the ALPR readers correspond with the digital image of the license plate in question.

All users of NCRIC ALPR equipment or accessing NCRIC ALPR Data are required to acknowledge that they have read and understood the NCRIC ALPR Policy prior to use of the ALPR System.

In no case shall the NCRIC ALPR system be used for any purpose other than a legitimate law enforcement or public safety purpose.

TRAINING

Only persons trained in the use of the NCRIC ALPR system, including its privacy and civil liberties protections, shall be allowed access to NCRIC ALPR Data. Training shall consist of: •Legal authorities, developments, and issues involving the use of ALPR Data and technology

- Current NCRIC Policy regarding appropriate use of NCRIC ALPR systems;
- Evolution of ALPR and related technologies, including new capabilities and associated risks;
- Technical, physical, administrative, and procedural measures to protect the security of ALPR Data against unauthorized access or use; and
- Practical exercises in the use of the NCRIC ALPR system

Training shall be updated as technological, legal, and other changes that affect the use of the NCRIC ALPR system occur. In no case shall a person utilize the NCRIC ALPR system if he/she has not completed training in more than a year.

AUDIT

Access to, and use of, ALPR Data is logged for audit purposes. Audit reports will be structured in a format that is understandable and useful and will contain, at a minimum:

- The name of the law enforcement user;
- The name of the agency employing the user;
- The date and time of access;
- The specific data accessed;
- The supplied authorized law enforcement or public safety justification for access; and
- A case number associated with the investigative effort generating the ALPR data query.

Audit reports will be provided periodically and on request to supervisory personnel at the NCRIC and partner agencies.

In addition, no less frequently than every 12 months, the NCRIC will audit a sampling of ALPR system utilization from the prior 12 month period to verify proper use in accordance with the above authorized uses. Any discovered intentional misconduct will lead to further investigation, termination of system access, and notification of the user's parent agency for appropriate recourse. In addition, the auditing data will be used to identify systemic issues, inadvertent misuse, and requirements for policy changes, training enhancements, or additional oversight mechanisms.

These ALPR audits shall be conducted by a senior NCRIC official other than the person assigned to manage the NCRIC ALPR function. Audit results shall then be reported to the Director of the NCRIC.

DATA QUALITY AND ACCURACY

The NCRIC will take reasonable measures to ensure the accuracy of ALPR Data collected by NCRIC ALPR units and partner agency ALPR systems. Errors discovered in ALPR Data collected by NCRIC ALPR units are marked, corrected, or deleted in accordance with the type and severity of the error in question. Errors discovered in ALPR Data collected from partner agencies' ALPR systems are communicated back to the controlling agency to be addressed as deemed appropriate by that agency or in accordance with the agency's own ALPR data policies.

As the downstream custodian of "hotlists", the NCRIC will provide the most recent versions of these lists available and ensure the lists are refreshed from state or federal sources on a daily basis.

The NCRIC acknowledges that, in rare instances ALPR units may inadvertently capture information contrary to the collection guidelines set forth in this policy. Such records will be purged upon identification. Any discovered notable increase in frequency of these incidents from specific ALPR units or agencies will be followed up with for equipment repairs, camera realignment, or personnel training as necessary.

PHYSICAL AND ELECTRONIC SECURITY OF ALPR DATA:

Data collected by ALPR systems is stored in a secured law enforcement facility with multiple layers of physical security and 24/7 security protections. Physical access is limited to law enforcement staff in good standing who have completed background investigations and possess an active security clearance at the "SECRET" or higher level.

NCRIC will utilize strong multi-factor authentication, encrypted communications, firewalls, and other reasonable physical, technological, administrative, procedural, and personnel security measures to mitigate the risks of unauthorized access to the system.

RETENTION OF ALPR DATA:

ALPR records matching an entry in a current law enforcement hotlist will trigger an immediate notification to the officer operating the ALPR unit, the active dispatch officer at the agency owning the ALPR unit, the NCRIC, and the custodial agency of the hotlist. Such notifications are also subject to a maximum retention of 12 months.

ALPR Data obtained with license plate information not appearing on hotlists, and with no immediate reasonable connection to criminal activity, will be retained in secure systems so as to only be made accessible to authorized personnel for a maximum period of twelve months, then purged entirely from all systems. If during the specified retention period there is information which supports a legitimate law enforcement purpose (see above section enumerating AUTHORIZED PURPOSES, COLLECTION, AND USE OF ALPR DATA) as to a license plate or partial license plate which was recorded and is retained in these systems, then limited access will be permitted for predicate-based querying for potential matches against the parameters specific to the legitimate law enforcement purpose. Such events shall be recorded in an access log showing date, time, name of person seeking access, agency of employment, reason for access, and tracking identifiers such as an agency case number.

ALPR records of vehicles having been identified and linked to criminal investigation will be entered into the relevant NCRIC database(s) and retained for a period of no more than five years. If during the five-year period NCRIC personnel become aware that the vehicle license plate information is no longer associated with a criminal investigation, it will be purged from the NCRIC's databases.

CUSTODIAN OF RECORDS AND RECORDS REQUESTS

Each agency sharing data retains control and ownership as the official custodian of its records, and must independently verify all external information obtained via NCRIC Information Systems. To the extent permitted by law, requests for information under the California Public Records Act or Freedom of Information Act or similar applicable laws will be directed back to the owner of the requested data.

SYSTEM MANAGEMENT AND ACCOUNTABILITY

The NCRIC shall assign a senior officer who will have responsibility, and be accountable, for managing the ALPR Data collected and ensuring that the privacy and civil liberties protection and other provisions of this ALPR Policy are carried out. This individual shall also be responsible for managing a process for maintaining the most current and accurate hotlists available from NCRIC law enforcement sources. This individual shall also have the responsibility for the security of the hotlist information and any ALPR Data which is maintained by the NCRIC. It remains, however, the personal responsibility of all officers with access to ALPR Data to take reasonable measures to protect the privacy and civil liberties of individuals, as well as the security and confidentiality of ALPR Data.

COMMERCIALY CREATED ALPR DATA

Except as explicitly authorized below with regard to critical infrastructure, the NCRIC will not share NCRIC or partner agency ALPR Data with commercial or other private entities or individuals.

DISSEMINATION

The NCRIC may disseminate ALPR data to any governmental entity with an authorized law enforcement or public safety purpose for access to such data. The NCRIC assumes no responsibility or liability for the acts or omissions of other agencies in making use of the ALPR data properly disseminated. Though the NCRIC will make every reasonable effort to ensure the quality of shared ALPR Data and hotlists, it cannot make absolute guarantees of the accuracy of information provided.

ALPR Information may be disseminated to owners and operators of critical infrastructure in circumstances where such infrastructure is reasonably believed to be the target of surveillance for the purpose of a terrorist attack or other criminal activity. In these situations, the NCRIC also will make notification to appropriate local, state, and federal law enforcement agencies.

Information collected by the ALPR system shall not be disseminated to private parties, other than critical infrastructure owners or operators, as limited above, unless authorized, in writing, by the Director of the NCRIC or his designee. ALPR information shall not be disseminated for personal gain or for any other non-law enforcement purposes.

POLICY REVISIONS

NCRIC ALPR Policies will be reviewed, and updated as necessary, no less frequently than every 12 months, or more frequently based on changes in data sources, technology, data use and/or sharing agreements, and other relevant considerations.

The structure of the hand placed unit remains intact and is a single use. Engineered with ports, the body of the unit remains where it was placed during the sound and flash. SWAT/Special Operations Unit.
- iii. **Defense Technology 40mm Warning/Signaling munition** - Cost \$41.40 each, quantity 10. The model 6028 WS is a noise and flash diversion device that produces a 170dB of sound and a 5 million candela light output. This NFDD is launched through a 40mm launcher and is intended for situations where a stand-off distance is desired and hand deployment is not safe. The cartridge itself will deflagrate (burn away) at a set distance of 50 meters in the air. Tactical Team.
- iv. **Lightfield Nova DR** - Cost \$4.60 each, quantity 470. This NFDD is fired through a designated 12 gauge shotgun platform. The NFDD produces a 110 dB sound and the flash is intense, but this is dependent upon where the muzzle of the barrel is. The level of brightness, is described as an "intense muzzle flash", without a stated candela brightness. This form of delivery is the preferred method in the custodial setting as the Deputy has complete control of the safety factors with the use. Corrections.

b. Purpose:

- i. **CTS 7290M and the CTS 7290-9** are both meant to be hand deployed/placed at the location of distraction. The function of them is to produce an atmospheric over-pressure and brilliant white light resulting in a short-term physiological/psychological sensory deprivation to give the Deputies a tactical advantage.
- ii. **Lightfield Nova DR** is meant to be deployed with a dedicated 12 gauge shotgun with a focused direction of fire in a safe manner away from any persons. The function of them is to produce an atmospheric over-pressure and brilliant white light resulting in a short-term physiological/psychological sensory deprivation to give the Deputies a tactical advantage.
- iii. **40mm warning/signaling munition** is meant to be deployed through a 40mm launcher and is only to be used in an outdoor setting where the person deploying the munition has a clear view of the area and it can safely be deployed. This round is not a direct contact round and also produces an atmospheric (aerial) over-pressure and brilliant white light, with the intended purpose of gaining attention of a crowd through a short-term physiological and psychological sensory deprivation. The munition itself will deflagrate at a set distance of meters in the air.

c. Authorized use:

Diversionary Devices shall only be used:

- i. By SWAT, Tactical Team, or SERT deputies who have been trained in their proper and legal use.

Sonoma County Sheriff's Office Military Equipment Inventory Attachment

- ii. In hostage and barricaded subject situations for SWAT and SERT.
- iii. In high-risk warrant (search/arrest) services, where there may be extreme hazards to deputies.
- iv. During other high-risk situations where the use would enhance officer and public safety, specifically in crowd control situations by the Tactical Team following SCSO Policy 432- First Amendment Assemblies.
- v. During training exercises.

d. Expected lifespan:

All of the NFDD in Sheriff's Office inventory expire five years after manufacture.

e. Fiscal Impact:

This is dependent upon use. Every 5 years, the inventory is replaced, although the specialty units that have access to these types of rounds have an annual inventory update.

f. Training:

All deputies that deploy or utilize one of the NFDD's have to be trained and qualified in the safe deployment of each type of system. The NFDD's must be stored and are an ATF controlled Class C Explosive Device and each deputy must be trained in the storage and maintenance process for a Class C explosive device. Anyone utilizing a 40mm launching platform, must have attended a POST approved Less Lethal Course or similar course that meets the POST standard of training specific to the 40mm system.

g. Legal and procedural rules:

It is the policy of the Sheriff's Office to utilize these devices only for official law enforcement purposes, pursuant to State and Federal law regarding the use of force. Specifically, the Sheriff's Office Policy 300- Use of force, 404- Special Operations Unit, 432-First Amendment Assemblies, as well as the California Penal Code 13652 and 13652.1.

10. OC/CS Chemical Agent (Category 12)

a. Description, quantity, capabilities, and purchase cost:

Chemical agent munitions, which are commonly referred to as "gas" or "tear gas", are used by the Sonoma County Sheriff's Office as a non-lethal tool to provide a safe resolution with a barricaded dangerous suspect and under strict legal guidance in reference to non-peaceful assemblies. The chemical agents used by the Sonoma County Sheriff's Office are common among law enforcement agencies across the Country. The Sheriff's Office currently has inventory of two types of chemical irritants- CS (2-Chlorobenzylidenemalononitrile) and OC (Oleoresin Capsicum). CS is an irritating agent and lachrymator (irritates the eyes and causes tears to flow), OC is an inflammatory agent which causes involuntary closure of eyes (open in 2-5 minutes) and respiratory inflammation (subsides in approximately 2 minutes). There are several delivery systems that can be used to disperse the agent, the following inventory is broken down by delivery system:

i. Hand Deployed/Placed -

- 1. Defense Technologies Pocket Tactical CS - Cost \$33.25 each, quantity 7. Each contains 0.9 oz. of agent that releases over 20-40 seconds. This**

Sonoma County Sheriff's Office Military Equipment Inventory Attachment

type of system is most commonly used indoors. SWAT/Special Operations.

 6. **Defense Technology Model 1026 CS** - Cost 49.44 each, quantity 25. Each contains 3.2 oz. of CS agent that releases in 20-30 seconds. Most commonly used in large indoor settings and outdoors and has separating canisters to increase the dispersal coverage in a shorter period of time. Tactical Team and Corrections.
 7. **Defense Technology Model 1082 CS** - Cost \$27.65 each, quantity 12. Each contains 2.7 oz. of CS agent that releases in 20-40 seconds. This is made for outdoor use due to the amount of smoke that is produced with the agent. Tactical Team.
 8. **Defense Technology OC Aerosol Fogger 6 oz. and 1 oz.** - Cost \$24.87, quantity 12. There are two sizes, one is 6 oz. and the other is 1 oz. This is an atomized mist, which enhances the formulation. The canister is hand deployed, or may be held and maintained in the hand during the spray. Corrections.
- ii. **40mm Launcher Deployed -**
1. **Defense Technology Direct Impact OC (orange tip)** - Cost \$21.57 each, quantity 217. This is a point of aim, point of impact direct fire round that has an irritant amount of OC powder that releases with contact. As this is a dual purpose foam tip round, it is a low-lethal round and is used for subjects that are violent and dangerous as an option of non-lethal force. Patrol and Corrections.
 2. **Defense Technology Powder Barricade Round OC** - Cost \$22.50 each, quantity 27. Each round is a frangible projectile that is designed to penetrate barriers. Upon impact the nose of the round ruptures and instantaneously delivers the agent inside a structure or vehicle. This can be used on structures and vehicle, but not directly aimed at persons. SWAT/Special Operations Unit.
 3. **CTS 4330 Barricade, spin stabilized CS Round** - Cost \$19.47, quantity 24. This is a liquid filled projectile that penetrates intermediary barriers and

Sonoma County Sheriff's Office Military Equipment Inventory Attachment

delivers CS irritant agents. Commonly used on vehicle and structure barricades, but not intended to be used as a direct impact tool with a person. SWAT/Special Operations Unit.

4. **Defense Technology Liquid Barricade Round CS** - Cost \$21.75 each, quantity 23. This round is a frangible projectile filled with liquid CS that is designed to penetrate barriers. This projectile has 6.9 grams of liquid agent and is intended to dislodge a barricaded suspect from a small space. It can be used on windows and structures, but is not intended to be used as a direct impact tool with a person. SWAT/Special Operations Unit and Corrections.
 5. **CTS CS Smoke Projectile** - Cost \$15.53 each, quantity 18. It has a cartridge that launches as a single projectile round emitting smoke and irritant agent CS. This method is best used outdoors or in a large indoor setting. The agent discharges over a 20-40 second time period. SWAT/Special Operations Unit.
 6. **Defense Technology Muzzle Blast OC Round** - Cost \$25.75 each, quantity 7. The effective use of this round is indoors and close contact outdoors. This is considered an excellent device for deploying a chemical-laden OC powder into an area to force a barricaded suspect out of a space. Corrections.
 7. **Defense Technology Muzzle Blast CS Round** - Cost \$25.75 each, quantity 6. The effective use of this round is indoors and close contact outdoor setting. It is considered a very effective round in deploying a chemical-laden CS powder both indoors to drive barricaded suspects out of spaces and outdoors when excluding a crowd from going into an area of danger. Corrections.
 8. **CTS 5430 flameless expulsion CS** - Cost 33.42, quantity 8. This is a flameless expulsion canister that can be hand delivered or deployed through the use of the launcher. Each canister contains 335 grams of agent and has an instantaneous discharge of the CS agent. It is safe for interior and outdoor use. SWAT/Special Operations Unit.
 9. **CTS 4530 Impact Round CS** - Cost \$22.58, quantity 20. This is a multi-effective munition as both a direct contact and CS powder dispersal after contact with the blue tip sponge round (low-lethal). This is a safe round both indoors and outside. SWAT/Special Operations Unit.
- iii. **Compressed air deployed (FN 303) -**
1. **FN303 Less Lethal Pava/OC Powder Projectiles** - Cost \$3.53 each, quantity 244. This projectile is intended as an irritant for individual suspects, point-specific target or small-area denial. Each round contains a powder form of OC agent. The primary effect of the projectile is trauma, which directly neutralizes the aggressor, the secondary effect is from the OC agent. Corrections.

b. **Purpose:**

To limit the escalation of conflict where employment of lethal force is prohibited or

Sonoma County Sheriff's Office Military Equipment Inventory Attachment

undesirable. When a subject is a dangerous, or armed person, barricaded, and a public safety risk to others, the deployment of chemical agents to move the person to a location outside a barrier for safe apprehension. When an assembly has turned violent towards itself or members of the community, 13652(b) PC, makes clear that this is the only occasion when chemical agents can be utilized by the Tactical Team for crowd control.

c. Authorized use:

Only deputies who have received a POST Certified course in the deployment and use of chemical agents or similar training may utilize these tools at the direct approval of the Tactical Commander, Special Operations Commander, or SERT Commander.

d. Expected lifespan:

Each of the described items above have a 5-year life expectancy.

FOREWORD

Hate Crimes (i.e. crimes motivated by bias) convey a message of terror and exclusion, not just to the immediate victims but to entire communities. They often target victims who are least able to defend themselves. They cause trauma that is more extreme and longer lasting than similar crimes committed for other motivations. They can spark retaliatory crimes, escalating the cycle of crime and violence. If not addressed professionally and thoroughly they may undermine public confidence in law enforcement.

The 2018 California State Auditor's Report, titled "Hate Crimes in California," found that California law enforcement has not taken adequate action to identify, report, and respond to hate crimes. The report found that agencies did not properly identify some hate crimes, and underreported or misreported hate crimes as well. The report also noted that hate crimes are on the rise in California, increasing in both 2015 and 2016.

California Penal Code (CPC) 422.87 added new language and requirements to any newly created or updated agency hate crimes policy. Effective January 1, 2019, any local law enforcement agency that updates an existing hate crimes policy, or adopts a new one, shall include the content of the model policy framework provided in this document as well as any revisions or additions to the model policy in the future.

These guidelines are the primary elements that law enforcement executives are now required to incorporate into their hate crimes policy if an agency creates a new hate crimes policy or updates an existing one. The guidelines are designed for department-wide application and are intended to reflect a values-driven "top-down" process. They are intended to assist with the development and delivery of training and ensure proper identification, investigation, and reporting of hate crimes within each agency's jurisdiction.

POLICY GUIDELINES

GUIDELINE #1

Develop the foundation for the agency's hate crimes policy.

The law enforcement executive is responsible for providing leadership, communicating organizational values to the department and the community, paying attention to hate crime trends and current events that could trigger hate incidents and/or hate crimes in the community, and providing education and training to establish the foundation for the agency's hate crimes policy. Employees' ability to respond appropriately to hate crimes and hate incidents is maximized when the executive effectively establishes and communicates the foundational values of the organization.

GUIDELINE #2

Develop a hate crimes policy for the agency.

- I. An agency's hate crimes policy shall include the statutory definition of a hate crime, and its policy and programs should minimally include the following:
 - A. Response
 - B. Training
 - C. Planning and Prevention
 - D. Reporting

The law enforcement executive is responsible for the initial development of the policy and should be actively involved in its implementation. See the appendix for the exemplar "Message from the Agency Chief Executive".

GUIDELINE #3

Develop expertise to identify and investigate hate crimes.

The law enforcement executive is responsible for ensuring that the agency possesses expertise to identify and investigate hate crimes, as well as ensuring compliance with state and federal

reporting and public information requirements. Agencies should assign identified personnel to appropriate training to develop expertise and knowledge to investigate hate crimes.

Hate crimes are low-frequency events with high-risk consequences for the agency and community. Agencies shall provide a checklist to first responders to provide direction for the investigation of all hate crimes as mandated by CPC 422.87.

GUIDELINE #4

Develop and implement cooperative hate crimes plans with other law enforcement agencies.

- I. Coordinate cooperative efforts among regional, state, federal, and tribal law enforcement agencies to share information and training, and develop strategies to prevent hate crime activity.
- II. Develop and/or participate in law enforcement intelligence networks to enhance the agency's ability to anticipate potential hate crime targets. This interaction should include sharing intelligence information with other jurisdictions and cooperative investigations, arrests, and prosecutions if appropriate.

GUIDELINE #5

Develop and implement cooperative hate crime plans with the community and related governmental and non-governmental organizations, as appropriate.

- I. Collaborate with the community, including human relations/civil rights organizations, advocacy groups, service organizations, neighborhood associations, religious institutions, local schools and colleges, to do the following:
 - Develop a network to build rapport with community groups

-
- Develop a protocol for response to hate crimes
 - Obtain witness and victim cooperation
 - Provide support services to victims
 - Collect demographic information about specific communities
 - Identify hate crime trends based upon current events and activity (hate crimes and/or hate incidents)
 - Identify periods of increased vulnerability based on significant dates and events for affected communities
- II. Law enforcement should identify and seek out cultural diversity training and information from/about specific communities within its jurisdiction (immigrant, Muslim, Arab, LGBTQ, Black or African American, Jewish, Sikh, disability, etc.) to strengthen agency awareness.

GUIDELINE #6

MODEL POLICY FRAMEWORK

Purpose

This model policy framework is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow up, and reporting as related to law enforcement's role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how law enforcement agencies may best use its resources to investigate and solve an offense, in addition to building community trust and increasing police legitimacy.

Policy

It is the policy of this agency to safeguard the rights of all individuals irrespective of their disability, gender, nationality, race or ethnicity, religion, sexual orientation, and/or association with a person or group with one or more of these actual or perceived characteristics. Any acts or threats of violence, property damage, harassment, intimidation, or other crimes motivated by hate or bias should be viewed very seriously and given high priority.

This agency will employ necessary resources and vigorous law enforcement action to identify and arrest hate crime perpetrators. Also, recognizing the particular fears and distress typically suffered by victims, the potential for reprisal and escalation of violence, and the far-reaching negative consequences of these crimes on the community, this agency should attend to the security and related concerns of the immediate victims and their families as feasible.

The agency policy shall include a requirement that all officers be familiar with the policy and carry out the policy at all times unless directed by the chief, sheriff, director, or other chief executive of the law enforcement agency or other command-level officer to whom the chief executive officer formally delegates this responsibility.

The agency policy shall provide a specific procedure for transmitting and periodically retransmitting the policy and any related orders to all officers, including a simple and immediate way for officers to access the policy in the field when needed.

POST offers training and video courses to assist law enforcement in the identification, investigation, documentation and reporting of hate crimes. These courses provide officers with information and skills necessary to effectively identify, investigate, document and report hate crimes. Various training programs include the history and definitions of hate crimes, recognition of hate groups, international terrorism, legal considerations, victims' considerations, initial response duties, victim interviewing and care, suspect identification and interrogation, evidence identification, report writing, the role of law enforcement, investigative strategies, intelligence collection, supervisory roles, community relations, media relations and local program training development, and other topics such as proper use of computer systems and methods for reporting. POST also maintains an extensive array of training videos on applicable topics such as working with those with mental illness and intellectual disabilities, hate crimes, and working with minority communities.

For more information on POST training opportunities and available videos, visit the POST website at www.post.ca.gov. In conjunction with POST training opportunities, trainers may utilize other state and federal agencies that offer training courses, such as the U.S. Department of Justice.

Planning and Prevention

The general underreporting of hate crimes is an identified issue in California. Underreporting is caused by victims not reporting hate crimes or hate incidents due to a number of factors, including fear of reprisal and the belief that law enforcement will not properly investigate them. A report by the State Auditor in 2018 determined that California law enforcement has not taken adequate action to identify, report and respond to hate crimes. There is also an extreme underreporting of anti-disability and anti-gender hate crimes. The agency's plan to remedy this underreporting *shall be inserted into the policy* (emphasis added).

In order to facilitate the recommendations contained within this policy, it is strongly recommended that agencies build and strengthen relationships with the community, engage in dialogue, and provide education to the community about this policy. Agency personnel are also encouraged to learn about the inherent issues concerning their communities in relation to hate crimes. Assigned personnel should perform the following:

1. Meet with residents in target communities to allay fears; emphasize the agency's concern over this and related incidents; reduce the potential for counter-violence; and provide safety, security, and crime prevention information. Cultural diversity education and immersion programs (if available) could facilitate this process.
2. Provide direct and referral assistance to the victim and his/her family.
3. Conduct public meetings on hate crime threats and violence in general.
4. Establish relationships with formal community-based organizations and leaders.
5. Expand, where appropriate, preventive programs such as hate, bias, and crime reduction seminars for school children.

-
6. Review the Attorney General's latest opinion on hate crime statistics and targets in order to prepare and plan for future crimes, specifically for Arab/Middle Eastern and Islamic communities.²
 7. Provide orientation of and with communities of specific targeted victims such as immigrants, Muslims, Arabs, LGBTQ, Black or African-American, Jewish, Sikh, disabled persons, etc.

Hate crimes are not only a crime against the targeted victim(s) but also have impacts on the victim's family and community. Working constructively with segments of this larger community after such crimes is essential to help reduce fears, stem possible retaliation, prevent additional hate crimes, and encourage any other previously victimized individuals to step forward and report such crimes. This is particularly important if an upward trend has been identified in these crimes.

Although hate incidents are not criminal events, they can be indicators of, or precursors to, hate crimes. Most California law enforcement agencies do not track hate incidents. It is recommended that hate incidents be investigated and documented, if directed by policy, as part of the overall planning to prevent hate crime.

Tracking social media is also another identified area to find indicators of, or precursors to, hate crimes. It is recommended that agencies assign personnel to find, evaluate and monitor public social media sources to identify possible suspects in reported hate crimes, or to determine suspects or suspect groups in future hate crimes or hate incidents affecting the identified individuals, groups or communities that may be victimized, and planned hate-based events.

Release of Information

Agencies should have procedure and/or policy on public disclosure of hate crimes. Establishing a relationship with stakeholders, before any incident occurs, to develop a network and protocol for disclosure would assist greatly in any disclosure.

The benefit of public disclosure of hate crime incidents includes:

1. Dissemination of correct information.
2. Assurance to affected communities or groups that the matter is being properly and promptly investigated.
3. The ability to request information regarding the commission of the crime(s) from the victimized community.

Agencies should provide the supervisor, public information officer, or designee with information that can be responsibly reported to the media. When appropriate, the law enforcement media spokesperson should reiterate that the hate crimes will not be tolerated, will be taken seriously, and will be prosecuted to the full extent of the law.

Agencies are encouraged to consider the following when releasing information to the public regarding hate crimes and hate incidents that have been reported within the jurisdiction:

²As described in CPC 13519.6(b)(8)

-
1. Informing community organizations in a timely manner when a community group has been the target of a hate crime.
 2. Informing the community of the impact of these crimes on the victim, the victim's family, and the community, and the assistance and compensation available to victims.
 3. Informing the community regarding hate crime law and the legal rights of, and the remedies available to, victims of hate crimes.
 4. Providing the community with on-going information regarding hate crime and/or hate incidents (if policy requires it).

Reporting

The agency policy shall require development of a procedure for data collection, documentation, and mandated reporting requirements. The agency shall:

1. Ensure that hate crimes are properly investigated, documented and reported.
2. During documentation, ensure hate crimes are flagged properly to allow for required reporting to the California Department of Justice. This is typically indicated by the title/penal code section identifying the report as a hate crime. Some agencies have added a check box specifically indicating a hate crime that could, if required by the agency policy, require a secondary review by an investigator/detective, supervisor or other identified party. It is the agency executive's responsibility to determine the form of documentation and type of indicators on crime reports.
3. The agency head or their designee (identified in the agency policy) should make a final determination as to whether the incident should be classified as a hate crime by the agency.
4. Agencies shall develop procedures to comply with legally mandated reporting, including the California Department of Justice, pursuant to CPC 13023.

Hate crime

“Hate crime” means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim:

The following types of speech are generally not protected: fighting words, true threats, perjury, blackmail, incitement to lawless action, conspiracy and solicitation to commit any crime.

Disability Bias

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as, but not limited to, dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore "deserving victims," a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

This includes, but is not limited to, if a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons such as inebriated persons or persons with perceived disabilities different than those of the victim, those circumstances could be evidence that the perpetrator's motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

SUBJECT: LAW ENFORCEMENT EMPLOYEE-INVOLVED CRITICAL INCIDENT PROTOCOL - *(FORMERLY ENTITLED OFFICER INVOLVED CRITICAL INCIDENT PROTOCOL)*

PURPOSE: The purpose of this Protocol is to set forth procedures and guidelines used by Sonoma County law enforcement agencies in the criminal investigation of specifically defined incidents involving law enforcement employees. While this Protocol represents the understanding and agreement among Member Agencies about how Law Enforcement Employee-Involved Critical Incidents are to be investigated, this Protocol is neither a statute, ordinance nor regulation. Members expect that its provisions will be followed when Protocol incidents occur but it is anticipated that agencies may make minor modifications, which will not affect the Protocol's basic principles, to meet agency requirements. It is the intention of SCLECA membership that best practices have been incorporated into this protocol, including those gleaned from the guidelines of the International Association of Chiefs of Police (IACP) Police Psychological Services Section in 2013. All Sonoma County law enforcement agencies are encouraged to carefully review the guidelines ratified by the IACP, share these guidelines with all their respective personnel and consider all recommended procedures prior to, during and after a law enforcement employee-involved critical incident.

I. DEFINITIONS

A. Actor:

1. A person whose action is actually or conceivably a proximate cause of death, or serious bodily injury to another person or themselves; or
2. A person who intends an action to be the cause of serious bodily injury to a second party but the second party is actually injured or killed by another person.
3. An actor may be a law enforcement employee or may be a private citizen.

B. Administrative Investigation: The investigation conducted by the employer agency arising from a specific incident(s) that determines whether or not an employee has violated employer agency rules, regulations or conditions of employment.

C. Criminal Investigation: The investigation conducted by personnel from member agencies which identifies facts that demonstrate whether or not violations of criminal law occurred in a specific incident.

D. Employer Agency: The law enforcement agency from which the involved law enforcement employee is employed or affiliated. An employer agency may also be a venue agency in a specific incident.

E. Fatal Injury: Death, or injury which is so severe that death is a likely result.

F. Injured Person: Any person who sustains death or serious bodily injury as a result of an intentional or unintentional act of an actor in which force is used.

G. Law Enforcement Employee:

1. Any sworn peace officer, whether on or off-duty, and whether or not acting within or outside the scope of employment.
2. Any law enforcement civilian employee; on-duty, or off-duty who is acting within the scope of employment at the time of a specific incident.
3. Any on-duty reserve peace officer; or any off-duty reserve peace officer who is acting within the scope of employment at the time of a specific incident.
4. Any temporary law enforcement employee or any volunteer, whether paid or unpaid, who is on-duty or who is acting within the scope of employment at the time of a specific incident.

H. Law Enforcement Employee-Involved Critical Incident: A specific incident occurring in Sonoma County involving one or more persons, in which a law enforcement employee is involved as an actor or injured person; when a fatal

injury occurs. Examples of such specific incidents may include the following:

1. Intentional and unintentional shootings.
2. Use of any dangerous or deadly weapons (e.g., firearms, knives, clubs, etc.).
3. Assaults upon sworn peace officers; assaults upon other law enforcement employees who are on duty or acting within the scope of employment.
4. Attempts by law enforcement employees, within the scope of employment, to make arrests or to otherwise gain physical control of a person.
5. Acts of physical violence in which a law enforcement employee is acting as a private citizen.
6. A law enforcement employee suicide.
7. Fatal injury while a person is in law enforcement custody which includes suicide and/or ingestion of toxic substances, or any unexplained death, but excludes the death of a person who dies as the result of a diagnosed disease or physical condition for which the person was receiving physician's treatment prior to death and a physician has agreed to sign the death certificate.
 - a. Fatal injury, while in the custodial facilities of the Sonoma County Sheriff's Office, will be investigated by the Sheriff's Office Violent Crimes Unit. The Sheriff's Office Violent Crimes Supervisor shall contact the on-call Sonoma County District Attorney's Investigator and advise them of the in custody fatal injury. The D.A. Investigator will determine if the District Attorney's Office should assist with the investigation. Depending upon the circumstances, the Sheriff's Office may request that another Sheriff's Office be the lead agency or assist in the investigation. However, an independent pathologist/Coroner's Office shall be requested to conduct the Coroner's investigation in any fatal injury occurring within the custodial facilities of the Sonoma County Sheriff's Office.
 - (1) The District Attorney's Office will review any investigation wherein they responded or assisted.
 - b. Fatal injury, while in custody at the Juvenile Justice Center shall be investigated by the Santa Rosa Police Department. Fatal injury, while in custody at the Sonoma County Juvenile Probation Camp shall be investigated by the Sonoma County Sheriff's Office.
8. Fatal injury to a person who is a passenger of an on-duty law enforcement employee (e.g., ride-along, emergency transport, etc.).

9. Vehicular collisions with fatal injury including those involving a law enforcement pursuit, except the following:
 - a. Collisions involving off-duty, civilian law enforcement employees who are not at the time of the collision acting for an actual or apparent law enforcement purpose.
 - b. Single vehicle collisions, not involving a law-enforcement pursuit, in which the injury is sustained by a law enforcement employee who was the driver and sole occupant of a vehicle which was not involved in a collision with any other person or occupied vehicle.
10. This protocol may be invoked at the discretion of the Chief of Police, the Sheriff, or Chief Probation Officer of the member agency for other employee involved incidents, which result in a significant use of force or a significant injury.

I. Lead Agency

The investigative agency charged with overall responsibility for supervising, coordinating and conducting the criminal investigation of a Law Enforcement Employee-Involved Critical Incident. The Petaluma Police Department, Santa Rosa Police Department, or the Sonoma County Sheriff's Office can be a lead agency. When the proximate cause of death or injury is a vehicle collision, the Venue or Lead Agency may, depending on the circumstances and complexity of the investigation, seek the assistance of the California Highway Patrol. Also, the CHP is not precluded from being the lead agency in such cases. (See I. H. 9.) If extraordinary circumstances exist, the District Attorney's Office is not precluded from being the lead agency.

As a matter of routine, the employer agency will not directly participate in the criminal investigation. However, if no other agency is available to assume the lead agency role, the employer agency, with the consent of the venue agency, may elect to be the lead agency. Additionally, if the member agencies are unable to provide sufficient staffing for the criminal investigation team, the employer agency can provide investigators to participate as members of the investigation team. Also, when deemed necessary and appropriate, investigators from member agencies who are experienced and trained, may be invited to join the Lead Agency investigation team, whether or not the investigator is employed by the Lead Agency. (See section III, 4 d.) Any fatal or severe injury collision involving on-duty CHP employees occurring within any jurisdiction will be investigated by the CHP Golden Gate Division Multi-disciplinary Accident Investigation Team (MAIT) in conjunction with the venue agency

J. Member Agency

Any Sonoma County law enforcement agency which is a signatory to this Protocol.

K. Proximate Cause

A cause which, in a natural and continuous sequence, produces death or fatal injury, without which cause the death or fatal injury would not have occurred.

L. Venue Agency

The law enforcement agency, or agencies, within whose primary geographical jurisdiction a specific incident occurs.

II. INVOKING PROTOCOL PROVISIONS

A. Mandatory Invoking

When a Law Enforcement Employee-Involved Critical Incident occurs, the criminal investigative provisions of this Protocol shall be immediately invoked by member agencies to ensure that the employer agency, or the venue agency if the necessary investigative resources are not available, does not lead or have overall responsibility for the criminal investigation.

B. Participation of Member Agencies

1. Member agencies shall participate and cooperate in Protocol provisions relevant to mandatory invoking. Should a member agency be unable to fulfill its responsibility in the mandatory invoking process due to lack of necessary personnel resources, or other articulable reason, such information shall be immediately relayed to the member agency requesting assistance.
2. In the event that the criminal investigative provisions of this Protocol are invoked, but necessary resources from member agencies are not sufficient to provide a lead agency to conduct the criminal investigation, or where an issue arises as to which agency should be the lead agency, the department heads of the employer agency and venue agency should consult with the Sonoma County District Attorney to discuss how to best proceed under the given circumstances. A request for investigative support may then be made to other appropriate local, state, or federal criminal investigative agencies.

C. Notification of Agencies

1. When a Law Enforcement Employee-Involved Critical Incident occurs and the criminal investigative provisions of the Protocol are invoked, the venue agency notifies the following agencies and/or persons as promptly as possible:
 - a. Intra-departmental staff as required by that agency's internal procedures.
 - b. The employer agency, if not the venue agency.
 - c. The requested lead agency.

III. INVESTIGATIVE PROVISIONS AND RESPONSIBILITIES

A. Criminal Investigation

1. **Intent**

The purpose of the criminal investigation is to establish the presence or absence of criminal liability on the part of those persons involved in the incident. The criminal investigation has investigative priority over an administrative investigation and begins immediately after the Law Enforcement Employee-Involved Critical Incident occurred. The investigation follows the rules of law which apply to criminal proceedings and focuses upon objectively identifying and documenting all relevant information about the Law Enforcement Employee-Involved Critical Incident.

2. **Participants**

The criminal investigation is conducted by supervisors, criminal investigators and evidence technicians from member agencies in accordance with section #I, sub-section I, above.

- a. A Deputy District Attorney is assigned to provide legal support to the criminal investigator.
- b. A District Attorney Investigator is assigned to assist the deputy district attorney and provide liaison with the Office of the District Attorney.
- c. The employer agency should assign staff personnel to liaison with the lead agency. The role of the liaison is to facilitate the investigation. The assigned liaison(s) shall not be involved in the questioning of witnesses, evidence gathering, or any aspect of the criminal investigation. The employer agency liaison responsibility can include coordinating the flow of information between agencies and facilitating access to records information, personnel and facilities.

3. **Venue Agency**

The employer agency makes a determination at the time of a Law Enforcement Employee-Involved Critical Incident as to which member agency will be requested to be the lead agency regardless of venue.

- a. The request for a member agency to be the lead agency, and the acceptance by that member agency to be the lead agency, is made by command staff, or an identified designee, of the respective member agencies.
- b. Within the provisions of section #I, sub-section I, above, the venue agency may also be the lead agency.

- c. When a Law Enforcement Employee-Involved Critical Incident occurs in part in two or more jurisdictions, on the boundary of two jurisdictions or at a location where the boundary is not readily ascertainable or is in dispute; the venue agency is the member agency which has the predominant law enforcement involvement in the incident and/or the majority of acts related to the fatality occur in its jurisdiction.
- d. For criminal incidents occurring on state property not otherwise under the primary jurisdiction of a state law enforcement agency, i.e., Sonoma State University, State Parks, etc., the CHP is the venue agency, e.g. the State building at 50 'D' Street, Santa Rosa; DMV offices in Santa Rosa and Petaluma, etc. The CHP may request investigative assistance from other law enforcement agencies. For criminal incidents occurring on Sonoma State University, Sonoma State University Police Services is the venue agency. For criminal incidents occurring on the property of the Santa Rosa Community College District, the Sonoma County Junior College District Police Department is the venue agency.
- e. Law Enforcement Memorandum of Understandings between two agencies that transfer venue authority from one to the other shall be honored.
- f. For incidents involving vehicular collisions occurring in areas not within the primary jurisdiction of the CHP, the CHP may be requested to provide investigative assistance to the lead agency.

4. **Lead Agency**

Pursuant to its responsibility to supervise, conduct and coordinate the criminal investigation, the lead agency does the following:

- a. Contacts the on-call District Attorney Investigator to advise them of the fatal injury investigation and/or request assistance from the District Attorney's Office.
- b. Upon confirmation of a death, notifies the Coroner's Office and other member agencies as necessary.
 - (1) If the employee agency is the Sonoma County Sheriff's Office, the Sonoma County Coroner's office will notify and request an independent pathologist/Coroner's Office to conduct the Coroner's investigation.
- c. Assigns a supervisor to manage the overall criminal investigation and has a supervisor respond to the field incident within two hours of notification. The supervisor is of the rank

of a sergeant or above, has supervised a sworn investigative unit, and has attended the following training programs:

- (1) Officer Involved Shootings Investigation
- (2) Homicide Investigation
- (3) Internal Affairs Investigations

- d. Assigns a minimum of two criminal investigators to investigate the case and has them respond to the field incident within two hours of notification. Additionally, all lead agency criminal investigators shall have a minimum of five years sworn experience and be, or have been, a specifically designated investigator. A lead case investigator is designated who shall have attended the following training programs:

- (1) Officer Involved Shooting Investigations
- (2) Interview and Interrogation Techniques
- (3) Homicide Investigations

Traffic collision investigators are exempt from the requirement (3) above but shall have Advanced Accident Investigation at a minimum.

- e. Obtains the assistance of sworn criminal investigators from other member agencies as needed excluding employer agency staff whenever possible. All member agency investigators assigned to assist the lead agency have a minimum of five years sworn experience and are, or have been, specifically designated detectives. These investigators work with and under the direction of the lead agency supervisor during the course of the criminal investigation.
- f. Assigns a trained evidence technician or crime scene investigator to collect, preserve, process, and document evidence. The technician/investigator is or has been employed as an evidence technician/crime scene investigator and has successfully completed a POST-certified crime scene investigation training program.
- g. Is responsible for documentation of the scene and for the collection, preservation and analysis of physical evidence. The lead agency may further request the assistance of experienced evidence collection personnel from other member agencies and/or the California Department of Justice when deemed necessary.
- (1) Lead agency investigators will give advance notice to the employer agency when the crime scene is expected to be released from criminal investigative processing. Administrative investigators may conduct independent

crime scene processing activities once criminal investigators have completed their tasks.

- (2) Evidentiary items are maintained by the lead agency until such time as otherwise directed by the Office of the District Attorney, court order, statute, or mutual agreement between the lead and venue agency. These items are made available for appropriate review in a timely manner to those member agencies with an identified interest in the investigation. The lead agency disposes of evidentiary items in accordance with law and shall notify other involved member agencies prior to final disposition of evidence or other property.
- h. Is responsible for ensuring that all criminal investigators write full, complete and objective reports documenting their investigative activities. The lead agency also has the responsibility to collect relevant reports from other member agencies, maintain all documentation in accordance with statutory guidelines and submit all relevant documentation and information to the Office of the District Attorney upon completion of the lead agency investigation. The lead agency should make every reasonable effort to complete their investigation within 90 days. The primary objective shall be to conduct a thorough and complete criminal investigation. Accordingly, depending on the unique circumstances involved, some investigations may require more than 90 days to complete. Subsequent supplemental information will be submitted upon completion and approval.
- i. Is responsible, unless otherwise agreed upon by the lead and employer agencies, for providing news media releases of information directly relevant to the criminal investigation for a period of a minimum of 72 hours following occurrence of the incident. Public statements regarding criminal investigative information shall only be made by the lead agency until such time as otherwise agreed upon by involved member agencies. The lead agency does not comment upon the administrative or employer-employee issues that are the responsibility of the employer agency.

Refer to Section IV of this Protocol for further guidelines.
- j. Is responsible for conducting a full briefing for District Attorney staff, employer agency staff and other relevant member agency staff having a “right to know.” The briefing is conducted at a time when the criminal investigation is not yet submitted to the Office of the District Attorney for full review, but is at a stage of completion where involved member agencies provide critical analysis to ensure all investigative concerns have been satisfactorily addressed.

5. **Crime Scene Procedures and Security**

Emergency life saving measures have first priority in any incident and are attended to immediately by providing first aid and summoning medical support personnel when safe to do so. Supervisors and investigators need be sensitive to the possibility that involved employee(s) may have been exposed to bodily fluids during life saving measures and/or sometime during the incident. Every effort should be made to photograph employees in what they were wearing at the time of the incident. However, no employee should be kept from having bodily fluids cleaned off of them or from removing contaminated clothing to reduce the possibility of exposure to communicable diseases if a camera is not immediately available. Additionally, any employee(s) exposed to bodily fluid will not be kept from seeking medical attention as part of their agency's blood exposure protocol.

- a. When an injured person is transported to a hospital, an uninvolved law enforcement officer should accompany the person in order to:
 - (1) Locate, preserve, safeguard, and maintain the chain of physical evidence.
 - (2) Obtain information as permitted by law, including dying declarations.
 - (3) Dependent on medical condition, maintain custody if the person has been arrested.
 - (4) Provide information to medical personnel about the incident as relevant to treatment, and obtain information from medical personnel relevant to the investigation.
 - (5) Identify relevant people, including witnesses and medical personnel.
 - (6) Be available for contacts with the injured person's family, if appropriate.
- b. Each involved law enforcement agency is responsible for securing and protecting crime scenes. The venue agency assumes responsibility that includes preservation of the integrity of the scene(s) and its contents, access, control, and the identification and sequestration of witnesses. The venue agency maintains these responsibilities unless and/or until it is relieved by the lead agency.
 - (1) A secure perimeter is established ensuring that personal safety is protected and evidence is appropriately preserved.

- (2) Access to the crime scene is strictly limited to those law enforcement and other authorized officials who have a right or recognized lawful need to be there for a life saving or investigative purpose.
 - (3) A written log is established as quickly as possible to identify persons entering/exiting the scene, their purpose for entry, and the times of entry/exit.
 - (4) Evidentiary items shall not be removed from the scene or manipulated without the approval of the criminal investigators or unless necessary for safety reasons or preservation of evidence.
- c. If a weapon or instrument was used in the incident, the on-scene supervisor ensures that the weapon is protected and/or collected as follows:
- (1) If the scene is secure, loose weapons or instruments are left in place until collected and processed by investigators.
 - (2) If the scene is not secure, the on-scene supervisor directs whether or not a weapon or instrument is left in place. If the weapon or instrument is moved for protection, in-place photographs are taken before movement, if possible, and the initial location of the item is marked.
 - (3) If an involved officer has personal possession of a firearm discharged in the incident, the on-scene supervisor (uninvolved in the firearm's discharge) shall assign an uninvolved officer to guard the involved officer. The guarding officer shall have the responsibility of providing security for the involved officer. The guard shall make certain that the involved officer's weapon, gear, and person remain undisturbed for the purpose of evidence collection or photographically documented by a member of the criminal investigation team, which may include processing for trace evidence, i.e., swabs, particulate matter, etc. Should the involved officer's person, uniform or gear contain bodily fluids or any other bio hazard substance, the on-scene supervisor shall have the contaminated objects removed from the officer immediately and collected and preserved as evidence. Involved officers' weapons are to remain holstered (or if already upholstered, secured as found) and not to be handled by non-investigating members unless issues of officer safety exist. The above procedures may be adjusted if exigent circumstances exist (i.e., safety,

weather, inability to secure scene, etc.). The firearm, ammunition and, if applicable, duty belt will be secured by a criminal investigation team member, adhering to chain of custody procedures. Secondary or back-up firearms in the possession of an involved officer will also be taken and secured as detailed above. When the firearm is removed from the involved officer, a supervisor from the employer agency shall consider providing a like firearm to the involved officer.

(4) Allow for the option to release non-critical equipment, personal property (safety equipment, wallets, keys, identification, etc.) after being photographed.

(5) The on-scene supervisor shall make a full account of all firearms that were present when the incident occurred. The on-scene supervisor shall confirm that all firearms and personally possessed magazines that are believed to be uninvolved (not fired) are fully loaded. If any apparently uninvolved officer is in possession of a weapon(s) or magazines that are not fully loaded, the on-scene supervisor shall place a guard on this officer, in accordance with the manner stated in paragraph (3), above. All firearms that were present at the time of the occurrence shall be examined by a member of the criminal investigative team to determine if they have been fired. All firearms that were discharged shall be identified and collected. If a back-up weapon clearly has not been fired, or played any role in the incident, then the firearm may be photographically documented and released. If the supervisor is an actor or injured person, the responsibility for security of weapons or instruments then rests with an uninvolved supervisor or senior uninvolved officer.

d. Any other physical evidence at the scene which is at risk of contamination, destruction, or removal is observed, recorded and protected for collection. At risk evidence requiring immediate and special care includes gunshot residues on involved persons, blood stains, footprints, fingerprints, and volatile substance, etc.

6. **Interviewing Non-Law Enforcement Witnesses**

Sequestered witnesses, excluding witnesses who are taken into custody or lawful detention, shall not be unnecessarily deprived of any freedom of movement. All reasonable efforts should be made to gain and retain their patience and cooperation.

7. **Interviewing Law Enforcement Employees**

Law enforcement employees are protected by the same constitutional provisions as are all citizens. As Law Enforcement Employee-Involved Critical Incident Protocol investigations are criminal investigations, criminal case law provisions (Miranda, et al) are followed whenever lawfully required.

- a. Law enforcement employees are treated as witnesses or victims unless factual circumstances dictate they be treated otherwise.
- b. Law enforcement employees may consult with a representative prior to interview and have the representative present during the interview.
 - (1) The contents of private conversations between the representative and the law enforcement employee may not be privileged absent statutory authority, i.e., doctor, attorney, psychotherapist, etc.
 - (2) The representative is allowed to privately consult about the facts of the incident with only one law enforcement employee at a time.
 - (3) The lead agency investigator(s) may wish to conduct a walk-through of the crime scene with the actor(s). When deciding whether or not to conduct a walk-through, the lead agency investigator(s) should consider the emotional state of the actor(s), the possible contamination of the crime scene and the timeliness of the walk-through. The actor(s) shall not be compelled to participate in the walk-through.
 - (4) An Employee-Involved Critical Incident is one of the most stressful and time-consuming incidents an officer may encounter. The emotional and physiological effects of an event of this magnitude will often be taxing on all involved parties. Care should be taken to weigh the need to obtain an immediate statement with the need to maintain the involved officers' well-being. While it is always a good idea to obtain a statement immediately following the incident, there may be times when allowing one or all of the involved officers to obtain sleep and sustenance prior to the interview is warranted.

If circumstances dictate that interviews of the involved officers be conducted at a later time, that decision should be a collaborative one between the involved officer, his/her counsel and the Lead Agency investigators. "Reasonable preparation" with the

involved officer's counsel shall be permitted and each case should be evaluated on a case-by-case basis with all parties equally informed as to the necessity and gravity of this action, prior to the final decision being made. Officers may be allowed up to a 48-hour sleep cycle prior to interviewing to ensure the most accurate statement can be obtained. Length of time between the incident and the interview may vary based upon the circumstances. Officers who are allowed to provide interview information at a later time based on the event circumstances or conditions used to invoke this decision, should be advised not to discuss the circumstances of the case with anyone or subject themselves to sources of information that would alter their understanding or perception of the incident.

- (5) During the interview of the involved officer(s), investigators may elect to use a pre-designated questionnaire as part of their approach to obtain basic information before beginning direct questions about the specific actions of the officer(s). The questionnaire shall be consistent with all Member Agencies.
- c. California Government Code Section 3300 et seq (Public Safety Officers Procedural Bill of Rights) does not apply to:
- (1) A law enforcement employee who is not a peace officer; or
 - (2) A law enforcement employee being interviewed by someone other than their employer; or
 - (3) A law enforcement employee being interviewed for a criminal investigation that is solely and directly concerned with alleged criminal activities.
- d. The criminal investigators are not accompanied by staff from the employer agency during interviews with employer agency employees.
- e. To ensure proof of voluntary statements in a non-custodial interview, the criminal investigators should advise the interviewee that:
- (1) The interviewee is not in custody and is free to leave at any time.
 - (2) The interviewee is not obligated to answer any questions asked by the investigators.
 - (i) In the event the interviewee elects to refuse to provide a voluntary statement, all questioning shall cease. However, if there is a public safety

emergency, further questions may be compelled of the interviewee.

- f. Law enforcement employees present at the scene when the incident occurs, whether as actors or witnesses, are relieved of their duties as soon as is safe and practical. First priority for relief is for an actor(s), who is then driven to the police station or other secure location by a supervisor or designated uninvolved law enforcement officer. Other involved employees drive or are transported to their own station or other agreed upon secure location. Sworn personnel not involved in the incident are assigned to accompany the involved employees.
- g. Evidence collection needs regarding involved employees are accomplished prior to the employee engaging in any activity that may destroy evidence.
- h. An uninvolved sequestering officer remains with the involved employees until relieved by a supervisor. The sequestering officer ensures the involved employees are appropriately situated, and the integrity of each employee's later statements to investigators is not tainted by group or outside discussion. The sequestering officer is not present during confidential (privileged) conversations between the employee and any designated representative(s). The sequestering officer has an affirmative obligation to report information relevant to the criminal investigation to the lead agency.
- i. Viewing of video and audible recording: Officers shall be allowed to view any video or audio recordings captured by them prior to being interviewed. Care should be given not to allow the involved officer(s) to view any video or hear any audio recordings captured on any device other than their own prior to the interview by the Lead Agency investigators. However, if requested, the involved officer's legal counsel may be allowed to view such recordings prior to the initial interview. After the initial interview with the involved officer, and with the concurrence of the officer's legal counsel, the officer may view or hear any collected recordings, prior to any follow up interview.
 - (1) The following admonition should be provided to Involved Law Enforcement Employees prior to viewing any audio/visual recordings:
 - i. In this case there is audio/video evidence that you will have an opportunity to view after you have given your initial statement. Video evidence has limitations and may depict the events differently than you recall, and may not depict all of the

events as seen or heard by you. Video has a limited field of view and may not capture events normally seen by the human eye. The “frame rate” of video may limit the camera’s ability to capture movements normally seen by the human eye. Lighting as seen on the video may be different than what is seen by the human eye. Videos are a two-dimensional medium and may not capture depth, distance or positional orientation as well as the human eye. Remember, the video evidence is intended to assist your memory and ensure that your initial statement explains your state of mind at the time of the incident.

- ii. You should not feel in any way compelled or obligated to explain any difference in what you remember and acted upon from what viewing the additional evidence provides you. If listening to audio recordings or viewing video recordings provides additional clarity to what you remember that is fine; if it doesn’t, that’s fine too.

- j. All interviews are conducted separately and are audio recorded.

8. **Intoxicant Testing**

- a. The rules of criminal law apply to intoxicant testing in a Law Enforcement Employee-Involved Critical Incident investigation. As standard procedure, all actors are requested to voluntarily submit to a blood test to determine if intoxicants are present.
- b. The request for a voluntary blood sample shall be made by the investigator from the lead agency during the collection of evidence from the officer.
- c. If an actor elects not to voluntarily submit to intoxicant testing and when investigators determine that an actor’s state of potential impairment is relevant to the investigation, the following options are available when lawfully permissible:
 - (1) Obtain the test sample incidental to valid arrest; or,
 - (2) Obtain a search warrant.

9. **Autopsy**

- a. Prior to any post-mortem examination, the autopsy pathologist receives a briefing on all relevant case information from investigators representing the lead agency.
- b. At least one investigator from the lead agency and one from the Office of the District Attorney attend the autopsy.

10. **Office of the District Attorney**

- a. The Office of the District Attorney has the following responsibilities in the investigative process:
- (1) Participate with the lead agency in conducting the investigation.
 - (2) Provide advice and direction to the investigators on relevant criminal law issues.
 - (3) Upon receipt of the investigation from the Lead Agency, analyze the facts of the incident in light of relevant statutes to determine whether or not violations of criminal law are believed to have occurred. The Office of the District Attorney will make every reasonable effort to prepare a summary report within ninety (90) days of receiving the completed investigation with the recognition that additional investigation and/or receipt of autopsy findings may result in a delay of the summary report beyond the ninety day goal. The Lead Agency shall be given the opportunity to review the District Attorney's summary prior to its dissemination.
 - (4) As deemed appropriate, prosecute those persons believed to have violated criminal law.
 - (5) Provide the Deputy District Attorney's summary of the incident and recommendation to the Foreperson on the Sonoma County Grand Jury.
 - (6) Upon request, present investigative information to the Sonoma County Grand Jury for their consideration and review.
- b. The Office of the District Attorney has investigative authority independent of that of other member agencies. When deemed appropriate by the District Attorney, the Office of the District Attorney may perform an independent investigation separate from the lead agency.

11. **Report Writing and Dissemination of Reports**

- a. Law enforcement employees who witnessed or were involved in the occurrence (or who have specific information related to the occurrence) shall not write a report in most instances. Instead these individuals shall be interviewed by a member(s) of the criminal investigative team. Law enforcement employees who are involved in conducting the criminal investigation shall prepare a report that fully documents their investigation. Law enforcement employees who are not a part of the criminal investigation team, but who assist in the

furtherance of the investigation (i.e., scene security, transportation of witnesses, etc.) shall document their involvement in a report. All original reports shall be forwarded to the lead agency's supervising investigator for review and approval. Once approved, the reports shall be retained by the lead agency as part of the cumulative investigative report. A copy of any approved report may be retained by the employing agency of the report writer, if desired. The immediate supervisor of the criminal investigation is authorized to request a written report from any law enforcement employee, including management, if it is deemed to be in the best interest of the criminal investigation.

- b. Documentation of any Body Worn Camera (BWC) footage, video footage, surveillance footage etc.. should be written in summary form. Information such as camera view, lighting, video quality and the existence of such evidence should be documented, however Investigators should use caution in interpreting video as it may leave out other information not captured in a two-dimensional video. The video evidence should be presented and interpreted based on the information available and interpreted by the audience it is intended for.
- c. It is the responsibility of each involved agency to direct the necessary writing of reports by their employees. Reports should be written and distributed to the lead agency within 72 hours of actions taken or investigated.
- d. The lead agency has the ultimate responsibility to ensure that reports are collected from other agencies.
- e. Upon completion of the lead agency investigation, the Lead Agency shall provide copies of the entire case to the District Attorney's Office, and the Employer Agency. Once the District Attorney has completed their review and issued a finding, the District Attorney will provide a complete copy to the Sonoma County Civil Grand Jury. In the event that additional case work is performed after submission of the case to the above parties, it shall be the responsibility of the Lead Agency to provide subsequent reports or investigation documentation to the above entities.

B. ADMINISTRATIVE INVESTIGATION

1. **Intent**

An administrative investigation is an investigation conducted by the employer agency for the purposes of:

- a. Determining whether or not an employee violated rules, regulations or conditions of employment of the employer agency.

- b. Determining the adequacy of employer agency policies, procedures, training, equipment, personnel and supervision. Nothing in this Protocol prohibits the employer agency from compelling a statement during the course of an administrative investigation. Prior to taking a compelled statement, every effort shall be made to consult with the District Attorney to ensure the criminal investigation is not compromised.

2. **Responsibility**

Whether or not an administrative investigation is conducted is the concern and responsibility solely of the employer agency.

- a. The criminal investigation conducted by the lead agency is always given investigative priority over an administrative investigation. It is intended that this prioritization will minimize conflict between the two investigations and it will prevent the criminal investigation from being compromised by an untimely exercise of employer agency administrative action.

3. **Disclosure**

Interview statements, physical evidence, toxicology test results and investigative leads which are obtained by administrative investigators when ordering law enforcement employees to cooperate shall not be revealed to criminal investigators unless clear legal authority exists and then only when directed by the District Attorney. Results of the administrative investigation may or may not be privileged from disclosure to others, depending upon applicable law.

4. **Investigator**

The employer agency may assign an administrative investigator to conduct independent administrative investigative activities.

- a. An administrative investigator has access privilege to briefings, crime scenes, physical evidence and interviewees' statements in the criminal investigation. The administrative investigator does not accompany the criminal investigator during interviews.

5. **Intoxicant Testing**

- a. Intoxicant test results obtained in the criminal investigation are available for use in an administrative investigation.
- b. In the event the criminal investigation does not obtain samples for intoxicant testing or the employer agency wishes its own independent samples, the employer agency may seek samples following the criminal investigator's intoxicant testing actions by:
 - (1) Obtaining valid consent from the employee; or,

- (2) When lawfully permissible, ordering the employee to provide samples based upon an employment relationship.

IV. RELEASE OF INFORMATION TO THE NEWS MEDIA

A. General Information

1. The community's interest to know what occurred in a Law Enforcement Employee-Involved Critical Incident must be balanced with investigative responsibilities and the rights of involved individuals. In all cases, the information released to the public and manner in which it is released by member agencies is in accordance with legal mandates.
 - a. Member agencies ensure that intentionally misleading, erroneous, or false statements are not made.
 - b. Only those individuals with appropriate knowledge and member agency approval should make public statements regarding an incident.
 - c. Member agencies communicate directly with each other to ensure information releases and community statements do not jeopardize the integrity of the criminal investigation.

B. Lead Agency

1. Unless otherwise agreed upon by the lead and employer agencies, the lead agency is responsible for providing news media releases of information directly relevant to the criminal investigation.
2. Release of criminal investigative information, including public statements about the investigation, is only done under the guidance and/or approval of the lead agency until such time as otherwise agreed upon by involved member agencies.
3. The lead agency does not comment upon the employer-employee issues that are the responsibility of the employer agency.

C. Employer Agency

1. The employer agency is responsible for providing news media release of information directly relevant to the employer-employee relationship, including the status of any administrative investigation.
2. The employer agency may prepare the initial press release involving the incident. The press release will be confined to the following areas:
 - a. The initial statement about what occurred.
 - b. An employee of the employer agency was involved.
 - c. The Sonoma County Law Enforcement Employee-Involved Critical Incident Protocol has been invoked.
 - d. The identification of the lead and participating agencies.

- e. The employment status of the involved employee(s).
 - 3. The employer agency should coordinate the release of any employer-employee information so that it does not conflict with criminal investigative concerns.
 - 4. The employer agency may make statements or issue press releases regarding the criminal investigation when approved by the lead agency as long as it does not conflict with a criminal investigation or concern.
- D. Office of the District Attorney
- 1. The Office of the District Attorney is responsible for providing news media release of information directly relevant to the District Attorney's statutory authority. News media releases regarding investigative findings and any subsequent prosecution based upon the criminal investigation are the responsibility of the Office of the District Attorney.
- E. SB 1421/AB 748

It is the responsibility of the employer agency to release body worn camera footage and audio files directly related to the critical incident, or use of force resulting in great bodily injury, as required by Assembly Bill 748. The lead investigative agency will be responsible for redacting and releasing all investigative reports generated as part of the investigation and shall be released under the guidelines established in Senate Bill 1421.

V. REPORTING IN-CUSTODY DEATH

Pursuant to Government Code Section 12525, each law enforcement agency in which a person dies while in their custody, shall report, in writing to the Attorney General, within 10 days after the death, all facts concerning the death. Deaths occurring in the Sonoma County Jail shall be reported to the Attorney General by the Sonoma County Detention Division per policy entitled "Emergencies – Inmate Death."

ADMINISTRATIVE POLICY 6-3:

Temporary Transitional Duty Policy

Approved: County Administrator

Authority: County Administrator

Revised Date: 01/20/06

1. PURPOSE & OBJECTIVES

The purpose of the Temporary Transitional Duty Program is to provide early intervention for those injured or ill employees who are expected to return to full duty.

The objectives of the Temporary Transitional Duty Program are as follows:

- Retain and support injured or ill employees
- Help employees transition back to their regular job duties
- Decrease costs associated with lost time from work

This policy establishes the roles and responsibilities and defines the guidelines of the Temporary Transitional Duty Program.

Temporary Transitional Duty is distinguished from Permanent Accommodations in that the effects from the injury or illness are temporary, and are expected to result in a full recovery.

Where restrictions are permanent, departments should refer to and follow the County's Disability Guidelines.

Departments should also be mindful that there are other leave provisions that may need to be coordinated with this policy and should consult the appropriate County staff knowledgeable in those areas.

II. PROGRAM DEFINITION

The Temporary Transitional Duty Program has been established in an effort to retain our qualified work force and to promote early return to work while supporting the employee recovering from an injury or illness.

Sonoma County's Temporary Transitional Duty Program is designed to encourage the department and the employee to work cooperatively toward the goal of transitioning the employee with temporary medical restrictions back into the work environment. The employee will be paid at their regular rate of pay for a specified period of time. This allows the employee to continue to develop and utilize work skills and abilities that are not limited by the injury or illness, while transitioning back to their regular assignment. It also allows the department to retain a valuable employee.

III. DEFINITIONS

Temporary: Typically lasting from one to ninety days, not permanent.

Transitional Duty: Selected assignments that take employees in stages from tasks they can perform within medical work restrictions to performing their regular job duties.

Medical Restrictions: Physician specified work activities that are limited due to an injury or illness.

IV. POLICY GUIDELINES

All non-probationary permanent County employees, including those who are probationary within their original job class series for the purpose of promotion such as Eligibility Worker I, II and III, who are unable to work due to a work related or non-work related injury or illness will be considered for a temporary transitional duty assignment based on their medical restrictions.

A. Occupational Illness or Injury

The duration of the temporary transitional duty assignment for occupational injuries or illnesses will typically be up to 90 days, as the needs of the department allow. An extension beyond 90 days may be granted with Department Head approval. In no event shall temporary transitional duty assignments exceed 365 days for industrial injuries or illnesses.

B. Non-Occupational Illness or Injury

The duration of the temporary transitional duty assignment for non-occupational injuries or illnesses will typically be up to 90 days, as the needs of the department allow. Extensions beyond 90 days may be granted with Department Head approval. In no event will temporary transitional duty assignments for non-occupational conditions be allowed beyond 180 days without the review and approval of the Human Resources Director.

Extensions past 180 days will only be considered by the Human Resources Director when:

1. The department and the employee both request an extension.
2. The employee has made progress in transitioning back to the regular assignment during their 180-day Transitional Duty Assignment.
3. The extension is for a specific, short period of time with a date certain for return; and the employee's medical treater indicates that the employee will be cleared to return to work in their regular assignment on the date the extension will end.

Assignments are determined based upon the individual's work restrictions, the skills of the employee, and the needs of the Department.

- If the temporary condition appears to be from a serious or chronic medical condition, the departments will consult with appropriate county staff to determine the correct course of action.
- As medical restrictions change, the temporary transitional duty assignment also may change.
- If temporary transitional duty assignments are limited, employees with work related injuries have priority over employees with non-work related injuries.
- Departments will provide temporary transitional duty assignments utilizing existing budgeted resources. Fund augmentation will be considered by the County Administrator's Office (CAO) if transitional duty related costs are likely to cause the department to exceed their budgeted net cost or appropriations for the fiscal year.
- An employee's refusal to accept or act in accordance with the medically approved duties assigned in a temporary transitional duty assignment may result in the loss of Workers' Compensation wage replacement benefits in accordance with State law, or long-term disability benefits. Employees will be entitled to any applicable state or federal leave as required by law.
- The department, in conjunction with Risk Management, will provide a status report to the CAO annually. The status report will include information regarding implementation of the temporary transitional duty program within the department. The CAO will address the content of the report directly with each department.

V. DISPUTE RESOLUTION:

In the case of disputes regarding the denial of a temporary transitional duty assignment or the denial of an extension of a transitional duty assignment the employee or department may:

- Elevate the dispute by requesting a meeting that includes the employee, an employee representative and the department in an effort to resolve the dispute.
- Elevate the dispute by requesting the Human Resources Director to assist in the resolution of any disputes.
- Elevate the dispute to the attention of the CAO or his or her designee by requesting that the Human Resources Director contact the CAO or his or her designee for a review where a resolution cannot be reached. The CAO or his or her designee will be the final internal administrative review. The denial of a transitional duty assignment is not covered by grievance procedures in the memoranda of understanding between the County and the employee organizations.

This dispute resolution process is not intended to eliminate any legal or contractual rights the employee may otherwise have, such as the ability to file a discrimination complaint if they believe the application of this policy has been influenced by discriminatory actions, or appeal processes they have a right to under workers' compensation laws.

VI. ROLES AND RESPONSIBILITIES

Employees are responsible to:

- Notify their department representative immediately of any work related or non-work related injury or illness that may relate to, or impacts their medical eligibility for temporary transitional duty.
- Notify their department representative immediately of any changes to their medical restrictions identified or changed by their physician.
- Work within their established medical restrictions and provide written medical documentation, prior to being returned to full duty by their Department.
- Return to their normal duties as soon as they are able.

Department Heads/Designees/Supervisors are responsible to:

- Deliver any medical restrictions to their departmental liaison within 24 hours of receipt.
- Review the description of the employee's medical restrictions and identify potential temporary transitional duty assignments.
- Serve as the primary point of contact with Risk Management throughout the process of identifying and monitoring temporary transitional duty assignments.
- Strive to assign employees to the same work schedule with the same days off and hours as their regular full duty assignment. However, the Department reserves the right to modify any work schedule, and/or work hours based on the needs of the Department and applicable MOUs.
- Send a Letter of Temporary Transitional Duty Assignment specifying the parameters of the temporary transitional duty assignment to the employee.
- Monitor work assignments to ensure the employee is working within the established medical restrictions.
- Evaluate all available funding and resources, coordinating with Risk Management to make every effort to implement temporary transitional duty assignments within existing budgeted resources.
- Report to the CAO, as needed, regarding implementation of the temporary transitional duty program.
- In conjunction with Risk Management provide an annual status report to the CAO.

Risk Management (for occupational illness or injuries) and Human Resources (for non-occupation illness or injuries) are responsible to:

- Assist in the implementation of establishing temporary transitional duty assignments within departments.
- Review all injuries or illnesses that result in seven days lost time from work to determine when temporary transitional duty is appropriate for those employees.

- Collaborate with the appropriate medical provider in an effort to identify work restrictions.
- Monitor and track all temporary transitional duty assignments, as required by Cal/OSHA.
- Develop an annual report on utilization of the Temporary Transitional Duty Program to the CAO.
- Assess and facilitate appropriate appeals to the CAO as needed.

Appendix B – Information Security Laws and Standards

I. Federal Laws

A. [Health Insurance Portability and Accountability Act of 1996 \(HIPAA\)](#)

Congress enacted HIPAA, in part, to protect the privacy and security of protected health information (PHI) maintained by covered entities. Covered entities include most healthcare providers (i.e., those who use HIPAA-mandated electronic codes for billing purposes), health insurance companies, and employers who sponsor self-insured health plans. The U.S. Department of Health and Human Services (HHS) is responsible for enforcing HIPAA. The two principal sets of regulations issued by HHS to implement HIPAA are the Standards for Privacy of Individually Identifiable Health Information (the “HIPAA Privacy Rule”) and the Security Standards for Individually Identifiable Health Information (the “HIPAA Security Rule”). The HIPAA Privacy Rule requires covered entities to implement policies and procedures to ensure that (a) workforce members use and disclose PHI only for permissible purposes and (b) patients and insured’s can exercise their HIPAA-mandated rights, such as the rights to access and to amend PHI. The HIPAA Security Rule requires covered entities to implement policies and procedures to ensure the confidentiality, integrity, and availability of PHI in electronic form; to protect against reasonably anticipated threats or hazards to the security or integrity of electronic PHI; and to protect against reasonably anticipated uses or disclosures of electronic PHI in violation of the HIPAA Privacy Rule.

B. [Health Information Technology for Economic and Clinical Health \(HITECH\) Act](#)

The HITECH Act, effective February 17, 2010 supplements the requirements of the HIPAA Privacy Rule and the HIPAA Security Rule. The Act requires covered entities to notify patients and insured’s whose PHI is compromised by a security breach. It extends many of the requirements of the HIPAA Privacy Rule and the HIPAA Security Rule to vendors — such as insurance brokers, billing services, and third-party administrators — who create or receive PHI when providing services to covered entities. The HITECH Act increases the penalties that HHS can impose on a covered entity for violating HIPAA or its implementing regulations.

II. State of California Laws

A. [Data Breach Notification Law \(CA Civil Code 1798.29\)](#)

California's Data Breach Notification Law requires any agency that owns or licenses computerized data that includes personal information to disclose any breach of the security of the system following discovery or notification of the breach in the security of the data to any resident of California whose unencrypted personal information was, or is reasonably believed to have been, acquired by an unauthorized person.

B. [California Public Records Act \(Government Code 6250-6276.48\)](#)

The California Public Records Act (PRA) established in 1968, describes what information is available to the public. The PRA also defines required communications to the requestor and the records that are confidential under law and therefore, exempt from disclosure.

C. [Social Security Numbers Protection \(CA Civil Code 1798.85-1798.89\)](#)

Limits the use of social security numbers by restricting public posting and display to others, e.g., in printed or mailed materials unless required by law, on identification cards, and over the Internet without proper security measures.

Privacy Electronic Communications (SB178) CA Civil Code 1798.90 SB178 describes that a government entity is prohibited from access to electronic communication or electronic device communication without a search warrant, wiretap order or electronic reader records except for emergency situations.

III. Standards

A. [Payment Card Industry Data Security Standard \(PCS DSS\)](#)

PCI DSS is an information security standard for organizations that store, process and transmit card holder data.

B. [Federal Bureau of Investigation Criminal Justice Information Services Standard \(FBI CJIS\)](#)

CJIS is an information security standard for organizations that store, process, and transmit Criminal Justice Information.

C. [International Organization for Standardization \(ISO\) 27002](#)

ISO 27002 is an information security standard that provides best practice recommendations on information security management.

Flag Handling and Use Guidelines .pdf

Flag Handling and Use Guidelines

A. Exterior Flag Display (USC Title 36)

1. It is the universal custom to display the flag only from sunrise to sunset on buildings and on stationary flagstaves in the open. However, when a patriotic effect is desired, the flag may be displayed twenty-four hours a day if properly illuminated during the hours of darkness.
2. The fundamental rule of flag etiquette is to treat all flags with respect and common sense. The American Flag takes precedence over all other flags when flown within the United States. It shall not be flown lower than another flag, nor shall it be smaller than another flag flown with it. Other flags may, however, be flown at the same height and in the same size.
3. The point of honor is on the extreme left from the standpoint of the observer ("the flag's right"). The order from left to right of flags flown together is: the American Flag, other national flags in alphabetical order, state flags, county and city flags, organizational flags, personal flag.
4. The American flag should be at the center and at the highest point of the group when a number of flags of States or localities or pennants of societies are grouped and displayed from staffs.
5. When flags of States, counties, cities, or localities, or pennants of societies are flown on the same halyard with the flag of the United States, the latter should always be at the peak. When the flags are flown from adjacent staffs, the flag of the United States should be hoisted first and lowered last. No such flag or pennant may be placed above the flag of the United States or to the United States flag's right.
6. The flag should be hoisted briskly and lowered ceremoniously.
7. If one flag is at half-staff in mourning, other flags flown with it should be at half-staff. The American Flag is raised first and lowered last.

B. Interior Display (staff mounted flag)

1. When displayed from a staff in a building or public auditorium, the American flag should hold the position of superior prominence, in advance of the audience, and in the position of honor at the speaker's right as he faces the audience. Any other flag displayed, should be placed to the left of the speaker, or to the right of the audience.
2. In locations without a stage or raised platform, the position of the American flag remains in the position of honor to the right of the speaker, with the State flag, and or organizational colors to the left of the speaker or podium.

3. When used on a speaker's platform, the flag, if displayed flat, should be displayed above and behind the speaker. The important thing to remember about such display is the position of the Union (blue field of stars). The flag displayed in this manner should be positioned so the Union is always to the Flag's own right, or to the left of the viewer. If you are not sure, stand in the entrance of the room and look at the flag, making certain, from your position, the Union is to your left side.
4. When the flag is suspended vertically from a corridor, the field of blue should be to the left of persons as they enter the corridor or hall. If there are multiple entrances to the corridor or hall, then the UNION should be either facing north (in an east/west corridor), or east (in a north/south corridor).
5. When the American flag is displayed on a staff mounted to the wall of a room, it should flown to the right at the front of the room, and any other flags displayed from separate staffs should be to the American flag's left. If several flags are flown from the same mounting, the American flag should be centered and hold prominence. When displayed against a wall with another flag on crossed staffs, the American flag should be to its own right, and the staff of the American flag should be in front of the staff of any other flag displayed.
6. When the flag is displayed in a window, keep in mind you are displaying your patriotism to people outside the building, and they are the "audience". This means the blue field of stars (The Union) should be to the flag's own right when viewed from the street, sidewalk, or parking lot. To be certain you have displayed the flag properly in the window, view it from outside. If the Union is to your left as the observer, (the flag's own right), your display is properly and correctly done.

C. Saluting the Flag

1. National Anthem:

When the flag is displayed:

- All present except those in uniform, should stand at attention facing the flag with the right hand over the heart;
- Men not in uniform should remove their headdress with their right hand and hold the headdress at the left shoulder, the hand being over the heart.
- Individuals in uniform should give the military salute at the first note of the anthem and maintain that position until the last note.

When the flag is not displayed:

- All present should face toward the music and act in the same manner they would if the flag were displayed (USC Title 36).

2. **Pledge of Allegiance:** The Pledge of Allegiance should be rendered by standing at attention facing the flag with the right hand over the heart. When not in uniform men should remove any non-religious headdress with their right hand and hold it at the left shoulder, the hand being over the heart. **Persons in uniform should remain silent, face the flag, and render the military salute** (USC Title 4).

3. **Hoisting, lowering or passing of flag:** During the ceremony of hoisting or lowering the flag or when the flag is passing in a parade or in review, all persons present except those in uniform should face the flag and stand at attention with the right hand over the heart. Those present in uniform should render the military salute. When not in uniform, men should remove their headdress with their right hand and hold it at the left shoulder, the hand being over the heart. The salute to the flag in a moving column should be rendered at the moment the flag passes (USC Title 4 Section 9).

D. Respect for the flag

1. No disrespect should be shown to the flag of the United States of America; the flag should not be dipped to any person or thing. Regimental colors, State flags, and organization or institutional flags are to be dipped as a mark of honor.
2. The flag should never be displayed with the union down, except as a signal of dire distress in instances of extreme danger to life or property.
3. The flag should never touch anything beneath it, such as the ground, the floor, water, or merchandise.
4. The flag should never be carried flat or horizontally, but always aloft and free.
5. The flag, when it is in such condition that it is no longer a fitting emblem for display, should be destroyed in a dignified way, preferably by burning.

E. Presenting Colors – Color Guard Detail

The majority of times, colors will be moved into position for either posting or presenting abreast or single file. This may be done at either port, shoulder arms or with flag belts. Presentation indoors is usually conducted at port due to low ceilings, or poor visibility as it relates to irregular marching surfaces or other peculiarities of a particular site.

The Honor / Color Guard leader will have previously surveyed the place where the colors are to be presented in order to determine the proper stopping point. At the time of presentation, the Color Guard members will stop at the pre-determined spot, and after posting, will automatically turn to face the American flag.

Following the presentation of arms (saluting the Flag), the members will be called to face in the appropriate direction, pivot into position and face the audience. The color team will move off in the same form used to get into position, either single file or abreast, and call to exit.

F. Posting Colors – Color Guard Detail

1. Generally, presentations will take place in front of the stage or podium. During the presentation, the colors will be moved to the place where they will be posted. The Color Guard will come to the pre-determined location and post in front of the designated flag base. The colors will then be posted using a series of two commands. The leader will give the preparatory command of "Post", followed by second command or the command of execution of "Colors", upon which the following actions will be taken:

- The flags will be moved from the position of which they were marched in to immediately in front of the individual flag bearer and over the flag base;
 - The flags will be placed into the bases;
 - The flags will be turned so that the eagle and spears are straightened with the seam of the flag along the back of the pole;
 - The flag bearer's arms are outstretched, straight from the shoulder with the palms down and lowered slowly to the sides.
2. There will be some occasions, typically when colors are to be posted in front of a stage, where their presence in the center would obstruct the view. In these circumstances it will be necessary to split the flags, placing them at either end of the stage or posting area. In order to accomplish this, the color team will approach the location as previously described. Any additional trailing members will halt near the audience and maintain their respective posts until the presentation has been completed. The trailing members will reunite with the team and exit the facility in a similar manner of the approach.

G. Retiring the Colors

1. For the purpose of retiring colors, the Color Guard will approach in a single-file column. When the members reach their pre-determined locations, they will stand at attention until the leader gives a two part command. The leader will give the preparatory command of "Retire", followed by the second command, or command of execution, of "Colors". The following actions will be taken:
 - Taking hold of the flags;
 - Removing the flags from the bases; and
 - Moving the flags to the position of in which they were marched in.
2. On the command of "Colors," the flag bearers will retrieve the flags. In the event the Color Team has been split, it will be necessary for the members to make the necessary movements to rejoin. Trailing members will rejoin the Color Team at a pre-determined location to conduct a proper exit.

H. Saluting the Flag – All Organizational Members

1. During the ceremony of hoisting or lowering the flag or when the flag is passing in a parade or in review, all persons present except those in uniform should face the flag and stand at attention with the right hand over the heart. When not in uniform, persons should remove their headdress with their right hand and hold it at the left shoulder, the hand being over the heart. Those present in uniform should render the hand salute (USC Section 17). The hand salute to the flag in a moving column should be rendered at the moment the flag passes.
2. During rendition of the national anthem when the flag is displayed, all present, except those in uniform, should stand at attention facing the flag with the right hand over the heart. Persons not in uniform should remove their headdress with their right hand and hold it at the left shoulder, the hand being over the heart. Persons in uniform should render the hand salute (USC 36 Section 171) at the first

note of the anthem and retain this position until the last note. When the flag is not displayed, those present should face toward the music and act in the same manner they would if the flag were displayed there.

3. The Pledge of Allegiance to the Flag should be rendered by standing at attention facing the flag with the right hand over the heart. When not in uniform, persons should remove their headdress with their right hand and hold it at the left shoulder, the hand being over the heart. Persons in uniform should remain silent, face the flag and render the hand salute (USC Section 172)

I. The Flag in Mourning

1. To place the flag at half staff, hoist it to the peak for an instant and lower it to a position half way between the top and bottom of the staff. The flag is to be raised again to the peak for a moment before it is lowered.
2. The flag is to be flown at half staff in mourning for designated, principal government leaders and upon presidential or gubernatorial order.
3. Upon the death of a member of the Armed Forces from any State, who dies while serving on active duty, the Governor of that State may proclaim the National flag shall be flown at half-staff.
4. When used to cover a casket, the flag should be placed with the union at the head and over the left shoulder. The flag should not be lowered into the grave or allowed to touch the ground.

J. Folding of the American Flag (Graveside)

1. Folding of the colors at graveside can be done as a four, six, or eight person fold team. Commands are usually silent nods from the leader of the fold team, but at times may be verbal.

When appropriate, the leader will make calls from the head of the casket above the field of stars. Members will post at the four corners of the casket once the pallbearers have placed the casket and the pallbearers have cleared the area. Members will stand guard over the casket throughout the graveside services.

Once the time has come to fold the flag, the team leader will nod slightly. This tells the other team members to reach down and remove the cord that is securing the flag to the casket. The cord is gathered by one team member and placed on the ground in an out of the way spot.

The second nod tells team members to grasp the corners of the flag and pull them taught.

The third nod tells the team to side step so that the flag is between the audience and the casket. This is the time when other team members may enter to aid with the folding of the flag. They will position themselves evenly down each side of the flag.

The fourth nod starts the first fold. Remember, stripes over stars, stars over

stripes. Each member slides his inside hand to the center of the flag. Then the edges are brought up and together. The stripe side is then turned up.

The fifth nod starts the second fold. The inside hands are again brought to the middle and the edges are brought up and together. When the flag is flattened, the stars are now showing (thus, stripes over stars, stars over stripes).

The sixth nod initiates the beginning of the triangular fold of the flag. One of the team members at the striped end begins by folding the folded edge of the striped end toward the open edge. This will create a pointed end, which is then folded parallel up the open edge to square the end again. This is repeated until the flag reaches the end of the field of stars.

As the fold leaves a member's hands and is passed off, that member will bring his hands down and assume the position of attention. Once at the end, the remaining margin is folded so that it will tuck into the pocket formed by the folds at the blue field edge of the flag.

The team leader then cradles the flag in his arms and allows the rest of the team to salute the flag.

The team leader will then present the flag to the Sheriff, or designated person. The flag team leader then presents the hand salute, and escorts the Sheriff or designated person to the person to be presented the flag. After the presentation, the flag team leader returns to the team and follows the team out of the area. (Remember, never relinquish or accept a flag without a salute if you are in full uniform.

2. Folding the American Flag – (Flag pole catch or standard post)

Folding of the colors following the catch and removal from a flag pole, or at a posted position, can be done as a two, four, six, or an eight person fold team. Commands are usually silent nods from the leader of the fold team, but at times may be verbal. When appropriate, the leader will make calls from a pre-determined location, by which he can observe the folding of the flag by the team. The commands, folds, and the presentation procedure are as previously indicated.

Canine Proficiency Standard.pdf

CANINE PROFICIENCY STANDARD

- K-9 handlers are required to respond to dangerous incidents that often require physical conditioning above and beyond the normal expectations of a Deputy Sheriff. Therefore, K-9 handlers are expected to maintain a level of physical fitness proficiency over and above that expected of a Deputy Sheriff. As a measure of that requirement, K-9 handlers will be required to complete a physical qualification test at least once per year. If, for some reason, a handler cannot complete or pass the test due to absence, or poor physical condition, he/she shall be given four weeks to remediate. Failure to successfully pass the test after such time may be cause for dismissal from the k-9 unit. Based upon an individual handler's physical conditioning, some operators may need to physically train on their own in order to maintain the required fitness level.
- Physical agility testing requirements shall be maintained in the K-9 unit training file.
- Members who are unable to complete the physical agility test due to an industrial injury/illness:
 - Members shall immediately notify their K-9 Sergeant of any industrial injury/illness that prevents members from completing the K-9 physical agility test and provide medical documentation in support. The K-9 Sergeant shall so notify the K-9 unit Lieutenant as soon as practical.
 - If a member has not been approved for Transitional Duty, he may not participate in K-9 call-outs and/or training.
 - If a member has been approved for Transitional Duty, or cleared for "regular" duty, but restricted by their physician from completing the K-9 physical test, the K-9 Lieutenant may place the member on an Inactive Status, depending on the severity of the injury/illness and the restrictions placed by a physician.
 - Inactive members may, consistent with the above-listed restrictions and Sheriff's Office policy, be used in administrative roles during K-9 training.
 - Once cleared for full, unrestricted duty (including the K-9 physical agility test), members will be given at least four weeks to complete the K-9 physical agility test. Members may be in an Inactive Status for up to one year if supported by a physician's note. At the conclusion of one year from date of injury/illness, members will be given four weeks to complete the K-9 physical agility test. Failure to complete the K-9 physical agility test after one year plus four weeks could be cause to remove the member from the team.
 - Members who are removed from the team under this section may apply for future K-9 openings.
- Members who are unable to complete the physical agility test due to a non-industrial injury/illness:
 - Members shall immediately notify their K-9 Sergeant of any non-industrial injury/illness that prevents members from completing the K-9 physical agility test, and provide medical documentation in support. The K-9 Sergeant shall so notify the K-9 Lieutenant as soon as practical.
 - If a member has not been approved for Transitional Duty, he may not participate in K-9 call-outs and/or training.

- If a member has been approved for Transitional Duty, or cleared for “regular” duty, but restricted by a physician from completing the K-9 physical agility test, the K-9 Lieutenant may place the member on an Inactive Status depending on the severity of the injury/illness and restrictions placed by the physician.
- Inactive members may, consistent with the above restrictions and Sheriff’s Office policy, be used in administrative roles during K-9 training.
- Members shall be given six months from the date of injury/illness to successfully complete the K-9 physical agility test. The K-9 Lieutenant may extend the recovery time an additional six months depending on the severity of the injury, prognosis for recovery, and needs of the Sheriff’s Office. The total time from the date of the injury shall not exceed one year.
- Members who are removed from the team under this section may apply for future K-9 openings.
- Members who are removed from the K-9 unit pursuant to this policy may appeal the decision to the Law Enforcement Assistant Sheriff.
